Chapter 1

CHAPTER 1 – MAYOR’S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR’S FOREWORD

In 2017 the Municipality reaffirmed its commitment to the 2016 ANC Local Government Elections Manifesto which is the Programme of Action of Council for the 2016-2021 political term of office. This report also comes at the conclusion of twenty (25) years of democracy and will show that we are continuing to make a significant impact on the triple challenges of poverty, unemployment and inequality in Greater Tzaneen Jurisdiction on a sustainable basis.

The Municipality continues to make substantial infrastructure investments to build an environment conducive for business to get-about their daily operations and to plan for the future. This report will show that our investor-friendly policies and connection with business through our Local Economic Forum yields over time the results we desire as our local economy expands despite the odds that face smaller and bigger local economies. The mood is made all the more buoyant by the Statistics South Africa report of 2011 to which we referred in our 2017 State of the municipality address: (SOMA) “Statistics SA data shows that our unemployment rate was 33.6% in 2011 and has reduced to 24.6% in 2016. This happened despite the fact that our population has grown by 22% over the same period, and more importantly, it occurs against the world economic downturn that we are slowly emerging from. We still place a high premium on the tried-and-tested equalizer that is the principles of Expanded Public Works Programme (EPWP- road, street clearing and litter picking), starting from the furthest of our deep rural villages to town which is more than any programme that helps us to absorb many of our communities into putting food on their tables working together with Public Works Department.

We also adopted an aggressive approach through GTEDA to encourage establishment of cooperatives as an easy-to-create business Entity that can help huge numbers of people to get out of the ranks of the unemployed to self-employment, GTEDA also plays a vital role in the

Chapter 1

realisation of the Motupa Circuit Library project and the Nkowankowa Industrial revitalisation program through LEDET as the funder and DPSA. The report will show that the municipality has continued to implement its IDP in a manner that builds confidence to our residents. The people of Greater Tzaneen expect the municipality to be well managed and to be accountable for the prudent stewardship of public funds, the safeguarding of public assets, and the effective, efficient and economical use of public resources. We will show how we have managed to mitigate risks; make improvements in our ICT infrastructure; bettered municipal financial management which all culminated in us receiving a Qualified Audit Opinion in the 2017/18 financial year from the Auditor-General.

In its preamble, the Freedom Charter (1955) cautions us that “no government can justly claim authority unless it is based on the will of the people.” The Charter being the blueprint, upon which our democratic future is established, our municipality ensures that public participation remains the hallmark of all government work. The report will show that the municipality has joined others in this sphere of government in strengthening ward committees by reimbursing them for costs related to work they do in our communities, whilst assisting ward Councillors. It will also show that the municipality has not lost the connection with communities in relation to projects it implements in their name. Furthermore, we had held numerous Mayoral Outreach programs or Mayoral IMBIZOS throughout the clusters of our Municipality.

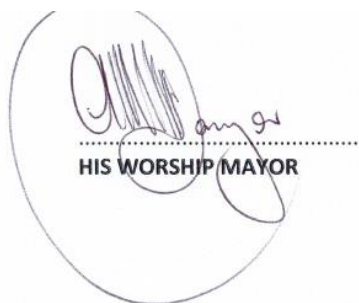

Our emphasis in the coming year and beyond is to reinforce public participation processes by introducing focused sector meetings on regular basis, which will sit to assess community impressions about the work of different municipal departments. In the interest of a sound living environment, we will address on an urgent basis, and in collaboration with the other spheres of government, the agricultural legacy which affects our town and our villages in particular. Already, in our engagements with our farmers, we noticed that as long as many young and old people struggle in the villages/townships, farmers in our jurisdiction highlights that they run short of labourers with regards to seasonal jobs they can offer annually hence they end up resorting to employ our brothers from outside the borders of our country. To

Chapter 1

deal with housing delivery backlog, the municipality will embark on the urban site and service approach, as well as acceleration of the implementation of the social housing policy. The township regeneration and inner city renewal programmes will also be vigorously implemented. A concerted effort including massive campaigns against crime will be made to address the scourge of crime across the municipality by having continuous engagements with the communities such as Dan, Lephepane, Lenyenye etc.

The priorities outlined in the local economic development strategy will receive the necessary attention to ensure that they are indeed realized. We will also revise our organizational structure to ensure that it is responsive to the new imperatives of national and provincial executive that will come in the near future, which will include the strengthening of a dedicated Water and Sanitation department to give new impetus to this service delivery area. In the year under review, we encourage local municipal procurement to Greater Tzaneen-based business entities, in order to boost our local economy. We also support the current project of raising of the Tzaneen Dam wall by the national department of water and sanitation to which we believe it will resolve challenges of water scarcity in and around Tzaneen town. This report will show how we are working in collaboration with government departments and private business in the provision of services to our communities.

The central message of our work remains that we are single-minded and willing to forge ahead with building a better city, while conforming to all and sundry that the Greater Tzaneen we live in today is better than the one we lived in before 1994.

HIS WORSHIP MAYOR

Chapter 1

COMPONENT B: EXECUTIVE SUMMARY

1.1. MUNICIPAL MANAGER'S OVERVIEW

The Annual Report for Greater Tzaneen Municipality presents the status of the organisation and the level of service delivery achieved during the 2017/18 financial year. The report will provide an overview of the political and administrative structures responsible for governance. Herein, it should be noted that the organisation had long standing vacancies of senior positions during the financial year, placing a huge burden on the remaining incumbents.

In terms of good governance the municipality regressed in terms of the Audit Outcome from an Unqualified to a Qualified audit result for 2017/18. Various matters of non-compliance were identified in terms of procurement and contract management, expenditure management and human resource management.

Service delivery remained the priority of the organisation with the main achievements reflected in the report being:

- An almost universal access to electricity by households
- Expansion of solid waste collection to rural areas covering at least 41% of the GTM households
- GTM was the 1st runner up in the National Greenest Town Competition
- The construction of 2 sports facilities (Relela and Runnymede)
- The upgrading of gravel roads in various areas
- Grading of roads to ensure access to rural cemeteries
- Provision of water to villages and schools through water tankers in times of need
- Improved access to library facilities in the rural areas with the addition of the Mulati library and the planning of the Runnymede & Motupa libraries
- Expansion of cemeteries

Chapter 1

Although GTM managed expenditure fairly well during the 2017/18 financial year, cashflow constraints resulted in vacancies not being filled and also some maintenance programmes being affected. Service delivery initiatives which are undertaken by GTM, but for which not payment or grant funds are received, are a huge burden on the GTM cashflow e.g. providing water through water tankers on behalf of the Mopani District Municipality.

Even though GTM is still generating the bulk of its income from own revenue streams, this has to be supplemented by grants from National Treasury, with the MIG grant being the main contributor in terms of the capital expenditure on infrastructure (mainly roads and recreational facilities), while a loan had to be secured from the DBSA to fund the refurbishment of the electricity network.

The GTM revenue base has remained fairly stagnant over the years with only expansions in the 5 formal towns contributing to own revenue. The revenue received from accounts billed are at around 94% and therefore outstanding debtors are growing steadily. During 2017/18 GTM undertook various initiatives to recover debt owed by larger organisations and government institutions, which did yield good results. Cost saving measures were also introduced, after the appointment of the new management team, aimed at improving the cashflow of the organisation. The Annual Report for 2017/18 is therefore a reflection of the continued good service delivery by the municipality in spite of organisational challenges and resource constraints.

Chapter 1

1.2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

Greater Tzaneen Municipality has functions bestowed upon it by the Constitution of the Republic of South Africa (Act no 108 of 1996), as follows:

- As a water service provider (Mopani District Municipality is the Waster Services Authority)
- The Municipality also provides refuse removal services.
- Provision of electricity.
- Provision of sanitation, in partnership with Mopani District Municipality.
- Provision of road and storm water infrastructure.
- Consideration of building plans and town planning applications

According to the Statistics South Africa (Census 2011), the Greater Tzaneen Municipality has increased its population from **375 588** to **390, 092** (an increase of 14 504) comprising of **181 558** males (Census 2001, **171 119**) and **208 536** females (Census 2001, **204 469**). Females still outnumber males as they comprise 53% of the population (54% during Census 2001). Young people between the ages of 14 – 35 constitute 40% (**156 900**) of the total population of the Municipality (See **Table 1**).

Age Group	2001			2011		
	Male	Female	% of Total	Male	Female	% of Total
Age 0-4	19086	19489	10.3%	24007	24002	13%

Chapter 1

1.3. SERVICE DELIVERY OVERVIEW

During the 2017/2018 financial year, the projects listed below in **Table 5**, were implemented to improve the lives of the GTM community.

Table 5: Key Service delivery initiatives 2017/18	
Service	Activities
1. Water	<ul style="list-style-type: none"> ✓ Operation and maintenance of water works, distribution network, water tankering and quality control.
2. Sanitation	<ul style="list-style-type: none"> ✓ Operation and maintenance of wastewater treatment works, sewer reticulation network and quality control
3. Electricity	<ul style="list-style-type: none"> ✓ 755 households electrified at Joppie/ Mavele/ Radoo/ Xihoko/ Thapane villages ✓ 327 households electrification at Julseburg Area villages ✓ 396 households electrified at Serare/ Leolo/ Tshidinko villages ✓ 25 households electrified at Canners Settlement ✓ 87 households electrified at Lephepane/ Rasebalane villages ✓ 10 households electrified at Mabjepilong village ✓ 31 households electrified at Pyapyamela Village ✓ 181 households electrified at Ramotshinyadi village ✓ 167 households electrified at Shikwambani
4. Roads and Storm water	<ul style="list-style-type: none"> ✓ Upgrading from gravel to tar, potholes repairs, re-gravelling, blading and desilting of stormwater drainage systems
5. Waste Management	<ul style="list-style-type: none"> ✓ 8,537 (8%) urban households receive a full kerbside-collection service ✓ 33,600 (31%) households in rural-areas receive a basic removal service from a central collection point ✓ 66,550 households using communal dump or own refuse dump in remote rural areas
6. Town Planning	<ul style="list-style-type: none"> ✓ Finalised the establishment of the Planning Tribunal and gazetted same. ✓ Gazetted and adopted a Planning By –Law. ✓ Reviewed the Spatial Development Framework 2017 to 2022 in accordance with SPLUMA requirements. ✓ Engage a process of formulation of the Land Use Scheme which process is ongoing.

Chapter 1

Service	Activities
	<ul style="list-style-type: none"> ✓ The Planning Tribunal convened 8 meeting and approved 3 Townships, 45 amendment scheme applications, 17 Consent use applications and 43 rural use applications. ✓ Issued 37 illegal use notice and resolve possible litigations. ✓ Implemented 3 SDF policies in urban area, viz Density policy, urban regeneration and nodal policy in all urban areas. ✓ Implemented record keeping as prescribed in SPLUMA.
7. Land, Property and Housing	<ul style="list-style-type: none"> ✓ 427 RDP Housing Units completed ✓ 1 Donated Housing Units completed ✓ 15 Housing Units for Military Veterans ✓ 10 Housing Consumer Education campaigns ✓ Procured Portion 2 of the farm Novengila 562LT approximately 20.0463Ha. ✓ Procured Remaining Extent of the farm Mohlaba's Location 567 LT for the establishment of Nkowankowa and Lenyenye Cemeteries. ✓ Acquired funding for Township establishment of Tzaneen Ext 105.number of Informal Settlements upgrading 1 (Nkambako Village).
8. Library Services	<ul style="list-style-type: none"> ✓ Library development and reading promotion; Book related events; Establishment of new libraries (facilitation of libraries to be built by the DSAC at Runnymede and by the Rand Water Foundation at Motupa)
9. Cemeteries	<ul style="list-style-type: none"> ✓ 8 are being maintained
10. Recreation	<ul style="list-style-type: none"> ✓ 3 new Sports facilities constructed (Burgersdorp, Relela & Juliesburg)

A summary of access to basic services is presented in **Table 6**:

Financial Year	Service			
	Electricity	Water	Sanitation	Waste collection
2012/2013	89%	72%	44.6%	12%
2013/2014	91%	49%	26.22%	8%
2014/2015	93%	49%	26.22%	39%
2015/2016	94%	48.5%	13.6%	39%
2016/2017	96%	16.3%	76.8%	41%
2017/2018	99%	75.79%	98.3%	52%

1.4. FINANCIAL HEALTH OVERVIEW

Chapter 1

The Constitution of the Republic of South Africa (Act 108 of 1996) determines that a municipality must conduct its business in such a manner that services are rendered sustainably. Financial sustainability is important as it refers to the ability of a municipality to achieve the provision of service without interruption in the long run. Sound financial management principals have therefor been adhered to, to ensure that services are provided economically, sustainably and equitably to all communities. To promote sustainable service delivery Council embarked on the implementation of a range of revenue collection strategies which also optimized the collection of outstanding debts. An amount of R99 million has been levied by way of property tax and R485 million was sourced from services charges.

Apart from revenue collection the Municipality also placed high emphases on the delivery of basic service and the maintaining of infrastructure. An amount R1,196 billion has been spent on operating activities, of which R45 million (excluding labour) was used to maintain Council's assets. Council ended the financial year with a cash book balance of R7.5 million, but conditional grant allocations to the amount of R2.9 million have not been spent during the financial year. The cost containment measures issued by National Treasury and highlighted in the 2017 state of the nation speech has also been implemented to reduce excessive expenditure and eliminate wasteful expenditure. To promote financial viability and sustainability the municipality also places emphasis on the following activities:

- Reduction of wasteful expenditure
- Reduction of irregular expenditure
- Cut cost: Do more with less resource
- Management of contractors payments
- Management of expenditure budget.

Details	Original budget	Adjustment budget	Actual
<i>Income</i>			
Grants	439 982	461 842	428 741
Taxes, Levies and tariffs	636 183	636 183	610 949

Chapter 1

Details	Original budget	Adjustment budget	Actual
Other	73 777	73 777	97 736
Sub Total	1 149 942	1 171 802	1 137 426
<i>Less Expenditure</i>	1 104 879	1 117 686	1 221 701
Net Total*	45 062	54 116	(84 275)
*Note: surplus/deficit			

It is evident from the figures contained in **Table 7** that there are variances between the budgeted and actual figures. With regard to the expenditure, it is confirmed that overspending on the Budget is mainly the result of the R89 million overspending on the provision for Bad Debts, which is a non-cash item and R7, 9 million on legal fees. Grants and subsidies exceeded the budget by R74 million, due to the projects that were budgeted for under capital and were transferred to RAL after completion. The difference between total budgeted and total actual expenditure amounts to R104 million or 7,5%.

Detail	2013/2014	2014/2015	2015/16	2016/17	2017/18
Employee Cost ¹	33.7%	30.6%	26.83%	24.59%	27.46%
Repairs and Maintenance	2.61%	4.00%	2.61%	3.22%	4.50%
Finance Charges and Depreciation	12.6%	16.0%	17.40%	12.78%	13.68%

As presented in **Table 8**, employee cost represents 27.46% of the total revenue which is below the acceptable norm of 35%. Repairs and maintenance represent only 4.50% of the total expenditure, this is due to the fact that the employee cost allocated to operating activities has been taken out of repairs and maintenance cost. If the labour cost is included in the repairs

¹ Salaries as percentage of Total Revenue

Chapter 1

and maintenance cost, it would represent 6,2% of the total actual expenditure. Finance charges and depreciation represent 13.68% of the total revenue which is acceptable.

Detail	2013/14	2014/15	2015/16	2016/17	2017/18
Original Budget	165 630	170 904	144 684	133 453	140 890
Adjustment Budget	217 482	232 738	200 256	220 547	168 926
Actual	380 673	138 659	89 143	76 411	48 788

The 2017/18 financial year ended with an actual capital expenditure of R48.8 million, compared to the Adjusted budget of R168.9 million (also see **Table 9**), due to the roll-over of projects and also the donated assets. Roads upgraded by GTM, to the amount of R77 million, were donated to RAL.

No roll over was applied for to Treasury for 2017/18 projects.

1.5. ORGANISATIONAL DEVELOPMENT OVERVIEW

As on 30 June 2018 a total of 1446 positions were approved of which 650 were filled with 796 vacancies. The organisational structure (attached as **Annexure A**) for 2017/2018 was approved by Council (Council Resolution: A 44 C 2018 05 25) with effective from 1 July 2018. This was done in order for the Municipality to comply with Section 66 of the Municipal System

Chapter 1

Act (Act 32 of 2000). Although posts are being filled, there is insufficient budget provision to reduce the vacancy rate significantly. It has been acknowledged that the structure is, to a certain extent inflated, and not entirely addressing areas of mandate and cannot realistically be funded. In order to determine a more realistic organogram, an independent service provider will be engaged.

Chapter 1

1.6. AUDITOR GENERAL REPORT (2017/18)

The Council is responsible for the preparation of the Annual Financial Statement which fairly presents the state of affairs of Council for each financial year. The 2017/18 Annual Financial Statements of Council were prepared in accordance with Generally Recognised Accounting Practice (GRAP) prescribed in terms of section 126(1)/ 126(2) of the Municipal Finance Management Act (MFMA).

The Annual Financial Statement as well as the consolidated Annual Financial Statements, see **Annexure B**, (including GTEDA) for 2017/2018 Financial year have been audited by the Auditor General. The AG issued their consolidated audit report on GTM & GTEDA to the Mayor and Municipal Manager during December 2018 (attached as **Annexure C**). The GTM received a qualified opinion.

1.7. STATUTORY ANNUAL REPORT PROCESS

Greater Tzaneen Municipality annually comply with the reporting process as outlined below in **Table 10**.

No.	Activity	Timeframe
1	Consideration of next financial year's Budget and IDP process plan. Except for the legislative content, the process plan should confirm in-year reporting formats to ensure that reporting and monitoring feed seamlessly into the Annual Report process at the end of the Budget/IDP implementation period.	July
2	Implementation and monitoring of approved Budget and IDP commences (In-year financial reporting).	
3	Finalise 4 th quarter SDBIP Report for previous financial year	
4	Submit draft Annual Performance Report to Internal Audit and Auditor-General	
5	Municipal entities submit draft annual performance reports to MM	

Chapter 1

12	Municipalities receive and start to address the Auditor General's comments	
13	Mayor tables Audited Financial Statements to Council complete with the Auditor- General's Report	
		November
14	Audited Annual Report is tabled to Council by the Mayor made public	
15	Annual Report is made public and inputs/comments are invited	
		January
16	Municipal Public Accounts Committee (MPAC) assesses Annual Report	February
17	Council adopts Oversight report from MPAC	
18	Oversight report is made public	
19	Oversight report is submitted to relevant provincial Council	
		March

Chapter 2

CHAPTER 2 – GOVERNANCE

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

The Municipal Structures Act defines a Municipality amongst other as a structure with political office bearers and administration components; a geographic area; and the community of the Municipality. The Municipality consists of a municipal institution (political and administrative structures), and the people who live in the local area.

2.1 POLITICAL GOVERNANCE

The key functions of the political component of the municipality are provided below.

Oversight Function.

The Municipal Council remains responsible for the specific oversight of all municipal activities and in particular fiscal matters. In as far as specific requirements are concerned, the Municipality did establish the following Committees to play an oversight role:

1. Executive Committee
2. Finance Committee
3. Municipal Public Account Committee (MPAC)
4. Audit Committee

POLITICAL STRUCTURE	Function
--------------------------------	-----------------

<u>MAYOR</u>	
---------------------	--

Mr. Maripe Mangena	
-----------------------	--

	The Mayor provides political guidance, monitors and oversees the exercise of responsibilities assigned to the Municipal Manager (accounting officer) and the Chief Financial Officer without interfering in the exercise of those responsibilities. Take the reasonable steps to ensure that the Municipality performs its constitutional and statutory
--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Chapter 2

SPEAKER

Mrs.
Mmetle

DJ

functions within the limits of the Municipality's approved budget.

The Speaker presides over meetings of the Council, perform the duties and exercises the powers delegated in terms of Section 59 of the Municipal System Act. Ensures that the Council meets at least quarterly, maintains order during meetings. Ensures compliance in the Council and Council Committees with the Code of Conduct set out in Schedule 1 of the Municipal System Act, and ensures that Council meetings are conducted in accordance with the rules and orders of Council.

CHIEF WHIP

The Chief Whip ensures that the strategic direction adopted by the Municipality is in line with the mandate and policy directives of the ruling party. Discusses with the Office of the Speaker the order of the Council. Arranges caucus for the EXCO and Council meetings. Receives and considers applications for leave of absence by Councillors for caucus meetings. Ensures that majority party Councillors submit their programmes to the office of the Speaker and of the Chief Whip for monitoring purposes. Provides political support to the Committee Chairs, to carry out Party political functions in Committees.

EXECUTIVE COMMITTEE

1. C Machimana
2. S Mbhalati
3. T Maunatlala
4. E Ntimbane
5. S Tiba
6. L Hlangwane
7. M Letsoalo
8. M Sekhwela
9. M Prinsloo

The Executive Committee gives political direction to the executive management team. Provides recommendation to Council in respect of its executive and legislative powers. Works closely in a co-ordinated and co-operative relation with the Municipal Manager. The EXCO and Mayor, within the legislative framework provided by the Municipal Structures Act, the Municipal Systems Act, and the Municipal Finance Management Act and subject to Council resolutions, direct and drive the transformation and development of the Municipality.

Chapter 2

Greater Tzaneen Municipality has 69 Councillors, 35 Ward Councillors who are directly elected and 34 proportional representation Councillors. The ANC has 52 seats, the DA 7 seats; EFF 8 seats, Cope and APC each have a seat. The ANC is in charge of 33 of the 35 wards and the rest is led by the DA (attendance of Councillors in Council meetings are available in **Addendum A**). The Executive Committee consists of 10 members, which is chaired by the Mayor. 7 members of the Committee are Head of Portfolios reporting to the Portfolio Committees chaired by non-executive chairpersons. The Mayor, Speaker, Chief Whip, MPAC Chairperson and four other Councillors, who are also part of EXCO, are fulltime Councillors.

Council established a Municipal Oversight Committee consisting of non-executive members of Council. Their attendance in MPAC meetings are presented in Table 11:

Councillor Name	No of meetings attended	No of meetings apology submitted	Total No of MPAC meetings
Derick Mkhabela (Chair)	9	5	15
Thomas Mushwana	13	2	15
Ngwako Maunatlala	12	3	15
Malesela Mafokwane	7	3	15
Josephine Mokgoloboto	14	1	15
Irene Rapatsa	11	4	15
Ngwako Mohonone	14	1	15
Dumisani Malemela	6	7	15
Edward Ngobeni	12	3	15

The roles and responsibilities of each committee of Council is outlined in **Addendum B**.

It should be noted that GTM has a functional Audit Committee that provides opinions and recommendations on financial processes and performance to Council.

GTM Audit Committee comprise of the following independent members:

- Stanley Ace Ngobeni (Chairperson)

Chapter 2

- Hazel Nurse Masedi
- Leon Lankalebalela
- Jan Moitswadi Mofokeng

The Audit Committee advise Council, Accounting Officer, GTEDA Board and Management staff of GTM and GTEDA on matters relating to:

- Internal financial control and internal audits
- Risk management
- Accounting policies
- The adequacy, reliability and accuracy of financial reporting and information
- Performance management
- Effective governance
- Compliance with applicable legislation
- Performance evaluation and
- Other issues referred to it by the municipality or the municipal entity

The Audit Committee also reviewed the Annual Financial Statements to provide Council and the Board with an authoritative and credible view of the financial position of the municipality and the municipal entity.

2.2 ADMINISTRATIVE GOVERNANCE

The Municipal Manager is the Accounting Officer of the Municipality for the purpose of the MFMA and must provide guidance on compliance with this Act to political structures; political office bearers, and officials of the Municipality and any entity under the sole or shared control of the Municipality. GTM had 8 directorates during 2017/18 being:

- Office of the Municipal Manager
- Office of the Budget and Treasury
- Corporate Services
- Community Services

Chapter 2

- Electrical Engineering
- Engineering Services
- Planning and Economic Development
- Office of the Mayor

The top administrative structure is presented below:

TOP ADMINISTRATIVE STRUCTURE

TIER 1

MUNICIPAL MANAGER

Mr. BS Matlala

TIERS 2 AND 3

Function

Accounting Officer, Also managing, Integrated Development Planning, Performance Management, Disaster Management, Internal Audit and Risk Management.

CHIEF FINANCIAL OFFICER

Ms. P Makhubela

Manages Revenue, Expenditure, Supply Chain, Financial Services (budget and reporting), Assets, Fleet and Stores.

DIRECTOR: COMMUNITY SERVICES

Mr. A Nkuna

Manages Environmental Health, Cleaning services, waste removal, licensing and testing, law enforcement, parks, cemeteries, recreational facilities, libraries and sports, art and culture

DIRECTOR: ELECTRICAL ENGINEERING

Mr. MS Lelope

Manages Electricity service provision and infrastructure maintenance in service area

Chapter 2

DIRECTOR: PLANNING & ECONOMIC DEVELOPMENT

Mr. B Mathebula

Manages Town Planning, Housing, Land development, Local Economic Development and tourism

DIRECTOR: CORPORATE SERVICES

Mr. W Shibamba

Manages Legal services, Human Resource, Public Participation, Communication, Administration and Record Management, Marketing, IT and Special Programmes

DIRECTOR: ENGINEERING SERVICES

Mr. W Molokomme

Manages Water, Sanitation, Roads and storm water service provision and maintenance, fleet and municipal buildings.

COMPONENT B: INTERGOVERNMENTAL RELATIONS

2.3 INTERGOVERNMENTAL RELATIONS

Greater Tzaneen Municipality participates in a number of national fora which enhance management practices for quality service. These include:

- SALGA Forums
- Provincial Forums
- District Forums
- Back to Basics Forum

Chapter 2

The Municipality has an entity called Greater Tzaneen Economic Development Agency (GTEDA). The agency has a board which is the decision making body. The board reports the activities of the agency to Council. The agency has a Chief Executive Officer who attends to its day to day affairs.

Chapter 2

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

Community participation is encouraged in the developmental planning, service delivery and council decisions, through the following processes.

- **Administrative structures:** The wards have been clustered into 4 groups with officials allocated to support community participation in each cluster.
- **Political structures:** Full time councillors are deployed to the clusters in order to act as support and monitoring structures to ward and PR councillors on political issues.
- **Community structures:** Establishment of ward committee (the ward committees re-established through stakeholders). Sub committees (committees that are dealing specifically with portfolios allocated within ward committees). Cluster forum (traditional authority, civil society organisation and CBO's).
- **Communication with the communities through:**
 - Community Development Leaders
 - Ward Committee Meetings
 - Road shows
 - Petitions
 - Public hearings
 - Consultative meetings
 - IDP representative forums

2.4 PUBLIC MEETINGS

The ward committees serve as the primary link between the municipality and the community. Purpose of ward committee is to enhance participatory democracy (Section 72(3) of the structures Act). The ward committees hold meetings on monthly basis and through clusters submit consolidated reports to Council on a quarterly basis. Challenges do exist with the

Chapter 2

convening of community feedback and cluster meetings. Not every ward has had community feedback meetings as expected. Critical role players are sometimes not available to attend cluster forum which leads to such meetings to be cancelled or postponed. Non-holding of ward cluster forum has a negative bearing on the submission of ward committee reports to Council.

A noticeable improvement has been noted in ward committees holding monthly meetings as per establishment notice.

- Monthly report written and monthly activities of ward committees are outlined to Council through departmental reports
- Ward committees participated in:
 - IDP public hearing meetings
 - Portfolios activities
 - Capacity building workshop.

Chapter 2

2.5 IDP PARTICIPATION AND ALIGNMENT

Criteria	Yes/no
Does the Municipality have impact, outcome, input and output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	No
Do the IDP KPIs align to that of the Senior Managers?	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes?	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within the stipulated timeframes?	No

Although the 2017/18 IDP and Budget were aligned during approval in May 2017, circumstances surrounding the applications for Loans to fund the capital projects changed. The receipt of an MIG bonus and the subsequent roll-over projects required an adjustment to the IDP and Budget to be made.

Chapter 2

COMPONENT D: CORPORATE GOVERNANCE

2.6 RISK MANAGEMENT

The municipality must implement and maintain effective, efficient and transparent systems of risk management and internal control. The top five risks are presented in **Table 15**.

	Risks	Root Cause	Mitigation/Required Action	Department Responsible
1	Increasing/abnormal power outages	Ageing infrastructure; Inadequate repairs and maintenance of electrical infrastructure,	Implement maintenance crisis recovery and master plans	ESD
2	Failure to recover Systems data	Collapse in ICT infrastructure & systems failure.	Purchase of DRP equipment and implementation of approved DRP.	Corporate Services
3	Abuse of overtime/Excessive overtime worked	Non-Compliance with basic conditions of employment Act, Lack of consequence management, Poor management control	Implement overtime policy and BCEA; Adherence to threshold on overtime, Implement cost containment measures as guided by National Treasury; Overtime management be standing item in management meetings; Monthly and quarterly reporting of overtime.	Corporate Services
4	Increasing Unauthorised, Irregular, Fruitless and Wasteful Expenditure (UIF)	Non-compliance with SCM policy, procedures and processes.	The municipality in in the processes of developing Consequence Management Policy and also a consideration of establishing Financial Misconduct Board as guided by Treasury.	MM/Corporate Services
5	Non-alignment of IDP, Budget & SDBIP	Adjustments to Budget not reflected in IDP, Poor integration of programs, No synergy between Budget and IDP steering committees	IDP must precede budget processes, Ensuring that IDP, Budget, & PMS process plan is properly followed; Further alignment to be done during adjustment budget;	MM

Chapter 2

Table 15: Top five risks for 2017/18

	Risks	Root Cause	Mitigation/Required Action	Department Responsible
			Implementation of mSCOA project which will in the processes address the problem of non-alignment.	

Quarterly progress reports, based on the strategic and operational risk registers were submitted to the Risk Committee and Council.

2.7 ANTI-CORRUPTION AND FRAUD

The municipality has established anti-corruption committee to strengthen and enhance the anti-corruption capacity and coordinate the implementation of anti-corruption strategy. The committee will perform the following duties,

- a) To oversee the Municipal approach to fraud prevention, detection strategies and response to fraud and corruption incidents reported by employees or external parties.
- b) Ensure that the fight against corruption is fully coordinated and integrated, with synergies between the elements of prevention, detection, investigation, prosecution and monitoring in all municipal departments.
- c) Advise the municipality in all fraud and corruption related matters.
- d) Establish a system for information collection, coordination, dissemination including management.
- e) Make recommendations to the Council as per National anti-corruption strategy

During 17/18 GTM implemented an anti-corruption hotline, whereby all fraud and corruption related activities can be reported.

Chapter 2

Recommendations of audit Committee are contained in [ADDENDUM G](#). The Annual Report of the Audit Committee for 2017/18 is attached as **Annexure F**. The table below presents the cases of fraud and corruption addressed during the 2017/18 financial year:

Type of offence	Date reported	Investigation conducted (yes/no)	Intervention / Sanction	Financial loss incurred by Council	Repeated offence (yes/no)
Gross dishonesty and forgery	JUNE 2017	YES	10 days suspension without pay and final written notice.	NO	NO
fraud and dishonesty	05 June 2017	YES	Final written warning and 4 days suspension without pay.	YES	NO
Misrepresentation of information	JUNE 2017	YES	Verbal warning in writing.	NO	NO
fraud and dishonesty	17 August 2017	YES	Case involves duplication of overtime. Appointment with the accused official still to be made in order to obtain her version of the story before an investigation report is to be compiled.	NO	NO
Fraud and dishonesty	27 November 2017	YES	Case involves an act of fraud regarding S&T application. The official submitted his statement and investigation report is to be compiled	NO	NO
Fraud and Corruption	13 December 2017	YES	Case involving acts of corruption. All four officials were placed on precautionary suspensions effectively from the 21/12/2017.	YES	NO

Chapter 2

Type of offence	Date reported	Investigation conducted (yes/no)	Intervention / Sanction	Financial loss incurred by Council	Repeated offence (yes/no)
			Accused 1 appeared on the 11 and 12/06/2018 awaiting outcome Second to appear on the 18,19,20 July 2018 Third to appear in August 2018		

2.8 SUPPLY CHAIN MANAGEMENT

The Constitution, MFMA Chapter 11, SCM Regulations 2011, PPPFA as incorporated by BBBBEEA 2011 and relevant Treasury practice notes and circulars as set out, are used by the municipality to comply with the prescripts. They all contribute to the successful procurement of goods and services, and minimize the opportunities for fraud and corruption. In the financial year 2017/18 Council revised and approved the SCM Policy as required. The Policy covers all elements that should form part of the policy, these include:

- Demand Management
- Acquisition Management
- Logistics Management
- Disposal Management
- Risk Management and
- Performance Management

Other Financial Matters

- The function of requesting for quotations has been centralised within the SCM Unit to avoid abuse of the system.

Chapter 2

2.9 BY-LAWS

During the 2017/2018 Financial Year the By-Laws mentioned below were introduced.

Table 17: By-laws introduced during 2017/18					
By-law	Revised or Newly Developed	Public participation conducted prior to adoption (yes/no)	Date of public participation	By-Law gazetted	Date of publication
Cemetery	Revised	Yes	25 / 09 / 2015	No	None
Health For Pre-Schools	Revised	Yes	25 / 09 / 2015	No	None
Keeping of Animals	Revised	Yes	25 / 09 / 2015	No	None
Dog Licence	Revised	Yes	25 / 09 / 2015	No	None
Electricity	Revised	Yes	25 / 09 / 2015	No	None
Street Trading	Revised	Yes	25 / 09 / 2015	No	None
SPLUMA	Newly Developed	Yes	15 / 11 / 2015	Yes	25 / 08 / 2017
Environmental	Revised	Yes	15 / 11 / 2015	No	None
Control of Outdoor Advertising	Revised	Yes	15 / 11 / 2015	No	None
Parking	Newly Developed	Yes	15 / 11 / 2015	No	None
Property Rates	Revised	Yes	15 / 11 / 2015	No	None
Public Transport	Newly Developed	Yes	15 / 11 / 2015	No	None
Sports & Recreation	Revised	Yes	15 / 11 / 2015	No	None
Liquor Trading Days & Hours	Newly Developed	Yes	15 / 11 / 2015	No	None
Credit Control	Revised	Yes	15 / 11 / 2015	No	None
Drainage	Revised	Yes	15 / 11 / 2015	No	None
Refuse	Revised	Yes	15 / 11 / 2015	No	None
Tariff	Revised	Yes	15 / 11 / 2015	No	None
Problem Buildings By-Law	Newly Developed	Yes	17 / 01 / 2018	No	None

Chapter 2

The gazetting of by-laws is delayed by the non-availability of funds to do so. It should be noted that the Municipal Systems Act (Act 32 of 2000) Sec. 11 (3) (m) provides municipal councils with the legislative authority to pass and implement by-laws for the betterment of the community within the terms of the legislation.

2.10 WEBSITES

The website is updated regularly to ensure compliance with the MFMA by continuously liaising with all divisions responsible for posting information in the website, as reflected in **Table 18**.

Table 18: Municipal Website: Content and Currency of Material		
Documents published on GTM website	Yes/No	Publishing date
Current and annual adjustment budget related documents	yes	09/03/2018
All current budget related documents	Yes	07/11/2017
2016/17 Annual Report	Yes	06/04/2018
2017/18 performance agreements and plans for Section 57 Managers	Yes	19/04/2018 26/07/2017 21/07/2017 18/07/2017
All service delivery agreements for 2017/18	Yes	17/05/2017
All long-term borrowing contracts for 2017/18	No	06/12/2017
All Supply Chain Management contracts above a prescribed value (given value) for 2017/18	Yes	08/05/2017
An information statement containing a list of assets over a prescribed value that have been disposed of in terms of Section 14(2) or (4) during 2017/18	No	N/A
Contracts agreed on in 2017/18 to which subsection (1) of Section 33 apply, subject to Subsection (3) of that Section	Yes	N/A
Public-private partnership agreements referred to in Section 120 made in 2017/18	No	N/A
All quarterly reports tabled in Council in terms of Section 52(d) during 2017/18	Yes	31/05/2018

Chapter 2

2.11 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

A questionnaire, to determine public satisfaction on various service areas, was developed and distributed through ward committees for data collection. Not all ward participated as expected in the collection of data. With the limited data collected and analysed, basic services such as street maintenance and water services were amongst areas of concern. The survey conducted, which was the first in the municipality, has laid a firm foundation for future surveys. Lessons learnt will help a great deal in improving the conduct of future surveys.

Chapter 3

CHAPTER 3 – SERVICE DELIVERY PERFORMANCE (PERFORMANCE REPORT PART I)

The key service delivery achievements for 2017/18 is contained in **Table 5**. The detail pertaining to those achievement are contained in this chapter.

COMPONENT A: BASIC SERVICES

This component includes: water; waste water (sanitation); electricity; waste management; housing services; and a summary of free basic services.

3.1. WATER PROVISION

Greater Tzaneen Municipality (GTM) signed a Water Services Provider contract with Mopani District Municipality (MDM) in April 2016. MDM is the Water Services Authority (WSA)² and according to this contract MDM will provide bulk water services to GTM, while GTM will provide water services to the consumers and collect revenue. Approximately 70% of the GTM area consists of rural villages where water provision is not yet on the acceptable level. It should be noted that, since all water assets have been transferred to MDM, a detailed report regarding the expenditure on water will be contained in their Annual Report. This section will only reflect on those aspects managed by GTM, on behalf of the WSA.

There are eleven Water Treatment Works within the jurisdiction of Greater Tzaneen Municipality. These are managed and operated as follows: Three (3) waterworks operated by GTM, three (3) water works operated by Lepelle Northern Water and five (5) operated by

² Note: Recent legislation includes the Water Services Act 1997 and the General Enabling Act 2005

Chapter 3

MDM. These waterworks as well as boreholes are unable to provide basic water to 108 926 households evenly in GTM.

Table 19: Water provided during 2017/18						
No	Water Works	Water Quota in m³	Abstracted in m³	Pumped in m³	Plant loss in %	R/ m³
1	Georges Valley	2,370,000	1009320	979785	2.9	R 0.22
2	Tzaneen Dam	1,230,000	1118551	1080729	3.4	R 0.28
3	Letsitele	418 269,96	78517	141502	3.9	R 0.21
	Total	4 918 269	2206388	2202016	10.2	R0.71

The majority of the households are in rural areas (126 villages) where water is to be supplied through boreholes and waterworks which are either dry or not receiving regular maintenance or not maintained at all. Some waterworks were designed for a small community and now, with the current growth rate, the works cannot cope with the demands. Dysfunctional boreholes and waterworks compelled GTM to provide water, especially in villages, through water tankers. This arrangement was made as a temporary measure but eventually extended as various boreholes in villages, clinics and schools were found to be dry.

GTM has been allocated 3,600,000 m³ of water from Tzaneen and Ebernezer dams. Letsitele Water works has an allocation of 418 290 m³ per annum. Due to the increase of population the demand has dramatically increased and the water allocation is no longer sufficient. Application for an increase to 6,000,000 m³ from both Ebernezer and Tzaneen dams was not successful since the both dams are said to be over allocated. The capacity of the waterworks is also at its maximum.

Chapter 3

Level of access	2015/2016		2016/17		2017/18	
	No of Households	% of Total	No of Households	% of Total	No of Households	% of Total
Piped water inside house	17611	16.2%	17 723	16.3%	17 836	16.4%
Piped water inside yard	17611	16.2%	37579	34.5%	64 717	59.4%
Public standpipe within 200m	17515	16.1%				
Public standpipe further than 200m	23511	21.6%				
Other (Below minimum level)	32678	30%				
No water supply	0	0	53 577	49.2%	26 373	24.2%
Total Households	108926	100.1%	108926	100%	108 926	100%
No of Households receiving Free Basic water	2382		1418		1 457	

Year	Total Households ³	Receiving Water	Backlog	Free Basic Water
2013/2014	108 926	80 078	28 848	1 743
2014/2015	108 926	80 078	28 848	1 743
2015/2016	108 926	91 159	17 767	2 382
2016/2017	108 926	100 112	8 814	909
2017/2018	108 926	82 553	26 373	1 457

³ Note that the number of households reflected are as determined through the 2011 Census. Representing the latest official population statistics for the Local Municipality.

Chapter 3

Table 22: Employees – Water Services 2017/18						
Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	1	0	0%	1	1	0%
Level 4-6	26	10	62%	26	9	65%
Level 7-9	0	0	0%	0	0	0
Level 10-15	146	45	69%	146	55	62%
Level 16-17	103	15	85%	103	14	86
Total	276	70	75%	276	79	71%

There is high vacancy rate reflected in **Table 22** is because the municipality could not fill vacancies created when employed passed away, resigned or retired from the institution for a consecutive number of years.

Table 23: Averaged water sample outcome - Tzaneen Central Laboratory 2017/18

Total Coliform Bacteria(count/100ml)	0.00	0.00	0	0.00	≤10 Operational

Greater Tzaneen Municipality does operation and maintenance of Tzaneen Dam, George's Valley and Letsitele Water Purification plants. As can be seen in **Table 23**, all water purification plants operated by GTM are compliant with minimum quality standards. Nkowankowa and Haenertsburg Water Works are operated by Lepelle Northern Water and are also compliant with minimum quality requirements.

Chapter 3

3.2 WASTE WATER (SANITATION) PROVISION

Greater Tzaneen Municipality acts as Water Service Provider (WSP) responsible for the provisioning of both water supply and sanitation services and Mopani District Municipality (MDM) is the Water Service Authority (WSA). GTM is responsible for operation and maintenance of Tzaneen Sewage Plant, which has the design capacity of 8ML/day coupled with thirty sewer pump stations. GTM is also responsible for the maintenance of sewer reticulation in Nkowankowa and Lenyenye. The other town (Haenertsburg) is serviced by septic tanks, which are drained by municipality honey suckers, while bulk sanitation services for Nkowankowa, Lenyenye and rural settlements are managed by MDM as the WSA.

Level of access	2015/2016		2016/17		2017/18	
	No of Households	% of Total	No of Households	% of Total	No of Households	% of Total
Flush toilet (connected to sewerage)	14 456	13.3	14480	13.29	14 504	13.3
Flush toilet (with septic tank)	284	0.3	284	0.3	284	0.3
Chemical Toilet	0	0	0	0	0	0
Ventilated Pit Toilet	67104	61.6	67 104	61.6	92 302	84.7
Other Toilet below minimum level	0	0	0	0	0	0
No toilet provision	27082	25	27058	24.8	1 836	1.7
Total Households	108 926	100	108 926	100	108 926	100%
No of Households receiving Free Basic sanitation	1 743		1 743		1 457	

The existing old infrastructure for water-borne sanitation needs to be replaced or renewed.

There was no allocation for the construction VIP toilets in 2017/18 financial year

Irradicating the backlog in terms of household access to sanitation has been a challenge as can be seen in **Figure 2** below.

Chapter 3

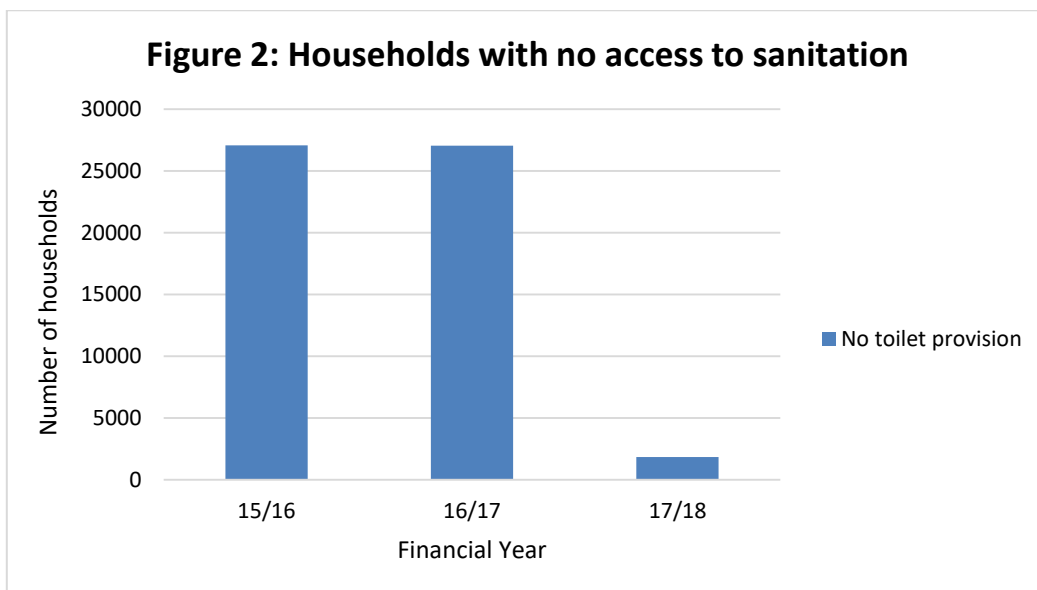

Table 25: Employees – Sanitation Services 2017/18

Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	0	0	0%	0	0	0%
Level 4-6	3	2	33%	3	1	67%
Level 7-9	0	0	0%	0	0	0%
Level 10-15	8	4	50%	8	2	75%
Level 16-17	25	4	84%	25	3	88%
Total	36	10	72%	36	6	83%

There is high vacancy rate because the municipality could not fill vacancies created when employees passed away, resigned and/or retired from the institution over the years.

Chapter 3

3.3 ELECTRICITY

Greater Tzaneen Municipality (GTM) distributes power to an area of approximately 3200 m². The distribution area is not the same as the municipal jurisdiction area. The distribution area encroaches into neighbouring municipalities of Ba-Phalaborwa, Greater Giyani and Greater Letaba. The municipality has a license to distribute power to areas around Haenertsburg, Georgesvalley, Makgobaskloof, Politsi, Campsies Glen, Agatha, Tzaneen, Letsitele Valley, Yamorna/Ledzee, Broederstroomdrift, Deerpark, Riverside, Letsitele, Gravelotte, Waterbok and Letaba Ranch. The larger part of the distribution network supplies farming areas through overhead power lines. Some of the major challenges in the municipality, related to the Electrical Engineering Department (EED) are the following:

- i. Increased power outages due to insufficient vegetation control. (The distribution area is characterised by natural vegetation that requires continuous trimming).
- ii. Increased power outages due to ageing infrastructure.
- iii. Theft of infrastructure (mainly transformers and copper cables).
- iv. Ageing Fleet
- v. Insufficient Customer Communication System

Level of access	2015/16		2016/17		2017/18	
	No of Households	No of Households	No of Households	% of Total	No of Households	% of Total
Electricity connection (at least minimum level)	102004	94%	105 097	96%	107 628	99%
Electricity connection - prepaid	1000	0.99%	1 172	1%	1336	
Electricity below minimum level	0	0	0	0	0	0
No access to electricity	6 922	6%	3 829	4%	1 298	1%
Total Households	108 926		108 926		108 926	

Chapter 3

Level of access	2015/16		2016/17		2017/18	
	No of Households	No of Households	No of Households	% of Total	No of Households	% of Total
No of Households receiving Free Basic Electricity	36 427	33.4%	36 427	34.7%	25 963	100%
Budget allocation for Electricity services	R30 000 000		R25 000 000		R25 000 000	

GTM has put various mechanisms in place to address the challenges faced with electricity distribution these include:

- *Vegetation control:* GTM utilises internal staff and sometimes outsources the service to eliminate backlogs in clearing vegetation. A pool of contractors has been appointed to mitigate the challenges of backlogs and appointments are done as and when required.
- *Aging infrastructure:* GTM secured a loan of R90m from the Development Bank of Southern Africa (DBSA). The loan is for renewal and maintenance of the dilapidated network. Although the amount acquired is not the ideal amount required, it is anticipated that the funds will serve as a starting point to stabilise the network. The municipality is committed to further recapitalisation of the network from funds that will be generated by the stable network. Various projects have been identified for implementation over the MTREF period. Implementation of the projects will also contribute to temporary job opportunities in the municipality.
- *Infrastructure theft:* Infrastructure theft is a serious threat to the sustainability and reliability of the network. The municipality's network is spread over a wide area to supply power to some of the very important food producers (farmers) in our area. Theft of this infrastructure is bordering on sabotage of the livelihood of our communities. The escalating theft of cables and transformers requires a joint effort by all affected stakeholders to curb this scourge.

Chapter 3

- *Aging fleet:* The electrical fleet has reached the end of its lifespan/usable term and need replacement. The redundant and old vehicles threaten service delivery due to their prolonged breakdowns and unavailability. The municipality set aside funds in the 2018/19 budget to replace all dilapidated fleet in the department.
- *Customer communication:* Although a 24 hour service is available for fault reporting, the manual system used poses a challenge both for reporting in terms of the license requirements and efficiency in dealing with customer complaints and queries. A telephone management system is being considered.

Chapter 3

Table 27: Service Delivery Targets for Electricity as set out in the SDBIP for 2017/18

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D128	Cost Recovery	% Electricity loss (Kwh)	Percentage	18%	22.01%	R	The causes of losses have not been determined. Therefore the reason for the increased losses or failure to reach the target is unknown
D129	Cost Recovery	Kilow Watt Hour Electricity loss (Kwh)	Kilow Watt Hour	42,540,860	83 060 412	R	The causes of losses are unknown and have not been determined yet.
D131	Asset Management	R-value spent on maintenance of electricity infrastructure as % of asset value	Percentage	2.70%	4%	O	The variables used for the calculations are uncertain. The given figure was calculated on information available and information provided by assets division. NERSA guidelines were used for the calculation.
D132	Asset Management	R-value electricity maintenance	R-value	R 51,083,568	R20 211 577	R	It Must be noted as indicated in the POE spreadsheet that there is unallocated Labour charges
D133	Cost Recovery	% of electricity loss reduced	Percentage	10%	0%	R	This is the losses that were calculated the initial reduction of losses were not achieved yet.

Chapter 3

Table 28: Employees - Electricity Services						
Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	4	2	50%	3	2	25%
Level 4-6	32	19	41%	33	19	42%
Level 7-9	30	14	53%	30	13	57%
Level 10-15	51	28	45%	51	27	47%
Level 16-17	69	40	42%	69	41	41%
Total	186	103	44%	186	104	44%

The ability of the Electricity Department to maintain the network was severely affected by the high number of vacancies on a technical level (see **Table 28**). The underspending reflected in **Table 29** can be attributed to efforts taken to reduce overtime and also the saving on fleet usage due to vehicles being out of service for extended periods of time.

3.4 SOLID WASTE MANAGEMENT

The mandate of GTM is to provide all households with a basic removal service to protect the environment for the benefit of future and present generations. This is done through legislative and other measures to prevent pollution and ecological degradation and promoting conservation to secure sustainable development. Waste Management Services is rendered as follows:

- 8,537 (8%) urban households receive a full kerbside-collection service at high density settlements with more than 40 dwellings per hectare.
- 33,600 (31%) households in rural-areas receive a basic removal service from a central collection point at medium density settlements with 10 - 40 dwellings per hectare.
- 66,550 households using communal dump or own refuse dump in remote rural areas.

Progress with waste recycling; street cleaning& disposal

Recycling at source from business & industrial premises is undertaken in Tzaneen; Nkowankowa; Letsitele. Composting-Organic waste (garden) is treated at a basic technology composting site while the re-use of firewood (tree-stumps and -logs) from the Landfill are delivered to various rural areas. Urban streets, main roads & urban taxi / bus ranks are cleaned on a regular and period schedule from all debris and solid waste. Disposal takes place at an 11 hectare permitted landfill - site, which is managed in compliance with specifications. The expected life-span of the site is \pm 15 years. The top three service delivery priorities and the impact we have had on them during the year:

- Composting - 100% of all incoming Organic waste (garden) is treated at a basic technology composting plant
- Rural Waste Management EPWP Job-creation - 465 EPWP Beneficiaries for the programme were appointed.
- Sanitary Land filling at a permitted site.

Measures taken to improve performance include:

Chapter 3

- *Waste Minimization* - Procurement of Contractors to collect & transport recyclable-materials
- *Composting* - The procurement of a Contractor with appropriate equipment to operate compost-making, as part of Landfill management was finalized
 - ✓ *Rural Waste Management* through the declaration of demarcated localities for basic refuse removal services, the financing basic refuse removal services and the appointment of community-based Service-Providers.

GTM responds to the provision of waste collection services in the rural areas mainly through the EPWP programme with 465 EPWP Rural Waste Management beneficiaries as temporary workers for the programme, conditionally as per the Ministerial determination

Level of access	2015/16		2016/17		2017/18	
	No of Households	% of Total	No of Households	% of Total	No of Households	% of Total
Solid waste removal once a week (level 1)	8,537	8%	8,537	8%	8,695	8%
Removal less frequently than once a week (level 2)	33,600	31%	36,038	33%	47,822	44%
Using communal dump + own refuse dump	66,550	61%	64,112	59%	52,170	48%
Total Households	108,687	100%	108,687	100%	108,687	100%
No of Households receiving Free Basic Waste services	1,193		1,201		1 214	
Budget allocation for Solid waste collection services	R 71,017, 213		R 85,088,886		R 84,900,645	

Chapter 3

Table 32: Service Delivery targets for Waste as set out in SDBIP for 2017/18

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D113	Waste Management	# of households with collection of waste once per week	Number	8,537	8,927	G2	1) The Category-Tariff-Report from C.F.O. is only available on hard-copy 2) The Category Tariff summary from CFO reflecting fluctuating actual budget-amounts monthly
D114	Waste Management	R-value spent on waste management	R-value	R 85,088,885	R 70,432,598	O	The Divisional Waste Manager is accountable for less than 40% of expenditure-line-items.
D115	Waste Management	# of Rural Waste Service Areas serviced (waste management)	Number	40	40	G	1)Fleet Management:- * Rapid-Turn-Around (repair & maintenance) in ensuring the Removal-Fleet is always functional * Waste-Fleet should be replaced on a "round-robin" 5 x year plan
D116	Waste Management	# of Urban Waste Service Areas serviced (on level 1 service))	Number	5	5	G	1) To ensure more accurate evidence, an electronic routesheet / tracking-system need to be installed in each vehicle with a sustainable monitoring as per a "unique-route" for each area
D117	Waste Management	# of Rural Skip-bins with Waste being removed to Tzaneen landfill site as on-call service		1,920	1,742	O	1)The Workshop show a slight IMPROVED Turn-Around-Time ensuring improved Fleet functionality 2) The Waste-Fleet should be replaced on a "round-robin" 5 x year plan
D118	Waste Management	% Households with access to basic level of solid waste management services	Percentage	52%	52%	G	1) Rural areas must be formalized to ensure Accurate figures 2) Vehicle fleet must be renewed as well as additional Rural-vehicles 3) Organogram for Rural Bulk collections must be established

Chapter 3

Table 33: Employees - Solid Waste Services

Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	1	1	0%	1	1	0%
Level 4-6	13	3	76%	13	3	76%
Level 7-9	2	1	50%	2	1	50%
Level 10-15	12	11	8%	12	10	17%
Level 16-17	124	90	27	124	84	32%
Total	152	106	30%	152	99	35%

GTM is experiencing a challenge with the filling of vacancies within a reasonable time period (refer to **Table 33**), therefore the unit was negatively affected by positions being vacant in excess of 5 years. Rural Waste Management needs to fill an additional 809 EPWP Beneficiary-positions to ensure 100% coverage of Rural Waste removals on a level 3 service therefore a review of the organizational structure (Work-study) is necessary for sustainable service-delivery.

The financial Performance of the Solid waste service is reflected in **Table 34**, the underspending on Employees is due to the high number of vacancies and the implementation of cost saving measures. The budget allocated for solid waste management is insufficient to provide sustainable services to the rural areas. Therefore, additional funds is required to ensure that all areas are serviced.

Table 34: Financial Performance 2017/18: Solid Waste Services (R'000)

Detail	2016/17	2017/18			
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue	30 028	51 353	51 353	36 476	14 877
Expenditure:

Chapter 3

Table 34: Financial Performance 2017/18: Solid Waste Services (R'000)					
Detail	2016/17	2017/18			
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Repairs & Maintenance	3 565	3 417	3 417	3 050	367
Other	23 321	26 809	26 809	28 831	(2 021)
Total Operational Expenditure	43 373	50 683	50 683	49 477	1 206
Net Operational (Service) Expenditure	(13 345)	669	669	(13 001)	13 671

Table 35 below presents the progress made with the implementation of capital projects allocated for the Solid Waste Collection during 2017/18.

Table 35: Capital Expenditure 2017/18: Solid Waste Services (R'000)					
Capital Projects	2016/2017				
	Budget	Adjustment budget	Actual Expenditure	Variance from original budget	Total Project value*
<None>					
Total					

* Including past and future expenditure as planned for the next 3 years

The Largest solid waste management projects are:

- a) 8,537 households received collection of waste once per week
- b) 30 Rural Waste Service Areas serviced (waste management) received an on-call removal services
- c) 5 Urban Waste Service Areas serviced (waste management) received a Kerbisde removal services
- d) 41 % of Households got access to a basic level of solid waste management

The performance of the service is constrained by the lack of sufficient increase in budget allocation to fund the replacement of vehicles, filling of vacancies, review of the organizational structure for the service, as well as the expansion of the service to the rural areas in sustainable manner.

3.5 HOUSING & BUILDING CONTROL

3.5.1 HOUSING

All projects are developed in terms of the approved Integrated Residential Development Programme. Rural projects are implemented in terms of the Rural Housing Subsidy Programme. The Greater Tzaneen Municipality prioritise the development areas for wards with least low cost housing subsidy/RDP houses. The total allocation was **700** units for 2017/18 financial year and **223** units are completed (also refer to **Table 39**). **141** units for 2016/17 financial year were rolled over to 2017/18 financial year. No emergency units allocated for 2017/18. The progress with regard to the implementation of RDP houses is presented in **Table 36**.

Year	Total Households⁴	Households in informal houses**	% of HH in formal settlements*
2013/2014	108 926*	7 729	7.01%
2014/2015	108 926	7 729	7.01%
2015/2016	108 926	2756	3%
2016/2017	108 926	2756	3%
2017/2018	108 926	2756	3%

GTM has a housing backlog of 12,565, pending the review of beneficiaries for 2013 to 2018.

- The middle income backlog is 1762.
- The Old Age waiting list is 96

⁴ *Number of Households as established through Census 2011 (Stats SA, 2011)

**GTM is a predominantly rural municipality, the definition of informal houses in a rural context has not been clarified and therefore figure represents the Stats SA definition which only includes houses with an informal structure (not referring to the town planning context thereof)

Table 38 presents the list of RDP housing projects allocated to the GTM area by the Department of Cooperative Governance, Human Settlements and Traditional Affairs during 17/18. From the table it is clear that most projects have not yet been completed and this is mainly due to the fact that CoGHSTA appointed the contractors very late in the financial year.

Challenges Experienced on RDP Housing

- Allocation of houses from CoGHSTA does not meet the demands of the community
- No delegated powers for the Municipality on the provision of housing
- Backlog figures are not reflected in terms of income levels and special needs.
- Waiting lists are not in accordance to the National Criteria, no Housing Subsidy System (HSS)
- Not all stakeholders involved in the identification of beneficiaries are familiar with the National requirements to qualify for a housing subsidy.
- The public complains about identified beneficiaries but do not submit comments or objections during publication of lists.
- The unauthorised selling and demolishing of RDP units.
- Emergency lists submitted are scattered and this has a negative cost implication.
- Minimal participation of beneficiaries/ownership of projects.
- Greater Tzaneen Municipality is predominantly rural and this poses problems in balancing backlogs vs. spatial growth patterns through the provision of low cost housing.
- The non-availability of land for development in the townships and some villages.
- An integrated approach in addressing the needs of communities is still lacking
- Stand numbers in some villages are not easily detected.

Housing Consumer Education

During 2017/18 Housing Consumer Education was successfully conducted. Consumer education sessions were held, targeting 700 beneficiaries, as per the information presented in **Table 39** below.

Chapter 3

Date	Village	Venue	Time
20 February 2018	Mandlakazi	Dynamos Sport Ground	10h00

3.5.2 BUILDING CONTROL

Local Municipalities are required to enforce compliance to the National Building Regulations Act of 1977 and SANS 10400 within their area of jurisdiction. Applications are processed upon payment whereafter a file is opened, then circulated to various departments for respective comments and once all the requirements are met, an approval letter is issued to the applicant. Site Inspections are also carried out during the construction phase once construction has commenced, thus;

- Foundation inspection,
- Open sewer inspection and
- Overall completion inspection wherein an occupational certificate will be issued if all met the building regulations standards.

Table 40 presents all the applications processed by GTM from 2014/15 to 17/18.

Chapter 3

Table 40: Square meters and value of building plans approved 2015/16 – 2017/18

	2014/15		2015/16		2016/17		2017/18	
	Area (m ²)	Value (R)	Area (m ²)	Value (R)	Area (m ²)	Value (R)	Area (m ²)	Value (R)

New other (cell phone towers) approved	0	0	310	1 612 000	656	3 411 200	1291	6 338 800

The staff compliment of the building and maintenance division is presented below in **Table 41** below:

Table 41: Employees – Building and Maintenance (2017/18)

Job level	2016/17			2017/18		
	No of Posts	No of Posts	No of Posts	No of Posts	Positions Filled	Vacancy rate
Level 0-3	1	1	0%	1	1	0%
Level 4-6	14	12	14%	14	12	14%
Level 7-9	3	2	33%	3	3	0%
Level 10-15	15	5	66%	15	6	60%
Level 16-17	13	5	38%	13	8	38%
Total	46	25	45%	46	30	35%

Chapter 3

The Capital allocation for Building and Maintenance is presented in **Table 42** below.

Table 42: Capital Project Expenditure 2017/18: Building and Maintenance (R'000)					
Capital Projects	2017/18				
	Budget	Adjustment budget	Actual Expenditure	Variance from original budget	Total Project value*
New ablution block for parks offices including upgrading of existing one	R 0	R 819 703	R 826 160	R -6 457	R 826 160

The financial performance of the Building and Maintenance Division is presented in **Table 43**.

Table 43: Financial Performance 2017/18: Building and Maintenance (R'000)					
Detail	2016/17				
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue	2 154	1 795	1 795	2 309	(514)
Expenditure:					
Employees	8 994	10 533	10 533	9 815	718
Repairs & Maintenance	1 072	1 918	1 918	1 461	457
Other	874	3 971	3 971	958	3 013
Total Operational Expenditure	10 940	16 422	16 422	12 234	4 188
Net Operational (Service) Expenditure	(8 786)	(14 627)	(14 627)	(9 925)	(4 702)

The under expenditure reflected in **Table 43** is due to a lot of vacancies that were not filled for people that passed on and those that went on pension.

3.6 FREE BASIC SERVICES AND INDIGENT SUPPORT

The Municipal Council gives priority to the basic needs of the community, promotes the social and economic development of the community and ensures that all residents and communities in the Municipality have access to at least the minimum level of basic municipal services, in

Chapter 3

terms of Section 152 (1) (b) and 153 (b) of the Constitution. Basic services are generally regarded as electricity, clean water within reasonable distance, basic sanitation, solid waste removal and access to and availability of roads.

The main purpose of the Indigent Subsidy is to ensure that households with no or a low income are not denied a reasonable service, while the municipality is not financially burdened with non-payment of services. Provided that grants are received and funds are available, the Indigent Subsidy Policy should remain intact. To achieve this, a threshold income level of a maximum of the approved pension amount for old age i.e. R1 630 per individual or R3 260 per household applies. The consumer, in order to qualify as an indigent, needs to complete the necessary documentation as required and agree to regulations and restrictions stipulated by Greater Tzaneen Municipality.

Service	2016/17	2017/18			
	Actual Expenditure	Budget	Adjustment Budget	Actual Exp	Variance to budget
Electricity	2 994	4 000		3 067	23.4%
Waste Collection	1 510	1 620		987	39.05%
Property rates	21 659	24 000		38 501	60.42%
Total	26 163	27 169		42 555	

The expenditure on Free Basic Electricity is less than budgeted due to the decrease in the number of indigents verified (compared to the previous year) and also due to possible bridging by consumers in Eskom distribution area. The expenditure on solid waste collection is also less due to the disqualification of some indigents following the verification process. The expenditure on property rates was much higher than budgeted since the new valuation roll was implemented from 1 July 2017. It should however be noted that this includes rebates given to all property owners

Chapter 3

Table 45: Free Basic Services provision to Low Income Households*

Year	Registered Indigents	Free Basic Water		Free Basic Sanitation		Free Basic Electricity		Free Basic Waste Removal	
	Total HH	HH Receiving	% of indigents[1]	HH Receiving	% of indigents	HH Receiving	% of indigents	HH Receiving	% of indigents
2013/2014	31 129	1 666	MDM	861	MDM	5 565	18%	917	3%
2014/2015	31 129	2 733	MDM	2 733	MDM	31 129	100%	933	3%
2015/2016	36 427	1 408	MDM	1 408	MDM	36 427	100%	1 193	3%
2016/2017	36 427	1 418	MDM	1 418	MDM	36 427	100%	1 201	3%
2017/2018	25 963	1 457	MDM	1 457		25 963	100%	1 214	5%

Table 46: Free Basic Service Delivery targets as contained in the SDBIP for 2017/18

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D57	Free Basic Services	R-value of Free Basic Electricity to Households	R-value	R 4,200,000	R 3,055,238	R	May and June invoices brought into account for financial year end purposes
D58	Free Basic Services	% of households earning less than R 1100 served with free basic electricity (total registered as indigents)	Percentage	100%	100%	G	All indigents registered on debtors system receive FBE

It should be noted that GTM is not a Water Service Authority and therefore not providing water and sanitation in the entire municipal area, making it impossible to provide figures on the provision of free basic services in this regard.

Chapter 3

Table 46: Free Basic Service Delivery targets as contained in the SDBIP for 2017/18							
Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D59	Free Basic Services	% households earning less than R 1100 with access to free basic waste removal (total registered as indigents)	Percentage	7%	3.61%	R	Indigents registered on debtors system receive all free basic service. Indigents in villages not possible to monitor service. Less indigents registered than target reason for under performance.
D60	Free Basic Services	Total number of registered indigent households who received free basic water and sanitation (GTM service area)	Number	1,420	1,364.83	O	Number of indigents registered on debtors do receive basic services

Chapter 3

COMPONENT B: ROADS & TRANSPORT

Greater Tzaneen Municipality is responsible for the provision and maintenance of the municipal roads falling within the various towns in the Municipal area, as stated in Schedule 5B of the Constitution of the Republic of South Africa. The Greater Tzaneen Municipality manages the municipal road network that comprises of district /connector and municipal / access roads in terms of road classification. The municipality is tasked with the planning, design, maintenance, construction and usage of these roads. It is also required to prevent the deterioration of surfaced roads by conducting preventative maintenance, control of storm water and provision of drainage structures and to surface priority roads.

Public transport services within the Greater Tzaneen Municipality is limited to bus, minibus-taxi and limited metered taxi operations. The operations is typically characterised by relatively high directional splits, with the dominant travel pattern of passengers being “home to work” in the morning with a return trip in the evening. On most routes the demand peak during the morning forward trip and evening return trip. According to the National Household Travel Survey (NHTS) more than 50% of general trips are undertaken by public transport, with more than 60% of all public transport trips made with minibus taxi and almost 20% of public transport trips by bus. Greater Tzaneen Municipality has just developed the Integrated Development Plan which is waiting for approval by Council.

3.7 ROADS & STORMWATER

Greater Tzaneen Municipality road network consist of 3 091 km of which 256 km is paved (asphalt and single seals) and 2 834 km is unpaved (gravel, earth). GTM is responsible for providing and maintaining local roads as stated in Schedule 5B of the Constitution of the Republic of South Africa. Roads maintenance services includes maintenance of gravel roads, tarred roads patching and maintenance of stormwater drainage systems. During 2017/18

Chapter 3

financial year we were able to construct 15km of tarred roads and the other roads are multiyear projects that are going to be completed in the next financial year. We were able to assist communities living in poverty by hiring 20 temporary labourers through EPWP for 12 months. Greater Tzaneen Municipality has developed a Road Master plan.

Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	1	1	0%	1	1	0%
Level 4-6	10	3	70%	10	5	50%
Level 7-9	1	0	100%	1	0	100%
Level 10-15	67	20	70%	67	20	70%
Level 16-17	146	13	91%	146	12	92%
Total	225	37	83%	225	38	83%

The original budget allocated for roads maintenance was under budgeted because of financial constraints, hence the allocation was exhausted before the end of the financial year. The shortage of funds also resulted with some of the operation and maintenance activities being suspended until 2018/19 financial year.

Detail	2016/2017				
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue		500	500	49	451
Expenditure:

Chapter 3

Year	Gravel				Tar/Asphalted			
	Total km	Newly constructed	Upgraded to tar	Maintained	Total km	Newly constructed	Re-sheeted	Maintained
2013/2014	1595	0	15	67.7	705	15	0	14 051 m ²
2014/2015	1577	0	17.5	2909	722.5	17.5	0	14 890 m ²
2015/2016	1569	0	8.5	3136	731	8.5	0	11 636 m ²
2016/2017	3091	0	2.8	1493	733.8	2.8	0	12 574 m ²
2017/2018	2820	0	15	5077	271	15	0	11 709 m ²

After the development of the road master plan, it was discovered that Greater Tzaneen Municipality owns a total of 3091km road network. This is comprised of 271km tarred roads and 2820 km of gravel roads. During 2017/18, 15 km was upgraded from gravel to tar (refer to **Table 49**) and other roads which are under construction are multiyear projects which are going to be completed in the next financial year. 11 709m² potholes were patched and 5077km graded. The increase in the grading of roads are due to the absence of proper storm water systems which results in grading having to be re-done after heavy rain.

Year	Gravel				Tar/ Asphalt			
	Maintained (Km)	Expenditure (R'000)	Newly Constructed (Km)	Expenditure (R'000)	Maintained (m ²)	Expenditure (R'000)	Newly Constructed (Km)	Expenditure (R'000)

3.8 LICENSING

Greater Tzaneen Municipality has 2 GTM Testing Stations. The Tzaneen Testing Station is a Grade A while the Nkowankowa station is Grade B. At these testing stations applications for learner and driver licenses are tested and processed. These office also assist with the renewal of driver licenses and the applications for professional driving permits. The licensing offices at the Civic Centre in Tzaneen processes registration and renewal of vehicle licenses.

Chapter 3

Year	Number of vehicle licenses renewed	Number of vehicle registrations	Number of Learners license issued	Number of Driver's license issued
2013/2014	52768	12317	7841	19833
2014/2015	57246	12542	9302	18097
2015/2016	52147	11718	8934	18384
2016/2017	53022	11536	8412	19748
2017/2018	49870	12169	8992	21748

As can be seen from **Table 56** the number of transactions increased gradually over the past five years, however the registration of vehicles increased in 12, 000 transactions since 2004 and only one additional staff member were added during this period. There was also an increase of more than 18, 000 transactions for the issuing of learners and drivers licenses.

Figure 3: Vehicle and Drivers Licensing transactions

GTM provides a vehicle and drivers licensing service on behalf of the Provincial Department of Transport. 80% of the income generated must be paid to the province.

Chapter 3

COMPONENT C: PLANNING AND DEVELOPMENT

3.9 TOWN PLANNING

The Planning Strategies for Town Planning are as contained in the Spatial Development Framework (SDF) of 2017 to 2022. These are briefly outline below:

- i. Growth and Development Strategy: The policy proposed growth areas for corridor development in the Tzaneen Nodal area, linking Tzaneen and Nkowankowa, as well as Tzaneen and Letsitele.
- ii. Nodal Growth of Tzaneen, Nkowankowa and Lenyenye with particular focus on Nodal Intensification.
- iii. Infrastructure development to support and sustain the two main structured growth areas.

The GTM has so far only managed to achieve, to a lesser extent, the second strategy of Nodal enhancement through precinct land development applications. These applications mainly focussed on densification, amendment schemes and subdivisions. While the SDF proposal are structured in short, medium and long term periods, requiring massive capital investments in Civil infrastructure as well as land acquisition. The main challenges are:

- i. The lack of capital investment in infrastructure development greatly hampers the Municipal 2030 Vision.
- ii. The minimum achievements in nodal enhancement, this will not necessary have an impact on addressing the envisaged integration, desired over the long term period, as it only addresses aspects of minor densification.

Job level	2016/17			2017/18		
	Positions Filled	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 0-3	1	1	0%	1	1	0%

Chapter 3

Job level	2016/17			2017/18		
	Positions Filled	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate
Level 4-6	6	3	50%	6	3	50%
Level 7-9	1	1	0%	1	1	0%
Level 10-15	0	0	0%	0	0	0%
Level 16-17	0	0	0%	0	0	0%
Total	8	4	50%	8	4	50%

The financial performance of the Town Planning Service is presented in **Table 2** below:

Detail	2016/17	2017/18			
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue	151	150	150	221	(71)
Expenditure:					
Employees	4 306	4 545	4 545	4 619	(73)
Repairs & Maintenance					
Other	1 319	1 858	1 858	681	1 178
Total Operational Expenditure	5 625	6 404	6 404	5 299	1 104
Net Operational (Service) Expenditure	(5 474)	(6 254)	(6 254)	(5 078)	(1 175)

From **Figure 4** it is clear that the past two financial years that there was a very insignificant number of Development Applications, compared to 2017/18. Therefore it may be deduced that the Revised SDF 2017/22 and the well functioning Greater Tzaneen Municipal Planning Tribunal had an impact on the Nodal areas of Tzaneen, Nkowankowa and Lenyenye evident from the number of applications received and finalised within the prescribed turna round time.

Figure 4: Planning application received for built environment

Chapter 3

3.10 LAND MANAGEMENT

GTM aims to provide integrated human settlements to enhance revenue. To achieve this Township Establishment on Farm Novengilla 562-LT approximately 20.0463ha took place. Along with the installation of services for Tzaneen Extension 105, Tzaneen Extension 60 and part of Nkowankowa A and B and the establishment of community residential units at Tzaneen Extension 105.

During 2017/18 GTM also purchased a Portion of the Farm Novengilla 562-LT and the remaining extent of the Farm Mohlaba's Location 567-LT for the establishment of Nkowankowa and Lenyenye Cemeteries. GTM also acquired funding for Township Establishment of Tzaneen Extension 105. Number of informal settlement upgrading (Nkambako Village).

The main challenges with regard to Land Management is, *firstly*, the management of Land Availability Agreements remain a major challenge and the Municipality has appointed a Service Provider to review these agreements. *Secondly*, the Tzaneen Industrial Park is not fully serviced to attract new investors, Service Departments must budget for services in the industrial area as identified in the Local Economic Development Strategy.

3.11 LOCAL ECONOMIC DEVELOPMENT

The progress made with the implementation of LED strategies during 2017/18 are as follows:

- i. *LED Strategy*: The LED strategy was reviewed in 2017/18. There are 3 anchor projects identified to contribute to economic growth with GTEDA as the implementing Agency:
 - a. Agricultural business incubator
 - b. Waste management project
 - c. Farmers facilitation centre
- ii. *Agri Expo*: An annual event, which is an information sharing platform for emerging farmers. The expo included a career expo for agriculture learners from various schools. The Agri golf event raised fund of which R50 000 was donated to the winner of Female Farmer of the year competition. Although SALGA was the main sponsor for the event. Institutions of higher learning such as the Universities of Limpopo, University of Venda, Tombi Seleka also played a major role. A total of 120 learners participated and 30 SMMEs were given an opportunity to exhibit their products.
- iii. *SMME Supported*: 52 SMMEs (target was 45) were supported by GTM through various platforms to promote and market their products, for information sharing and exposure to the market. Costs are being carried by the Institution in the form of:
 - *Municipal transport to attend workshop, exhibition and meeting.*
 - *Accommodation and meals.*
 - *Exhibition material e.g. brochures, DVD, etc.*
 - *Payment of exhibition stands.*
 - *Transport of exhibition material.*
- iv. *Greater Tzaneen Tourism Association (GTTA)*: The GTTA is a voice for the tourism industry in the area. It is a platform where tourism stakeholders communicate their needs and may request for assistance from the Municipality. SMMEs given support and exposure to the markets are all active members of the association.
- v. *Tourism Indaba*: The annual Tourism Indaba trade show gives SMMEs the opportunity to promote their offering and also conduct destination marketing. 3 SMMEs were

Chapter 3

taken to the show by GTM. Tourism newspapers were also distributed which were printed in partnership with the Tzaneen Business Chamber.

- vi. *Community Works Programme:* CWP aims to give those willing and able to work the opportunity to do so, together with the dignity and social inclusion that follows from this. It supplements people's existing livelihood strategies by providing a basic level of income security and, in doing so, contributes to the key strategic goals of government by addressing poverty and unemployment. In practice participants work 2 days in a week or the monthly equivalent and are paid a guaranteed minimum CWP wage.
- vii. *Exposure to local Shows & Markets:* GTM supports various SMME's to attend the Letaba Show, Rand Easter Show, Getaway Show, Marula Festival and Flea markets.

The main challenges with regard to LED initiatives are:

- ✓ Late confirmation from earmarked main sponsor for events and other programmes e.g. Agri Expo.
- ✓ Limited budget limiting the ability to support more SMMEs.
- ✓ Limited number of days to attend s which deprives SMMEs to sell their products.
- ✓ GTM doesn't have direct control over the CWP programme.
- ✓ Delayed procurement of protective clothing for participants.
- ✓ Delay in the roll out of the CWP in the new ward (ward 12)
- ✓ Poor attendance of Councillors in Local Reference Committee (LRC)

Community Works Programme

This is a government initiative to provide employment safety net. Participants work 2 days in a week (8 days in month). The programme is aimed at addressing community needs and to improve the the quality of life in poorer communities. Also, to address the high rate of unemployment in the country. The role of GTM is to coordinate the identification of participants, which are done through the Ward Councillor concerned.

Chapter 3

Wards participating	Number of cooperatives	Number of jobs	Output (work done)
Ward 16	0	249	<ul style="list-style-type: none"> • School support programme • HIV/AIDS • Crime prevention • Construction • Cemetery cleaning • Agriculture • Road maintenance • Early childhood development
Ward 18	0	227	
Ward 22	0	127	
Ward 29	0	93	
Ward 30	0	116	
Ward 32	0	332	
Ward 33	0	484	
Ward 34	2	452	
Ward 35	0	99	
Total no of Participants		2062	
Total no of Coordinators		117	
Total no of site staff		8	
Total no of CWP members		2187	

The Municipality established the partnerships presented in **Table 69**, to assist with local economic development.

Stakeholder	Type of relationship
SEDA	SMMEs support
COGHSTA (Thembaletu)	CWP implementation in GTM
Tzaneen Business Chamber	Destination Marketing (Tzaneen Newspaper)
Department of Agriculture	Partnership in agricultural development e.g. Agri Expo
LEDA	Development of Nkowankowa Industrial Park
Mopani District Municipality	Support for various events e.g. Tourism Indaba, Rand Easter Show, Agri Expo, etc
Magoebaskloof Tourism	Support for various events and destination marketing e.g. Food and Wine festival, Berry festival and Spring Fair
Limpopo Tourism Agency	Partnership on Tour de Limpopo
TVET	Update on skills development in the area.
LEDET	SMMEs support through exhibitions in various events e.g. Marula festival.

Expanded Public Works Programme

The 2017/18 EPWP Incentive Grant allocation was R 4 918 000. **Table 70** below, depicts job creation achievements.

Chapter 3

Year	Work opportunities	FTE,s	Beneficiaries	Percentage performance per financial year
2013/2014	1 291	445	588	45%
2014/2015	803	282	629	78.3%
2015/2016	712	232	892	125%
2016/2017	860	282	1025	119%
2017/2018	1084	351	986	90.96%

The project for EPWP was done through Construction of Tar roads, electrification of households and rural and urban waste collection projects. The community now have access road, electricity and living in a healthy and clean environment.

Greater Tzaneen Economic Development Agency (GTEDA)

The 2017/18 Annual Report for the Greater Tzaneen Economic Development Agency is herewith attached as **Annexure D**. The 2017/18 Audit Opinion for GTEDA can be found as a part of the GTEDA Annual Report.

Chapter 3

Table 71: Targets for LED as contained in the SDBIP for 2017/18

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D201	Community Works Programme	No of cooperatives established and still functional in wards where the CWP is implemented	Number	4	2	R	No Reason for Deviation
D202	Community Works Programme	Number of job opportunities sustained through the CWP	Number	2,100	2,154	G2	No Reason for Deviation
D203	Marketing and Investor Targeting	# of Agricultural Expos held	Number	1	1	G	
D205	Marketing and Investor Targeting	# of jobs created through municipal LED initiatives including Capital Projects	Number	600	986	B	The registered EPWP projects only created the number of jobs during the month
D206	Marketing and Investor Targeting	# of GTM LED forum meetings arranged	Number	4	2	R	Meeting was postponed due to unavailability of the Mayor and Councillor responsible LED Forum; and stakeholders could not turn up as expected.
D207	SMME support	# of meetings held with informal traders	Number	4	4	G	No Reason for Deviation
D208	SMME support	# of Local Tourism Association Meetings	Number	4	3	O	One meeting did not take place due to the non-availability of key stakeholders
D209	Tourism	# of Tourism SMMEs exposed to the market	Number	45	34	O	Information on SMMEs attendance to Tourism Indaba and Tourism Transformation Workshop were not considered during reporting
D176	Expanded Public Works	# of jobs created through municipal EPWP initiatives (FTE)	Number	1,084	990	O	Targets for EPWP are set at national level and there is generally a challenge of non-compliance by municipalities. Targets seem to be too high

Chapter 3

COMPONENT D: COMMUNITY & SOCIAL SERVICES

This component includes: libraries and archives; museums arts and galleries; community halls; cemeteries and crematoria; child care; aged care; social programmes, theatres.

3.12 LIBRARIES; MUSEUM; COMMUNITY FACILITIES

LIBRARIES

Library Services is the joint responsibility of Municipal authorities and the Dept. of Sport, Arts and Culture. The Greater Tzaneen Municipality runs quality library services in the following towns and villages: Tzaneen (Main library) and branch libraries at Haenertsburg; Letsitele; Shiluvane and Mulati. Two new libraries are in the advanced planning stage: The Runnymede Library, which is to be built through the Department of Sport, Arts and Culture; and the Motupa Library, which is to be built as a donation by the Rand Water Foundation.

The libraries offer full library services, including: Access to balanced book collections; Lending services; Information services, with the emphasis on school project help; User education; Assistance with online applications for tertiary placement, bursaries and jobs; Holiday programmes and book-related arts and craft events, including reading competitions; Safe, quiet and comfortable room to study; Free public access to the Internet and free Wi-Fi. The GTM libraries are highly utilized: In 2017/2018 library user statistics totaled 126,599. Respected GTM library outreach programmes were presented as a PowerPoint presentation at the IBBY (International Board on Books for Young People) AFRICA Congress, 17-21 August 2017, in Kampala, Uganda. The figures in **Table 74** represent the number of posts for all GTM libraries.

Chapter 3

Net Operational (Service) Expenditure	(7 568)	(8 751)	(7 889)	(8 820)	932

MUSEUM: The museum is managed by a private curator since the municipality only owns the building but the artefacts are privately owned. GTM pays an annual grant to the curator, provided that the curator provides the municipality with an audited financial statement. Many visitors from different countries and school kids visit the museum.

OTHER COMMUNITY FACILITIES: The GTM mandate is to provide community facilities, herein GTM provides community halls and sports facilities in needy communities. The main challenge is that, although funding can be secured to build more sport facilities, community halls and libraries there is insufficient operational funds and personnel, to operate and maintain these facilities.

Chapter 3

Table 76: Library and Parks Service Delivery Targets as set out in the SDBIP for 2017/18

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D121	Library Services	Number of library users	Number	96,000	126,599	G2	No deviation - Users in June 2018: 11374 Circulation in June 2018: 5013
D123	Maintenance and upgrade of parks and open spaces	m ² of parks and open-spaces maintained	Number	395,000	1,654,477.92	B	Contractor expired in May 2018 and the funds were finished. The whole work was done internally and we are not having enough machinery to cut grass. We have budgeted R 300 000 to buy machines for 2018 to 2019. The aim is to insource so that we can save money for the municipality.
D124	Maintenance and upgrade of parks and open spaces	# of developed parks maintained	Number	18	18	G	There was no deviation but the work went very slow because the contractor expired and the internal personnel had to fit in their schedule the gardens too which is not possible with few personnel we have.

Chapter 3

Delays in the filling of vacancies result in the budget, allocated for personnel, being re-allocated elsewhere. As a result the Parks and Cemetery maintenance function is greatly understaffed. **Table 77** represents the number of posts for Parks & Community Facility management.

Table 77: Employees – Parks & Community Facilities						
Job level	2016/17			2017/18		
	No of Posts	Positions Filled	Vacancy rate	No of Posts	Positions Filled	Vacancy rate

Level 16-17	75	56	25%	75	52	31%
Total	97	70	27%	97	64	34%

The Greater Tzaneen municipality has 13 formal parks and a large areas of open space that needs to be maintained. Due to the high rainfall in the area regular grass cutting and bush clearing is required. The efficiency of the unit is however constrained by aged equipment.

Table 78: Financial Performance 2017/18: Parks, Sports and Community Facilities (R'000)

3.13 CEMETERIES

The Constitution (Act 106 of 1996) grants the municipality the power to establish, develop and maintain cemeteries within its area of jurisdiction. There are 136 cemeteries in the GTM are of which only 8 are being maintained. The main challenge relates to insufficient funding to extend cemeteries that are full and to maintain cemeteries in villages. Cemeteries also do not have sufficient ablution facilities or fences.

Chapter 3

Table 80: Cemetery service delivery targets as set out in the SDBIP for 2017/18

Chapter 3

3.14 CHILD CARE; AGED CARE; SOCIAL PROGRAMMES

The Child care, aged care and social programmes function is located in the Office of the Mayor. During 2017/18 GTM assisted 82 students to register with institutions of higher learning. It also facilitated the opening of local NYDA offices. The office also assisted in securing learnership opportunities for 130 young people (from the Greater Tzaneen area) with the Department of Environmental Affairs.

D44	Youth, Gender & Disability support	# of Jobs created by Municipal Capital projects for disabled persons	Number	17	65	B	Projects implemented during the month of June were not suitable for people with disability.

Chapter 3

COMPONENT E: ENVIRONMENTAL HEALTH SERVICES

GTM is responsible for environmental management through the monitoring air quality, handling of human remains, vector control and food quality control.

3.15 ENVIRONMENTAL HEALTH SERVICES

During 2017/18 GTM provided the following services in terms of environmental management:

- **Air quality:** Inspections was conducted on industrial premises and major hazardous installations. Small scale brick making and treatment of timber is on the increase and these activities have contributed to the increase in air quality related complaints.
- **Management of human remains:** GTM processed 4 applications for the establishment of mortuaries/ funeral undertakers and monitored four (4) exhumations and four (4) reburials.
- **Vector control:** During the financial year there was an increase in the reported cases of Malaria wherein GTM supported the Department of Health to raise awareness and larviciding was up-scaled.
- **Food Control:** The third and fourth quarter of the 2017/18 financial year the focus shifted from routine monitoring of food handling premises to responding to the outbreak of Listeriosis. Screening surface swabs were collected from seven (7) food processing plants and 2 abattoirs respectively. The laboratory results indicated that two (20%) of the samples were positive with *Listeria monocytogens* (see Figure 5), In the meantime we made sure that all whole sales and retailers complied with the National Food Recall of Enterprise processed food products. GTM also placed pamphlets on Listeriosis and the WHO five keys on food safety at the five Libraries.
- **Environmental management:** GTM attended to Environmental crimes cases that were referred to us by DEA, as well as by other interest groups. The on-going rehabilitation

Chapter 3

of a stream near the R71 is a clear commitment by the municipality to do environmental compliance and monitoring.

GTM participated in various Committees which seek to address Environmental, Climate Change and Environmental Health Issues. We also reviewed 12 Basic Assessment Reports for developments in our area. There is sustained interest in the Cleanest School Competition which is hosted annually. As a result of all the efforts to manage our environment GTM was the 1st runner up in the National Greenest Municipality Competition during 2017/18.

Chapter 3

COMPONENT F: SECURITY AND SAFETY

The GTM Safety and Security section provides safety measures for Councillors, Employees, Customers and Communities in the jurisdiction of the Greater Tzaneen Municipality. This is done by providing Physical Security, Cash In Transit (CIT) services, Access Control, Surveillance Cameras and Alarm Systems. The Safety and Security section also serves as liaison between communities and the SAPS in social crime prevention initiatives. The division also assists with the Victim Empowerment Programme together with the Justice and Crime Prevention Cluster departments.

Table 90 : Infrastructure theft cases for 2017/18				
Infrastructure theft	Date	Estimated R-value	Case reported to SAPD Case number	Successful prosecutions (yes/no)
Other				
1.Damaged Toilet System and Stolen Copper Cables	19/02/2018	R18000	Maake SAPS CAS: 174/02/2018	No – Still under investigation
Electricity Infrastructure				
1.Electrical Cables	10/07/2017	R1m	Tzaneen SAPS CAS: 135/7/2017	Filed and waiting for more information.
2.Electrical Cables	14/08/2017	R4,800	Tzaneen SAPS CAS: 156/8/2017 125/8/2017	Under Investigation and waiting for more information.
3.Electrical Copper Cables	22/10/2018	R100 000	Tzaneen SAPS CAS: 11/11/2018	Under investigation

The Safety and Security Policy was approved by Council in April 2018. GTM has also been very successful in the establishment of Community Safety Forums, Street/Village committees and the Young Civilian on Patrol (YCOP) initiative. On the 30th November 2017 the Greater Tzaneen Municipality obtained the 1st Position in the Best Support Category during the annual Premier’s Excellence Award for Community Safety Initiatives.

Chapter 3

3.16 TRAFFIC LAW ENFORCEMENT

GTM is responsible for the provision of traffic law enforcement services in the municipal area.

	2013/2014	2014/2015	2015/16	2016/17	2017/18
Number of road traffic accidents	69	111	50	94	76
Number of by-law infringements attended	182	225	4121	14778	10331
Number of traffic officers on duty on an average day	12	14	13	12	13
R-value revenue from traffic fines	R19 565 630	R38 560 880	R37 814 250	R54 499 700	R 37 451 500

The traffic law enforcement statistics contained in Table 93, reflects a reduction in the number of road accidents and by-law infringements from the previous year. By-law infringements are however an increasing concern since the volume of traffic cannot be accommodated by the limited number of parking bays available in the towns. The collection of traffic fine payments remain a challenge with little support from other law enforcement agencies to secure warrants of arrest for offenders who default on payments. GTM receives support from the Provincial Traffic Department but the number of traffic officers remain insufficient to enforce traffic laws in the entire municipal jurisdiction.

Chapter 3

3.17 DISASTER MANAGEMENT

GTM's Disaster Management approach is to effectively prevent disasters from occurring and to lessen the impact of those hazards that can be avoided. Emergencies are defined as situations or the threat of impending situations abnormally affecting the lives and property of societies. During 2017/18 the GTM Disaster Management team arranged 9 disaster management awareness campaigns and attended to:

- 20 special events,
- 94 incidents were assessed
- Provided relief material in the form of tents, mattresses and blankets
- Coordinated food parcels from SASSA.

The efficiency of the disaster management function is constrained by human resource limitations, delays in the response time from fire and rescue services, communities continuing to construct houses in flood lines and delays in reporting incidences to the unit.

Chapter 3

COMPONENT G: SPORT AND RECREATION

In terms of the National Sport and Recreation Act no 110 of 1998, section 3 (a), a municipality may carry out sporting or recreational activities or activities relating to physical education, sport and recreation, including training programmes and development of leadership qualities. The Sport, Arts and Culture Parks division supports the activities that are initiated by the Department of Sport Arts and Culture for district, provincial and national as per MOU signed by the GTM and the Department of Sport Arts and Culture. GTM organizes activities such as Indigenous games, Club development, Visual and Performing Arts and South African Football Association activities that are done from clusters level of GTM and the Mayors Cup annually. Greater Tzaneen municipality is utilising the MIG funding for developing sport facilities of a good standard.

3.18 SPORT, RECREATION, ARTS AND CULTURE

GTM maintains numerous sports facilities e.g. Nkowankowa Stadium, Nkowankowa Club House, Lenyenye Stadium, Julesburg stadium, Burgersdorp artificial turf, Runnymede Sport Centre, Relela Community Hall, Nkowankowa Indoor sport Centre and the Tzaneen Swimming pool. The fees charged for the usage of these facilities are insufficient to cover the cost of maintenance.

Chapter 3

COMPONENT H: CORPORATE POLICY OFFICES AND OTHER SERVICES

This component includes: corporate policy offices, financial services, human resource services and ICT services.

3.19 EXECUTIVE AND COUNCIL

Council is composed of 69 councillors of which 35 are ward councillors and 34 party representatives. Council is responsible, amongst others for passing budgets, consideration of reports from different portfolios and consider and approve policies. Council established a number of committees, amongst which is the Executive Committee. The Executive Committee is made up of 10 Councillors who are the Mayor, 7 Heads of Portfolios and 2 ordinary councillors.

The Executive committee considers reports and disposes of those which the committee is authorised to do, in terms of its delegated powers, and forwards the remainder of the reports, together with its recommendations to the municipal council for decision.

During the financial year under review, improvements were made in the timeous submission of departmental report to Council. Council has completed the appointment of all senior managers which will ensure that performance is significantly improved.

Chapter 3

3.20 FINANCIAL SERVICES

The top five priorities of financial services are as follows:

- A. Revenue enhancement:** Herein GTM embarked on the capturing of new connections on council's financial system and bill accordingly, in-house data verification, day to day follow up on outstanding accounts, continuous adjusting of deposits, debt collection register was drafted and debtors handed over for collection.

Chapter 3

- B. Credit control and debt collection:** The appointment of debt collectors took place during the 2016/2017 financial year and yields good results over the past two years.
- C. Debt recovery:** GTM endeavoured to recover debt owed to the Municipality by residents but also by other Government institution.
- D. Expenditure Management:** A priority since Greater Tzaneen Municipality experienced excessive expenditure on overtime and legal fees during 2017/2018 financial year. Actions have been taken to determine the root cause for the high expenditure in order to address them
- *Overtime:* A system of preapproving overtime was implemented and an internal committee was established to investigate the overtime payments.
 - *Legal fees:* With regard to the legal fees the excessive expenditure is under investigation.
 - *Other expenditure:* activities that the municipality embarked on were:
Payments of services providers were made within 30 days with the exception of Eskom due to financial constraints. GTM further implementation of cost containment measures and appointed external VAT reconciliations to ensure VAT owed to council is maximised.
- E. Procurement:** A general assessment of the supply chain unit activities has been performed and procedures and controls have been put in place to ensure general compliance of all the division's activities. The supply chain committees met on a regular basis and delays in the recommendation of service providers have been minimized.

Chapter 3

Details of the types of account raised and recovered	2015/16			2016/17			2017/18		
	Billed in year	Actual for accounts billed in year	% of accounts value billed that were collected in the year	Billed in year	Actual for accounts billed in year	% of accounts value billed that were collected in the year	Billed in year	Actual for accounts billed in year	% of accounts value billed that were collected in the year
Property Rates	74052	59258	80.02%	80788	69153	85.60%	99 289	78 140	78.70%
Electricity Consumption	392618	411464	104.80%	417248	459628	110.16%	439 375	495 111	112.68%
Refuse	26475	24663	93.15%	27782	27368	98.51%	31 385	28 214	89.90%
Other	15082	16273	107.89%	13332	12612	94.60%	14 257	18 069	126.73

The electricity payment rate is 100% due to the fact that credit control and debt collection actions taken. For other services the collection rate is lower since only debt collection has an effect on other recoveries.

Level 16-17	3	2	33%	3	2	33%
Total	75	53	30%	83	52	37%

The actual operational revenue amounts to R474 million, whilst the actual operating expenditure amounts to R196 million, (see table 108). This represents a surplus of R278 million. The R57 million variance between the budgeted and actual revenue amounts are mainly the results of higher actual amounts than budgeted on the following items:

- Property rates R29,8 million
- Operational grants and subsidies R19,0 million
- Other Revenue R15,4 million

The actual income of R474 million includes a grant allocation of R314 million

Operational Expenditure

The variance between the budget and actual amounts to R103 million, (see **Table 106**). The variance is mainly due to the overspending of provision for bad debt a non-cash item which is one of the item included in operating expenditure.

3.21 HUMAN RESOURCE SERVICES

Recruitment process for the senior level managers was one of the priorities of the Human Resource Services in the year under review. The filling of position at senior level resulted in new initiatives being taken to ensure high performance of the municipality in fulfilling its mandate. Other than the recruitment for senior level manager, the HR Services were seized with facilitation of Human Resource Development initiatives for employees. The Skills Development Plan was successfully implemented and as a result employees were capacitated to improve their performance. The Occupational Health and Safety (OHS) was one of the priorities which received attention during the course of the financial year. Dormant OHS Committees were resuscitated and became effective.

Chapter 3

Level 16-17	0	0	0%			
Total	15	12	20%	18	12	33%

Some of the vacant positions reflected in **Table 108** are critical for the Human Resources Services to provide support to the organisation. Critical vacancies are the position of Performance Management Officer, required for provision of support when performance management system would be implemented for the entire organisation. The position of a recruitment officer is an important one which will ensure that recruitment processes are carried efficiently and effectively.

3.22 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

The Information Technology (IT) Division is responsible for the management of ICT Services in the Greater Tzaneen Municipality under the Corporate Services Department. Major roles of IT Division are to:

- Align IT with Services with the GTM's Business Objectives;
- Foster compliance with IT Standards, Frameworks, best practices and other related legislations and requirements;
- Manage Enterprise wide IT Risks and deliver services in accordance with Council's business requirements.

The following were achieved during the financial year:

- Council adopted the Municipal Corporate Governance of ICT Policy framework.
- Council approved the IT Strategic Plan (IT Plan) and other ICT Policies.
- Implemented the Anti-Fraud and Corruption Hotline.
- Upgraded the Internet Services.
- Implemented Call Centre System in the Control Room at Tzaneen power station.

Obsolete ICT Infrastructure will be refurbished in the 2018/19 financial year together with Tools of Trade (Desktops, Laptops and Tablets). The Rural Broadband Network will be upgraded extended to other areas in the 2018/19 financial year.

Chapter 3

Level 10-15	0	0	0	0	0	0
Level 16-17	0	0	0	0	0	0
Total	6	6	6	6	6	6

There is no vacancy within IT services (refer to **Table 111**), however technician positions should be considered, to accommodate the workforce of the municipality and satellite office. IT budget for repairs and maintenance was overspend as a result of obsolete ICT equipment such as:

- i. The Uninterruptable Power Supply (UPS) used for the network backbone, where core switches, firewalls, routers and servers get power.
- ii. The Broadband equipment damaged by thunderstorms at Nkowankowa Testing Ground and Letsitele.
- iii. The fire suppression equipment installed in the server room which was maintained on quarterly basis.
- iv. The routine maintenance of other IT equipment (servers, desktops, laptops, tablets, switches) and other accessories.

Over expenditure on employees budget (See **Table 112**) was instigated by overtime paid to IT officials as part of maintaining ICT services outside working hours to avoid service disruption during normal working hours.

3.23 LEGAL SERVICES

The Legal Services unit manages and administers litigation flow; progress and finalisation for the whole Municipality. The Division perform drafting of service level agreements, memorandums of understanding, lease agreements, legal opinions, policies and By-laws of the Municipality. The Division further represent the Municipality in different Courts within South Africa.

Level 16-17	0	0	0%			
Total	3	3	0%	5	2	60%

Council passed resolution on Legal Tariffs to control the expenditure which attorneys and advocates can charge the Municipality to scale down the legal fees. Settlement of disputes and avoidance of legal disputes, before they reach litigation stage, may also contribute in scaling down the amount of legal expenditure paid by the Municipality.

Chapter 3

Ref	Programme	KPI	Unit of Measurement	Annual Target	Year-To-Date As At June 2018		
					Actual	R	Reason for deviation
D56	Legal support	% SLAs signed within 10 days after information is provided	Percentage	100%	79.17%	○	Delay in securing appointments with service providers to sign agreements

The over expenditure on legal fees (reflected in **Table 118**) is due to a high volume of litigation against the Municipality from various service providers. The other expenditure emanates from Warrant of Execution, Court Costs and emergency legal interventions such as interdicts due to service delivery related community protests and riots.

Chapter 3

COMPONENT I: ORGANISATIONAL PERFORMANCE SCORECARD

The full Annual Performance Report for 2017/18 is included as [Annexure E](#).

Chapter 4

CHAPTER 4 – ORGANISATIONAL DEVELOPMENT & PERFORMANCE MANAGEMENT

The organisational development function aims to develop and review organisational structure annually, in terms of section 66 of Municipal System Act 2000, coordinate the development of job descriptions/profiles, and conduct job evaluation using a prescribed TASK software. Greater Tzaneen Municipality, jointly with SALGA is conducting job evaluation process for equal pay of equal work. And this is a multi-year process which involves other municipalities and is anticipated to be complete by 2020. The organisational structure was minimally reviewed in 2017/18. It is however acknowledged that a thorough review will have to be undertaken using the services of independent expert to arrive at an objective organogram.

COMPONENT A: INTRODUCTION TO THE MUNICIPAL PERSONNEL

4.1 EMPLOYEE TOTALS, TURNOVER AND VACANCIES

The municipality took considerable time to fill senior management posts. The previous Municipal Manager left the employ of the municipality in April 2017 and the position was filled in April 2018. The previous CFO left the municipality in May 2017 the position was filled in May 2018. The position of the PED Director was vacant since August 2017 and was filled in March 2018. The position of Community Services Director was vacant since November 2017 and was filled in April 2018. The position of Corporate Services Director was filled in June 2017 after long period of vacancy which commenced in June 2015. The position of Electrical Engineering Director was filled in April 2017 after the previous incumbent terminated service 31 July 2016. The position of the Engineering Services Director was filled in June 2018 after it

Chapter 4

was vacant since April 2017. The reasons for turnover in the senior management level was due to expiry of contracts and resignations. Overall, the turnover in the organisation was attributed to retirement and resignations.

Table 119: Employee turnover 2017/18					
Department (functions)	2016/17	2017/18			
	No of Employees	Approved positions	No of Employees	No of Vacancies	% Vacant
Engineering Services (Roads & Stormwater, Water & Sanitation, PMU, Building & Fleet Maintenance)	153	605	157	448	74%
Electrical Services	104	182	102	80	43%%
Community Services (Waste management, Libraries, Parks & Cemeteries, Sports & Recreation, Environmental Health & HIV/AIDS, Licensing, Traffic)	262	426	250	176	41%
Planning & Economic Development (LED, Town Planning, Housing, Youth, Gender & Disability)	20	33	19	14	42%
Chief Financial Officer (Expenditure, Revenue, Financial Services and budgeting, Supply Chain Management)	53	84	53	31	41%
Corporate Services (Legal, Communication, Archives & Records, HR, Public Participation & IT, Council Admin Support)	54	80	52	28	35%
Municipal Manager (Disaster Management, Internal Audit, IDP, Performance Management)	11	28	13	15	53%
Office of the Mayor (Administration and Special Programs)	7	8	5	3	37%
Total	664	1446	651	795	54%

Table 120: Vacancy Rate - managerial (2017/18)			
Designation	Total Approved posts	Vacancies	Variances (as % of total posts in each category)
Municipal Manager	1	0	0%
CFO	1	0	0%

Chapter 4

Table 120: Vacancy Rate - managerial (2017/18)			
Designation	Total Approved posts	Vacancies	Variances (as % of total posts in each category)
Other Section 57 Posts	5	0	0%
Middle Management: Financial (Level 3 & 4)	13	3	23%
Middle Management: non-Financial (Level 3 & 4)	50	16	32%
Highly skilled supervision: Financial (Level 5-6)	14	4	29%
Highly skilled supervision: Non-Financial (Level 4-6)	167	79	47%
Total	251	102	41%

Employee turnover has been growing over a period of time as depicted on the table below, the growing turnover rate was not matched by recruitment process because due regard had to be given to cashflow challenges. The 6.61% turnover in 2017/2018 was largely due to retirement and death. The turnover has had a negative impact to the organisation which resulted in limited capacity in some service areas. The shortage of staff has to certain extent contributed more overtime hours.

Table 121: Employee Turnover rate 2013/14 – 2016/17			
Year	Total No of posts filled at the beginning of the financial year	Terminations during the financial year	Turnover Rate*
2013/2014	681	19	2.8
2014/2015	687	41	5.7
2015/2016	655	24	2.7
2016/2017	659	26	3.94
2017/2018	650	43	6.61

Chapter 4

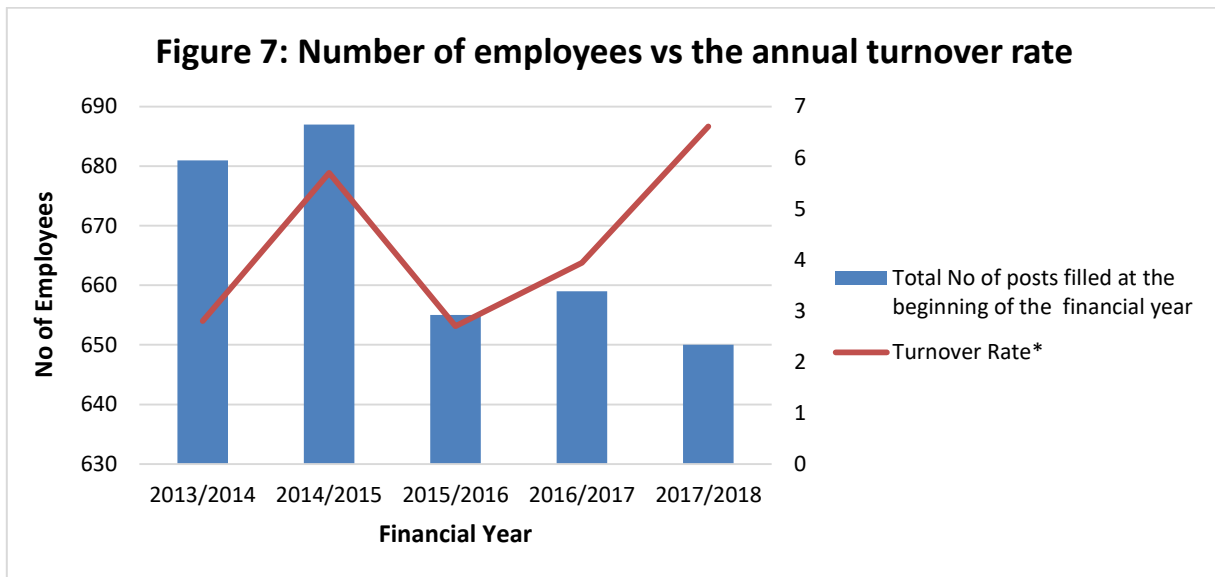

Figure 7 presents the number of employees versus the annual turnover rate showing the impact of the delay in filling vacant posts due to financial constraints.

TOTAL	376	0	1	19	227	1	2	23	650

Council managed to reach a target of 2.4 % on employing people with disabilities, for the financial year. However the need to improve beyond target cannot be overemphasised. Women remain underrepresented in almost all occupational categories.

Chapter 4

COMPONENT B: MANAGING THE MUNICIPAL WORKFORCE

Workforce management still has a great room for improvement in the organisation. Efficiency and productivity are matters which require great attention. Issues of workload and required staff, and management of working times are matters amongst which have identified as requiring intervention.

4.2 POLICIES

GTM reviews its policies regularly to ensure alignment with relevant legislation and the organisational environment. **Table 123** reflects the status of Corporate service related policies.

	Name of Policy	% Completed	Date adopted by Council (or comment on failure to adopt)
1	Career Management and Retention	100%	A45 of 29/05/2012, Under review
2	Code of Conduct for Employees	100%	No policy, Council uses SALGBC disciplinary procedure collective agreement. National document

Chapter 4

4.3 INJURIES, SICKNESS AND SUSPENSIONS

The number of injuries on duty during 2017/18 is presented in **Table 124**, reflecting a total of 23 days sick leave occurred due to injury-on-duty cases which are lower than the 53 days of the previous year. This constitutes a decrease of 43% of employees who were involved in such incidences.

Type of Injury	Days Injury leave taken	No of employees	% of Employees using sick leave	Average injury leave per employee ⁶
Required basic medical attention only	18	22	3.4	0.12
Temporary total disablement	06	1	0.2	6
Permanent Disablement	0	0	0	0
Fatal	0	0	0	0
Total	24	23	3.6	6.12

The OHS Section is continuously conducting awareness campaigns regarding safe working conditions and the role that each and every individual can play in limiting the occurrence of injuries-on-duty. The OHS Committees are also used as a platform to propagate a safe working environment. Inspections of workplaces are being conducted throughout the year and where necessary, follow-ups are being done to monitor compliance. During the induction program of new entrants, time is being spent on OHS and EWP matters.

Designation	Total sick leave (days)	% of sick leave without medical certification	Employees using sick leave*	Estimated cost@ basic salary	Average per job category
Unskilled and defined decision making (level 16-15)	1779	2.58%	177	R998 158-	R140 269-

⁶ Not determinable

Chapter 4

Designation	Total sick leave (days)	% of sick leave without medical certification	Employees using sick leave*	Estimated cost@ basic salary	Average per job category
Semi-skilled - discretionary decision making (level 10-14)	609	3.28%	60	R458 414-	R188 183-
Skilled, technical and academically qualified workers (7-9)	1259	6.34%	106	R1 656 979-	R329 027-
Professionally qualified and experienced specialists (middle management) level 4-6	693	8.51%	82	R1 239 578-	R447 178-
Management (level 3)	198	9.59%	25	R646 009-	R815 669-

Examiners	Fraud and Corruption	21/12/2017	Case involving acts of corruption. All four officials were placed on precautionary suspensions effectively from the 21/12/2017. Accused 1 resigned Accused 2 referred back to the Provincial Department Accused 3 appeared on the 11 th and 12 June 2018 Accused 4 appeared on the 18 th and 20 th July 2018 Accused 5 to appear for a disciplinary hearing scheduled for the 1 st -3 rd of August 2018	In process
Machine operator	Intimidation Verbal assault/threat to kill a fellow employee	n/a	Separate interviews were done with the complainant and six witnesses to obtain their statements. Employee has provided his statement, Investigation report still to be compiled	In process
Electrician	Intimidation/Verbal assault/threat to attack a fellow employee	n/a	Statements have been obtained from the accused employee, victim and witnesses. Investigation report due to be compiled	In process
Skills Development Facilitator	Fraud and misrepresentation- Forgery of signature/ Abuse of authority- misleading a member of the public	n/a	Investigation report compiled and approved, awaiting charge sheet to be finalised	In process
Cashier	Fraud and dishonesty and Contravention of leave policy	n/a	Under investigation	In process
Artisan assistant	Fraud and misrepresentation/ Altering of payslip	n/a	Under investigation	In process

Chapter 4

The general **root cause** of reported cases involves officials ignoring adherence to the code of good conduct and the integrity that is expected of them. Efforts are made to address such misconducts including taking corrective measures in the form of subjecting such officials to disciplinary hearings and the severity of the sanctions is always equal the gravity of the offence.

Chapter 4

4.4 PERFORMANCE MANAGEMENT

GTM approved an Integrated Performance Monitoring and Evaluation Framework during 2017/18. This framework outlines how the municipality's performance process, for the organisation as a whole will be conducted, organised and managed by clarifying the following:

- Processes of implementation;
- Legislative prescripts;
- Processes to roll-out the system;
- Roles and responsibilities of various stakeholders;
- Promoting accountability and transparency.
- The linkage between the IDP, Budget, SDBIP and individual performance management;
- Monitoring service provider performance.

The implementation of the framework is underway and during 2017/18 the following was achieved:

- Service Delivery and Budget Implementation Plan (SDBIP) was approved by Council
- Quarterly progress reports on the implementation of the SDBIP was submitted to Council.
- Annual Performance Assessments for Directors were conducted.
- Monthly Back-to-Basics Statistical Reports were submitted to CoGTA
- Quarterly Back-to-Basics progress reports were submitted to COGHSTA
- Performance Management Training was provided to all Directors and Managers.
- The electronic performance reporting & auditing process was implemented for the 3rd year, showing a marked improvement in the quality of performance reporting.

The cascading of the performance management system to employees that are permanently employed did not yet take place.

Chapter 4

COMPONENT C: CAPACITATING THE MUNICIPAL WORKFORCE

The Greater Tzaneen Municipality accepted legislative requirements of the Skill Development Act 97, 1998 to develop and improve the Skills of the South African workforce in capacitating municipal workforce in performing their functions and exercise their powers in an economic, effective and accountable way. To enhance the workforce in adult education training and learnership programmes that lead to recognized occupational qualifications. For the financial year 2017/2018 an amount of R 1 545 800 was allocated for the implementation of the training needs projected and approved. The WSP for 2017/2018 was submitted to LGSeta by 28 April 2017. The bulk of the training funds were spent on the (MFMA) for compliance with the National Treasury's Regulations on Minimum Competency levels. Other training initiatives were therefore limited to:

- Employees projected to be trained was 281
- Actual trained = 183
- 64.05% of WSP implemented

Challenges relate to the fact that Management did not achieve 100% of the budget allocation due to cash flow. All training interventions were withheld and not approved. Although Council should strive to commit 1% of its total payroll to fund the WSP and training plan, as submitted to LGSETA. Budget limitations however does not allow for this to take place. A summary of the beneficiaries trained during the financial year, per occupational category, is presented in

Table 127.

Occupational Categories	Male				Female				Total

As per the approved *Temporary employment of student policy*, the objectives outlined are to afford students a chance to get practical exposure in those directions, which may have application value for them and to optimise their services to the benefit of Council and the student. Twenty Five (25) learners were appointed in different kinds of departments to gain experience for the final year, to acquire their qualifications. The students are paid a stipend of R1 500 per month as per the Policy on Temporary Employment of Students. There was a great improvement with appointment of student for practical exposure as compared to other financial year. The following (see **Table 128**) is comprehensive data of learners who were assisted through the experiential programme in the Municipality to acquire their qualifications for the 2017/2018 financial year:

Total		271	0	0	0	116			0	0	0	116		0

Chapter 4

It must be noted that the bulk of the money for training was utilised to cater for the MFMP programme as per legislation (See **Table 130** for progress made in this regard).

Table 130: Financial Competency Development: Progress Report (2017/18)*				
Description	A. Total number of officials employed by Municipality (Regulation 14(4)(a) and (c))	Competency assessments completed (Regulation 14(4)(b) and (d))	Total number of officials whose performance agreements comply with Regulation 16 (Regulation 14(4)(f))	Total number of officials that meet prescribed competency levels (Regulation 14(4)(e))
Financial Officials				
<i>Accounting officer</i>	1	0	1	0
<i>Chief financial officer</i>	1	1	1	1
<i>Senior managers</i>	5	4	5	4
<i>Any other financial officials</i>	51	44	0	44
Supply Chain Management Officials				
<i>Heads of supply chain management units</i>	1	0	0	0
<i>Supply chain management senior managers</i>	0	0	0	0
TOTAL	59	49	7	49

The training needs request are annually submitted by various departments, in order to develop Workplace Skills Plan (WSP) as per requirements of the Skill Development Act (Act 97 of 1998). The training interventions for the financial year 2017/18 are tabled for reference (see **Table 131**). The cash flow also affected the implementation of the WSP/ training plan.

Chapter 4

COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

It is important that thorough planning is undertaken to ensure that workforce or personnel expenditure is within available resources and should not be such that mandate areas of Council are compromised. Endeavours are made to synergise and integrate organogram reviews with both the IDP and Budget Processes to ensure alignment. Council experiences high expenditure on overtime, which erode much needed financial resources. Mechanisms have been put in place to reduce overtime to acceptable levels. Initiatives are at their early stages to develop performance management system which will ensure that the municipality derive maximum value for money from the personnel expenditure.

4.6 EMPLOYEE EXPENDITURE

Table 133 below presents the expenditure on the workforce during the past 5 years. Although the total number of employees have remained fairly constant during this period the expenditure on the workforce did increase due to annual salary increases.

Year	Total No of Employees	Total Workforce Expenditure	% of total budget
2013/2014	681	247 063 144	30.42%
2014/2015	671	244 723 266	28.65%
2015/2016	655	258 534 208	26.06%
2016/2017	661	267 338 994	22.76%
2017/2018	651	282 016 266	23.58%

As can be seen in **Figure 8** the workforce expenditure, as a percentage of the total operational budget, showed a steady decline during the past 3 years. This, mainly due the fact that vacancies were not filled as the funds were required to address salary disparities at lower salary levels.

Chapter 4

Figure 8: 5 year trend Workforce expenditure vs total no of employees

The Job Evaluation process is not yet finalised and therefore no positions were upgraded during 2017/18 (see Table 134).

Table 134: Number of employees whose salaries were increased due to their positions being upgraded during 2017/18

Declarations of interest forms are attached to salary advices yearly at the end of June.

Chapter 5

CHAPTER 5 – FINANCIAL PERFORMANCE

Inflationary pressures is curbed through expenditure management and with the increase in payment levels care will be taken to ensure that expenditure is kept within the actual income received and not the budget income. The most expensive consultancy arrangements include the following:

- i. *Legal consulting fees* resulting from litigations and defending the Municipality in court matters
- ii. *MScoa*- Assisting the Municipality with the complies of Treasury regulations and implementation of Mscosa (Municipal standard chart of accounts)
- iii. *Asset management*- ARMS consultant has been appointed as service provider to ensure that all assets related functions and transactions are performed according to the requirements of all GRAP standards
- iv. *Insurance portfolio of Council*- an insurance broker was appointed to ensure that Council is insured against any loss or damages to assets contained in councils insurance portfolio
- v. *Electrical consultants*- A Consultant has been appointed to provide professional electricity assistance to the department and meter audits

COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE

Introduction to financial statements

This component provides an overview of the financial performance of the Municipality and focuses on the financial health of the Municipality. The Statements of Revenue Collection Performance by vote and by source are included in **Addendum J**.

Chapter 5

5.1 FINANCIAL SUMMARY

The financial position of the municipality is positive, as the total assets exceeds the total liabilities. It can therefore be assumed that the liabilities of the municipality can be settled. A summary of the GTM financial performance for the 2017/18 financial year is presented below.

Table 136: Financial Summary 2017/18 (R'000)						
Description	2016/2017	Current year 2017/18			2017/18 Variance to actual	
	Actual	Original Budget	Adjusted Budget	Actual	Original Budget	Adjustments Budget
Financial Performance						
Property rates	88 946	90 500	90 500	107 493	16%	16%
Service charges	447 481	532 683	532 683	485 060	-10%	-10%
Investment revenue	8 253	3 501	3 501	4 427	21%	21%
Transfers recognised - operational	438 486	348 837	348 837	398 714	13%	13%

Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual. This table is aligned to MBRR table A1						T5.1.1

Chapter 5

The financial performance results for the municipality closed with a deficit of R84 million for 2017/18. The overspending is mainly the result of the overspending on the Budget of provision for Bad Debts which is a non-cash item. The total capital expenditure for the year is less than the budgeted amount, due to the projects that were constructed on behalf of RAL. Roads to the value of R77 million were constructed by the municipality and transferred to RAL as grants from the operational expense.

The municipality further closed the 2017/2018 financial year with a positive Bank balance of R7.5 million. If the unspent conditional grant of R2.9 million is taken into consideration the municipality still closes the year with a positive Bank balance of R4.6 million.

The expenditure on renewal of asset is also less than budgeted and the municipality was advised by Provisional Treasury to increase repairs and maintenance on the renewal of assets to ensure that the assets are properly maintained. The variance between the budget and actual expenditure is 9% and will have to be addressed to ensure that the total available amount is spent.

Component D: sub-total	74 064	83 385	83 385	71 635	11 750	11 750
Total Expenditure	1 117 803	1 104 879	1 117 686	1 195 777	(90 897)	(78 091)

The budget has been drafted to be compliant with legislative requirements and a special effort has been made to ensure that the actual expenditure is within the approved budget. The municipality however experienced challenges with regards to unauthorised and irregular expenditure. But is confident that the implementation of the cost containment measures as determined by National Treasury will curb this challenge.

Chapter 5

5.2 GRANTS

The performance of GTM on the expenditure on grants is presented in **Table 139** below:

Table 139: Grant Performance 2017/18 (R'000)						
Description	2016/17	2017/18			2017/18 Variance	
	Actual	Budget	Adjusted Budget	Actual	Original Budget (%)	Adjusted Budget (%)

Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual.						T5.2.1

Chapter 5

An amount of R461, 8 million was allocated to the municipality for the 2017/2018 financial year. This amount was allocated in terms of the Division of Revenue Act promulgated every financial year.

Table 140: Conditional Grants: excluding MIG (R'000) - 2017/18

Details	Budget	Adjustment Budget	Actual	Variance		Major conditions applied by donor (continue below if necessary)
				Budget	Adjustment Budget	
Neighbourhood Development Partnership Grant		8 200	5 361	100%	-53%	Grant to be utilised for the purpose that it was acquired for. It must be counter funded by the Municipality. This grant is for previously disadvantage communities and must be spent in the specified financial year.
Finance Management Grant	1 810	1 810	1 810	0%	0%	The grant is utilised for capacity building, minimum competency level, financial training as well as the remuneration of Interns
Municipal Systems Improvement	1 949	1 949	1 949	0%	0%	The grant is used to upgrade the financial systems of the municipality and to provide training to officials.
National Electrification (INEP) & Neighbourhood	25 000	25 000	25 000	0%	0%	INEP funds must be utilised within the allocated period and the network must comply with ESKOM standards
Total	28 759	36 959	34 120	28 759	36 959	

5.3 ASSET MANAGEMENT

The assets management division has improved the updating of assets register in line with GRAP standards, as is evident with the clean audit on assets. The division also serves to provide guidance to departments on asset movement processes and bar coding assets. There are however challenges with the management of infrastructure assets for the electricity network

Chapter 5

as the location of transformers are not always reported upon installation, thereby compromising the accuracy of the asset register.

Table 141: Treatment of the three largest assets acquired 2017/18				
Asset 1				
Name	Runnymede Sports Complex			
Description	Sports centre			
Asset Type	Infrastructure/ Recreational facility

Chapter 5

Table 141: Treatment of the three largest assets acquired 2017/18

Capital Implications	Item is not a revenue generating project.
Future Purpose of Asset	The bridge will improve service delivery as the community will now be safer and the quality of the road is high as it can even withstand the rain
Describe Key Issues	Improved service delivery
Policies in Place to Manage Asset	Asset management policy in place

GTM currently uses own funding to subsidise all maintenance and repairs related programmes, these are based in services departments mostly in electricity department, roads and storm water and also municipal vehicles. However, large capital projects require renewal repairs and maintenance funding such as those currently funded by DBSA for the electrical network.

Table 142: Repairs and Maintenance Expenditure (R'000)

Year	Original Budget	Adjustment Budget	Actual Exp (Including labour costs)	Budget variance
2015/2016	23 877	23 581	25 111	(1 530)
2016/2017	31 214	33 255	35 019	-1 763
2017/2018	41 060	53 866	59 327	-5 461

According to **Table 142**, above, the actual repairs and maintenance cost differ with the budgeted amount. The difference is R5.4 million or 10.1% overspending, which was incurred by service departments. This continued trend of overspending on repairs in maintenance is reflected in **Figure 9**.

Chapter 5

5.4 FLEET MANAGEMENT

The Greater Tzaneen Municipal fleet consist of yellow machines, trucks LDV's and sedan vehicles. The average age of these vehicles are approximately seven years. The last time that vehicles were procured was during the 2011/ 2012 financial year.

During the 17/18 financial year the GTM Fleet Policy was reviewed and a new policy is being drafted. Provision was made for the procurement of vehicles as prioritized for the service departments during the budget process for 2018/2019.

Financial Year	No of vehicles	Asset value of fleet	R-value spent on maintenance	R-value spent on procurement of new vehicles	Challenges
2014/15	152	15 274 910	2 473 202	820 987	No funding for replacement of fleet
2015/16	152	11 637 395	2 426 143	0.00	
2016/17	153	8 984379	2 758 860	1 180 900	
2017/18	153	5 462 375	34 62 873	none	

The vehicles and equipment in the GTM Fleet are all very old, which have the effect that annually there are na increase on the maintenance cost. During the 2017/18 financial year the vehicles in the service departments (mostly electrical and solid waste) which are used for daily service delivery, had a lot of breakdowns which necessitated repairs.

5.5 FINANCIAL RATIOS BASED ON KEY PERFORMANCE INDICATORS

The financial rations presented below presents the financial health of the municipality. *Firstly*, the liquidity ratio, as demonstrated for Greater Tzaneen Municipality in **Figure 10**, measures the Municipality's ability to pay its bills and is calculated by dividing the monetary assets by the Municipality's current liabilities

Chapter 5

Figure 10: Liquidity Ratio, 2014/15 - 2017/18

A higher liquidity ratio is better. Greater Tzaneen Municipality has a positive liquidity ratio which increased from 1.3 in 2014/2015 to 1.6 in the current financial year. *Secondly*, the Cost coverage ration as presented below:

Figure 11: Cost Coverage, 2014/15 - 2017/18

The Cost Coverage, as demonstrated for Greater Tzaneen Municipality in **Figure 11** above, explains how many months expenditure can be covered by the cash and other liquid assets available to the Municipality excluding utilisation of grants. This graph indicates that Greater

Chapter 5

Tzaneen Municipality's monthly operational costs are not covered by available cash as determined by MFMA circular 71. The decline on the cost coverage is the result of an increase in provision for bad debt. This is a matter of concern seeing that the guideline set by National Treasury is 3 months, whilst Greater Tzaneen Municipality has less than 1 month available cash and investments.

The baseline score as per the LGMIM results identified weaknesses of the municipality which includes the cost coverage. The municipality scored level 1 against the initial self-assessment score of level 4. The weakness identified is that the municipality did not ensure that the cash/cost coverage ratio remains between 1 and 3 months as per the MFMA circular 71. The municipality will have to address this issue during its next budget process.

The outstanding service debtors, as expressed for Greater Tzaneen Municipality in **Figure 12** above, measure how much money is still owed by the community for services i.e. electricity, and waste removal compared to how much money has been paid for these services. It is calculated by dividing the total outstanding service debtors by the total annual revenue received for services. A lower score is better. It is evident from the graph that the total

Chapter 5

outstanding service debtors decreased from 80% in the previous year to 70.3% in the current year. This means that 70.3% of services billed are not recovered on time. Although the outstanding service debtors decreased it is still a serious matter of concern and special attention will have to be given to outstanding service debtors to ensure an affordable rate.

Debt coverage, as expressed for Greater Tzaneen Municipality in **Figure 13** above, is the number of times debt payments can be accommodated within Council Operating revenue (excluding grants). This, in turn represents the ease with which payments can be accommodated by the Municipality. The current operating revenue of Greater Tzaneen Municipality covers all payments due for debt services within 31 days.

Chapter 5

Figure 14: Creditors System Efficiency, 2014/15 - 2017/18

The Creditor System Efficiency, as demonstrated for Greater Tzaneen Municipality in **Figure 14** above, is the proportion of creditors paid within terms (30 days). This ratio is calculated by outstanding trade creditors divided by credit purchases. The fact that 95% of Councils creditors are paid within 30 days is proof that good expenditure management is exercised.

Figure 15: Capital Charges to Operating Expenditure, 2014/15 - 2017/18

Chapter 5

The capital charges to operating expenditure ratio are calculated by dividing the sum of capital interest and principle by the total operating expenditure. **Figure 15** presents the percentage expenditure spent on the repayment of loans against total expenditure. Only 1.1% of the expenses were spent on the repayment of loans during the 2017/2018 financial year

Employee costs, as expressed for Greater Tzaneen Municipality in the figure above, measures what proportion of the revenue was spent on paying employee costs. It is calculated by dividing the total employee cost by the difference between the total revenue and capital revenue (MIG). The employee cost ratio of 27.5% (also see **Figure 16**) for Greater Tzaneen Municipality is well within the acceptable ratio of 35%.

Chapter 5

Figure 17: Repairs & Maintenance, 2014/15 - 2017/18

The repairs and maintenance ratio, as demonstrated for Greater Tzaneen Municipality in **Figure 17** above, represents the proportion of operating revenue against repairs and maintenance. The ratio of 4.5% is far below the target of 13% which is an indication that Council assets have not been maintained adequately during the financial year under review.

It must however be emphasised that this amount does not include the labour cost and will increase to 6,2% if the labour cost is added to this amount.

Chapter 5

COMPONENT B: SPENDING AGAINST CAPITAL BUDGET

5.6 CAPITAL EXPENDITURE

The capital expenditure for 2017/18 is presented below in **Table 144** and in **Figure 20**.

Table 144: Budget Expenditure 2017/18 ('000)

	Original Budget		Adjustment Budget		Full Year Total		% of Expenditure Budget	
	16/17	2017/18	16/17	2017/18	16/17	2017/18	16/17	2017/18
Capital Expenditure	133	141	221	169	76	49	6.40%	3.92%
Operating Expenditure	1 040	1 105	1 050	1 118	1 118	1 196	93.60%	96.08%
Total expenditure	1 174	1 246	1 270	1 287	1 194	1 245	100.00%	100.00%

The Municipality incurred expenditure on road projects, amounting to R77million, which is not included in the total capital expenditure. This is the result of the RAL roads financed from MIG funding, which have been transferred to Roads agency Limpopo.

Chapter 5

5.7 SOURCES OF FINANCE

The Capital budget for the year 2017/2018 Financial year of R 141,0 million was financed as follows: Budgeted amounts.

- Own sources R 15,2 Million
- Loans R34,7 Million
- Grants R 91,1 Million
- Total:** **R 141,0 Million**

Although the municipality applied for an R 34,7 million loan, it was not approved in time and no loan has been taken up to finance Capital projects. An amount of R126 million including RAL roads was spent on capital projects. A request for the roll-over of the capital projects, which were not finalized during the 2016/2017 financial year, was submitted to National Treasury.

The funding of the operational budget can be summarized as follows: Budgeted amounts

- Rates and Service Charges R 642 Million
- Grants and subsidies R 440 Million
- Sundry Income R 68 Million
- Budgeted Revenue R 1,150 Billion

Project details below:

A - Rita to Mariveni Upgrading of Road from Gravel to Tar

Objective of Project	Upgrading of Road from Gravel to Tar (12km)
Delays	Community did not want the road to go through Zangoma village as per the approved designs.
Future Challenges	The remaining portion in Zangoma still need to be constructed.
Anticipated citizen benefits	Easy access to schools, clinics, neighbouring villages and smooth riding during rainy seasons

B - - Moruji to Maswi Upgrading of Road from Gravel to Tar

Objective of Project	Upgrading of Road from Gravel to Tar (12km)
Delays	None
Future Challenges	Unfavourable weather conditions
Anticipated citizen benefits	Easy access to schools, clinics, neighbouring villages and smooth riding during rainy seasons

C – Tickyline to Mafarana Upgrading of Road from Gravel to Tar

Objective of Project	Upgrading of Road from Gravel to Tar (12km)
Delays	None
Future Challenges	None
Anticipated citizen benefits	Easy access to schools, clinics, neighbouring villages and smooth riding during rainy seasons

D – Upgrading of Burgersdorp Sports Ground

Objective of Project	Upgrading of the existing sport ground and construction of new combi courts
Delays	Request for provision of water storage, stand pipe points by the community and inclement weather.
Future Challenges	None

Chapter 5

Name of Project	Current Year			Variance Current Year	
	Original Budget	Adjustment Budget	Actual Expenditure	Original Variance (%)	Adjustment variance (%)
Anticipated citizen benefits	It will supports positive mental health and improves social skills along with promoting physical health. Hosting of sports activities for schools and the community at large.				
E Upgrading of Juliesburg Sports Ground					
Objective of Project	Upgrading of the existing sport ground and construction of new combi courts (court for combined sporting codes e.g tennis, volley ball, netball)				
Delays	Inclement weather.				
Future Challenges	None				
Anticipated citizen benefits	It will supports positive mental health and improves social skills along with promoting physical health. Hosting of sports activities for schools and the community at large.				

5.9 BASIC SERVICE AND INFRASTRUCTURE BACKLOGS – OVERVIEW

The current demand for infrastructure exceeds Councils ability to fund the required R400 million costs (electricity network alone) to renew and upgrade infrastructure. The Municipality has managed to obtain R90million from DBSA to assist in addressing the backlog in asset renewal and maintenance in the electrical department and the Municipality is currently engaged in sourcing alternative funding from private public partnership (PPP) which will assist the engineering department.

Table 147: Service Backlogs as at 30 June 2018

	Service level above minimum standard		Service level below minimum standard	
	No. HHs	% HHs	No. HHs	% HHs
Water	17 723	16%	26 373	25.1%
Sanitation	14 480	13.29%	1 836	1.7%
Electricity	107 628	99%	1 298	1%0
Waste management	8 695	8%	52 170	48%

* GTM does not supply Electricity Below minimum standard, these signify no access

Chapter 5

COMPONENT C: CASH FLOW MANAGEMENT AND INVESTMENTS

In the environment that Greater Tzaneen Municipality is operating, cash flow management is important to ensure that funds are available, when needed to pay for services that all money owed to the Municipality are recovered. It also provides information with regard to access fund which are invested to increase Councils revenue through interest.

5.10 CASH FLOW

GTM closed with a positive bank balance at year and all unspent conditional grants money were fully cash backed. However, challenges remain in the sense that R16.4million for equitable share was, erroneously, deducted by National Treasury, which affected the cash flow for the Municipality. Also GTM incurred fruitless and wasteful expenditure due to late payments of Eskom accounts and lastly, the ongoing low payment rate most especially in Nkowankowa and Lenyenye Townships affects the cashflow negatively.

Description	2016/17	2017/18		
	Audited Outcome	Original Budget	Adjusted Budget	Actual
CASH FLOW FROM OPERATING ACTIVITIES				
Receipts				
Ratepayers and other	557 773	579 173	602 393	602 393

NET INCREASE/ (DECREASE) IN CASH HELD	(32 750)	(22 530)	(886)	(22 892)
Cash/cash equivalents at the year begin:	55 477	54 369	12 343	31 839
Cash/cash equivalents at the yearend:	22 727	31 839	11 457	8 947

Chapter 5

It is evident from **Table 149** above that Councils' cash flow status has deteriorated from R31 839 at the beginning of the year under review to R7 491 at the end of the year. Although a decrease of R24 348 in the cash position of council is registered, financial management is essential since this amount should be viewed in the light of the fact that R2,9 million grant funds received were not spent.

5.11 BORROWING AND INVESTMENTS

Section 18 of the MFMA determines, inter alia, that a Municipality may make use of borrowed funds, but only to finance capital expenditure. External borrowing represent capital funding. It must, however, be emphasised that although external borrowing represents capital funding, it has a negative effect on the operational budget in the form of interest and depreciation. The result of this is less funds available for maintenance and general administrative costs. The current outstanding external loans of Greater Tzaneen Municipality amounts to R101.9 million. This amount includes R45 million loan stock and R47.3 million annuity loans.

Investments

Adequate provision has been made, by way of external investments, to ensure that cash is available on the maturity date, to repay a loan of R15 million and R30 million which been borrowed from DBSA and Standard Bank respectively. Investment income on the other hand is utilised to fund the operational budget. Details of the investments of Greater Tzaneen Municipality are disclosed in the Annual Financial Statements, note 4 of the annual financial statement. The valuation of unlisted investments are as follows:

- Liberty R10 762 079
- Standard Bank R16 125 319

Excelsior 1000 Investment

An annual investment of R855 619 has been made with Liberty to repay a loan of R15 million on a maturity date. The loan bears interest on variable rate and the value of the investment

Chapter 5

amounts to R10 762 079. The investment has been ceded to liberty as security to repay the loan on 30 September 2019.

Loan stock: Standard Bank

An investment of R11 350 000 has been made with Standard bank to repay a loan R30 million on maturity date. The loan bears interest at a rate of 12.09% per annual, and the value of the investment amounts to R16 125 319. The investment has been ceded to standard Bank as security to repay the loan on 16 October 2025

Table 150: Actual Borrowings 2013/14-2017/18 (R'000)

5.12 PUBLIC PRIVATE PARTNERSHIPS

For the financial year concerned no PPP's have been entered into.

COMPONENT D: OTHER FINANCIAL MATTERS

5.13 SUPPLY CHAIN MANAGEMENT

The Supply chain management policy has been approved by Council. The implementation was done by establishing Supply Chain Management Division under the direct supervision of the CFO. The structure for this division was established to cover all elements of supply chain. Two

Chapter 5

sections are fully functional, that is Acquisition and demand sections. Both bid specification and evaluation committees were established, which comprises of members appointed by Municipal Manager on temporary basis depending on the bids under consideration. The Bid Adjudication Committee was also established, which is composed of senior managers and a senior supply chain official and secretariats. Councillors are not part of bid committees and they are not participating in supply chain processes.

The municipality is currently drafting the SIPD policy (Standard for Infrastructure Procurement and Delivery management) as required by national Treasury, for all infrastructure related services. All officials in supply chain have completed the See MFMP Competency requirements, with exception of the supply chain manager finalizing the outstanding modules. The municipality is consistently monitoring compliance and internal controls in ensuring that we minimise irregular expenditures. At present all irregular expenditures are being investigated by MPAC for 17/18. Council has condoned prior year's irregular expenditure.

5.14 GRAP & MSCOA COMPLIANCE

The municipality is constantly reviewing and embarking on processes to ensure compliance with GRAP standards. This in order to comply with the major objectives of GRAP, which are:

- To ensure consistency in the accounting treatment of transactions and classification of account balances in municipalities
- To enhance comparability between similar-sized municipal bodies on a national basis
- To enable users of financial statements to make more accurate assessments of risks and returns

GTM implemented MSCOA on the SEBATA EMS System, whereby financial information generated on the Fujitsu Legacy System are brought onto the EMS Financial System with journals where after reports strings are extracted and submitted to Treasury monthly. Activities completed in this respect are:

Chapter 5

- MSCOA budget, and strings were submitted and verified (6.1 version);
- Monthly report strings verified and submitted for all months
- Mid-year report and adjustment budget

All reports were submitted to Treasury as required, but with the changes to 6.2 and the fact that the SEBATA System was not fully operational, the institution could not fully implement the financial system as required to trans-act in full. The standing of the institution was communicated with Provincial Treasury and National Treasury because of the of the SEBATA financial system not being fully developed and tested in the live municipal environment. Various meetings were conducted between the service providers, National, and Provincial Treasury and Greater Tzaneen Municipality as client.

5.15 DEBT OWED BY COUNCILLORS AND OFFICIALS

The table below presents the arrears owed to Council by Councillors and officials:

Table 152: Arrears owed to the municipality by Councillors and Officials 2017/18				
Name	Position	30 Days +	60 Days +	90 Days +
Councillors				
J T Makhubela	Councillor	883.25	410.37	74190.80
C Machimane	Councillor	1238.72	629.08	597.75
F T Mohlaba	Councillor	660.69	326.12	674.78
Senior officials				
None				

The amount owed by Cllr. C Machimane account was paid in full after 30 June 2018, while for Cllr J T Makhubela and F T Mohlaba the debt is being recovered from their salary on a monthly basis, at an arranged amount.

Chapter 6

CHAPTER 6 – AUDITOR GENERAL AUDIT FINDINGS

Section 131 of the Municipal Finance Management Act no.56 of 2002 determines the following:

“A Municipality must address any issue raised by the Auditor General in an audit report. The Mayor of a Municipality must ensure compliance by the Municipality with this sub-section.”

COMPONENT A: AUDITOR-GENERAL OPINION OF FINANCIAL STATEMENTS 2015/16 & 2016/17

6.1 AUDITOR GENERAL REPORTS 2016/17

Greater Tzaneen Municipality submitted its Annual Financial Statements to the Auditor General on 31 August 2017. The municipality received an unqualified Audit Opinion for the 2016/2017 financial year. The progress with correcting the findings of the Auditor General for 2016/17 is presented in **Table 153** below:

Audit Report Status*: Unqualified	
Non-Compliance Issues	Remedial Action taken
Annual financial statements, performance and annual reports Material misstatements of non-current assets identified by the auditors in the submitted financial statement were subsequently corrected	An audit action plan has been drafted and implemented to address the oversight. After implementation the action plan was discussed with COGHSTA and Provincial Treasury and the implementation progress was monitored on a weekly basis. Which resulted that no audit qualification on this finding was received from the Auditor General
Procurement and contract management <ul style="list-style-type: none">Some of the goods and services of a transaction value above R200 000 were	An audit action plan has been drafted and implemented to address the oversight. After implementation the action plan was discussed with COGHSTA and Provincial

Audit Report Status*: No opinion expressed

Non-Compliance Issues	Remedial Action to be Taken
Indicators not clearly defined (method of calculation not clear)	KPI manual was developed
Inadequate record keeping to support claimed performance	Internal Audit unit auditing verifying evidence on a month to month basis
Inaccurate reporting	Internal Audit unit auditing reported performance on a month to month basis
Indicator Target not specific (project names)	Project names tested against SMART principle
PMS controls inadequate and performance monitoring is not taking place	PME Framework adopted by Council Standard Operating Procedures Developed

Chapter 6

COMPONENT B: AUDITOR-GENERAL OPINION 2017/18

6.2 AUDITOR GENERAL REPORT 2017/18

Greater Tzaneen Municipality submitted its Annual Financial Statements to the Auditor General on 31 August 2018. The municipality received an qualified Audit Opinion for the 2017/2018 financial year. The progress with correcting the findings of the Auditor General for 2017/18 is presented in **Table 155** below:

Table 155: Auditor-General Report on Financial Performance 2017/18	
Audit Report Status*: Qualified	
Non-Compliance Issues	Remedial Action to be taken
<p><u>Annual Financial Statement, performance and annual reports</u></p> <ul style="list-style-type: none"> The financial Statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA Material misstatements of revenue and disclosure items identified by the auditors in the submitted financial statements were subsequently corrected and the supporting records were provided subsequently, but the uncorrected material misstatements and supporting records that could not be provided resulted in the financial statements receiving a qualified audit opinion. 	<p>An Audit Action Plan will be drafted to address the non-compliance matters for approval by Council by the end of January 2019.</p>
<p><u>Procurement and Contract management</u></p> <ul style="list-style-type: none"> Some of the goods and services with a transaction value of below R200 000 were procured without obtaining the required price quotations, in contravention of SCM regulation 17(a) and (c) Some of the goods and services of a transaction value above R200 000 were procured without inviting competitive bids, as required by SCM regulation 19(a). Deviations were approved by the accounting officer even though it was not impractical to invite competitive bids, in contravention of regulation 36(1) 	

Chapter 6

Table 155: Auditor-General Report on Financial Performance 2017/18	
Audit Report Status*: Qualified	
Non-Compliance Issues	Remedial Action to be taken
<ul style="list-style-type: none"> • The preference point system was not applied to some of the procurement of goods and services above R30 000 as required by section 2(a) of the Preference Procurement Policy Framework Act. Similar non-compliance was also reported in the prior year. • Some of the construction contracts were awarded to contractors that did not qualify for the contract in accordance with section 18(1) of the CIDB Act and CIDB regulation 17 and 25(7A). 	
<p><u>Expenditure Management</u></p> <ul style="list-style-type: none"> • Money owed by municipality was not always paid within 30 days an agreed period, as required by section 65(2)(e) of the MFMA. • Reasonable steps were not taken to prevent irregular expenditure amounting to R12 252 915 as disclosed in note 45 of the annual financial statements, as required by section 62(1)(d) of MFMA • Reasonable steps were not taken to prevent unauthorised expenditure to the amount of R111 909 266 as disclosed in note 43, as required by section 62(1)(d) of the MFMA> <p>Reasonable steps were not taken to prevent fruitless and wasteful expenditure amounting to R2 551 489, as disclosed in note 44 of the annual financial statement, in contravention of section 62(1) (d)/ 95(d) of the MFMA. The majority of the fruitless and wasteful expenditure was caused by payments relating to legal fees.</p>	
<p><u>Human Resource Management</u></p> <ul style="list-style-type: none"> • Appropriate system and procedures to monitor, measure evaluate performance to staff were not developed and adopted, as required by section 67(1)(d) of the MSA 	

Chapter 6

Table 155: Auditor-General Report on Financial Performance 2017/18	
Audit Report Status*: Qualified	
Non-Compliance Issues	Remedial Action to be taken
<p>Utilisation of grant funding</p> <p>Performance in respect of programmes funded by municipal Infrastructure</p> <p>Grant was not evaluated, as required by section 12(5) of the DoRA</p>	

Table 156: Auditor-General Report on Service Delivery Performance 2016/17	
Audit Report Status*: Qualified	
Non-Compliance Issues	Remedial Action to be Taken
Performance indicators were not well defined, targets were not specific and measurable	Audit Action Plan will be drafted and submitted to Council for approval by end January '19.
Reported achievement did not agree with the evidence provided	

Section 71 of the MFMA (Act 56 of 2003) requires municipalities to return a series of financial performance data to the National Treasury at specified intervals throughout the year. The Chief Financial Officer states that these data sets have been returned by GTM according to the reporting requirements, with the exception of C6 (refer to Addendum Q).

GLOSSARY

GLOSSARY

Accessibility indicators	Explore whether the intended beneficiaries are able to access services or outputs.
Accountability documents	Documents used by executive authorities to give “ <i>full and regular</i> ” reports on the matters under their control to Parliament and provincial legislatures as prescribed by the Constitution. This includes plans, budgets, in-year and Annual Reports.
Activities	The processes or actions that use a range of inputs to produce the desired outputs and ultimately outcomes. In essence, activities describe “ <i>what we do</i> ”.
Adequacy indicators	The quantity of input or output relative to the need or demand.
Annual Report	A report to be prepared and submitted annually based on the regulations set out in Section 121 of the Municipal Finance Management Act. Such a report must include annual financial statements as submitted to and approved by the Auditor-General.
Approved Budget	The annual budget of a Municipality as audited by the Auditor General and approved by Council or a provincial or national executive.
Baseline	Current level of performance that a Municipality aims to improve when setting performance targets. The baseline relates to the level of performance recorded in a year prior to the planning period.
Basic municipal service	A municipal service that is necessary to ensure an acceptable and reasonable quality of life to citizens within that particular area. If not provided it may endanger the public health and safety or the environment.
Budget year	The financial year for which an annual budget is to be approved – means a year ending on 30 June.
Cost indicators	The overall cost or expenditure of producing a specified quantity of outputs.
Distribution indicators	The distribution of capacity to deliver services.
Financial Statements	Includes at least a statement of financial position, statement of financial performance, cash-flow statement, notes to these statements and any other statements that may be prescribed.
General Key performance indicators	After consultation with MECs for local government, the Minister may prescribe general key performance indicators that are appropriate and applicable to local government generally.
Impact	The results of achieving specific outcomes, such as reducing poverty and creating jobs.
Inputs	All the resources that contribute to the production and delivery of outputs. Inputs are “ <i>what we use to do the work</i> ”. They include finances, personnel, equipment and buildings.

GLOSSARY

Integrated Development Plan (IDP)	Set out municipal goals and development plans.
National Key performance areas	<ul style="list-style-type: none"> • Service delivery & infrastructure • Economic development • Municipal transformation and institutional development • Financial viability and management • Good governance and community participation
Outcomes	The medium-term results for specific beneficiaries that are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives set out in its plans. Outcomes are "what we wish to achieve".
Outputs	The final products, or goods and services produced for delivery. Outputs may be defined as "what we produce or deliver". An output is a concrete achievement (i.e. a product such as a passport, an action such as a presentation or immunization, or a service such as processing an application) that contributes to the achievement of a Key Result Area.
Performance Indicator	Indicators should be specified to measure performance in relation to input, activities, outputs, outcomes and impacts. An indicator is a type of information used to gauge the extent to which an output has been achieved (policy developed, presentation delivered, service rendered)
Performance Information	Generic term for non-financial information about municipal services and activities. Can also be used interchangeably with performance measure.
Performance Standards:	The minimum acceptable level of performance or the level of performance that is generally accepted. Standards are informed by legislative requirements and service-level agreements. Performance standards are mutually agreed criteria to describe how well work must be done in terms of quantity and/or quality and timeliness, to clarify the outputs and related activities of a job by describing what the required result should be. In this EPMDS performance standards are divided into indicators and the time factor.
Performance Targets:	The level of performance that municipalities and its employees strive to achieve. Performance Targets relate to current baselines and express a specific level of performance that a Municipality aims to achieve within a given time period.
Service Delivery Budget Implementation Plan	Detailed plan approved by the Mayor for implementing the Municipality's delivery of services; including projections of the revenue collected and operational and capital expenditure by vote for each month. Service delivery targets and performance indicators must also be included.
Vote:	One of the main segments into which a budget of a Municipality is divided for appropriation of money for the different departments or functional areas of the Municipality. The Vote specifies the total amount that is appropriated for the purpose of a specific department or functional area.

None		
SPORTS & RECREATION FACILITIES		
Upgrading of Burgersdorp Sports Ground	28	Yes
Upgrading of Juliesburg Sports Ground	26	Yes
Relela community Hall	11	Yes
Runnymede Sport Facility	6	Yes
WASTE MANAGEMENT		
None		

APPENDICES

ADDENDUM N – SERVICE CONNECTION BACKLOGS AT SCHOOLS AND CLINICS

Table 172: Service Backlogs: Schools and Clinics (2017/18)				
Establishments lacking basic services	Water	Sanitation	Electricity⁷	Solid Waste Collection
Schools (NAMES, LOCATIONS)				
N/a	No backlog	No backlog	No backlog	Backlog @ 36% of rural-areas
Clinics (NAMES, LOCATIONS)				
N/A	No backlog	No backlog	No backlog	No backlogs <ul style="list-style-type: none"> Rural clinics are serviced by a Provincial service provider Urban clinics serviced by G.T.M.

Schools and clinics rely on own boreholes or water supply networks which provide the local communities. Boreholes because of their unreliability, do run dry at some instances and this results with health hazards for the affected schools and clinics. The municipality was incorporating the affected schools and clinics in the programme for water supply at villages through water tankers, which had a considerable financial implication

⁷ Complaints regarding schools and clinics without electricity use to be submitted to GTM by Ward Councilors. No such complaints was received during 2017/18

VOLUME II

ADDENDUM O – SERVICE BACKLOGS EXPERIENCED BY THE COMMUNITY WHERE ANOTHER SPHERE OF GOVERNMENT IS RESPONSIBLE FOR SERVICE PROVISION

Table 173: Service Backlogs Experienced by the Community where another Sphere of Government is the Service Provider (where the Municipality whether or not act on agency basis)		
Services and Locations	Scale of backlogs	Impact of backlogs
Waste Management: All Wards	Absence of a Regional Landfill space for waste in the Mopani District Area	Regionalization of Landfill-Sites i..to of Sec.84 of the Municipal Structures Act (Act 117 of 1998), is required from the District Municipality)
Clinics: Ward 1, 2, 4, 7, 8, 9, 10, 11, 13, 14, 16, 17, 18, 19, 21, 22, 24, 25, 26, 28, 29, 30, 31, 32 and 34	Health facilities are far from the mentioned wards and their respective constituencies	The lack of health facilities within reach of the people contribute to an increase in curable diseases
Housing: Ward 1, 2, 4, and 14	The mentioned wards have not received all housing units' allocations while some received just portions.	Lack of housing impacts on the lives of people in terms of shelter and family relationship. (Social security)
Licensing and Testing Centre: Ward 31 (Lenyenye) and Bolobedu area	The Municipality has only two licensing and testing centres	Lack of extra licensing and testing centres within the jurisdiction of the Municipality leads to overcrowding in the existing two centres.
Reservoirs: Various wards	Most villages in various wards have a need for new reservoirs and their upgrades	Lack of reservoirs leads to shortage of piped water in villages.
Schools (Primary and Secondary): Ward 1, 3, 4, 7, 8, 9, 10, 11, 12, 14, 16, 18, 21, 22, 25, 27, 28, 29, 32, 34	There is a great need for new schools (primary and secondary) in the mentioned wards	Lack of schools in the mentioned wards leads to lack of access to education for children and overcrowding in the existing ones.
Sports Fields: Wards 1, 4, 7, 8, 9, 11, 12, 15, 16, 17, 19, 21, 24, 25, 26 and 28	There is a need for sport and recreation facilities in the mentioned villages	Lack of sport and recreation facilities leads to young people becoming involved in criminal activities and indulging in substance abuse and gangsterism.
Safety and Security: Wards 1, 2, 3, 4, 7, 8, 9, 11, 13, 14, 16, 17, 18, 21, 24, 25, 27, 28, 32 and 34	There is a need for construction of new police stations in the mentioned wards.	Lack of police stations leads to escalation of crime in communities

APPENDICES

ADDENDUM P – DECLARATION OF LOANS AND GRANTS MADE BY THE MUNICIPALITY

Table 174: Declaration of Loans and Grants made by the Municipality 2017/18

All Organisation or Person in receipt of Loans */Grants* provided by the Municipality	Nature of project	Conditions attached to funding	Value 2017/18	Total Amount committed over previous and future years
Sports and Recreation Council	Sports & Recreation	Submission of Annual Financial Statements	106 644	319 332
Tzaneen Museum	Arts & Culture	Submission of Annual Financial Statements	33 326	99 978
SPCA	Animal Protection Services	Submission of Annual Financial Statements	130 000	307 500

ADDENDUM Q – DECLARATION OF RETURNS NOT MADE IN DUE TIME UNDER MFMA S71

Table 175: MFMA Section 71 Returns Not Made During 2017/18 According to Reporting Requirements

Return	Reason Return has not been properly made on due date
C6-Monthly Budgeted Statement - Financial Position	Caseware financial system was purchased, which will be able to produce monthly statements. This will be done during 2018/19
