Chapter 1

CHAPTER 1 – MAYOR’S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR’S FOREWORD

During the 2012/13 financial year the Greater Tzaneen Municipality continued to bolster its position as one of Limpopo’s best managed municipalities. I, together with my executive leadership, with the support of fellow Councillors and officials worked tirelessly to turn the mandate given to us by our residents into tangible deliverables. We worked industriously towards the attainment of the goals as set out in our Integrated Developmental Plan, which is a result of vigorous consultation with members of our communities, across the whole stakeholder spectrum.

We have indentified, funded and in other instances solicited funding for infrastructure projects which will essentially bring into effect our Vision 2030. Vision 2030 seeks to gradually transform Tzaneen into a city over the next 16 years. These projects, we believe, are critical in providing an environment conducive for economic growth which will attract investors and tourists and create jobs in the process.

Our victory in the National Greenest Municipality Competition (GMC) has beyond any doubt cemented our place as the best municipality in terms of environmental management. Similarly, the retention of our Blue Drop Status for water proves that we are a high capacity municipality.

In the 2012/13 financial year we experienced work interruptions due to grievances by employees, specifically with regard to pay disparities. We fruitfully engaged with both the labour unions (IMATU & SAMWU) representing employees in a process referred to as benchmarking. This has resulted in officials being paid market related salaries. These salary adjustments have significantly improved employee morale.

It is also in this period that we succeeded in filling critical vacant positions in terms of Section 57 of the Municipal Systems Act (Act 32 Of 2000), as amended. The appointment of the Municipal Manager and Directors brought much needed stability to the institution.

We continue to support our neediest residents by subsidising their basic services through our indigent programme. However, access to clean drinking water remains a key challenge to most of

Chapter 1

our communities. Ageing infrastructure, theft, vandalism, financial constraints, illegal connections and bureaucratic red tape are some of the obstacles that we face as government in our quest to deliver clean drinkable water to all households. Our position is that, we have proven that we have the capacity to manage our own water services and therefore will continue to engage Mopani District Municipality, as the Water Service Authority, to transfer the powers and resources awarded to water service authorities to GTM.

As GTM Council, we strive for a better life for all and we are also committed to a transparent accountable government that is responsive to the needs of its residents. In 2012/13 we stayed committed to our vision of *creating prosperous communities that are also integrated and have full access to sustainable basic services*. We view sustainable, integrated service delivery partnerships as a prerequisite for economic growth. So much has been promised and so much has been achieved in the 2012/13 financial year but it must be acknowledged that much more could have been done, and done differently, to ensure that our people have access to services, programmes and products that can significantly improve the quality of their lives. Together we stand and divided we fall.

Together we can do more.

Mayor

Her Worship,

Cllr. DJ Mmetle

Chapter 1

COMPONENT B: EXECUTIVE SUMMARY

1.1. MUNICIPAL MANAGER'S OVERVIEW

As we continue with our journey to deliver services to our communities, we are also mindful of the fact that that we are faced with unlimited needs, which must be satisfied with limited resources. It is therefore upon us, who were tasked with administrative responsibility, to ensure that the limited resources at our disposal are utilised effectively and efficiently.

The total Capital Expenditure of the municipality has increased from R54 627 000 in 2009/2010 financial year to R103,550,000 in 2012/13 financial year. In 2012/2013 the actual capital expenditure was R103,550,000 against a Capital budget of R115,091,000 thus representing 90% of the planned expenditure.

The following were achieved in terms of service delivery during 2012/13 financial year:

- While recognising that it is not all villages and schools that have constant water supply, 70 villages and 40% of rural schools were supplied with water through tankers. The municipality retained Blue Drop status.
- The municipality further, through the Mopani District Municipality, constructed 7000 VIP toilets.
- 1730 households were electrified.
- GTM continued with the upgrading of roads from gravel to tar. In the 2012/13 financial year the following roads were under construction: Mokgwati to Ramotshinyadi (including the Ramotshinyadi bridge), Sasekani to Nkowankowa, Senakwe to Morapalala and Mafarana to Sedan.
- The municipality continued with the grading of our rural roads, with 2355km graded for the year under review. This, while 29.7km was also re-gravelled.
- Uninterrupted, weekly kerbside solid waste collection services were provided in the 5 formal towns, while rural waste collection is done through the Expanded Public Works Programme (EPWP).
- GTM is also providing support to the Department of Sports, Art and Culture with the construction of 2 new libraries namely the Mulati and Shiluvane Libraries.

Chapter 1

Council also continues to run its business effectively, with all planned Council sittings taking place and the Mayors special programme was implemented as planned. In terms of issues of Good Governance GTM managed to appoint a Municipal Manager and all Directors during the 2012/13 financial year. The municipality further revised the Supply Chain Management Policy, to ensure compliance with the Preferential Procurement Policy Framework Act and the Supply Chain Management Regulations. During 2012/13 a Risk Management Unit was established and strategies and policies relating to Risk Management were developed and approved by Council. Also, in an effort to prevent labour strike action, the municipality completed and implemented a Salary Benchmarking and revised the Human Resource Policies. The 2012/13 financial year audit was however not concluded due to the fact that Consolidated Financial Statements were not audited.

While Roads, Water and Solid Waste remain major challenges to the municipality it is with great pride that we retained the Blue Drop Status for water. Also, the municipality won the **National Greenest Local Municipality Award**. This was achieved through a collective effort in terms of Waste Management, Energy efficiency, Water Management, Landscaping, Tree planting, Public Participation and Community Empowerment, along with Leadership and Institutional Management.

We will continue to combine all our efforts to ensure that there is efficient administration, ensuring that governments' goals are realised.

Municipal Manager

Mr. ME Mankabidi

Chapter 1

1.2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

Greater Tzaneen Municipality has functions bestowed upon it by the Constitution of the Republic of South Africa (Act no 108 of 1996). Our functions are amongst others as follows:

- As a water service provider, the authority being Mopani District Municipality, Greater Tzaneen Municipality provides water through tankers to villages and areas where there is a shortage. The Municipality also assists with the refurbishment of boreholes in order to provide water to communities.
- The Municipality also provides refuse removal services.
- Provision of electricity.
- Provision of sanitation, in partnership with Mopani District Municipality.
- Provision of road and storm water infrastructure.
- Considering building plans and town planning applications

According to the Statistics South Africa (Census 2011), the Greater Tzaneen Municipality has increased its population from **375 588** to **390, 092** (an increase of 14 504) comprising of **181 558** males (Census 2001, **171 119**) and **208 536** females (Census 2001, **204 469**). Females still outnumber males as they comprise 53% of the population (54% during Census 2001). Young people between the ages of 14 – 35 constitute 40% (**156 900**) of the total population of the Municipality (See **Table 1**).

Age Group	2001			2011		
	Male	Female	% of Total	Male	Female	% of Total
Age 0-4	19086	19489	10.3%	24007	24002	13%

Chapter 1

The graph below, **Figure 1**, represents the gender heads of households within the Municipality. According to the Statistics South Africa Census 2011, the Municipality comprises of 108 926 households (Stats Census 2001, 89,831), this represents an increase of 19 092. Males constitute 56,884 heads of households whereas females constituted 52 052. The above information shows a move in the of gender heads of households from females to males.

Chapter 1

1.3. SERVICE DELIVERY OVERVIEW

Greater Tzaneen Municipality has a responsibility to provide services to its people. During the 2012/2013 financial year, projects aimed at improving the lives of the local people were implemented in various wards and the Municipality; these are presented in Table 5.

Table 5: Service delivery initiatives 2012/13

Service	Activities
1. Water	<ul style="list-style-type: none"> ✓ More than 70 villages supplied with water through tankers ✓ More than 40 % of the schools in rural areas supplied with water through tankers ✓ 82 new water meters installed ✓ 676 burst water pipes reported and attended
2. Sanitation	<ul style="list-style-type: none"> ✓ 1211 sewer blockages attended ✓ 2452.9 Ml of sewer influent treated at Tzaneen wastewater works ✓ 5 pump stations for sewer were built in Tzaneen and Dan Village ✓ 5.0 km of Sewer bulk pipeline was constructed from Dan Village to Nkowankowa Sewage Works ✓ More than 7000 households benefitted from VIP ✓ 1200 stands in Tzaneen Extension 70 and 78 were reticulated with sewer
3. Electricity	<ul style="list-style-type: none"> ✓ Strategic lightings installed in the following areas <ul style="list-style-type: none"> • Politsi ✓ For the financial year 2012/13, the following villages benefitted:- <ul style="list-style-type: none"> • Joppie/Mavele 596 Unit • Mandlakazi 184 Units • Mokomotji 67 Units • Mathipa/Senopelwa 802 Units • Moime 81 Units
4. Roads and Storm water	<ul style="list-style-type: none"> ✓ 2355 km of internal streets in villages were graded ✓ 29.7 km of internal streets regravelled ✓ Small bridges constructed in Nkomanini and Shikwambane ✓ 7595 m2 Tar patches done in Tzaneen town and all townships ✓ 150 m2 sidewalks paved ✓ Construction of concrete drift at Petanenge and Shikwambane. Installation of stormwater pipes at Mashakeni Street in Nkowankowa and Khopo. Installation of subsoil drains at Billy Maritz, Pikkie Kemp, Tony Law and Boet Lombard in Tzaneen. Construction of stone pitching at Petanenge and Shipungu.
5. Fleet Management	<ul style="list-style-type: none"> ✓ Additional regravelling earthmoving equipment which was procured in 2011/2012 was only delivered in 2012/2013 which consisted of 4 tipper trucks, 2 roller compactors, 2 water tankers, and 2 TLB's
6. Waste Management	<p>Waste Minimization</p> <ul style="list-style-type: none"> ✓ Recycling at source ("yellow-bags") is undertaken in all formal suburbs on voluntary basis by residents ✓ Rural Waste Management: 10,767 or 11.5% urban households of 93,825

A summary of access to basic services is presented in Table 6:

Financial Year	Service			
	Electricity	Water	Sanitation	Waste collection
2008/2009	70%	53%	13%	9%
2009/2010	81%	76.30%	32.90%	10.20%
2010/2011	82.80%	80%	40.20%	11%
2011/2012	85%	80%	42.02%	12%
2012/2013	89%	72%	44.6%	12%

Chapter 1

Ensuring universal access to basic services is entrenched in the Vision of GTM however, budget constraints does not allow for these services to be extended as would be ideal. It is especially in the case of waste collection that the municipal budget is insufficient to fund waste removal services in large, sparsely populated rural areas, especially since cost recovery is not yet workable. Mopani District Municipality is the Water Service Authority (WSA) and therefore has authority over water and sanitation service expansion, while GTM is only the Water Service Provider in the 5 formal towns within the our area of jurisdiction. This limits our ability to address the water and sanitation backlogs which are a priority to our rural communities.

Chapter 1

1.4. FINANCIAL HEALTH OVERVIEW

Like many other municipalities in our country Greater Tzaneen Municipality also experience challenges with the provision of service to our community. Sound financial management principals have however been adhered to, to ensure that services are provided economically, sustainably and equitably to all communities. To promote sustainable service delivery Council embarked on the implementation of a range of revenue collection strategies which also optimized the collection of outstanding debts. An amount of R61 million has been levied by way of property tax and R356 million was sourced from services charges. 97,3% of the total service charges were billed during the financial year of which 91,1% was collected.

Apart from revenue collection the Municipality also placed high emphases on the delivery of basic service and the maintaining of infrastructure. An amount R759 million has been spent on operating activities of which 12% or R92 million was used to maintain Council's assets. Council ended the financial year with a surplus of R10.8 million, but conditional grant allocations to the amount of R31 million have not been spent during the financial year. It must however be mentioned that a loan (R30 million), budgeted for the financing capital projects, has not been taken up and that all capital projects have been financed through own funds or grants

Details	Original budget	Adjustment budget	Actual
<i>Income</i>			
Grants	273 584	278 658	283 116
Taxes, Levies and tariffs	416 553	416 553	417 228
Other	65 875	67 075	48 545
Sub Total	756 012	762 286	748 889
<i>Less Expenditure</i>	738 953	754 127	759 675
Net Total*	17 059	8 159	10 786
*Note: surplus/deficit			

It is evident from the figures contained in Table 7 that there are variances between the budgeted and actual figures. The total budgeted and actual income however differs with only 1.76%. With regard to the expenditure, it is confirmed that employee related cost exceeded the budget by R35 million, due to the benchmarking of salaries with other municipalities. The provision for bad debt was also

Chapter 1

overspend by R41 million. This overspending is accommodated by savings on repairs and maintenance, interest paid on external borrowings, grants, and subsidies paid and general expenses. The difference between total budget and total actual expenditure amounts to R5.5 million or 0.74%.

Detail	Percentage
Employee Cost	26.1%
Repairs and Maintenance	6.5%
Finance Charges and Depreciation	16.0%

As presented in Table 8, employee cost represents 26.1% of the total Expenditure which is well below the acceptable norm of 35%. Repairs and maintenance represents only 6.5% of the total expenditure, this is due to the fact that the employee cost allocated to operating activities has been taken out of repairs and maintenance cost. If the labour cost is included in the repairs and maintenance cost it represents 12,1% of the total actual expenditure. Finance charges and depreciation represents 16,0% of the total expenditure which is acceptable.

Detail	2009/2010	2010/2011	2011/12	2012/13
Original Budget	154 704	124 553	118 376	118 655
Adjustment Budget	154 704	122 763	118 376	115 091
Actual	54 627	94 017	111 074	103 550

The 2012/2013 financial year ended with an actual capital expenditure of R103 million, compared to the budget of R118 million (also see **Figure 2**). A request for roll-over of some of the capital projects, which have not been finalized during the 2012/2013 financial year, has been submitted to National Treasury for approval.

Chapter 1

Figure 2: Total Capital Expenditure 2011/12 - 2012/13

1.5. ORGANISATIONAL DEVELOPMENT OVERVIEW

The latest Organizational Design took place during the beginning of 2011 to ensure that the organogram is aligned to the powers and functions to be conducted by the Greater Tzaneen Municipality as well as for the smooth execution of the IDP. Adhoc requests for the amendment of the organogram for the 2012/13 financial year was done as and when required. As on 30 June 2013 a total of 1441 positions were approved of which 660 were filled with 781 vacancies. A comprehensive explanation of this matter can be found in **Chapter 4**. The organisational structure (attached as [Annexure A](#)) for 2012/2013 was not adopted by Council and the report to rectify and to comply with Section 66 of the Municipal System Act (Act 32 of 2000), has been generated and is subject for approval.

Chapter 1

1.6. AUDITOR GENERAL REPORT

The Council is responsible for the preparation of the Annual Financial Statement for each financial year which fairly presents the state of affairs of Council. The 2012/13 Annual Financial Statements of Council were prepared in accordance with Generally Recognised Accounting Practice (GRAP) prescribed in terms of section 91(1)(b) of the Public Financial Management Act.

The report by the Auditor General, which should have been finalized and submitted to the Mayor and Municipal Manager by the end of November 2013, has not been finalized yet.

Chapter 1

1.7. STATUTORY ANNUAL REPORT PROCESS

Table 10: Annual reporting process

No.	Activity	Timeframe
1	Consideration of next financial year's Budget and IDP process plan. Except for the legislative content, the process plan should confirm in-year reporting formats to ensure that reporting and monitoring feeds seamlessly into the Annual Report process at the end of the Budget/IDP implementation period.	July
2	Implementation and monitoring of approved Budget and IDP commences (In-year financial reporting).	
3	Finalise 4 th quarter SDBIP Report for previous financial year	
4	Submit draft Annual Performance Report to Internal Audit and Auditor-General	
5	Municipal entities submit draft annual performance reports to MM	
6	Audit/Performance Committee considers draft Annual Performance Report of Municipality and entities (where relevant)	August
8	Mayor tables the unaudited Annual Performance Report	
9	Municipality submits draft Annual Performance Report including consolidated annual financial statements to Auditor General.	
10	Annual Performance Report as submitted to Auditor General to be provided as input to the IDP Analysis Phase	
11	Auditor General assesses draft Annual Performance Report including consolidated Annual Financial Statements and Performance data	September - October
12	Municipalities receive and start to address the Auditor General's comments	November
13	Mayor tables Audited Financial Statements to Council complete with the Auditor-General's Report	
14	Audited Annual Report is tabled to Council by the Mayor made public	January
15	Annual Report is made public and inputs/comments are invited	
16	Municipal Public Accounts Committee (MPAC) assesses Annual Report	February
17	Council adopts Oversight report from MPAC	March
18	Oversight report is made public	
19	Oversight report is submitted to relevant provincial Council	

Chapter 1

The reporting timeframes as presented in the table above are as legislated. It is however important to distinguish between the Annual Performance Report (APR) and the Annual Report. The Annual Performance Report is an annual report on the actual achieved in relation to the targets set in the Service Delivery and Budget Implementation Plan (SDBIP), as approved for the specific financial year. This report must be submitted to the Auditor General along with the Annual Financial Statements (AFS). Then, upon the approval of this report, an Annual Report is drafted where the status of all municipal affairs for the financial year is reflected upon with the APR and AFS as addendums. The Annual Report has to serve before Council by 30 January to allow the MPAC to consider it and report to Council by 30 March. The APR needs to be considered during the Analysis Phase of the IDP during August and September to ensure that the strategic plan of Council is adjusted to address the challenges highlighted. The revised IDP will then form the basis of the budget and SDBIP for the new financial year.

Chapter 2

CHAPTER 2 – GOVERNANCE

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

The Municipal Structures Act defines a Municipality amongst other as a structure with political office bearers and administration components; a geographic area; and the community of the Municipality. In other words, a Municipality consists of a municipal institution (political and administrative structures), and the people who live in the local area. The term can also be used to refer to a local area which falls within a municipal boundary.

Roles

The roles of these two components can briefly be defined by generally outlining key responsibilities mandated by various legislations thereto, without specifically dealing with the provisions of these pieces of law.

Rights and duties of municipal Councils (political component):

The Council of a Municipality has the right to govern, on its own initiative, the local government affairs of our local communities; and to exercise the Municipality's executive and legislative authority without interference. Councils must respect the rights of citizens in the way in which they exercise their powers. Council may finance the affairs of the Municipality by charging fees for services, imposing surcharges on fees or property rates, and (when allowed by national legislation) imposing surcharges on other taxes, levies and duties. Council has duties as well as rights that, amongst others, include the duties to:

- Exercise their powers and use their resources in the best interests of our communities;
- Provide, without favour or prejudice, democratic and accountable government
- Encourage the participation of the communities;
- Ensure that municipal services are provided to the communities in an equitable, and financially and environmentally sustainable manner;
- Promote development in the Municipality;
- Promote gender equity;
- Promote a safe and healthy environment in the Municipality; and

Chapter 2

- Contribute to the progressive realisation of the fundamental rights contained in the Constitution.

The Municipal Systems Act obliges Council to consult the local community about municipal services. Communities should have a say in the way in which services are delivered; the level of services; the quality of services; and the range of services which are provided.

Duties of Municipal Administrations

The Municipal administration has a number of duties towards our communities, which could be summarised as follows:

- Being responsible for the general administration and accounting of the functionaries of the Municipality;
- Being responsive to the needs of the local community;
- Establishing clear channels of communication with all sectors of the society and governance;
- Informing the local communities about the services which they are entitled to receive; and
- Informing the local community how the Municipality is managed, what it spends its money on, and who is in charge.

The Municipal administration also has the duty to facilitate a culture of public service and accountability amongst staff, and taking measures to prevent corruption. It is therefore expected that the Municipality must fulfil these duties as far as possible, taking into account the budget and capacity they have available.

2.1 POLITICAL GOVERNANCE

The key functions of the political component in the administration of the Municipality are as briefly explained above.

Oversight Function.

Over and above other legislative requirements that provides for specific actions towards municipal oversight, a Municipal Council remains responsible for the specific oversight of the general administrative work of the Municipality. In as far as specific requirements is concerned, the Municipality did establish the following Committees to play an oversight role on various matters of Municipal work, particularly on fiscal matters:

1. Executive Committee

Chapter 2

2. Finance Committee
3. Municipal Public Account Committee (MPAC)

On the administrative component, the Internal Audit Unit also serves as bedrock for fiscal guidance and accountability.

POLITICAL STRUCTURE

MAYOR

Mrs. DJ Mmetle

Function

The Mayor provides political guidance, monitor and oversee the exercise of responsibilities assigned to the Municipal Manager (accounting officer) and the Chief Financial Officer without interfering in the exercise of those responsibilities. Take the reasonable steps to ensure that the Municipality performs its constitutional and statutory functions within the limits of the Municipality's approved budget.

SPEAKER

Mr. Phetole Percy
Machete

The Speaker preside over meetings of the Council, perform the duties and exercise the powers delegated in terms of Section 59 of the Municipal System Act. Ensure that the Council meets at least quarterly, maintain order during meetings. Ensure compliance in the Council and Council Committees with the Code of Conduct set out in Schedule 1 of the Municipal System Act, and ensure that Council meetings are conducted in accordance with the rules and orders of Council.

CHIEF WHIP

Mr. Napoleon
Mboweni

The Chief Whip ensures that the strategic direction adopted by the Municipality is in line with the mandate and policy directives of the ruling party. Discuss with the Office of the Speaker the order of the Council. Arrange caucus for the EXCO and Council meetings. Receive and consider applications for leave of absence by Councillors for caucus meetings. Ensures that majority party Councillors submit their programmes to the office of the Speaker and of the Chief Whip for monitoring purposes. Provide political support for the Committee Chairs, to carry out Party political functions in Committees.

Chapter 2

EXECUTIVE COMMITTEE

1. Cassius Machimana
2. Rirhandzu Selomo
3. Samson Maunatlala
4. Charlotte Nkhwashu
5. Richard Shingange
6. Sevwane Nkuna
7. Buku Jack Sekgotodi
8. Morepiwa Makgomole
9. Rene Pohl

The Executive Committee gives political direction to the executive management team. Provide recommendation to Council in respect of its executive and legislative powers. Work closely in a co-ordinated and co-operative relation with the Municipal Manager. The EXCO and Mayor, within the legislative framework provided by the Municipal Structures Act, the Municipal Systems Act, the Municipal Finance Management Act and subject to Council resolutions, direct and drive the transformation and development of the Municipality.

Greater Tzaneen Municipality has 68 Councillors, 34 Ward Councillors who are directly elected and 34 proportional representation Councillors. The ANC has 59 seats, the DA 5 seats; Cope 2, ACDP and APC each have a seat. The ANC is in charge of 32 of the 34 wards and the rest is led by the DA. The Executive Committee consists of 10 members, which is chaired by the Mayor. 8 members of the Committee chairs a Portfolio Committee made up of other Councilors and officials. The Mayor, Speaker, Chief Whip, MPAC Chairperson and four other Councilors, who are also part of EXCO, are fulltime Councilors. The Members of the MPAC are as follows:

Cllr. S Mbhalati (Chairperson)

Cllr. S Mboweni

Cllr. G Mabuza

Cllr. TS Manyama

Cllr. M Sibiyi

Cllr. Mokgoloboto

Cllr. S Mahori

Cllr. J Ramodipa

Cllr. A van Vuuren

Cllr. G Ghondzweni

Cllr. L Hlangwani

Cllr. H Zandamela

Chapter 2

2.2 ADMINISTRATIVE GOVERNANCE

The Municipal Manager of a Municipality is the Accounting Officer of the Municipality for the purposes of the MFMA and must provide guidance on compliance with this Act to political structures; political office bearers, and officials of the Municipality and any entity under the sole or shared control of the Municipality. GTM had 8 directorates during 2012/13 being:

- Office of the Municipal Manager
- Office of the Chief Financial Officer
- Corporate Services
- Community Services
- Electrical Engineering
- Engineering Services
- Planning and Economic Development
- Office of the Mayor

In order to synergize the activities of the political functions in Council an 8th Department, namely, that of the Office of the Mayor was created during the organizational review process. This Department will only be sourced and become operational with effect from 1 July 2013; currently the functions are managed by the Corporate Services Director. It will be headed by a Manager (Office of the Mayor) with divisions for Councillor Support and special programs. In the Councillor Support leg the functions of PA, Secretary, Clerk, Mayoral Driver, etc will be found; whilst on the special programs leg, the functions for HIV/AIDS, Gender, Disability and Youth are catered for. The latter is all cross-cutting issues that impacts on all programs/projects of Council.

Manage Town Planning, Housing, Land development, Local Economic Development and tourism

DIRECTOR: Corporate Services

Vacant

Manage Legal services, Human Resource, Public Participation, Communication, Administration and Record Management and Marketing and IT

DIRECTOR: Engineering Services

Ms Dikeledi Makoti

Manage Water, Sanitation, Roads and storm water service provision and maintenance, fleet and municipal buildings.

Chapter 2

COMPONENT B: INTERGOVERNMENTAL RELATIONS

The MSA Section 3 (Act 32 of 2000) requires that municipalities exercise their executive and legislative authority within the constitutional system of co-operative governance envisaged in the Constitution S41. The Municipality, as a third sphere of government, continues to work and cooperate with the other spheres of government in the country. The Municipality, through various representatives from administration and the political wing, attend District and Provincial intergovernmental forums. These forums play an important role in enhancing cooperative governance and intergovernmental relations within the three spheres of government. Through these forums, a sphere of government are able to integrate plans and programmes to ensure that service delivery is improved and challenges are addressed in time.

2.3 INTERGOVERNMENTAL RELATIONS

The enactment of the Intergovernmental Relations Act, Act no. 13 of 2005, has ushered in the era of cooperative governance in our country. It is in light of this that the Greater Tzaneen Municipality participated and/or was represented in the forums at different levels, i.e. National, Provincial, District and Locally. The forums such as the National SALGA Membership Assembly, the National Municipal Managers' forum were attended in order to share and keep abreast of strategic information regarding local government. Greater Tzaneen Municipality also participated in the provincial intergovernmental structures such as the Premier's IGF, Provincial Municipal Managers' forums, CFO's forums, Planning and Economic Development forum.

The Municipality, through various representatives from administration and the political wing, was also able to attend district forums such as the District Intergovernmental Forums, District Mayor's Forum, District Municipal Managers Forum, District Speaker's Forums and the District Development Planning Forum. Through these forums, the Municipality was able to benefit by learning from other municipalities in terms of best practice and also to guide the district in terms of service delivery priorities and priority areas in Greater Tzaneen Municipality.

Chapter 2

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

2.4 PUBLIC MEETINGS

The Municipality is obliged through amongst other legislation such as the Municipal Systems Act, act no. 32 of 2000, to involve communities and community stakeholders in the affairs of the Municipality. Therefore, municipalities are stakeholder driven in character and nature.

It is against this backdrop that the Greater Tzaneen Municipality has developed a system of community participation and communication in order to achieve its objective of public accountability and transparency. Critical service delivery units were established in order to realize this task namely, Council Support, Public Participation, Communication and IDP. The following are public participation and communication avenues that are available;

- Quarterly Community report back meetings by Ward Councilors
- IDP/Budget
- Ward Committee monthly assessment meetings
- Annual Mayoral Address
- Half year Progress Report by the Mayor
- Annual IDP/Budget community and focused groups' consultation meetings

To this end, our Municipality has never received a negative reaction from the MEC COGHSTA, the MEC Treasury, Minister Treasury, stakeholders, or the community in general on the processes required for the adopting of the IDP/Budget or any other policy of Council. Key to our public communications and participatory initiatives, we have established and produce the following interactive mediums:

- Face book Page – Greater Tzaneen Municipality
- GTM Website – www.tzaneen.gov.za, updated weekly
- Complaints and Compliments Box – at the foyer of the Municipal offices
- Report from Presidential and Premier's Hotlines

The impact that this medium has had was that it put our Municipality in direct, daily contact with our communities and stakeholders, hence receiving information when it matters most, where it matters

Chapter 2

most. The participatory system of Greater Tzaneen has further changed because ward Committees were established from community stake holders. In this instance the stakeholder forum cluster forums which are responsible to draft ward Committee programmes, interrogate monthly ward reports and also monitor the issues from ward Committees to the community. The accountability of the participatory Committee now is improved. The clusters are also managed by political heads, who are full time Councillors, to manage issues from community directly.

Greater Tzaneen Municipality has also established a Representative Forum consisting of Councillors, representatives from Ward Committees, NGO's, CBO's, Sector Departments. According to the IDP/Budget and PMS process plan (which is reviewed annually) this forum must meet at least once per quarter to consider the IDP, service delivery progress reports and make inputs into these three processes. Unfortunately, during 2012/13 this forum could only convene 3 times throughout the year. It must however be mentioned that, in order to strengthen the participatory process 2 other participatory processes are embarked on, on an annual basis:

- Ward needs analysis conducted on a ward level during the Analysis phase of the IDP
- Ward based budget contact sessions where the draft budget is presented to the wards with an opportunity for community members to make inputs into the budget prior to finalisation.

The IDP Representative forum is not as effective as we would like it to be, since documentation is usually not available to forum members prior to meetings. Service Delivery reports are also not submitted to this forum on a regular basis. This is something that GTM wants to improve on. It must further be noted that the IDP, Budget, SDBIP and Annual Report of Council is placed on the GTM website: www.tzaneen.gov.za for the public to view. Hard copies of these documents are also made available at Thusong Centres, Libraries and Traditional Authority offices.

The participatory system of Greater Tzaneen has changed because ward Committees was established from community stakeholders. In this instance the stakeholders forms cluster forums which are responsible to draft ward Committee programmes, interrogate monthly ward reports and also monitor the issues from Ward Committee to the community. The accountability of the participatory Committee has now improved. The clusters are also managed by a political head who manage issues direct from community on a fulltime basis.

Chapter 2

Community Feedback (Ward 27- Bulamahlo MPCC Hall	25/09/2013	2	2	137	Community Feedback Meeting

Chapter 2

The four clusters of GTM being Lesedi, Bulamahlo, Runnymede and Relela have each established a cluster forum which will deal specifically with communities in and around the clusters with regard to the service rendered by the Municipality. These clusters also play an oversight role while strengthening the participation of these communities in service delivery. Service delivery priorities as identified through participatory processes are presented in **Table 12** below:

Ward	Priority name and detail	Progress during 2012/13
1	Provision of water and grading of Internal streets	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme
2	Provision of water and a construction of a clinic	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. A clinic has not yet been constructed. The priority has been submitted to the Department of Health as it falls within their function
3	Provision of water pipelines at Ga-Wally and Radoo, grading of internal streets at Ga-Wally, provision of bridge on Radoo graveyard road and tarring of road from Xihoko to Radoo	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme. The bridge has not yet been constructed and the road from Xihoko to Radoo not yet tarred.
4	Provision of Water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
5	Provision of water and grading of Internal streets	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme
6	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
7	Provision of water at Kheopeng and Moruji, grading of internal streets and the tarring of Mavele to Moruji road	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme. The Mavele to Moruji road has been budgeted for by the Mopani District Municipality for implementation during the 2013/14 financial year
8	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
9	Provision of water, grading of internal streets and construction of a	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme. The bridge is

Chapter 2

Table 12: Service Delivery priorities per ward (Highest Priority first)

	bridge	budgeted for implementation during the 2015/2016 financial year
10	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
11	Provision of water and the tarring of Thapane to Moruji road	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. The Thapane to Moruji Road planned for 2013/14
12	Construction of a bridge to Lwandlamuni school, speed humps and provision of water	The Khubu to Lwandlamuni low level bridge is budgeted for implementation during the 2014/15 and 2015/16 financial years ,Speed humps has been constructed and water remains challenge, however, Municipality is delivering water through tankers as a way to alleviate the problem
13	Provision of houses	Farm houses have not yet been provided to Mieliekloof and Tarentaal communities
14	Tarring of road from Tzaneen/Modjadjiskloof to Politsi, Electricity, water and Houses at Maribethema and Politsi	The road from Tzaneen/ Modjadjiskloof to Politsi is under construction, Water remains a challenge, and however, Municipality is delivering water through tankers as a way to alleviate the problem. Maribethema is being electrified currently during 2013
15	Water & Electricity Supply capacity	The issue of water remains a challenge in town and in terms of electricity capacity; the Municipality has budgeted about R 75 million for the upgrading of electricity network over the next three years, until the 2015/16 financial year.
16	Provision of water	Water remains a challenge; however, Municipality is delivering water through tankers as a way to alleviate the problem.
17	Provision of water at Mokgoloboto and grading of internal streets at Dan	Water remains a challenge; however, Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme
18	Provision of water and the connection of tar road to R36 road	Water remains a challenge; however, Municipality is delivering water through tankers as a way to alleviate the problem. The road has not yet been connected to R36 road
19	Tar road to graveyard	Tar road to graveyard constructed
20	Tar road from TEBA to Dan Clinic and the grading of internal streets	Tar road constructed. Streets are being graded through a municipal wide ward programme
21	Tarring of internal streets	Internal streets not yet tarred
22	Construction of Gavaza to Mafarana tar road and the grading of internal streets	Gavaza to Mafarana tar road is budgeted for implementation during the 2014/15 financial year. Streets are being graded through a municipal wide ward programme.
23	Provision of water, houses and grading of internal streets	Water remains a challenge; however, Municipality is delivering water through tankers as a way to alleviate the problem. Hundred (100) houses constructed in Mariveni and streets are being graded through a

Chapter 2

Table 12: Service Delivery priorities per ward (Highest Priority first)		
Ward	Priority name and detail	Progress during 2012/13
		municipal wide ward programme
24	Provision of water and tar road from Khopo to Letsitele	Water remains challenge, however, the Municipality is delivering water through tankers as a way to alleviate the problem and the road from Khopo to Letsitele tar road is budgeted for implementation during the 2014/15 and 2015/16 financial years.
25	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
26	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
27	Grading Makhubidung to Sekoto internal street tar and Serututung via Makhubidung to Shoromong tar road	The road from Dr CN Phatudi via Pharare to Mokgapeng not tarred. Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme and the road from Serututung via Makhubidung to Shoromong has not been tarred
28	Dr CN Phatudi via Pharare to Mokgapeng tar road and provision of water at Gavaza, Burgersdorp and Mineview	Water remains challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
29	Provision of water	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem.
30	Construction of a bridge between Nabane and Ticklyline and the grading of internal streets	Bridge not yet constructed and Streets are being graded through a municipal wide ward programme.
31	Development of a new Lenyenye cemetery and supply of water 24 hours a day	Land has been secured from Chief Mohlaba and the Municipality is currently developing the cemetery. A consultant was appointed to do layouts and that has been completed. Supply chain management processes are underway to procure palisade fencing and other necessities for the graveyard. The supply of water, 24 hours a day, remains a challenge.
32	Provision of water and grading of Internal streets	Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Streets are being graded through a municipal wide ward programme
33	Bokgakga to Mogoboya tar road, Internal street, provision of water (Bokgakga) and Houses	The tar road from Bokgakga to Mogoboya has been completed. Streets are being graded through a municipal wide ward programme. Water remains a challenge; however, the Municipality is delivering water through tankers as a way to alleviate the problem. Houses not yet constructed.

Table 12: Service Delivery priorities per ward (Highest Priority first)		
Ward	Priority name and detail	Progress during 2012/13
34	Provision of water and the construction of tar road on the Lephepane to Khujwane road	Water remains a challenge, however, the Municipality is delivering water through tankers as a way to alleviate the problem and the road from Lephepane to Khujwane is almost 99% complete

Chapter 2

2.5 IDP PARTICIPATION AND ALIGNMENT

Criteria	Yes/no
Does the Municipality have impact, outcome, input and output indicators?	Partially
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	No
Does the budget align directly to the KPIs in the strategic plan?	No
Do the IDP KPIs align to the Section 57 Managers?	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes?	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within the stipulated timeframes?	Yes

During the 2012/13 Financial Year GTM requested the Auditor General to visit the Municipality to assist Management with improving the measurability of performance objectives as set out in the IDP. The presentation made by the AG resulted in the adjustment of the Service Delivery and Budget Implementation plan for 2012/13 but also in a major improvement in the Strategies Phase of the 2013/14 IDP. However, in terms of impact indicators GTM still needs to improve. In most instances the impact of the services delivered by Council is not measurable unless an intensive evaluation thereof is conducted, the PMS office currently does not have the manpower to be able to do this. The alignment of the SDBIP and IDP for 2012/13 has however shown a marked improvement from the previous year with hardly any non-alignment issues highlighted by COGHSTA.

Chapter 2

COMPONENT D: CORPORATE GOVERNANCE

Corporate Governance has a broad scope. It includes both social and institutional aspects. Corporate Governance encourages a trustworthy, moral, as well as ethical environment. Corporate Governance ensures transparency which guarantees strong and balanced economic development. This also ensures that the interests of all stakeholders are safeguarded and that all stakeholders fully exercise their rights since, the organization fully recognizes these rights.

Some of the benefits of Good Corporate Governance:

- Ensures corporate success and economic growth.
- Maintains stakeholders' confidence, as a result of which, the institution can raise capital efficiently and administrative effectively.
- It lowers the capital cost.
- It provides proper inducement to the (political) principals as well as managers to achieve objectives that are in interests of the stakeholders and the organization.
- Minimises wastages, corruption, risks and mismanagement.
- It helps in brand formation and development.
- Ensures organization in managed in a manner that fits the best interests of all.

2.6 RISK MANAGEMENT

Risk management is an essential component of good governance which every institution should have and manage. Section 62(1) (c) (1) of the MFMA (Act 56 OF 2003) requires that the accounting officer must maintain effective, efficient and transparent system of financial and risk management and internal control. Risks can be maintained effectively if institutions establish risk units and appoint risk officers who can take charge of the risks and report to the Risk Committee timorously. A risk unit was established in April 2013. The unit developed policies and facilitated Risk Assessment Workshops from April to June 2013. Service departments play an important role in Risk Management as it is their responsibility to manage risks. This must be done by developing an effective system of internal controls to minimise risks within their sphere of operations. They are invited to participate in the risk assessment process on an annual basis, by identifying risks within their departments.

Chapter 2

2.7 ANTI-CORRUPTION AND FRAUD

Fraud and anti-corruption strategies and policies are also component of good governance. The Municipality has a fraud and anti-corruption policy but no Committee has been established to oversee the function. A Fraud and Anti-corruption policy and strategy were developed and approved by Council on 28 June 2013. There is further a Supply Chain Management Policy in place, which provides for the separation of Committees such as the specification Committee, evaluation Committee, adjudication Committee and eventually the approval by the accounting officer. Councillors are excluded from participating in any of the above mentioned Committees. The Municipality has also established an internal audit unit and a shared Audit Committee with the Mopani District Municipality, of which the members are non municipal employees or Councillors. Recommendations of audit Committee are contained in [ADDENDUM G](#).

2.8 SUPPLY CHAIN MANAGEMENT

The MFMA Chapter 11, SCM Regulations 2011, PPPFA as incorporated by BBBBEEA 2011 and relevant Treasury practice notes and circulars as set out are used by the institution to comply with the prescripts. The latter all contributes to the successful procurement of goods and services, and minimizes the opportunities for fraud and corruption. In the financial year 2012/2013 the Council has approved the SCM Policy (January of 2013) as required by prescripts, and will annually review and implement the Policy. It should also be noted that the Policy covers all aspects required by prescripts relevant to the same. The Policy covers all elements that should form part of the policy, these include:

- Demand Management
- Acquisition Management
- Logistics Management
- Disposal Management
- Risk Management and
- Performance Management

It should further be noted that in terms of corporate governance the unit is compliant and that during 2013/14 the policy will be subjected to a review.

Chapter 2

Other Financial Matters

- The Unit is currently outsourcing a database system, which will contribute to full compliance with the set prescripts and ensure that the unit is well functioning. This, in itself, will have a financial impact.
- The function of requesting for quotations has been centralised within the SCM Unit to avoid abuse of the system
- The training of bid Committees and SCM officials was implemented during the appointment of new Committees, the process will be outsourced to capacitate the members and officials in the daily running of the SCM processes

2.9 BY-LAWS

During the year under review, no By-Law was revised due to Budget Constraints; however, provision will be made for the 2013/2014 financial year.

Table 14: By-laws introduced during 2012/13

By-law	Revised	Newly Developed	Public participation conducted prior to adoption (yes/no)	Date of public participation	By-Law gazetted	Date of publication
Street Trading By-Law	No	Yes	No	None	No	To be identified
Health By-Laws for pre-school institutions	No	Yes	No	None	No	To be identified

Rules of Order & Probity By-Law	No	Yes	No	None	No	To be identified
Traffic policy By-Law	No	Yes	No	None	No	To be identified
Drainage By-Laws	No	Yes	No	None	No	To be identified

Chapter 2

2.10 WEBSITES

The website was revamped following the guidelines of the MFMA (Section 75). Documents and pages are updated regularly. Compliance with the MFMA is ensured by continuously liaising with all divisions which are responsible for posting information in the website.

Table 15: Municipal Website: Content and Currency of Material

Documents published on GTM website	Yes/No	Publishing date
Current and annual adjustment budget related documents	Yes	March 2013
All current budget related documents	Yes	August 2013
2011/12 Annual Report	Yes	August 2013
2012/13 performance agreements and plans for Section 57 Managers	Yes	August 2013
All service delivery agreements for 2012/13	No	N/A
All long-term borrowing contracts for 2012/13	Yes	August 2013
All Supply Chain Management contracts above a prescribed value (given value) for 2012/13	No	N/A
An information statement containing a list of assets over a prescribed value that have been disposed of in terms of Section 14(2) or (4) during 2012/13	No	N/A
Contracts agreed on in 2012/13 to which subsection (1) of Section 33 apply, subject to Subsection (3) of that Section	No	N/A
Public-private partnership agreements referred to in Section 120 made in 2012/13	No	N/A
All quarterly reports tabled in Council in terms of Section 52(d) during 2012/13	Yes	August 2013

The rural Broadband project, which is in its second phase, will address the e-Campus or smart Municipality. This include amongst others, establishing public points in Post Office branches and other public areas for community to access Municipal information and information about government services in general.

2.11 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

No customer satisfaction survey was conducted during 2012/13; therefore the level of public satisfaction is not certain.

Chapter 3

CHAPTER 3 – SERVICE DELIVERY PERFORMANCE (PERFORMANCE REPORT PART I)

This chapter contains service delivery results for 2012/13 relating to the various functions performed by GTM. For a summary of service delivery achievements refer to the Executive summary of the Municipal Manager.

COMPONENT A: BASIC SERVICES

This component includes: water; waste water (sanitation); electricity; waste management; housing services; and a summary of free basic services.

3.1. WATER PROVISION

Greater Tzaneen Municipality (GTM) had signed a Water Services Provider contract with Mopani District Municipality (MDM) on the 9th of June 2011. MDM is the Water Services Authority (WSA) and according to this contract MDM will provide bulk water services to GTM while GTM will provide water services to the consumers as well as collection of revenue. Approximately 70% of the GTM area consists of rural villages where water provision is not yet as expected. **Table 16** presents water service delivery output for 2012/13.

No	Water Works	Water Quota in m ³	Abstracted in m ³	Pumped in m ³	Plant loss in %	R/ m ³
1	Georges Valley	2,370,000.0	3,295,411.0	3,196,621.0	3.0	0.5
2	Tzaneen Dam	1,230,000.0	2,358,718.0	2,329,234.0	1.3	0.3
3	Letsitele	418,270.0	173,546.0	308,887.0	9.0	0.4
4	Boreholes	8,500.0	165,941.0	0.0	0.0	0.0
	Total	4,026,770.0	5,993,616.0	5,834,742.0	4.4	1.2

Chapter 3

It should be noted that, since all water assets have been transferred to MDM, a detailed report regarding the expenditure on water will be contained in their Annual Report. This section will only reflect on those aspects managed by GTM, on behalf of the WSA.

There are eleven Water Treatment Works within the jurisdiction of Greater Tzaneen Municipality. There are also more than 300 boreholes drilled to augment the existing water sources. These are managed and operated as follows: Three (3) waterworks operated by GTM, three (3) water works operated by Lepelle Northern Water and five (5) operated by MDM. These waterworks as well as boreholes are unable to provide basic water to 108 926 households evenly in GTM. The majority of the households are in rural areas (126 villages) where water are to be supplied through boreholes and waterworks which are either dry or not receiving regular maintenance or not maintained at all. Some waterworks were designed for a small community and now, with the current growth rate, the works cannot cope with the demands. Dysfunctional boreholes and waterworks compelled GTM to provide water, especially in villages, through water tankers. This arrangement was made as a temporary measure but eventually prolonged as various boreholes in villages, clinics and schools were found to be dry.

GTM has been allocated 3,600,000 m³ of water from Tzaneen and Ebernezer dams. Letsitele Water works has an allocation of 418 290 m³ per annum. The growth rate from 2007 had seen the allocation being insufficient. Application for an increase to 6,000,000 m³ from both Ebernezer and Tzaneen dams had not been successful since the both dams are said to be over allocated. The capacity of the waterworks are also at their maximum. The Water Potfolio Committee had recommended, after holding cluster meetings, that the list to upgrade be sent to Mopani District Municipality as WSA to consider upgrading the water works. Five villages, Mariveni, Khujwana, Tours, Nkambako and Fobeni were recommended by Potfolio Committee as those that will receive households connection and be metered for cost recovery. The recommendation was backed by an understanding that the villages are close to waterworks and have constant supply.

Water and sewer services were provided to 1200 stands in Tzaneen (Extension 70 and 78) as well as Sewer installation in Dan Village for 2000 stands. These services were funded by COGHSTA. Water reticulation and 70 stand pipes were also installed in Ramotshinyadi by Resolve funded by USAID.

Chapter 3

Table 17: Total use of water by Sector (cubic meters)

Financial Year	Agriculture	Forestry	Industrial	Domestic	Water Losses
2008/2009	Not known	Not known	384653	7055971	12%

Chapter 3

Greater Tzaneen Municipality had retained its Blue Drop (Drinking Water Quality) status for the third year running. The awards (Gold category) which were handed over by Deputy Minister of Water Affairs, Ms. Joyce Mabudafhasi at the Cape Town International Conventional Center (ICC) on the 7th of May 2012 are for Tzaneen and Letsitele Water systems. GTM is one of only two local municipalities to be certified Blue Drop in Limpopo and one of only 98 nationally. The systems (starting from abstraction to the tap), which produce a combined 25 mega million litres, had to meet the following requirements.

1. Water Safety Plan Process and Incident Report Management
2. Process Control, Maintenance and Management Skill
3. Drinking Water Quality Monitoring Programme
4. Drinking Water Sample Analysis Credibility
5. Submission of Drinking Water Quality Results
6. Drinking Quality Compliance
7. Publication of Drinking Water Quality Management Performance

The awards indicate GTM's high level of professionalism, performance and compliance. They will also boost GTM's tourism prospects and investment. The Blue Drop Status (BDS) is recognized globally and has a potential to allay tourist fears of contacting Water Borne Diseases when drinking or using water. High water quality is also essential for the production of food and beverages, hence ensuring GTM's commitment in ascertaining a quality of human life.

Water and wastewater treatment works which needed upgrade were recorded, to be sent to Water Services Authority for them to include in their budget. The outcome of water samples taken for Blue Drop certification is presented in the tables below:

Chapter 3

3.2 WASTE WATER (SANITATION) PROVISION

Greater Tzaneen Municipality is a Water Services Provider, whereas Mopani District Municipality is a Water Services Authority. Mopani allocates a certain amount of VIPs (sanitation) to GTM, based on the backlog. GTM's function is to monitor the building of the VIPs. For 2012/2013 financial year 7000 VIPs were allocated to Tzaneen by MDM. The Sewer network was expanded to include 2000 stands in Dan Village. 235 VIP's were allocated to Tzaneen by Department of Human Settlement. 1200 stands in Tzaneen Extension 70 and 78 were installed with sewer and water distribution network. In total 7,235 VIP were constructed during the financial year 2011/12 – 2012/13 while 2000 stands received waterborne sewer connection.

Level of access	2010/2011		2011/2012		2012/13

Chapter 3

3.3 ELECTRICITY

Currently the GTM is on track for universal access to electricity in 2014. Our top service delivery issues are; *firstly*, insufficient capacity to support the required load (currently being addressed), *secondly*, the dilapidated state of our distribution system, lastly and most importantly, electrification demands. Major successes were the implementation of the capacity increase project which is running over a number of years and has already seen the construction of a dual circuit 66kv overhead line and 40MVA “Western Substation”, to the value of R53 million for phase I. Phase II of the project which includes the laying of a cable network, or main ring, will proceed as soon as the required funding is secured. As stated, electrification is also progressing well, thanks to grants and top up funding.

GTM is in the process of developing a complete prepaid system in the Greater Tzaneen Municipal license area. As a result, we adopted the ACTOM meter system and monitoring software together with the Contour vending system. We are currently the first in the country with this new technology and have proudly hosted other Municipalities on a ‘show and tell’ demonstration. This resulted in our original license for 1000 meters on the complete monitoring system being extended to 5000 meters without any cost as a reward for “show and tell”.

Presently we have about 485 standard CBI prepaid meter customers. We are planning to convert all these meters to the new split meter system during the 2013/14 and 2014/15 financial years. Currently we have 151 ACTOM split prepaid meters of which 89 are installed in a village environment in pole top boxes. 62 Prepaid meters were converted from conventional to prepaid meters in Tzaneen town, consisting of 25 Indigent customers with 20Amp and 37 customers on 60 Amp. The monitoring system currently consists of 51 data concentrators and a server hosting the monitoring system. The new ACTOM split prepaid meters held a 0% tampering rate for the last 3 years since installation, which is remarkable compared to the old metering system with a tampering rate of 75%.

We developed a prepaid policy indicating prepaid connections only for domestic customers in Tzaneen town which will be extended with infrastructure to the towns of Haenertsburg, Letsitele and Gravelotte. All indigent customers in these towns, once approved by Council, will automatically be

Chapter 3

converted to a 20 Amp prepaid connection. This will help in restricting the bad debt. When in arrears with their rates and taxes, a hold will be placed on the vending system stopping a 60 Amp prepaid customer from buying electricity until an arrangement is made to pay the arrears. This Policy will be reviewed from time to time as the Department and system develop to ultimately include all customers, domestic and industrial.

GTM has an electrification priority list that is regularly updated to ensure the full scope of needs is known. The IDP is a major tool in identifying poor communities and the appropriate allocation of funds to alleviate their plight. Service Providers are the Municipality and Eskom, each in their respective licensed areas. Recent legislation includes the Electricity Amendment Acts 1989; 1994; 1995; and the Electricity Regulation Act 2006.

Level of access	2010/2011		2011/2012		2012/2013

Total	R34 500 000	R19 354973	R12 044 521		

* Including past and future expenditure as planned

Expenditure on the Capacity roll over project was nearly 100%, resulting in the completion of phase 1 of the Capacity project for the total of R53 million and improving the capacity of the town network with 20 MVA. On Revenue enhancement the expenditure was also nearly 100% when acquiring 15 data concentrators and 280 split prepaid meters from ACTOM and line material internally to replace old technology during 2013/14 financial year. The Capacity building in phases, project only started in March 2013 after additional funds were allocated. This resulted in a rollover of R3,5 million to complete phase 2 of the Capacity project in the 2013/14 financial year.

Chapter 3

3.4 SOLID WASTE MANAGEMENT

Overview

International guidelines / prescriptions for waste management are as follows:

- The Rio declaration
- The Agenda 21 principles
- Kyoto protocol
- The recent Copenhagen agreement
- 9 other International agreements

South African Legislative framework:

The following acts/legislation are only a few of the most important ones to regulate matters relating to Waste Management in South Africa:

Table 30: South African Waste Management Legislation

Legislation	Summary/Scope of Legislation
National Environmental Waste Management Act (Act 59 of 2008)	<p>a) To reform the law regulating waste management in order to protect health and the environment by providing reasonable measures for the prevention of pollution and ecological degradation and for securing ecologically sustainable development;</p> <p>b) To provide for institutional arrangements and planning matters;</p> <p>c) To provide for national norms and standards for regulating the management of waste by all spheres of government; to provide for specific waste management measures;</p> <p>d) To provide for the licensing and control of waste management activities; to provide for the remediation of contaminated land; to provide for the national waste information system; to provide for compliance and enforcement;</p>
Environmental Management Act (Act 107 of 1998)	<p>a) To provide for co-operative, environmental governance by establishing principles for decision-making on matters affecting the environment, institutions that will promote co-operative governance and procedures for co-ordinating environmental functions exercised by organs of state;</p>

Chapter 3

Table 30: South African Waste Management Legislation

Legislation	Summary/Scope of Legislation
Environmental Conservation Act (Act 73 of 1989)	a) To provide for effective protection and controlled utilization of the environment
Greater Tzaneen Municipality Solid Waste By-Law, Notice no 12 of 1990	a) To regulate management of storage and collection of solid waste

In addition to the above the South African context includes the following Acts to consider in terms of Waste Management Services:

- a) The Bill of Rights (Section 24) of the National Constitution provides as follows:-“Everyone has the right to an environment that is not harmful to their health or well-being”
- b) The Environmental Management Act (Act 107 of 1998)
- c) The Environmental Waste Management Act (Act 59 of 2008)
- d) Environmental Conservation Act (Act 73 of 1989)
- e) The Solid Waste By-Laws (Notice 12 of 1990)
- f) The Waste Management Policy

POWERS AND FUNCTION OF WASTE MANAGEMENT

The mandate of GTM is to provide all households with a basic removal service to protect the environment for the benefits of future and present generations through legislative and other measures to prevent pollution and ecological degradation promote conservation to secure sustainable development. Section 84 read with Section 85 of the Municipal Structures Act 117 of 1998; determine the division of powers and functions between and such require Landfill-site to be a district function for more than one Municipality. The Department of Environmental Affairs already resolved that a process of Landfill "REGIONALIZATION" must be pursued, which is aligned with Sec. 84 (1) (e) (iii) of the above-mentioned Act.

Waste quantities and characteristics

Greater Tzaneen Municipality processed the following during 2012/13:

- a) General Waste = 61,842.9 m³ (59.46 t/day)
- b) Health Care Waste = 385.14 m³

Chapter 3

c) Garden Waste = 13,376.85 m³

d) Recycling = 5,862.16 m³

Geographic Distribution

The jurisdiction of GTM is divided by the main roads from Politsi via Tzaneen, Tarentaalrand, Letsitele and Trichardtsdal, in a Northern and Southern service region

DESCRIPTION OF THE REFUSE COLLECTION FUNCTIONS

Waste Minimization (Recycling)

Recycling at source ("yellow-bags") is undertaken in all formal suburbs on a voluntary basis by residents as there is not yet a legal prescriptive on "recycling at source".

Waste Minimization-Composting

± 15,436 m³ organic waste (garden) is treated at a basic technology composting site. Unfortunately no tub-grinder is available) and therefore bulky organic waste cannot be composted.

Waste Minimization-Rural Waste Minimization

10,767 or 11.5% of 93,825 households receive a full kerbside service in formal towns, where 88.5% of households are not serviced at present; these reside mainly in rural areas. The lack of Eco-Development-Workers (EDW), 40 required, to do awareness activities at Eco-club schools hampers progress. Firewood from the Landfill site are available for re-use and also delivered to rural Drop-off Centres (DoC's) for utilisation by communities, to mitigate deforestation-practices. 97 DoC's have been erected at present, but it is anticipated that it will become "White Elephants" if dedicated intervention are not implemented i.t.o. the National Basic Refuse Removal Policy.

Collection & transportation

A full collection service is rendered at following suburbs, which represents only 11.5% of all households in:

- Nkowankowa
- Lenyenye
- Letsitele
- Haenertsburg

Chapter 3

- Tzaneen

88.5% of all households representing rural households do not receive a basic service. The cost to address the service in full (urban & rural), with immediate effect, will be approximately R128,000,000-00 per annum for all Waste Service Areas.

Litter Picking

Urban streets, main roads & urban taxi / bus ranks are cleaned on a regular basis from all debris and solid waste, where 5,312 m³ are collected monthly. Roads and streets in rural areas are not being attended to.

Vehicle replacements

Replacement of vehicles to start during 2014//15 with an appropriate & dedicated vehicle for the removal of Health Care Waste also required.

Treatment & disposal

One 11ha permitted landfill site which has been classified as a GMB- site, is managed in compliance with specifications. The expected life-span of the site is \pm 15 years. Health Care Waste is removed to a permitted and approved treatment facility in Gauteng. There is no weather – proof entrance or internal roads at the Landfill Drop off centers. Drop-of Centers (DoCs) are located at:

- Nkowankowa
- Lenyenye
- Letsitele
- Haenertsburg

All DoC's are managed by a Service Provider, 6m³ skips are utilized for this purpose and are cleaned on a daily basis at the Tzaneen Landfill site. However the following issues needs to be addressed:

- Political engagement with MDM is required to initialize the establishment of a District Landfill site, in accordance with the National Waste Sector Plan. R 15,000,000 will be required to select, rank and erect a new site.

Chapter 3

- The procurement of a service provider to undertake bulk-removals at DoC's and also with appropriate equipment to operate the Landfill Site (included appropriate-technology compost plant, as part of Landfill management) is required.
- Roads & Storm water maintenance on access roads must be improved.

Pollution control

9 public toilet blocks managed at the following locations:

- 6 blocks at Tzaneen
- 1 block at Nkowankowa
- 1 block at Letsitele
- 1 block at Haenertsburg
- 1 block at Lenyenye is not operational

Law Enforcement

The appointment of 2 Environmental Law Enforcement Officers delayed due to lack of Workload-assessment & organizational layout. There is also a lack sufficient number of CDW's in the Rural Waste Programme.

Management, Administration, Communications & Logistics

In order to manage solid waste removal more efficiently the following is required:

- Administrative support
- Sufficient budget-provision
- GIS – Lack of operational applications software
- Networking - Lack of network at “outside” offices
- Electronic “Data-capturing”
- Organisational Development interventions by HR

Service beneficiaries:

- Residential removals: 10,775 households
- Business removals: 562

Chapter 3

- Own removals-villages (no service): 98,151 households

M³ of refuse disposed

- Domestic & Commercial: 61,974 m³
- Garden: 11,597 m³

Total operating cost:

- Operating cost of collections & disposal: R27.7milj
- Operating cost of litter picking: R 16,9milj
- Operating cost of public toilet: R 6.0milj
- Total: R50.6milj

Table 31: Household access to solid waste collection services 2010/11 - 2012/13

Level of access	2010/2012		2011/2012		2012/2013

No capital projects were implemented for Waste Collection during 2012/13.

Chapter 3

3.5 HOUSING & BUILDING CONTROL

3.5.1 HOUSING

All projects are developed in terms of the approved Integrated Residential Development Programme. All rural projects are implemented in terms of the Rural Housing Subsidy Programme. The Greater Tzaneen Municipality prioritize the wards which have the least RDP houses. The total allocation was 377 units for 2012/13 financial year. These were as follows: Serutlutlung(20) beneficiaries were identified from Matsilapata (20), Shoromong (8), Makhubidung (10), Mogapeng (10), GaWally (10), Nyakelani (10), Radoo (10), Motupa (2), Mulati (20), Boudoux (20), Ntsako (10), Bonn (10), Rikhotso (10), Mookgo (10), Mookgo (10), Xihoko (10), Pharare (10), Ezekhaya (10), Ramotshinyadi (18), Moleketla (6), Rwanda (19), Fobeni (3), Marirone (22), Bokhuta (1), Mapitlula (1), Nwajaheni (2), Nyakelani (3), Nkambako (4), Mugwazeni (4), Radoo (1), Burgersdorp (8), Myakayaka (2), Runnymede (1), Sunnyside (1), Mariveni (1), Relela (1), Pulaneng (1), Dan (1), Lefara (2), Mphame (1), Mogoboya (1), Mamitwa (1), Semarela (1), Mavele (1), Serare (1), Leolo (1), Mookgo (1), Marumofase (2) and 44 emergency units in various villages.

Table 36: Percentage of households with access to basic housing

Year	Total Households	Households in informal houses	% of HH in formal settlements
2010/2011	89 844	20 000	22%
2011/2012*	108 926*	7 729	7.01%
2012/2013	108 926*	7 729	7.01%

*Number of Households as established through Census 2011 (Stats SA, 2011)

Chapter 3

Table 37: Housing Service Delivery targets for 2012/13 as set out in the SDBIP

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Human Settlements	# of housing units constructed	333	146	There was a delay of Geo-Tech and design from COGHSTA
Human settlements	560 units for un blocking of the blocked project. Wards- 4,5,10,11,16,19,23,24,28,29, 30 and 34	Continuous monitoring through meetings and site visits	143 beneficiaries verified, still waiting for a response from COGHSTA.	COGHSTA intend to rollover the project to 2013/14 financial year
Human settlements	<i>Acquisition of land parcels for development</i>	Liaise with all relevant stakeholders for the acquisition of land for the realisation of the 2030 vision (Berlyn, Pusela, Portion 36 & 37 of Hamawasha, Muhlaba's Location, Gelukaut Farm, Haenertsburg town, Shivurali and Ledzee)	Rural Development purchased Portion 37 of Hamawasha with the intention to donate to Council. Currently the caretaker agreement has been signed while waiting for transfer. Ledzee is purchased by Rural development.	Berlyn, Haenertsburg Town and Town lands, Muhlaba's location and Gelukauf has been referred to HDA for further negotiation because it is a long term project to attain Vision 2030
Human settlements	Administration of tenants at Portion 6 of Pusela 555LT and development of plans	Administration of tenants and handling of queries	All tenants are paying rent and services.	None
Human settlements	Emergency Housing (44 units)	Monitor implementation and report progress	All 44 Emergency Units are completed.	None
Human settlements	<i>Low Cost housing - RDP Housing (333 units)</i>	Monitor Project implementation and report progress on the building of houses at the allocated villages	Out of 333 units there is: 29 at foundations, 77 at Roof & finishes, 132 VIP Toilets and 59 Untouched. Progress is very slow, Developers not paid since April 2013.	Progress is very slow because developers were not paid by COGHSTA since April 2013.

Level 16-17	0	0	0	0	0	0%
Total	12	6	50%	13	7	50%

Challenges on Land Management

- Illegal occupation of state own land held in trust of traditional Councils
- No serviced stands to meet the demand.

Challenges Experienced on RDP Housing Beneficiary Lists

- Backlog figures are not reflected in terms of income levels and special needs.
- Waiting lists are not in accordance to the National Criteria, no Housing Subsidy System (HSS)
- Not all stakeholders involved in the identification of beneficiaries are familiar with the National requirements to qualify for a housing subsidy.
- The public complain about identified beneficiaries but do not submit comments or objections during publication of lists.
- Selling and demolishing of RDP units.
- Emergency lists submitted are scattered and this has a negative cost implication.
- Minimal participation of beneficiaries/ownership of projects.

Challenges Experienced on Institutional Matters

- Greater Tzaneen Municipality has only been engaged in few a housing programmes.
- Housing funds are controlled and allocated by Cooperative Governance Human Settlements and Traditional Affairs.

Chapter 3

- Greater Tzaneen Municipality is predominantly rural and this poses problems in balancing backlogs vs. spatial growth patterns through the provision of low cost housing.
- Scarce land for development in the townships and some villages.
- An integrated approach in addressing the needs of communities is still lacking
- Stand numbers in some villages cannot be detected clearly.

Challenges Experienced on LED/Quality Issues

- Poor workmanship by most of the local builders. A challenge in effected LED
- No database for skilled people, qualified construction, within Municipal area.
- Locally manufactured building materials seldom qualify for SABS.
- Sustainability of existing skills.

Housing Consumer Education

113 beneficiaries were trained on housing consumer education as follows: 39 in Relela cluster, 33 in Bulamahlo and 41 in Lesedi.

Housing Backlog

The Municipal housing backlog is standing at twelve thousands five hundred and ninety (12590) pending the review of beneficiaries for 2013 to 2015. Middle income backlog is standing at one thousand six hundred and ninety eight (1698).

Land and Property

The transfer of sites at Nkowankowa Section C from Greater Tzaneen Municipality to occupants is 200 and at Dan Extension 2 are 472.

Pusela 6

The new lease agreements were signed by the Tenants to rent the units as family units.

Portion 292 and 293 of the farm Pusela 555LT (Talana Family Hostel and Surrounding)

The property is registered in the name of Council. A feasibility study was conducted to determine the implementation of Community residential units. The property is enrolled with COGHSTA for their project pipeline.

Areas earmarked for development (presented in Table 40)

Chapter 3

Table 40: Land Developments		
Town	Developer	Progress
Dan Extension 1	Dewcon	Developers are waiting for Eskom to respond on electricity connection and prices
Tzaneen Extension 13	Phethego Project	Building of houses is in progress
Tzaneen Extension 53	Phadima Holdings	Project is under litigation
Tzaneen Extension 60	Solidarity Developers	The EIA is in advanced stage
Tzaneen Extension 78	Ngoma Trading	Developers submitted designs for roads at the Engineering and Electricity Departments

The Housing Development Agency (HDA) appointed a Service Provider, a Town Planner, for Urban appraisal of all projects with possibility of funding Community Residential Units (CRU) and Social Housing Projects.

3.5.2 BUILDING CONTROL

The Building and Maintenance Unit is responsible for providing Building control services as specified in the National Building Regulations (1977). The unit must also maintain all Council owned Buildings to ensure that they comply with the Occupational Health and Safety Act (Reg. 1039 of 2005). Lastly, the unit is responsible for fleet management for the entire GTM to ensure that vehicles are available for departments and also maintenance on all Council owned vehicle. The unit is receiving ± 50 building plans per month and almost half are returned for corrections. The Municipality is approving ± 25 building plans per month, which are being approved within the 30 day period, as stipulated in the building regulations.

Chapter 3

The process involved in approving building plans is that after payment of plan/administration fees, a file is opened, then circulated to various departments for their respective comments and once all the requirements are met, an approval letter is issued to the applicant. There's a general decline in number of building plans approved this is due to a decrease in financing by banks and other financial institution along with the effects of the global economic meltdown in some European countries en the recession. The staff compliment of the division is presented below in **Table 41** below:

Table 41: Square meters and value of building plans approved 2010/11 - 2012/13						
	2010/2011		2011/2012		2012/2013	
	Area (m²)	Value (R)	Area (m²)	Value (R)	Area (m²)	Value (R)

3.6 FREE BASIC SERVICES AND INDIGENT SUPPORT

The Municipal Council gives priority to the basic needs of the community, promote the social and economic development of the community and ensure that all residents and communities in the Municipality have access to at least the minimum level of basic municipal services, in terms of Section 152 (1) (b) and 153 (b) of the Constitution. Basic services are generally regarded as to be access to electricity, clean water within reasonable distance, basic sanitation, solid waste removal and access to and availability of roads.

The key purpose of an Indigent Subsidy Policy is to ensure that households with no or a low income are not denied a reasonable service, and on the contrary the Local Authority is not financially burdened with non-payment of services. Provided that grants are received and funds are available, the Indigent Subsidy Policy should remain intact. To achieve this, a threshold income level of a maximum of R1 260 per individual or R2 520 per household applies. The consumer, in order to qualify as an indigent, needs to complete the necessary documentation as required and agree to regulations and restrictions stipulated by Greater Tzaneen Municipality.

Chapter 3

Table 45: Free Basic Services to Low Income Households*

Year	Registered Indigents Total HH	Free Basic Water		Free Basic Sanitation		Free Basic Electricity		Free Basic Waste Removal	
		HH with Access	% with access ¹	HH with Access	% with access	HH with Access	% with access	HH with Access	% with access
2009/2009	32 009	2 090	MDM	2 090	MDM	5 862	82%	5 862	11%
2009/2010	30 000	905	MDM	905	MDM	7 173	83%	7 173	11%
2010/2011	23 089	919	MDM	919	MDM	9 700	85%	9 700	12%
2011/2012	11 161	1 560	MDM	1 367	MDM	7 350	85%	1 385	12%
2012/2013	22 998	1 549	MDM	1 357	MDM	7 231	85%	1 377	12%

Table 46: Financial Performance 2012/13: Cost to the Municipality of Free Basic Services Delivered (R'000)

Service	2011/2012	2012/2013			
	Actual Expenditure	Budget	Adjustment Budget	Actual Exp	Variance to budget
Electricity	R2 837	3 500	3 500	3 560	-1%
Waste Collection	R807	911	911	1 357	-48%
Total	R3 644	4 411	4 411	4 917	-11%

Council has adopted an Indigent Subsidy Policy which provides for households earning less than R1 260.00 per individual per household to have access to basic services through specially subsidized tariffs. Provision is also made on our Credit Control and Debt Collection Policy for indigent debtors consistently with our rates and tariffs and any national policies on indigents. The Equitable Share and the free basic electrical grant assist in financing the benefits that the registered indigents are to receive in the form of discounted tariffs for services consumed.

¹ Greater Tzaneen Municipality is the Water Service Provider and only provides water in the 5 formal Towns therefore, information regarding the access to water and sanitation for the entire Municipality can only be obtained from the Mopani District Municipality (MDM) as the Water Service Authority.

Chapter 3

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Free Basic Services	Nr of households with access to free basic electricity	10000	22988	New Indigent applications received

It should be noted that GTM is not a Water Service Authority and therefore not providing water and sanitation in the entire municipal area, making it impossible to provide figures on the provision of free basic services in this regard.

Chapter 3

COMPONENT B: ROADS & STORMWATER

3.7 ROADS & STORMWATER

Greater Tzaneen Municipality own and manages ± 2300 km of municipal road network. This network comprises of district / connector and municipal / access roads in terms of road classification. The Municipality is tasked with the planning, design, maintenance, construction and usage of these roads. It is also required to prevent the deterioration of surfaced roads by conducting preventative maintenance, control of storm water and provision of drainage structures and to surface priority roads. Roads and stormwater cannot be separated because when there is no proper stormwater drainage system on a road, the life span of the road cannot be guaranteed.

Maintenance of tar roads are done through cleaning of catch pits, patching of potholes and road marking to prevent deterioration. Maintenance of gravel roads is through grading and construction of small bridges and stone pitching. Due to insufficient resources to get all the roads in good condition, priority is given to roads to schools, clinics, grave yards, business areas and roads which are used by public transport. In terms of Roads and Stormwater the following challenges are experienced:

- There is insufficient funds for regravelling and tarring of municipal roads.
- Many of the roads need stormwater management control.
- Most of the municipal roads and internal streets are gravel and need more machines than what is available to be maintained regularly.
- No budget for the development of Roads Master Plan
- There are not enough labourers to construct stone pitching, wing walls and other maintenance related tasks which can be done in-house.
- One old grader needs to be maintained and R200,000 is needed for its refurbishment.
- GTM is sometimes forced to maintain roads which should actually be attended to by the District Municipality and the Department of Roads and Transport as they take too long to maintain them. This has a negative effect on our programme and budget.

Chapter 3

Table 48: Road infrastructure 2008/09 - 2012/13

Year	Gravel				Tar/Asphalted			
	Total km	Newly constructed	Upgraded to tar	Maintained	Total km	Newly constructed	Re-sheeted	Maintained

* Including past and future expenditure as planned

The variation on the Ramotshinyadi Bridge & Sasekani to Nkowankowa road projects is due to the fact that these are multiyear projects and the projects did not exceed the total project value.

Table 54: 2013/14 Planned Targets for road infrastructure development

Moruji to Maswi: Upgrading Road from Gravel to Tar: Phase 2 (6km)	R26 315 789	R3 684 210	R30 000 000
Rita to Mariveni: Upgrading Road from Gravel to Tar: Phase 2 (6km)	R26 315 789	R3 684 210	R30 000 000
Upgrading of Runnymede Sports ground	R14 142 600	0	R14 142 600
Mamitwa, Babanana, Jopie to Xihoko: Upgrading of Road from Gravel to Tar: Phase 2 (7km)	R23 738 462	R5 303 348	R29 041 810

In **Tables 54-56** above the three year plan - the priority list on roads is presented. Priorities were done by Council after needs of communities were received. Capital expenditure for 2012/2013 is very low because of the following factors:

- Slow supply chain processes
- Court interdict delayed construction

Chapter 3

- Consultants appointed were very slow to produce documentation

We do not foreseen variation outside the budgets because of the ten percent contingency amounts in the existing budgets. In the previous year only regravelling was done in the budgets.

3.8 LICENSING

The Vision of the Licensing and Testing Division is to be the best performing Licensing and Testing Division in Limpopo. Clients can be assisted at Tzaneen and Nkowankowa DLTC with issuing of learners and drivers licenses and also the renewal of drivers' licenses. The Registration Authority at the main building assists with all vehicle licenses and registration issues.

Challenges faced are:

- Insufficient parking for clients in front of the main building,
- Air conditioners at DLTC that's not working for the past 3 year and
- Telephone lines that are not working at DLTC for the past 3 years.
- Applicants that are flocking to the 2 testing stations to get assistance for learners and drivers licenses
- Corruption at the testing stations and the overcrowding of driving schools at the testing stations

The top 3 service deliveries priorities are vehicle renewal, registration and licensing of vehicles and the issuing of learners and drivers licenses. The outline approach is that all licenses which are issued must be issued in terms of the National Road Traffic Act, procedures and K53 manuals. Initiatives introduced to improve service delivery:

- All offices are open during launch hours and we also assist bigger companies from neighbouring Municipalities in registration and licensing issues.
- We have also introduced the electronic booking system and the electronic learner's license system in Tzaneen DLTC only.
- Establishment of Mopani Licensing Forum where all Municipalities of Mopani District are meeting

Chapter 3

Table 57: Licensing and Testing services 2008/09 - 2012/13

Year	Number of vehicle licenses issued	Number of drivers licenses issued	Number of professional driving permits	Revenue collected (R)
2008/2009	38390	15646	2844	R 8 677 681
2009/2010	43531	14826	3259	R 12 424 800
2010/2011	47109	22810	3089	R 24 419 793
2011/2012	50488	16914	3453	R12 45 816
2012/2013	54202	18415	3618	R 20,463,353

Figure 6: License applications processed

Table 58 : Number of new vehicles registered

Year	Number
2008/2009	11882
2009/2010	11143
2010/2011	12364
2011/2012	12827
2012/2013	12287

Chapter 3

Figure 7 presents the number of vehicles registered from 2008/09 to 2012/13, showing a marked decline since 2011/12. This is most probably linked to the international economic slow-down, which has resulted in a reduction in the sales of new vehicles.

Chapter 3

Table 59: Licensing Service Delivery targets for 2012/13 as contained in the SDBIP				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Licensing Services	% of people with access to learners, drivers licenses and vehicle licensing	100%	100%	None

Net Operational (Service) Expenditure	11097	9 401	8 713	1 494	7 219

5 year targets are set out in the IDP and all falls in the approved budget.

Chapter 3

COMPONENT C: PLANNING AND DEVELOPMENT (TOWN PLANNING & LED)

This component includes: Town Planning; and Local Economic Development.

Land Use and Land Claims

Approximately 66% of the total land area is privately owned while 33% of the total land area is owned by the state mainly in Traditional Authority areas. A negligible extent is municipal commonage. Land is a precious resource that forms the basis of a nation's wealth, security, pride and history. It is a major resource on which all spatial development proposals are based. Land and its ownership and use play an enormous role in shaping the political, economic and social processes.

Tribal land is not under Municipal control. Land restitution and land redistribution are all part of the Government's Policy on land reform. Land restitution is a programme to restore land to people who were dispossessed since 1913. Currently there are almost 45 claims that have been lodged with the Land Claims Commission within Greater Tzaneen Municipality. The number of these claims provides an indication of the extent and potential impact these claims may have on the SDF planning proposals.

Tourism

Since the establishment of the Local Tourism Association, tourism activities and events are well coordinated. There is a good working relation between the Municipality and other government institutions including parastatals and privately owned organization (LEDET, TEP, LTPA, Tzaneen Info). Currently the Municipality has seconded a Tourism Officer to LTPA Tourism Centre for the distribution and dissemination of tourism information and she also serves as a link between the two. We currently have an updated database of tourism product owners, which is readily available and will be annually reviewed.

The Municipality still needs to address the following:

- Strengthen the relationship with other tourism role-players for sustainable and continuous tourism.
- To identify a Tourism Landmark which will identify Tzaneen as a unique Tourism destination
- Information on Tourism beds and coordinated tourism visitations

Chapter 3

Agriculture

The Municipality is largely dominated by Agriculture which is also regarded as a major contributor in job creation. Due to unresolved and/or rather slow redistribution process it is now on the decline. Since there are uncoordinated agricultural activities, the Municipality therefore held a summit in June 2013 which resolved to form partnerships for support and mentorship. The Department of Agriculture and Department of Rural Development will be taking the leading role in the process, while the Municipality facilitates the processes. There is still however serious challenges which some may need higher level intervention:

- Disputes within governance structures including beneficiaries after land restoration
- Marketing and value addition processes
- Agricultural landmark for Tzaneen as a Tropical Paradise
- Global warming

Business

Business within Greater Tzaneen plays a significant role in terms of job creation emanating from small, medium, micro enterprises (SMME). These also include the non formal sector which also contributes significantly in terms of job creation and poverty reduction, mainly within the agriculture and trade sectors. The Tzaneen Business Chamber has a good relationship with the Municipality wherein issues regarding service delivery are addressed for a healthy business environment. GTEDA currently facilitates development of shopping centres, emanating from the studies done previously. Other development agencies which support SMME's are SEDA and LEDA. The Annual Report for GTEDA is attached as [Annexure B](#).

Challenges identified include:

- No policies to guides new development with economic impact (job creation, local business empowerment, etc)
- SMME consolidated database and a skills base profiling for the entire Municipal area
- Tribal Land which are earmarked for development purposes

Chapter 3

Total	R525 700	R525 700	R156 600	-R368 000	

* Including past and future expenditure as planned

The township establishment process for the Shiluvane Library was put on hold, pending cabinet approval of legislation. The four priority areas currently undertaken are not funded from capital funds but from operational expenditure namely:

- Formalization of townships
- Rezoning
- Built environment (consent use applications)
- Spatial Policy development
- Demarcations of rural sites
- Permission to occupy applications, rural business development.

During 2012/2013 an amount of R989 000 was been allocated to be utilized in four (4) projects namely:

- Establishment of High Density Residential for middle income group on Portion 6 of the Farm Pusela 555-LT at the allocation of R400,000.
- Acquisition of Trust Land on Mohlaba's Location to secure Municipal assets already constructed on the land (Shiluvane Library building) at allocation of R480,000.
- Review of Spatial Policy, Tzaneen Nodal Plan and Density Policy at cost of R300,000.
- Nkowankowa Local Area Plan – R397 000.

However only two projects were accomplished namely: the *High Density Residential on Farm Pusela 555 LT* and *Nkowankowa Local Area Plan*. The remaining two projects are still in the process of procurement. To-date, an amount of R704 000 has been spent on both projects, which represent 72% of the total budget. The remaining two projects will probably commence in March 2014 or once procurement has been finalised and will be completed in 2013/14.

Chapter 3

3.9 LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES)

The five pronged GTM LED Strategy 2012 (2007 review) aims to create 12,500 new jobs over next the five year planning period. This will be done on the following basis:

- Improved Municipal Service Delivery
- Community Development
- Nodal Development
- Unlocking Resource Potential
- Informal Sector Development Support

The above will also address the following projects as identified for implementation:

- **Sapekoe Tea Estate:** GTEDA managed to rehabilitate the tea estate in Middlekop wherein 500 jobs were created. The second phase will focus on further rehabilitation and investor match making for diversification of products. It is anticipated that another 200 new jobs can be created which will result in growth employment and equity where in other communities will benefit.
- **Systematic Agricultural Scheme Support:** The project will seek to support 4 agricultural schemes/cooperatives with a potential to create at least 5000 jobs (1200/scheme) at a turnover of R5m per annum.
- **Revitalization of the Tours Scheme:** The revitalization process seeks to empower the 15 farmer cooperatives, considering the local shelf market in relation to vegetable and maize production. The operations will significantly change the lives of the community around Tours with an impact on poverty. It is envisaged that 240 permanent jobs will be created; this will increase to 500 seasonally.
- **Establish Agri-Business SMME Regional Centre:** The Pula-Mpfula SMME Regional Centre will focus on Research and development on small scale farming and products.
- **Greater Tzaneen Export Centre/Council:** This export potential within Greater Tzaneen Municipality lacks the necessary government support and is fragmented. In order to improve their competitiveness and growing number of exporters, particularly those in agricultural

Chapter 3

related products, a structure in the form of Export Council must be established and registered with the Department of Trade and Industry. The benefits will be:

- ✓ Increased export and markets which will in turn create more jobs
 - ✓ Maximise foreign earnings and sustain economic growth
 - ✓ Trigger export related industry expansion
 - ✓ Mobilization of resources
- **Nkowankowa Industrial Site:** The aim is to engage LEDA through GTEDA to jointly strategise on how to bring the site to its former glory. GTEDA should design a Marketing and Investment Strategy for the site which will encourage the local market investor targeting production, backward linkages and downstream products.
 - **Development of Retail Nodes:** The studies conducted previously through GTEDA recommended the development of convenient retail centres across strategic nodes in the GTM area. These will result in creating more jobs, increased sourcing of local products, ensure SMME Development and ensure local participation (equity). The retail nodes development is looking at creating 600 temporary jobs during construction while envisaged employment will be 800.
 - **Tourism Landmark Project:** The study done through GTEDA on Tourism further recommended for Tourism Landmark around one of the dams in Tzaneen. This type of development seeks to create 400 new jobs and generate R5m per annum.

Sector	2010	%
Agricultural, Forestry & Fishing	4119	8.3
Mining and Quarrying	579	1.2

Chapter 3

Communities living in abject poverty

The CWP project, as a means of poverty reduction, was initiated in 4 wards, to date the project has been expanded to 5 more wards and since managed to create ± 2000 jobs. The project ‘Research and Poverty Monitoring Tool’, implemented in Ward 1, in partnership with the University of Venda, has been completed. However, GTM is still awaiting a final report. During its implementation phase of conducting research, 13 young people were employed for a period of 3 months. The aim the initiative was to measure the poverty level of the area with a view to come up with interventions which will also address the needs of the communities. The Municipality wishes to expand the initiative to the rest of the Municipal area in order to be able to get a baseline and monitor impact on service delivery.

Table 68: Gross Value Added (GVA) per sector in GTM at constant 2005 Prices, R'm (Global Insight Database)

Sector	2008/2009	2009/2010	2010/2011	% 2010

Total	5784	5575	5710	100.0

The LED Division has facilitated various projects; the table below presents the job creation.

Table 69: Job creation per project for 2012/13

PROJECT	JOB'S CREATED
Sapekoe	526 permant 500 for 1 month
Mokgoloboto	152
Banareng	206
Leather making	16
Batlhabine	185

Chapter 3

Project	Short term	Medium term	Long term
Improved Municipal Service Delivery	<ul style="list-style-type: none"> • Prioritization of vacancies • Customer satisfaction survey • Coordination in the Public Sector • Eradication of service delivery backlogs 	<ul style="list-style-type: none"> • Source funding • Implementation 	Monitoring and evaluation
Nodal Development	<p>Urban Nodes</p> <ul style="list-style-type: none"> • Establish nodal development team • Prepare Nodal Development Framework <p>Rural Nodes</p> <ul style="list-style-type: none"> • Prepare a recommendation on the approval of rural nodes • Prepare local area plans 	<ul style="list-style-type: none"> • Source funding • Implementation 	Monitoring and Evaluation

Expanded Public Works Programme

The 2012/2013 EPWP Incentive Grant allocation was R 935 000. **Table 71** below, depicts job creation achievements.

Year	Work opportunities	FTE,s	Performance by Municipality	Percentage performance per financial year
2009/2010	510	174	213	42%
2010/2011	594	203	228	38%
2011/2012	714	246	378	53%
2012/2013	960	331	566	59%
Total	4069	1399		

EPWP jobs were created in the Infrastructure sector and also the Environmental and Culture sector.

See **Table 72** below:

Chapter 3

SECTOR	Projects	TARGET		PROGRESS		DEMOGRAPHIC INFORMATION		
		Work Opportunities	Full Time Employment	Work Opportunities	Full Time Employment	Women	Youth	People With Disability
Infrastructure	17	387	331	183	184	34	107	0
Environmental and Culture	21	453		383		189	173	6

EPWP Achievements

- ✓ EPWP job creation targets were incorporated in the Performance Agreement of Section 57 Managers responsible for service delivery
- ✓ 100% of the allocated 2012/2013 EPWP incentive grant was spent
- ✓ Alleviate poverty within rural areas by ensuring that ± 245 household had food on their table on at least a temporary basis
- ✓ We were able to provide refuse removal services to some of the rural areas
- ✓ Lobbied for inclusion of people with Disability within our projects and currently we have 7 that are temporary employed.

EPWP Challenges

The implementation of EPWP is not yet integrated into all planning activities of Council. Five-year EPWP targets must still be included in the IDP.

Tourism and Marketing

While Tourism is one on the major economic developmental opportunities within GTM, we need to establish the 'Tourism Landmark' which will identify Tzaneen as a unique Tourism destination. The Municipality has managed to establish the Local Tourism Association and a sustainable relationship/partnership with local tourism product owners. In terms of the revised LED strategy, GTEDA should be the implementing agent for the Municipality in the following four keys:

- Tourism product development
- Tourism skills development

Chapter 3

- Tourism marketing
- Events Management

The Limpopo Tourism and parks Agency, being the main marketing agency for the entire provincial tourism development, the LTA at local level together with the Municipality compliment the role during local, provincial and international trade events/publications as depicted in the table below:

Events	Publications
Marula Festival	Brochures
Indaba Trade Show	DVD's
Letaba Expo	Magazines
Getaway show	Local newspapers
Muhlaba Day	
Nwamitwa Day	
Flea markets and Arrive Alive campaigns	

Wards participating	Number of cooperatives	Number of jobs	Output (work done)
Ward 16	0	250	<ul style="list-style-type: none"> • School support programme • HIV/AIDS • Crime prevention • Construction • Cemetery cleaning • Agriculture • Road maintenance • Early childhood development
Ward 18	0	200	
Ward 22	0	280	
Ward 29	0	220	
Ward 30	0	200	
Ward 32	0	239	
Ward 33	2 (Sewing; Gardening)	300	
Ward 34	2 (Gardening, Sewing, Horticulture, Electrical)	250	
Total no of Participants		1939	
Total no of Coordinators		16	
Total no of site staff		8	
Total no of CWP members		1963	

Chapter 3

The CWP was initiated as a National Presidential programme with a view to address the challenges of unemployment and poverty. The focus is on women and they work for 3 days in a week at a rate of R65/day. The programme is currently implemented in the wards presented in **Table 75**:

Ward	Village	Ward Councilor
16	Mahlogwe, Leseka, Bvumeni and Lephepane	Cllr. R Rikhotso
18	Khujwana, Muhlaba cross and Bridgeway	Cllr. P Nghonyama
22	Rita, Lefara, Khopo, Mankweng and Mafarana	Cllr. C Makwala
29	Sunnyside, Myakayaka and Burgersdorp	Cllr. NA Masila
30	Tickyline and Matshelapata	Cllr. L Pudikabekwa
34	Rasebalana, Khopo, Lephepane and Thabina	Cllr. M Letsoalo
33	Leolo	Cllr. D Maake
32	Khujwana and Topanama	Cllr. S Raganya

Main objective

- To create jobs to address the unemployment rate
- To promote safe and healthy living environment
- To promote healthy eating amongst poor people and those infected or affected by diseases

Activities

- Awareness campaign about the risk factors of alcohol, teenage pregnancy, high rate of crime and rape.
- To establish food gardens at Public buildings (schools, churches and clinics)
- Cleaning and paving public area (clinics, schools, churches) and removing unwanted grass, weeds, shrubs etc.
- Landscaping/Vegetation control
- Sewing
- Regravelling main roads and streets
- Pavement at schools and churches using bricks and sand.

Chapter 3

Village	Number of Jobs
Mahlogwe, Leseka, Bvumeni and Lephepane	250
Khujwana, Muhlaba cross and Bridgeway	200
Rita, Lefara, Khopo, Mankweng and Mafarana	280
Sunnyside, Myakayaka and Burgersdorp	220

Rasebalana, Khopo, Lephepane and Thabina	239
Leolo	300
Khujwana and Topanama	250

Population Section	Number of Jobs
Female youth	870
Male youth	440
Female adult	237
Male adult	315
Male and female pensioners	71
Coordinators	120
Total	2053

PARTNERSHIPS

Through the partnerships with GTEDA the Planning & Economic Development Department was able to attract additional funding for investment in projects within the Municipal area for the enhancement of economic development. The following partnerships were established:

- SEDA – SMME Development
- University of Venda – Research on Poverty Monitoring Pilot Tool
- LTPA – Tourism marketing
- Tzaneen Business Chamber – Events and Tourism marketing
- LEDET – Hawkers

The Annual Report for the Greater Tzaneen Economic Development Agency is herewith attached as [Annexure B](#).

Chapter 3

Table 78: Targets for LED as contained in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Extended Public Works	<i># of jobs created through EPWP projects</i>	3000	520	Litigation of infrastructure projects. Institutional arrangement was not clearly resolved
Extended Public Works	Facilitating EPWP (ESD)	Monitor progress with the implementation of EPWP and report progress to Council on a monthly basis. Submit job creation statistics to PED	159 job opportunities were created and the reports are forwarded monthly to provincial department	Initially targets for EPWP job creation where not set.
Enterprise Development (SMME support)	<i># of jobs created through municipal LED initiatives</i>	600	1827	None
Poverty Reduction and empowerment	<i>% reduction in unemployment</i>	5%	-5%	Only source of information is Stats SA 2001 vs. 2011, unemployment increased
Community Works Programme	Number of job opportunities created through the CWP	No target -reporting	1931	CWP initiated from COGHSTA, target not set by GTM initially
Enterprise Development (SMME support)	<i>R-value sourced for LED initiatives</i>	R2,500,000	R4,000,000	None
Agriculture	Land Reform/Agriculture project support	Facilitate land reform forum meeting. Attend monthly and	3 Land reform forum meetings facilitated	None

Chapter 3

Table 78: Targets for LED as contained in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
		quarterly meetings for identified agricultural projects and facilitate services to be provided to the identified projects (Tours, Mokgolobotho, Sapekoe, Banareng, Bathlabine, Kgatle, Mkomomonto, Maitjeng and Balepye). Engage stakeholder in freight study through DRT and support during events	Attended monthly and quarterly meetings for Tours, Mokgolobotho, Sapekoe, Banareng, Bathlabine, Kgatle, Mkomomonto, Maitjeng and Balepye projects and facilitated services to be provided to these projects.	
Agriculture	Renovation of Sapekoe staff compound	Report on progress with the implementation of the Renovation of the Sapekoe staff compound by GTEDA	Staff compound completed by Dec 2012	None
Community Works	Community works support	Support, attend and chair meetings and liaise with internal departments regarding the implementation and maintenance of the identified projects. Report quarterly on jobs created through the CWP	Attended the CWP Local Reference Committee held on the 26th of March 2013. Interviews coordinators for wards 29 and 30 were held on the 8th of April 2013 and appointed to start in May 2013.	None
Enterprise Development (SMME support)	Commercialisation of the Tzaneen Airfield	Liaise with MDM on implementing the Airfield Feasibility study	MDM function, meeting of the airfield control board is taking place.	None
Enterprise Development (SMME support)	GTEDA Sustainability	Provide continuous support to GTEDA to ensure self-sustainability. Attend board and monthly meetings as per invitation and schedule. Monitor adherence to SLA	Packaged the GTEDA public participation report and submitted to National and Provincial Treasury, Auditor General, COGHSTA and SALGA on the 8th of May 2013. Attended the Tours agriculture and Tourism meetings per their invites.	None

Chapter 3

Table 78: Targets for LED as contained in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Enterprise Development (SMME support)	<i>LED strategy review</i>	Submit LED projects from revised strategy to GTEDA & IDP for prioritisation and implementation. Monitor progress	LED strategy was adopted on 28 June 2013, Council Resolution number A 17	None
Enterprise Development (SMME support)	Partnerships and Stakeholder meetings	Facilitate the development of MOU's with LDA, Hand in Hand and Limpopo LED Resource Centre. Strengthening of partnerships and facilitate bi-monthly meetings with LED forum members.	Managed to facilitate MOU for: Hand in Hand, TIL and Univen. MOU with SEDA signed, to be reviewed for financial year 2013/2014. Sector forum meetings held for Agriculture, Tourism and Business Chamber.	TIL MOU on hold due to amalgamation to LEDA.
Enterprise Development (SMME support)	SMME strategy development	Presentation of the final document and Council resolution.	Project suspended, awaiting the finalization of the LED Strategy.	None
Enterprise Development (SMME support)	<i>SMME Support</i>	Facilitate the establishment of partnerships with development agencies Facilitate establishment of cooperatives within CWP projects and other cooperatives and build relationships	4 cooperatives were established through CWP in ward 34: Horticulture, Decor Waving, Sewing and Solar Energy. Identified 40 cooperative members to attend the New Venture Creation skills development training facilitated by Tzaneen FET to start from the 22 April to 26 July 2013.	None
Enterprise Development (SMME support)	<i>Tannery and Leather making</i>	Report on progress with the implementation of the Tannery and Leather making project by GTEDA	Cooperative members were trained on Financial Management, Cooperative Governance, Costing and pricing, Marketing, fund raising customer care. Trained in the making of leather products.	None
Poverty	<i>Employment Database</i>	Maintain Employment Creation	Database on jobs created through CWP,	Budget constraints, also

Chapter 3

Table 78: Targets for LED as contained in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
reduction & Empowerment	<i>Development</i>	Database	jobs created is 1931.	coordinated through the District.
Poverty reduction & Empowerment	<i>Poverty Alleviation strategy</i>	Pilot the development of a Poverty Alleviation strategy in Ward 1. Report progress. Ensure capacity building of Municipal Employees by UNIVEN	Data capturing is completed. Received a delegation from Philippines on the 15th of May 2013. Village mapping was done. Currently the University is busy with data capturing data.	None
Tourism	<i>Tourism Support</i>	Facilitate LTA meetings and ensure inclusive participation by other community Tourism structures. Coordinate monthly meetings and share information based on Tourism.	Attended the GLM Tourism Forum meeting on the 11th of April. Organized training in customer care from 12 - 30 of April 2013. Held plenary meetings for Indaba on the 12th and 16th of April 2013. Undertaken site visits to Sekgopo on the 11th of June and Thabina on the 28th of June 2013.	None
Tourism	<i>Tourism Events</i>	Co-ordinate tourism activities as per annual calendar and in conjunction with business and marketing division Facilitate Indaba, Flea market. Finalise and adopt the developed route	Attended the Indaba show from the 10th to the 14th of May 2013. Flea market not coordinated	None
Tourism	<i>Tourism Framework</i>	Monitor progress with the drafting of a framework and report progress. Draft Framework ready for discussion	Tourism Concept document on various projects has been compiled.	None
Economic Growth and Investment	# of GTEDA board meetings attended	4	1	Board term of office expired, awaiting final approval from National Treasury

Chapter 3

Table 78: Targets for LED as contained in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Economic Growth and Investment	# of networking meetings	8	12	LED: Gala Dinner (5 June 2013) Land Reform Summit (6 June 2013)
Economic Growth and Investment	# of joint projects initiated with related stakeholders	5	5	None
Economic Growth and Investment	Alienation of sites	Manage the alienation of sites . Identify available land for alienation. Prepare documentation for the servicing of sites and implementation to ESD and submit to CFO for advertising and awarding of bids.	2 sites donated for RDP houses, 49 sites at Dan Ext 2 in process of being sold through SCM process	Delays in SCM, the tender was evaluated and waiting for adjudication by BAC

Chapter 3

COMPONENT D: COMMUNITY & SOCIAL SERVICES

Aged Care

Although Aged Care is not a function of the Municipality, GTM has 37 bachelor housing units (Pioneer Old Aged units) that are being rented out to those aged that are dependent on social grants. There is a waiting list which is updated on a daily basis, as and when requests are received. These units are maintained by the Engineering Services Department.

3.10 LIBRARIES; MUSEUM; COMMUNITY FACILITIES

Parks and Community Facilities

Parks in rural areas remain limited and although the plan is to provide at least one park per Ward, funding would still be required. The Ward Committees have been tasked to identify areas for parks development in their respective Wards and no development has taken place yet. The grass cutting is done in 2,006,647m² and grass slashing is done in a area of 1,188,29 m².

GTM have three Community Halls i.e at Nkowankowa, Lenyenye, Julesburg Stadium Hall then also Mini-Tzanie Park Hall, Rhelela; Runnymede and Lesedi. These halls are booked to control access and for recording purposes and to collect some funds for sustainability. Only the three community halls are rented out, the usage of the others are free of charge. The halls surroundings are kept clean for maximum usage, to attract users and to promote safe and healthy environment. Communities living in poverty are currently utilising the halls at Rhelela, Bulamahlo, Lesedi and Julesburg for free, even though this is not sustainable, as these facilities needs to be maintained. As it is, the maintenance of community halls is not done as it should be, due to budget constraints.

The Museum is operational and objects are explained to visitors. The building is very small and need to be extended. Application of funds to construct a multi purpose museum is made to MIG . The Museum is currently operated by a Private Curator with his artefacts and the GTM seek to have its own collection and manage the facility, due to misunderstandings between the Private Curator and the GTM.

Chapter 3

Libraries

Library Services, an unfunded mandate, is the joint responsibility of Municipal authorities and the Department of Sports, Arts & Culture (DSAC). The GTM has entered into a Service Level Agreement with the Limpopo Provincial Library Services, DSAC. In terms of the Service Level Agreement the Municipality is responsible for infrastructure, staff and operational costs. The Provincial Library Services is responsible for supplying furniture, equipment and reading material. The top three Library Service priorities are:

- Access to balanced book collections and lending services;
- Information services, with the emphasis on school project help and user education
- Educational holiday programmes and book-related arts and craft events, including an annual reading competition.

During 2012/2013, 93,984 people used the GTM libraries; 80,907 books were lent out; 104 school groups visited the libraries; 650 assignment topics were assisted with; 10 big and 16 smaller book related events were hosted; 3 holiday programmes were held and 1039 learners entered the library competition. The GTM Library Services constantly strives towards building relevant collections and providing friendly and efficient services. For that reason, communities from all over the Greater Tzaneen Municipality area and beyond use the libraries. Access to the libraries, project assistance and information is free of charge.

Public Work's construction of the new libraries at Shiluvane and Mulati continued throughout 2012-2013, and the DSA&C estimates that the libraries should be operational by April 2014 (Shiluvane) and June 2014 (Mulati). Both libraries are funded by National Library Grant funding, through the DSA&C. The GTM's Vision for Library Services is to build new libraries accessible to all, especially in rural areas and in all clusters. The infrastructure status quo and maintenance and development requirements of the three operational GTM libraries are presented in the tables below:

Chapter 3

Table 82: Tzaneen Library details	
Location	38 Agatha Street TZANEEN 0850
Characteristics	<p>Size 1019 square meters (Including entrance hall, stacks, offices, store-rooms, study hall and toilets) Rand worth: R6,114,000</p> <p>Number of books in the library 46,834 books</p> <p>Library <i>Seating capacity</i> 70 (Seated at tables) <i>Use</i> The library is used to house books for information and recreation and as a study and information centre.</p> <p>Study Hall: <i>Seating capacity</i> 42 (Seated at tables); 60 if used as lecture hall. <i>Use</i> During office hours the study hall is used by students studying and after hours as a lecture hall, workshop room or recreational centre.</p>
Number of beneficiaries	Library: : 50,000 users per annum Study Hall: 5,000 users per annum
General maintenance	The building is maintained by the Engineering Department's Building Division. The entire floor was tiled, the outside walls painted and the roof resealed in 2012/13. The public toilets regularly require repairs by the Water, Sewer and Plumbing Division. The Electrical Engineering Department maintains the electricity in the building, including lighting and air-conditioning. The building is cleaned by GTM cleaners on weekdays
Maintenance and building requirements 2013/14 – 2015/16	<p>2013/14</p> <ul style="list-style-type: none"> • Additional library counter as counter space is insufficient for computers and scanners once the library is computerized. Counter to fit in space available (approximately 2, 8 meters in length), and have shelving or a drawer underneath counter top. Library staff must be able to sit behind the counter. The counter top must be broad enough for a computer, scanner and tattle tape scanning machine. Must be real wood, in Kiaat or similar, matching existing counter. • 2 Air dryers for toilets. • Servicing of air conditioners <p>2014/15</p> <ul style="list-style-type: none"> • Enclosure of library storeroom with a wall (6.5x3m) on the side enclosed with steel bars. <p>2015/16</p> <ul style="list-style-type: none"> • Expansion of Study Hall by 20 square meters.

Chapter 3

Table 83: Haenertsburg library details	
Location	7 Marè Street HAENERTSBURG 0850
Characteristics	<p>Size 235 square meters. Rand worth: R1,410,000</p> <p>Number of books in the library: 11,384 books</p> <p>Library: <i>Seating capacity</i> 20 (Seated at tables) <i>Use</i> The library is used to house books for information and recreation and as a study and information centre. Internet access is available free of charge.</p> <p>Turner Room (Board room): <i>Seating capacity</i> 12 (Seated at table) <i>Use</i> The Turner Room is used for community meetings such as the Police Forum and for recreational activities such as library holiday programmes.</p> <p>Finance Office: <i>Seating capacity</i> 2 Staff members. <i>Use</i> Municipal accounts are paid at the office.</p>
Number of beneficiaries	Library: 14,000 users per annum Turner Room: 1000 users per annum Finance Office: 500 users per annum
General maintenance	The building is maintained by the Engineering Department's Building Division. The public toilet is repaired when necessary by the Water, Sewer and Plumbing Division. The Electrical Engineering Department maintains the electricity in the building, including lighting. The building is cleaned by GTM cleaners from Mondays to Thursdays.
Maintenance and building requirements 2013/2014 – 2015/16	<p>2013/14:</p> <ul style="list-style-type: none"> • 3 Air dryers for toilets. • Blinds for library, Turner room, passageway and finance office. • Air conditioning. <p>2014/15:</p> <ul style="list-style-type: none"> • Expansion of library by 50 square meters. <p>2015/16:</p> <ul style="list-style-type: none"> • General maintenance.

Chapter 3

Table 84: Letsitele Library details	
Location	61 Kort Street LETSITELE 0850
Characteristics	<p>Size 130 square meters (Including library, small library store-room and finance office) Rand worth: R780,000 Separate Council building, which includes offices, toilets and kitchen, not included.</p> <p>Number of books in the library: 12,690 books</p> <p>Library: <i>Seating capacity</i> 40 (Seated at tables) <i>Use</i> The library is used to house books for information and recreation and as a study and information centre, as well as for recreational holiday programmes. Internet access is available free of charge.</p> <p>Finance Office: <i>Seating capacity</i> 2 Staff members. <i>Use</i> Municipal accounts are paid at the office and arrangements for sewerage removal in Letsitele are made via the office.</p>
Number of beneficiaries	Library: 20,000 users per annum Finance Office: 3,500 users per annum
General maintenance	The building is maintained by the Engineering Department's Building Division. The building was enlarged and renovated in 2003. All tiles were replaced in 2006. The Electrical Engineering Department maintains the electricity in the building, including lighting and air-conditioning. The building is cleaned by GTM cleaners on weekdays. Estimated cost of maintenance p/a: R23,400 (4% of total worth)
Maintenance and building requirements 2013/2014 – 2015/16	<p>2013/14:</p> <ul style="list-style-type: none"> • 2 Air dryers for toilets in office block. • Upgrading of air conditioners. • Expansion of library by 100 square meters, including enlargement of current counter and library area, building of separate study/activities room and staff tea room. • Expansion of wooden library counter as counter space is insufficient, and will be more so once computers and scanners are placed on counter when library is computerized. The counter top must be broad enough for a computer, scanner and tattle tape scanning machine. Must be real wood, in oak or similar, matching existing counter. <p>2014/15:</p> <ul style="list-style-type: none"> • Building of new public ablution block outside library. <p>2015/16:</p> <ul style="list-style-type: none"> • General Maintenance

Chapter 3

The challenge with Library Services infrastructure development and maintenance is that the responsibilities between the Municipality and the DSAC are unclear. The DSAC requests municipalities to submit infrastructure and maintenance requirements annually, to be addressed by the National Library Grant, which is administered by the Limpopo Provincial Library Services, DSAC. The DSAC has to date not informed the GTM which of its requests for infrastructure and maintenance at its existing libraries it will meet, making it very difficult to plan or budget.

Chapter 3

Table 85: Library Service Delivery Targets as set out in the SDBIP for 2012/13

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Library Services	# people using the GTM libraries	84500	93984	None
	# of new libraries developed	1	0	Shiluvane and Mulati libraries not yet complete and not yet handed over to the GTM.
	Assistance to community libraries	Assist with the establishment of community Libraries through facilitating Biblionef donations providing a simplified Library management guide and rudimentary training.	Library management guide and Biblionef forms given to three fledgling community libraries and two schools, 171 Books and 250 National Geographic magazines donated to schools and fledgling community libraries. Rudimentary training in accessioning given to the library staff of the Lenyenye Community Library	None
	Book related events	3 Holiday programmes and 6 book related arts and culture events arranged and hosted.	3 Holiday programmes, 10 big and 16 smaller book related arts and culture events arranged and hosted.	None
	Library development and reading promotion	Ensure that accurate information services, continues user education, prompt lending services and balanced collection development takes place	93984 Library users 80907 Library items distributed, 116 Displays mounted, 104 School groups hosted, 650 school project themes assisted with 889 Donated books processed.	None
Library Infrastructure	Construct and establish new libraries (Shiluvane Library)	Manage the Shiluvane Library	A letter to the DSAC advising on placement of new libraries was forwarded to the DSAC in April. Attended Shiluvane and Mulati site meetings on 15 May. EXCO item on the Mulati Library was approved on 7 May.	The Shiluvane and Mulati libraries are nearing completion. Once completed, they will be formally hand over to GTM.

Chapter 3

Table 86: Parks service delivery targets as set out in the SDBIP for 2012/13

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Parks and Open space Management	<i>% of households with access to parks</i>	12%	12%	None
	# of dedicated parks maintained (developed)	7	7	None

Total	96	63	34.3%	97	86	11.3%

The building and establishment of new libraries is the responsibility of the Provincial DSAC (Library and Archives). Operational funding for new libraries is a challenge to the GTM (see financial performance for 2012/13 in **Table 89**). A letter requesting operational funding for the Shiluvane Library for two years has been written to the MEC for Sport, Arts and Culture. The letter was acknowledged but not yet responded to.

Chapter 3

Table 89: Financial Performance 2012/13: Libraries (R'000)

Net Operational (Service) Expenditure	-3376	-5 010	-4 806	-4 682	124

At a meeting of the GTM Sports, Recreation, Arts and Culture Cluster Committee on the 19th of February 2013, Councilors agreed that, as the two new libraries built through the DSAC at Shiluvane and Mulati are situated within the Bulamahlo and Lesedi clusters, the next new libraries should be built within the remaining two cluster areas, Runnymede and Relela. A letter, requesting that new libraries be placed in Runnymede and Relela was signed by the Municipal Manager and sent to the Senior Manager, Library and Archives (DSAC Limpopo).

Chapter 3

Table 91: Capital Expenditure 2012/13: Parks & Community Facilities (R'000)					
Capital Projects	2012/2013				
	Budget	Adjustment budget	Actual Expenditure	Variance from original budget	Total Project value*
None					
Total	0	0	0	0	

Funding is too limited to accommodate all community needs which require capital funding, such as parks development in rural areas of GTM. Funding for renovation of existing parks at Lenyenyé, Nkowankowa and Haenertsburg was included in MIG for 2013/14. A service provider was appointed to supply brush cutters and bush cutters in 2012/13 but withdrew due to technicalities.

3.11 CEMETERIES

GTM have 136 cemeteries and only 6 are maintained monthly and the rest of the cemeteries are in rural areas. A Proposal for Partnership in cemetery maintenance was presented to South African Funeral Practitioners Association SAFPA members, representative of Provincial SAFPA and Mopani District Municipalities on 29 November 2011 and still awaiting feedback. This was done as a means to improve performance irrespective of financial constraints and as a means to support poor communities. However, currently there is no buy in. In 2012 and 2013, application for funding was sent to the Department of Environment and Tourism and GTM still awaiting a response.

Lenyenyé Community received land from Nkuna Tribal Authority for a new cemetery and development has started. There is a great need for cemetery extensions, fencing, construction of ablution facilities and cemetery maintenance in the rest of GTM cemeteries. Currently there are volunteers who are cleaning cemeteries in various Wards. GTM procured and handed out cemetery registers to keep record in all rural areas. We managed to provide burial space to all GTM communities. The challenges are funds for fencing, construction of ablution facilities and cemetery maintenance. For the new Lenyenyé Cemetery the G24 Rectification process will commence in 2013/14 because the land was cleared before the Environmental Impact Assessment could be done.

Chapter 3

Table 92: Cemetery service delivery targets as set out in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Cemetery maintenance and upgrade	<i># of Cemeteries with amenities</i>	89	89	Lenyenye & Nkowankowa cemeteries not yet established/ extended
	Cemetery Management	Maintain existing cemeteries and liaise with Land, Property and Housing Division for the acquisition of land for new cemeteries	All existing cemeteries are maintained, PED acquired land for Lenyenye cemetery, but the matter is still to be finalised with Nkuna and Mogoboya Tribal Authorities	None
	Cemetery Register (Rural)	Monitor the usage of the rural cemetery register and capture data on a monthly basis	136 cemetery registers were handed over to all GTM wards in April 2013. Consolidated data is collected monthly from end April 2013	None

Chapter 3

The responsibility to manage Cemeteries and Parks reside in the same division and the personnel fulfils both functions with the operating budget also covering both functions. For the number of employees allocated to parks (cemetery) refer to Table 88 and for financial performance to Table 90.

Table 93 : Capital Expenditure 2012/13: Cemetery services (R'000)					
Capital Projects	2012/2013				
	Budget	Adjustment budget	Actual Expenditure	Variance from original budget	Total Project value*
None	0	0	0	0	0
Total	0	0	0	0	0

The cemeteries in rural areas are currently maintained by the community on a voluntarily basis. The challenge is that they need to be provided with maintenance tools and possibly a stipend. There is a need to extend cemeteries, fence and building of ablution facilities but budget constraints does not allow. Land has been procured for the Lenyenye cemetery and the land is currently being developed.

3.12 CHILD CARE; AGED CARE; SOCIAL PROGRAMMES

The Youth Gender & Disability Programme is part of the Mayor's Special Programmes. Its main functions include: Co-ordination, Mainstreaming, Advocacy, Development & empowerment of focal or designated groups. Its objective is to encourage public participation and inclusive project planning, implementation and monitoring. It is a function done for internal and external stakeholders. The strategic objective is good governance.

The following are the key priorities achieved for Youth, Gender and Disability programmes during the year under review.

Chapter 3

Calendar Events

- **Youth Month celebrations**

The YGD is responsible for the coordination of the provincial, district and local youth month celebrations to commemorate and celebrate the June 16 Youth Uprising. Two busses were coordinated to ferry youth to the provincial rally that was held at Sekgopo Show grounds on the 16th of June 2013. The busses were procured by the Office of the Premier. The local event was not held due to financial constraints. The Greater Tzaneen Municipality also hosted the national youth liquor awareness campaign at Lenyenye stadium on the 21st of June 2013. It was addressed by the Deputy Minister of Trade & Industry. The event had 1200 people in attendance. GTM in partnership with Department of Social Development held a youth empowerment workshop at Runnymede Thusong Centre and Mugodeni Health Centre on the 19th and 20th of June 2013, respectively. We also transported 12 youth leaders to the provincial youth parliament in Lebowakgomo.

- **Women's Month celebrations**

The Youth, Gender and Disability office is responsible for the coordination of the calendar events throughout the year. The office therefore also became part of the organs of the society through the coordination of national, provincial, and local women month celebration activities. The office thereto, during August 2012 managed to, among other launch the women caucus wherein all women Councilors attended and also arranged transport to ferry 39 women from across GTM to Polokwane for national women month celebration event. A bus and two minibus taxis were arranged in this regard.

- **16 Days of Activism on No Violence Against Women and Children**

Annually November 25 marks the beginning of the 16 days of Activism on No Violence against Women and Children, the office of YGD also acknowledged the event and co hosted with the OHS office. The event was mainly for GTM employees, whereby more than 50 employees attended the event.

- **Annual Men's Indaba**

The office of Youth, Gender and Disability hosted the GTM Annual Men's Indaba in March 2013, which was graced by speakers from different sectors of our communities. It has been amongst others, sat down and crafted resolutions that seek to enhance the status of men in

Chapter 3

our communities. The event was graced by more than 100 participants, which included community members. It was a spectacular event for GTM.

- **National and International Disability month celebrations.**

The YGD is responsible for the coordination of the provincial, district and local disability month celebrations to commemorate and celebrate the November national and 3 December International Day of Disabled Persons (IDDP). Various programmes were embarked upon to celebrate these calendar events. Local disability month celebrations were held in Nkowankowa community hall which was addressed by the Mayor on the 28th of November 2012. We co-coordinated a bus full of people to the provincial rally of the IDDP, held at Mankweng on the 4th of December 2012. We also sent 22 disabled persons to Mopani District disability parliament held in Lulekani on the 7th of December 2012.

Provision of Administrative support to Councils.

Various activities must be done to offer support to Community Based Councils. There is Local Youth Council and the Local Disability Council.

- **Local Youth Council:**

The Local Youth Council is the local branch of the national youth organization called the South African Youth Council (SAYC). It is in the jurisdiction of the local Municipality. Its main role is to co-ordinate, organize, mainstream, lobby and advocacy on issues affecting youth in the Municipality in partnership along with the Municipality. The Annual Youth Assembly was not held due to financial constraints.

- **Disability Council:**

The support was provided to the local disability Council. The disability Council is held annually to elect a Committee, receive reports and take resolutions affecting disabled people. The Disability Council was not held due to financial constraints and was postponed several times for future dates.

Mainstreaming & Advocacy

Mainstreaming is being done by conducting workshops with employees and giving inputs through day to day reports and correspondences. Mainstreaming is also done by conducting and monitoring

Chapter 3

employment equity trends, analysing policies and recommendation for and inclusive Municipality. The main challenge remains reviewing the Youth Policy, Gender Policy and the Disability Policy.

National Youth Development Agency

The GTM has signed a Memorandum of Agreement (MOA) with NYDA in 2010. In this agreement the Municipality supports the NYDA by providing of administrative support through the Youth Office. This includes handling of walk-ins, development and management of the JOBS programme and Business Support Opportunity services to young people. A youth officer serves as the liaison between the youth and the NYDA. Workshops were also facilitated during the year.

An amount of R350,000 has been budgeted for the Youth, Gender and Disability programme under Council expenditure, as line item and reduced by R205,000 to R145,000 through virements, of which R115, 918.51 was spent. Expenditure for YGD programmes are integrated into the budget for the Office of the Mayor. No capital projects were implemented for Youth, Gender and Disability programmes during 2012/13.

Chapter 3

COMPONENT E: ENVIRONMENTAL HEALTH SERVICES

This report will reflect on the state of Environmental Health Service in Greater Tzaneen Municipality. This service includes the identification, evaluation, monitoring and control of environmental health hazards and risks regarding but not limited to the following:

- Water Quality monitoring;
- Food control
- Occupational hygiene
- Vector control
- Environmental management; and
- Facility cleaning services.

3.13 ENVIRONMENTAL HEALTH SERVICES

Water Quality Monitoring

We have developed and implemented a water quality monitoring schedule for the period under review. The monitoring was done to ensure that water for domestic, industrial and food production is safe in respect of its microbiological, chemical and physical quality. We form part of a Project Steering Committee of the Letaba Water Resource Classification System, our main focus being on the quality of water in the catchment area. During the period under review, we have collected a total of 392 water samples (see Table 97). The increase in the number of samples is due to the monitoring of water quality in the vicinity of the diesel spillage site. This has resulted in the increase in the number of samples which do not comply with SANS 241 water quality standards for drinking water from 14.52% in 2011/12 to 30% in 2012/13. The monthly results of Water Quality Monitoring for 2012/13 are illustrated in **Figure 8**.

Chapter 3

Figure 8: Outcome of water samples, 2012/13

Food control

The main activities in food control entails conducting inspections, health education and the issuing of contravention notices were warranted, in both formal and informal food handling premises. The highlight for the period under review is the joint operation conducted with the Consumer Commission in response to the meat labelling scandal. We also conducted two joint operations with SAPS, SARS and Home Affairs in formal food handling premises; with non complying premises fined up to R1500. A total of 172 formal food handling premises and 18 accommodation facilities were inspected (see **Table 99**); the average rating for these premises is 85%, as illustrated in **Figure 9**.

Table 99: Average rating for food handling premises, 2012/13

	1st Qtr	2nd Qtr	3rd Qtr	4th Qtr
Haenertsburg	85	86	86.1	86
Lenyenyene	82.4	70	70.3	76
Letsitele	82	82.4	83	83.2
Nkowankowa	80	82.1	83.1	83.3
Tzaneen North	89	89.4	89.1	90
Tzaneen South	90	91.4	92.1	92
Tzaneen East	94	94.5	94.2	95.3

Chapter 3

Figure 9: Quarterly Ratings for food handling premises , 2012/13

Occupational hygiene

This entails inspection of industries to identify any occupational health hazard, environmental, water and air pollution prevention. A total of 108 industrial premises were inspected to ensure that industries comply with requirements of relevant legislation. The average rating for the industries is 75% a good increase when compared to the 2011/2012 rating.

Vector control

This includes identifying vectors, their habitats and breeding places, instituting measures for vector control in the interest of public health. We spray municipal work stations on a six weekly basis. Environmental control is done on mosquito larvae in identified habitats.

Environmental management

Planning for sustainability and Climate change adaptation has become a very important aspect of Environmental Management. We serve in various Committees which seek to address Environment and Environmental Health Issues: The Pre-Assessment Committee of Council, Provincial Air Quality Steering Committee, South African Institute for Environmental Health, and the Letaba Levubu Catchment Management Committee. We have also reviewed 14 basic assessment reports for developments in our area. We formed part of a Joint Operation Team DEAT in attending to non

Chapter 3

compliance to Environmental Authorizations by developers resulting in the damage to sensitive environment. We have, together with the Air Quality Officer from Mopani District Municipality, investigated possible sites for placing Air quality monitoring equipment. We were part of a response team to control major diesel spillage from a locomotive in Politsi; and we continue to monitor the bio-remediation of the site. We have an Environmental Management plan which was reviewed during the 2012/2013 financial year. We had two officers successfully completing a course on Air Quality Management. We see a growth in the Cleanest School Competition. In the period under review we were marking 10 years since its inception by introducing the competition at cluster level.

Facility cleaning services

This entails providing cleaning services to maintain municipal facilities in a clean, neat and hygienic condition, to ensure that municipal employees work in an environment that is conducive to work in productively. We have total staff complement of 20 responsible for this function. Challenges faced in this function are the lean limited number of staff, which does not allow for relief when someone goes on leave. For the outlying areas, one person covers two work stations, attending to these on alternate days.

Chapter 3

Chapter 3

COMPONENT G: SECURITY AND SAFETY

This component includes: internal safety and security and works in hand with the SAPS within the jurisdiction. The Safety and Security Division is responsible for safety and security for employees and communities through social crime prevention initiatives. The division is tasked to assist with Victim Empowerment Programme together with the Justice and Crime Prevention Cluster departments. The Community Safety Forum (SCF) has been established and is functioning well to champion the reduction of crime at the community level. There is however a high rate of unfilled positions as per an approved organogram and this predicament places the division under pressure to reach service delivery targets for the community. The Projects for 2012/2013 Financial year included the installation of a Biometrics Reader (Morpho Access) for the Civic Centre and installation of additional Security gates with Cameras in the offices of the Mayor linking with the office of the Secretary, the Municipal Manager and MPAC office. The Upgrading of Surveillance Cameras in the Civic Centre, Library, Streets and remote areas of Municipal premises.

3.14 LAW ENFORCEMENT

The top 3 service delivery priorities are Roadblocks, Speed checks, Point duties. Throughout the year the three have had great successes, with reduction in accident statistics. Measures taken to improve performance include spreading the service to rural areas throughout the years, including point duties at school points and accident scenes around our rural juristic areas.

	2010/2011	2011/2012		2012/2013	
	Actual no.	Estimated no	Actual No	Estimated no	Actual No
Number of road traffic accidents	118	140	102	80	79
Number of by-law infringements attended	85	85	68	80	100
Number of traffic officers in the field on an average day	16	16	15	15	
Number of traffic officers on duty on an average day	17	17	16	16	13
R-value revenue from traffic fines	R 7,908,480	R 8,000,000	R1,439,910	R19 047 805	R5 559 480

Chapter 3

Table 104: Law Enforcement targets as set out in the SDBIP for 2012/2013

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Traffic Services	<i>% decrease in road accidents</i>	10%	11%	Many accidents take place at night. For reporting only as department has no control over it.
	<i>% decrease in traffic offenders</i>	10%	8%	Increase in new drivers
	<i>% of households with access to traffic services</i>	5%	6%	None
	Rand value received for fines issued / R value of fines issued (%)	70%	60%	Low collection rate. Not measurable taking into consideration some households does not have vehicles and vehicles stopped are from all over including SADC countries.
	GTM Law Enforcement in rural areas and scrapping of vehicles	Conducting rural traffic program as per schedule. Manage and follow up on the scrapping of vehicles	Rural policing not effective	Pay points not accessible
	Kukula Ndlela drunken-driving blitz project	Additional roadblocks - 2 (Drunken driving Blitz)	Tests for drunken drivers are done as and when we hold roadblocks and routine patrols.	None
	Minitzani-Bonatsela Traffic centres scholar Education	Conduct road safety education campaigns at rural schools. Report schools attendance in monthly reports	Very effective attendance. Monthly reports submitted	None

Chapter 3

*Affect of changing from TASK grading to VD Merwe

The total number of officers divided into the two shifts. The three supervisors assist in planning and supervision of their colleagues on a daily basis. Officers also perform standby duties, especially with occurrence of emergencies like accidents, etc. On average, officers work a total of 32 hours per month. The division is short staffed, taking into consideration the vast size of our policing area.

Detail	2011/2012		2012/2013		
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue (excluding tariffs)	6 171	3 001	3 001	5 559	-2 558
Expenditure:					
Employees	8 952	10 117	10 117	11 876	-1 759
Repairs & Maintenance	59	51	51	25	26
Other (Security Services)	8 790	12 227	12 227	11 918	309
Total Operational Expenditure	17 801	22 395	22 395	23 820	-1 425
Net Operational (Service) Expenditure	-11 630	-19 394	-19 394	-18 260	1 134

No capital was available to fund projects for the Law Enforcement division. However, the top 3 service delivery priorities are:-

Chapter 3

Law Enforcement:

- Roadblocks: where vehicles are stopped and examined for roadworthiness and drivers are examined for their capability and Drunken driving cases also attended to.
- Patrols: where officers drive around or walk, identify law breaks and acts accordingly.
- Point duties: officers assist in control of traffic situations, accident scenes etc. and eases traffic congestions
- Escorts of dignitaries visiting the area, funerals, etc. for safety sake.
- Speed checks: an effective way of enforcement for compliance by motorists to avoid accidents.
- Warrants of arrest: Follow ups on unpaid written notices result in offenders being taken to court to answer for their offences.

Scholar patrols

On school days officers are tasked and deployed to selected schools, especially those adjacent to busy roads, and the work is done at specific schools including all schools with the risk of scholars crossing the roads, to and from schools.

Road safety campaigns

- Schools are visited to conduct road safety (on how to observe rules/signs on the road).
- Kids are educated on road safety.
- Communities are sensitized on issues of road safety e.g. robots, pedestrian crossings.
- Officers have been deployed to service the school points and also to patrol our policing areas including rural areas.
- Vehicles scrapings have been extended to deep rural areas and farms
- Speed law enforcement has always been done across our policing area, including Letsitele, Lenyenye, Nkowankowa and Tzaneen.
- With regard to school points, we have always serviced areas close to the juristic offices of our Provincial Government for Traffic because we have noted their reluctance to assist. We therefore also serve our needy and poor communities of Motupa, Tickyline/Burgersdorp, Sasekani and Khopo and Letsitele.
- Replacing of damaged road traffic signs and painting of scholar patrol points, especially near schools closer to main roads and checking for new places where there are needs.

Chapter 3

3.15 DISASTER MANAGEMENT

Disaster Management is a continuous and integrated multi-sectoral and disciplinary process of planning and implementation of measures aimed at disaster prevention, mitigation, preparedness, response, recovery and rehabilitation. (Disaster Management Act no. 57\2002).

For disaster Management to be effective, it is important that all concerned parties be made aware of its provision and that every official, role player, departments and personnel be prepared to carry out the assigned functions and responsibilities before, arrangements in the Greater Tzaneen Municipality. Disaster Management's approach is to effectively prevent disasters from occurring and to lessen the impact of those hazards that can be avoided. Emergencies are defined as situations or threats of impending situation abnormally affecting the lives and property of societies. By the nature, or magnitudes these require a co-ordinated response by a number of role-players, both government and private, under the direction of the appropriate elected officials.

Most peace-time natural or man-made disasters/emergencies that occur in the geological areas of responsibility of the Greater Tzaneen Municipality are as follows:

- Fires (Structural and Unstructural)
- Storms (Hail, Wind and Thunder)
- Floods
- Transportation Accidents
- Air/rail crashes
- Building or structural collapse
- Explosions
- Breakdown of essential services, supplies or any combination thereof

Disaster management preventative/mitigation measures

Awareness campaigns on fire, floods and communicable diseases were conducted as follows:

- Schools: Mabje-a-kgoro, Morutji, Ooghoek, Sepeke, Miragoma, Moleketla, Khujwana, Moleketla and Sefolwe,

Chapter 3

- Communities/Wards: Basane farm (Ward 16), Muhlava Village (Ward 24), Khujwana Village (Ward 18), Lephephane Village (Ward 34), Hlabine Village (Ward 34), Ramotshinyadi Village (Ward 3), Thapane Village (Ward 11), Rita Village (Ward 30), Sunnyside Village (Ward 29), Moleketla Village (Ward 9), Moime Village (Ward 32), Bokgaga Village (Ward 33), Mohlaba Cross (Ward 18).

Special Events

Eighteen (18) special events were managed according to disaster measures. Emergency plans were prepared for the following events: Opening of indigent houses at ward 34, Letaba Expo Show, N'wamitwa day Celebrations, Banana festival, Vlamvatfees, Muhlaba Day Celebrations, Classic Clashes Sport etc.

Projects attended

The launching of 10 projects was attended at various venues and with different stakeholders.

Disaster Relief

± 517 households were assessed and assisted with 416 food parcels, 198 blankets, 155 mattresses and 211 tents.

Challenges

Delays in the reporting of incidents by Councillors.

Chapter 3

Municipalities may not budget for uncertain activities such as a Disaster that may not occur. There is however a Council resolution which determines that 2% of the budget can be utilised in case of Disasters. All legislative requirements must also be complied with.

Chapter 3

COMPONENT H: SPORT AND RECREATION

The role of the Sports, Arts and Culture office in GTM is to facilitate, coordinate and manage sport activities. There is a Sport and Recreation Council in GTM that assist with coordinating all sport related matters in GTM communities. There is a Service Level Agreement signed between the Department of Sport Arts and Culture and the Greater Tzaneen Municipality that assist in making sure that sport development takes place in GTM from grass root levels. The Mayors Cup was renamed to GTM Sports Day and it annually takes place in December.

3.16 SPORT, RECREATION, ARTS AND CULTURE

Sports

GTM hosted District farms sports which were played by people who are working on farms only. The programme was a Provincial initiative and hosted at Letsitele Mahahela Farm. Farms participating in the Farms Sports Programme were Letaba Estate, Letaba Citrus, Lavana DOC and Junction. They participated in both male and female football and netball . The GTM sports officers assisted in coordinating the programme in the Municipality. Under club development, the GTM sports office has assisted in developing a player under Makhubidung Shinning Star (Bulamahlo cluster) called Judas Moseamedi. He is currently playing at Black Aces under PSL first division.

Arts and culture,

GTM have annual arts and culture programmes such as the Cultural Music Competition in June 2013. In collaboration with the Wellness programme in the Municipality, 8 sporting codes is encouraged. These are soccer, netball, golf, fishing, table tennis, pool, darts and volley ball, which all employees are encouraged to participate in. Internal sport is very active and operational with the view to keep employees and Councilors bodies and minds healthy and active for better service delivery. SAIMSA games were hosted by Botswana, Gaborone in September 2012 and GTM participated.

GTM further hosted the local Indigenous games, Arts and Culture competition, O.R Tambo games from Cluster level to local level and this was followed-up with District and Provincial competitions hosted by the Department of Sports, Arts and Culture. The highlights for GTM in terms of sports, art and culture are as follows:

Chapter 3

- GTM's internal sport participated in the Provincial and National games (hosted in Botswana) Inter Municipal Games arranged by the Southern African International Municipal Sport Association (SAIMSA).
- The Greater Tzaneen Marathon took place at Nkowankowa Stadium and the OR Tambo games was also hosted
- Nkowankowa stadium is now also accommodating rugby after the Blue Bulls donated rugby poles.

The main challenges experienced are:

- The grading of sports grounds are not sustainable, these grounds needs proper construction and requires a bulldozer, grader, more soil if necessary and the usage of a roller. GTM however does not have the financial resources to cover these.
- The Runnymede cluster does not have formal sport facility
- Rhelela has an incomplete stadium at Lerejeni Village which was commissioned by Mopani District but not completed to date.

There is an Arts and Culture Council which is not fully functional. This is mainly due to the absence of funding. Most members are not employed and therefore do not have their own resources to attend meetings and coordinate activities.

Job level	2011/2012			2012/2013

Chapter 3

COMPONENT I: CORPORATE POLICY OFFICES AND OTHER SERVICES

3.17 EXECUTIVE AND COUNCIL

COUNCIL

The role of Council is set out in Section 3 of the *Local Government Structures Act (Act 117 of 1998)*.

The principal roles are to:

- Act as representative, informed and responsible decision makers in the interests of their communities;
- Provide and co ordinate various public services and facilities and to develop their communities and resources in a socially just and ecologically sustainable manner;
- Encourage and develop initiatives within their communities for improving the quality of life within them;
- Represent the interests of their communities to the wider community; and
- Exercise, perform and discharge the powers, functions and duties of Local Government in relation to their areas.

Purpose of the Executive Committee

To take responsibility within the Executive on the basis of individual and/or collective responsibility for a delegated portfolio of services or functions of the Council

Key Duties and Responsibilities

- To participate in the Executive and to implement agreed policies by taking responsibility individually and/or collectively for any portfolio allocated by the Leader of the Council, including providing a lead on and proposing new policy, strategy, programming, budget and service standards.
- To exercise delegated powers in accordance with the Council's constitution
- To consult and communicate with members of all party groups, Council officers and key partners as appropriate to ensure decisions are well formed and that Council policies are widely understood and positively promoted

Chapter 3

- To ensure that the party group is briefed at the appropriate time on significant issues within the respective portfolio – i.e. those which have financial or other major resource implications will result in a change in established policy, or which are contentious or politically sensitive.
- To act as spokesperson within and outside the Council for matters within the portfolio
- To have the responsibility for liaison with Chief Officers and other senior officers responsible for the services within the portfolio
- To answer and account to the Council and the community for matters within the portfolio
- To respond within agreed timescales to the recommendations of relevant overview and scrutiny panels
- To seek to involve and consult non Executive members in the area of work for which they have responsibility, particularly members of the relevant overview and scrutiny panel
- To represent the Council and the political administration in the community and elsewhere as required by the Leader

Chapter 3

3.18 FINANCIAL SERVICES

The three main priorities per division can be summarized as follows:

Financial Services and Reporting Division

The budget office co-ordinates the drafting of Council budget through the Budget Steering Committee and the participation of all departments. This includes the calculation of cost reflective tariffs to ensure a full, funded budget. The drafting of Council's adjustment budget is also the responsibility of this division. The division is also responsible for financial reporting which includes the compilation of the Annual Financial Statements, monthly and quarterly as well as the Section 71 reports. The insurance portfolio of Council, insurance administration and claims management is also the responsibility of this Division. Short and long-term investments are also done by this division.

Chapter 3

Revenue Division

The Revenue division is responsible for billing and rendering of Municipal accounts. The division also renders Municipal accounts, which are based on metered services calculated on approved service tariffs. The Division manages revenue collection which include the receipting and balancing thereof, on a daily basis, along with credit control and debt collection. Outstanding accounts are subjected to credit control actions, which include:

- SMS
- Final notice
- Disconnection of service
- Payment arrangement where applicable

The Division further manage property rates, through the implementation of the MPRA, which for the 2012/2013 financial year included a new valuation roll to be implemented 1 July 2013. The Division is also responsible for the indigent register and review the Indigent Policy on an annual basis. The management of registration and verification of the indigents was done by Utility Management Services for the year under review.

Expenditure

The Division manage all processes for payment of creditors, direct payment and contract payment in line with the approved budget. The Division is also responsible for salary management through the financial administration of all salaries and salary related issues are also responsibilities of this Division. It includes all statutory deductions and other personnel related deductions.

Supply Chain Management

The Division is responsible for the timely planning and management processes to ensure that all goods and services required by the Municipality are quantified, budgeted for and timely and effectively delivered at the right location and at the critical delivery dates, and are of the appropriate quality and quantity at a fair cost. Also for acquisition management by ensuring that goods and services are procured by the Municipality in accordance with authorized processes and that the expenditure on goods and services is incurred in terms of an approved budget in terms of Section 15 of the Act. Lastly, the Division must manage an inventory kept by Council to ensure continuous supply of essential services. This includes the day to day procurement of stock items, the issuing of

Chapter 3

stock and the control of stock. Furthermore the Unit has started implementing the procurement plan which its intention will be forecasting planning with milestones.

ASSETS MANAGEMENT

The Division is responsible for maintenance of Fixed Asset Register which includes re-assessing useful lives of assets, recording of revaluation amounts of fixed property, updating the register with addition and disposal of assets. Also, monitoring the status of records associated with the assets of the Municipality, applying internal control procedures to check, verify, update and maintain acquisition, valuation and location details. The division must also conduct the annual verification of all assets (i.e. stocktaking/ asset count) recorded in the Fixed Asset register. The division must also compile information and balance schedules relating to fixed assets for inclusion in the Annual Financial Statements notes and appendixes.

Details of the types of account raised and recovered	2011/2012			2012/2013		
	Billed in year	Actual for accounts billed in year	% of accounts value billed that were collected in the year	Billed in year	Actual for accounts billed in year	% of accounts value billed that were collected in the year
Property Rates	55 727	47 410	85%	59 183	50 723	85.71%
Electricity Consumption	337 909	323 552	95.75%	324 200	336 724	103.86%
Refuse	24 149	20 102	83.24%	21 617	20 738	95.93%
Other	55 727	47 410	85%	12 350	14 241	115.31%

The payment rate for electricity is higher than that for the other services as the allocation of payment is fully set off against electricity debt. The Property rate is the only tax available to Local Authorities and the revenue is not dependant on a metered service. There is no direct relationship between the services rendered to individual ratepayers and the tax levied. The Property rate is based on the valuation of the property and the tariff is calculated as a cent in every rand of the valuation of property. There was an increase in debt recovery due to credit control measures applied by the service provider.

Chapter 3

Electricity Service

The proposed revisions to the tariffs have been formulated in accordance with Section 74 of the Municipal Systems Act as well as the recommendations of the National Energy Regulator of South Africa (NERSA). Guidelines for the Municipal Electricity tariff increases in July are normally published by NERSA in the previous December. National Treasury has indicated that Municipality's must prepare their budgets using ESKOM bulk increases. The increase in the electricity tariff was 20,25%.

Refuse Removal Service

According to the Constitution of the Republic of South Africa, 1996 (Act 108 of 1996) a Municipality must ensure a safe and healthy environment for its residents. Greater Tzaneen Municipality is therefore responsible to adequately maintain its refuse removal service. We must also maintain our refuse sites and solid waste disposal efforts. The top priority of revenue collection in all three service areas is to improve payment rate through the approved revenue enhancement strategy.

Chapter 3

Table 116: Financial Services targets as set out in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation

Table 116: Financial Services targets as set out in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Financial viability	<i>5 Year Financial Plan</i>	Submit 5 Year Financial plan to the MM for inclusion in the draft IDP.	Draft 5 year Capital investment framework completed.	Projects prioritisation was done too late to complete framework for inclusion in draft IDP
Financial Viability	Cost recovery	Monitor Stand data verification, credit control, debt collection and report progress. Ensure that public is informed of all processes	All formal towns stand data has been verified, only farms need to be completed. Continuous credit control and debtors collection	Budget constraints for May and June 2013
Financial Viability	Financial Resource Mobilisation	Monitor budget to actual expenditure, cash flow and the acquisition of loans and short term investments. Report monthly	Monitoring and reporting done on a monthly basis.	None
Financial Viability	GRAP Training and Financial System improvement	Comprehensive system analysis and official training	GRAP & MFMP training conducted	None

Chapter 3

Job level	2011/2012			2012/2013		
	Nr of Posts	Positions Filled	Vacancy rate	Nr of Posts	Positions Filled	Vacancy rate
Level 0-3	6	5	33%	6	5	16.6%
Level 4-6	20	15	25%	20	12	40%
Level 7-9	44	28	36%	46	37	19.5%
Level 10-15	1	0	100%	2	2	0%
Level 16-17	4	2	50%	0	0	0%
Total	75	50	33%	74	56	24.3%

Detail	2011/2012	2012/2013			
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue (excluding tariffs)	199 860	261 398	262 598	279 101	-16 503
Expenditure:					
Employees	17 965	19 878	19 878	22 887	-3009
Repairs & Maintenance	58	105	75	229	-154
Other	36 763	29 586	30 128	45 004	-14 876
Total Operational Expenditure	54 786	49 569	50 081	68 120	-18 039
Net Operational (Service) Expenditure	145 074	211 829	212 517	210 981	1 536

The actual operational revenue amounts to R279 million, whilst the actual operating expenditure amounts to R68 million. This represents a surplus of R211 million. It must however be mentioned that the actual income represents 106% of the budgeted amount and the actual expenditure represents 136% of the budgeted amount. The actual income includes grant allocations of R190 million and the overspending on actual total operating expenditure is mainly due to the overspending on provision for Bad Debts, and employee related cost due to benchmarking.

Chapter 3

3.19 HUMAN RESOURCE SERVICES

The mission of the HR Division – which falls under the Corporate Services Department – is to effectively manage the rendering of Human Resources advisory and support services to Council and internal/external clients through the following functions:

- Personnel Administration
- Personnel Provisioning and Employment Equity
- Training, Education and Development
- Labour Relations
- Organizational Development
- Occupational Health and Safety & Employee Wellness

The top three service delivery priorities for 2012/2013 were to:

- Review and re-align the organogram of the Greater Tzaneen Municipality in line with the IDP and service delivery needs
- Fill the service register after due process with capable and competent staff for those critical, essential and budgeted positions
- Maintain and where possible enhance all HR Policies, procedures, practises and systems to the benefit of all stakeholders

The impact the HR Division had made on the above three key service delivery issues were that:

- During the 2012/2013 financial year the organisational structure did not serve in Council, only affected developments was submitted for adoption. It was decided to in-source the process to review organisational structure and therefore the post for Organisational Development Officer was created and budgeted for. The intention is to ensure proper consultation with all stakeholders and the development of a proper aligned organisational structure for the Municipality. The Municipality has a high rate of vacancies on the organisational structure and was advised to project the personnel need for 5 years only. The division is also in the process of revisiting the staff establishment and Organisational structure.
- In order for the Greater Tzaneen Municipality to function properly all critical, essential and budgeted positions on request of the various line-managers must be filled timeously. In this regard the Personnel Provisioning Policy is used as policy guide to ensure the fair and

Chapter 3

equitable appointment of staff. The representatives of organised labour also play an important observers role in this regard.

- The turnover of staff and other relevant statistics are being dealt with in Chapter 4 of this report.
- An ever changing environment and legislative amendments have to be accounted for in policies, procedures and practises. Therefore, policies, procedures, practises and systems have to be aligned from time to time to keep abreast of such changes. The division has embarked on a policy workshop in reviewing all policies which effect employees of Council and its operation. The main objectives of the policy workshop is to ensure that adequate consultation is conducted and all stakeholder will then own the documents and ensure that it is implementable at all levels and that there is compliance. The impact of such amendments can be observed in the implementation of same. Compliance to legislation and agreements is and still remains an important focus area for this Municipality.

Chapter 3

Table 119: Human Resource Management targets as set out in the SDBIP for 2012/13

Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation

Level 16-17	0	0	0	0	0	0%
Total	16	10	37.5%	15	8	46.6%

Table 121: Financial Performance 2012/13: Human Resource Services (R'000)

Detail	2011/2012	2012/2013			
	Actual	Budgeted	Adjustment Budget	Actual	Variance
Total Operational Revenue (excluding tariffs)	272	-	-	25	-25
Expenditure:					
Employees	11 110	4 579	4 579	10 351	-5 772
Repairs & Maintenance	2	5	5	4	1
Other	1 999	1 718	1 633	1 365	268
Total Operational Expenditure	13 111	6 302	6 217	11 720	-5 503
Net Operational (Service) Expenditure	12 839	6 302	6 217	11 695	-5 478

Despite the fact that in the HR Division only eight of the 15 positions was filled (46.6% vacancy) an acceptable level of service to internal and external clients was rendered. An insignificant number of complaints regarding the quality of the services rendered during the 2012/2013 financial year were received. The HR Division was commended for their quick response times in addressing the matters at hand. Similarly the Personnel Administration Section performed well and all the basic transactions and record keeping were done to our satisfaction.

The function of Personnel Provisioning and the Employment Equity Project is receiving the necessary attention and progress is being made in terms of demographic representation as well as gender and

Chapter 3

disability representation. It is necessary to report that the Municipality has reached its target in employing people with disability with 2.2% as against the target of 2% for all government sectors in Limpopo. The Annual report to the Department of Labour, which is the EEA2 and EEA4 was reported in time and the Municipality was registered in the registration book for compliance. The project for Employment Equity monitoring is functioning and the Employment Equity Consultative Forum meets quarterly as per regulation and consult on issues which conflict with the Employment Equity Act such as the discrimination and unfair labour practice in the Municipality.

As far as the Education, Training and Development Section was concerned, the legislative requirements in terms of the submission of the WSP 2012/2013 and ATR 2012/2013 were complied to and monetary grants received back for the efforts. Funding the ABET programme remains a challenge as LGSETA must fund the project, however the request was made and the response is still pending. The overall execution of all the needs identified in the WSP was however hampered due to cash flow considerations.

It can be reported that the bulk of the training vote allocation was directed to senior management/management and Councilors to attend the MFMP programme that is being conducted by the University of Pretoria. As from 1 January 2013 all finance staff will have to comply with the Guidelines for Municipal Competency Levels of 1 July 2007 issued in terms of the Local Government Municipal Finance Management Act, 2003.

The execution of the Organisational Design and Labour Relations functions were still a challenge as these units were without staff, however the budget to fill these two positions was allocated and it will be filled within the next financial year. The OHS and EAP are functioning extremely well however cash flow constraints makes it extremely difficult to finalise projects. The Municipality has paid over R300 000 to the Compensation Fund and it was caused by the number of incidents and accidents reported. The only solution to reduce such expenses is for GTM to comply with the Occupational Health and Safety Act (Act 85 of 1993). This can be done by training first aiders and OHS Representatives as their certificates have expired two years ago. The project needs to be prioritised within the next financial year (2013/2014) for better results.

Chapter 3

3.20 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

It is the responsibility of the Information Technology Division under the Corporate Services Department to ensure that policies, procedures and standards regarding computer-related items are defined and adhered to. The Information Technology Division offers the following services:

- IT End Users Support (Hardware and Software).
- End User Training (Formal-classroom situation).
- End User Support Training (informal-telephonic or individual).
- Liaise with outsourced service providers i.e. SITA, SALGA, Provincial and National Local Government department regarding all escalated problems.
- Backup services.
- Disaster recovery planning
- Procurement of all IT equipment and Computer rollout
- Audit of computer equipment.
- Computer Consumables such as Mouse, Printer, Ink and cartridges,
- Data Security.
- Advisory capacity on effective business processes
- Maintenance and control of telephonic communication systems

SERVICE DELIVERY PRIORITIES

- *Rural Broadband Project* – will assist the communities to connect through the satellite offices and e-Schools (Phase 2) to access the Municipal Services and information from the townships and villages. The Phase 1 of the project which is connecting all the Satellite Offices has been completed (with 80% of the Offices connected).
- *IT Infrastructure Refurbishment* – the upgrade on the servers and computers enables the community to get help from Municipal officials faster and ensures that the Municipal Systems are running from reliable infrastructure. This project was completed successfully during the 2010/2011 financial year and is now on a three year lease contract.
- *Mayoral Hotline* – This project will connect the Municipality and the community to assist on accountability and incident reporting. The project is being re-advertised.

Chapter 3

Table 122: Information Technology targets as set out in the SDBIP for 2012/13				
Programme	Project/ KPI	Annual Target (2012/13)	Actual Achieved (30 June 2013)	Reason for deviation
Information Management	<i># of helpdesk requests received</i>	252	192	None
	<i># of requests successfully dealt with</i>	0	192	None
	<i>% of legislated website content updated</i>	100%	100%	None
	<i>hrs downtime for outside work stations</i>	0	26	Repairs required to fix connection
	<i>Maintenance Contract Tally-Genicom line printers</i>	Monitor implementation of SLA for maintenance of Tally-Genicom line printers	Tally-Genicom line printers not being maintained as expected	No SLA in place with service provider
	<i>Rural Broadband connectivity (PP4)</i>	Provide technical inputs into the provision of connectivity for satellite and Thusong Centres. Attend NDPG task team meetings	Project Complete and all Satellite Offices now connected. New Satellite offices to be connected on Adhoc basis.	None

Net Operational (Service) Expenditure	3 372	4 558	4 208	5 252	-1 044

The four largest capital projects are:

- **Rural Broadband Project** – Phase 1 was successfully completed in the 2012/2013. This project will assist communities to connect through the satellite offices (Phase 1) and e-Schools (Phase 2) to access the Municipal Services and information from the townships and villages.
- **Mayoral Hotline** – This project will connect the Municipality and the community to assist in accountability and incident reporting. The bid will be re-advertised during the 2013/2014 financial year.

Chapter 3

- **e-Participation** – This project will help Municipality get in touch with all Community members and receive feedback instantly. Through this project other stakeholders (e.g. SAPS, Home Affairs, Banks, etc) can use the system to deliver vital information to the community. The project has been sponsored by GIZ ZA. The project has since been put on hold due to funding issues and will commence as soon as the sponsor secures further funding.

3.21 LEGAL SERVICES

The role of the Legal Services Division is to render legal services to Council. The division is responsible for Conducting Investigations, research on case law and statutes and advising Council accordingly. The division must also ensure that Council Comply with its statutory functions, law and standards. The division must also develop and maintain effective working relationship with government departments, courts and other relevant bodies. Furthermore, monitoring ongoing litigation by and/or against Council, co-ordinate the interaction between the Council and external Legal Practitioners and ensuring legislative compliance, Good Governance and that Council takes informed decisions. The Legal Division is also responsible for:

- a) Assisting with the development of Policies and By-Laws, by conducting workshops for Councillors and officials on the policies and By-Laws and facilitate the annual review of policies.
- b) Performing Contract Management functions by Drafting contracts or Service Level Agreements on behalf of the Council, studying Contracts and advise Council accordingly. Facilitate appointment of Service Providers during Tender Committee Meetings.
- c) Prioritising and recommending legal firms to be appointed. Receive referrals and legal queries from stake holders and attend to them. Providing Legal Opinions to Council

The highlights in respect of the achievements during 2012/13 financial year have been the introduction of a proper filing system (aimed at facilitating proper documents management) and precedents management. This was done with a view to position the legal division to resemble a normal professional legal environment.

Chapter 3

COMPONENT J: ORGANISATIONAL PERFORMANCE SCORECARD

The full Annual Performance Report for 2012/13 is included as [Annexure C \(i\)](#) and [Annexure C \(ii\)](#).

Chapter 4

CHAPTER 4 – ORGANISATIONAL DEVELOPMENT PERFORMANCE

Introduction

Although the Greater Tzaneen Municipality has made provision on its organizational structure for an Organizational Development (OD) Unit, by way of two positions, namely, that of a Work Study Officer and a Work Study Assistant, such Unit was not sourced by officials during the 2012/2013 financial year. The post of Work Study Officer was advertised to be filled in 2013/2014 financial year; however there is still a need to fill the post of Work Study Assistant based on the complexity and work load within the Organisational Development Unit. There are many challenges that must be addressed by this Unit; including the full implementation and maintenance of the TASK Job Evaluation Outcome as well as the cascading of the PMS to employees lower than job level 3.

COMPONENT A: INTRODUCTION TO THE MUNICIPAL PERSONNEL

Chapter 4

4.1 EMPLOYEE TOTALS, TURNOVER AND VACANCIES

Department (functions)	2011/2012	2012/2013			
	No of Employees	Approved positions	No of Employees	No of Vacancies	% Vacant
Engineering Services (Roads& Stormwater, Water & Sanitation, PMU, Building & Fleet Maintenance)	162	601	165	436	72.5%
Electrical Services	108	186	108	78	41.9%
Community Services (Waste management, Libraries, Parks & Cemeteries, Sports & Recreation, Environmental Health & HIV/AIDS, Licensing, Traffic)	252	436	257	179	41.9%
Planning & Economic Development (LED, Town Planning, Housing, Youth, Gender & Disability)	19	33	21	12	36.4%
Chief Financial Officer (Expenditure, Revenue, Financial Services and budgeting, Supply Chain Management)	50	76	50	26	34.2%
Corporate Services (Legal, Communication, Archives & Records, HR, Public Participation & IT, Council Admin Support)	47	72	43	29	40.2%
Municipal Manager (Disaster Management, Internal Audit, IDP, Performance Management)	11	26	12	14	53.8%
Office of the Mayor (Administration and Special Programs)	4	11	4	7	63.6%
Total	653	1441	660	781	54.2

A comparison between the 2011/2012 and 2012/2013 financial years show that the number of officials actually employed has increased from 653 to 660. This can be explained by the fact that certain services, for example, the cleansing and slashing functions which were previously outsourced are now being performed internally again. A vacancy rate of 54.2% will be observed. Out of the 1441 positions approved not less than 781 were vacant as on 30 June 2012.

Chapter 4

Designation	Total Approved posts	Vacancies	Variences (as % of total posts in each category)
Municipal Manager	26	14	53.8%
CFO	76	25	32.8%
Other Section 57 Posts	8	1	12.5%
Middle Management: Financial (Level 3)&4	10	4	40%
Middle Management: non-Financial (Level 3)&4	51	15	29.4%
Highly skilled supervision: Financial (Level 5-6)	14	4	28.6%
Highly skilled supervision: Non-Financial (Level 4-6)	189	77	40.7%
Total	374	140	37.4%

There is a significant increase on the vacancy rate for 2012/13 as compared with the year 2011/12. The 37.4% vacant rate was affected by the cash flow of the Municipality. Although an analysis of the upper levels shows a vacancy rate of 53.8 % which is more than all designations. The area of concern is highly skilled (non financial) supervision with a vacancy rate of 40.7% and it must be addressed in the 2014/15 financial year.

Year	Total No of posts filled at the beginning of the financial year	Terminations during the financial year	Turnover Rate*
2008/2009	613	46	7.5
2009/2010	621	43	6.9
2010/2011	630	48	7.6
2011/2012	619	28	4.5
2012/2013	660	19	2.8

From the data above, it seems that the turnover rate of the Greater Tzaneen Municipality is in the region of 2.8 %. This rate is acceptable bearing in mind that about 60% of this rate can be attributed to deaths and retirements over which the Municipality has no control. As far as senior management positions are concerned, six director positions were filled as on 30 June 2013, except the Director Corporate Services.

Staff with the appropriate qualifications and experience and who competed for the vacant positions advertised, was promoted when they were found to be the best applicants after the interviews.

Chapter 4

Council does not have a promotion policy, however whenever a position is advertised, preference is given to the internal staff for promotion purposes and to encourage them as there are no incentives for middle and lower positions. A total number of eleven officials were promoted during the year under review (7 African males and 1 white male and 3 African female).

COMPONENT B: MANAGING THE MUNICIPAL WORKFORCE

Introduction

Employees in Council need some form of leadership from Corporate Services perspective. The behaviour and actions of employees have to be channelled and directed towards the achievement of the organisation's objectives, contained in the IDP. In order to achieve the above; the appointment of Directors (Section 57 Managers) was imperative. Six directors were appointed, except for the Director (Corporate Services), who possesses suitable skills and competencies as per minimum competency level requirements and Municipal Systems Act guidelines. One of the responsibilities of Corporate Services is to retain scarce skills and develop career path for employees. Therefore for the past years, Council complied with Section 2 of the Skills Development Act (97 of 1998) by the following:

- ✓ Develop the skills of employees
- ✓ Increase the levels of investment in education and training in the labour market and to improve the return on investment.
- ✓ Using the workplace as an active learning environment, by providing employees with opportunities to acquire new skills through bursaries.

4.2 POLICIES

As per legislative requirements Section 67 of Municipal Systems Act, 2000 the process to develop and adopt appropriate systems and procedures to ensure fair, efficient, effective and transparent personnel administration continued. Where necessary, policies were reviewed to accommodate changing circumstances. The human resources related policies are standardising to a uniform standard and there is easy reference.

4.3 INJURIES, SICKNESS AND SUSPENSIONS

Type of Injury	Days Injury leave taken	No of employees	% of Employees using sick leave	Average injury leave per employee³	Total estimated cost
Required basic medical attention only	33	64	0.52	1.9	R8 448
Temporary total disablement	88	73	100%	0.82	R22 528
Permanent Disablement	45	1	100%	45	R16 800
Fatal	0	0	0	0	0
Total	166	138		47.72	R47 776

From **Table 135** above it will be observed that a total of 166 days sick leave occurred due to injury-on-duty cases. This constitutes 1.9% of employees who was involved in such incidences. The OHS and EWP Section are continuously busy with awareness creation regarding safe working conditions

³ Not determinable

Chapter 4

and the role that each and every individual can play in limiting incidences of injury-on-duty. The three OHS Committees are also used as a platform to propagate a safe working environment within the OHS System which is in place. Inspections of workplaces are being done throughout the year and where necessary, follow-ups are being done to monitor compliance. The internal newsletter is also being used to place articles relating to OHS matters and to conscientize workman/women. During the induction program of new entrants, time is being spent on OHS and EWP matters.

Designation	Total sick leave (days)	% of sick leave without medical certification	Employees using sick leave*	Estimated cost@ basic salary
Unskilled and defined decision making (level 16-15)	1703	69%	175	600 592.00
Semi skilled - discretionary decision making (level 10-14)	488	6.9%	68	251 620.37
Skilled, technical and academically qualified workers (7-9)	1111	12%	92	996 771.77
Professionally qualified and experienced specialists (middle management) level 4-6	600	14.5%	67	729 063.36
Management (level 3)	153	8.4%	18	382 940.50
Senior Management (level 0-2)	16	0%	3	11 039.99
Total	4071		423	2 972 027.99

The average sick leave taken per employee is 6.05 days which is regarded as normal. Although the situation has deteriorated since 2011/12 it is still within acceptable norms.

Position	Nature of Alleged Misconduct	Date of Suspension	Details of Disciplinary Action taken or Status of Case and Reasons why not Finalised	Date Finalised
HR Manager	Misrepresentation of the employer	21 January 2013	Deceased	Not finalised

Chapter 4

4.4 PERFORMANCE REWARDS

Designations	Beneficiary profile				
	Gender	Total number of employees in group	Number of beneficiaries	Expenditure on rewards 2011/12	Proportion of beneficiaries within group
				R' 000	%
Unskilled and defined decision making (level 16-17)	Female	95	0	0	0
	Male	198	0	0	0

	Male	95	0	0	0
Skilled, technical and academically qualified workers (7-10)	Female	109	0	0	0
	Male	82	0	0	0
Professionally qualified and experienced specialists (middle management) level 3-6	Female	13	2	R107,737.15	40%
	Male	22	3	R165,749.46	60%
Senior management (level 0-2)	Female	10	0	0	0
	Male	25	0	0	0
Total		660		R273,486.61	0
Has the statutory municipal calculator been used as part of the evaluation process?					Yes

Table 138 presents the performance awards made during 2012/13 for the assessments of performance during the 2011/12 financial year. Employee performance management has been cascaded to level three only. Due to human resource limitations further cascading is dependent on the appointment of additional personnel to manage the system. Five employees qualified for a performance bonus, which were the Managers for Environmental Health, and also Budget and Treasury, Waste Management, Licensing and Library Services. The scoring system is based on Regulation 805 of 2006 and is applied uniformly to all employees.

Chapter 4

COMPONENT C: CAPACITATING THE MUNICIPAL WORKFORCE

The Greater Tzaneen Municipality accepted legislative requirements of the Skill Development Act 97, 1998 to develop and improve the Skills of the South African workforce in capacitating municipal workforce in performing their functions and exercise their powers in an economic, effective and accountable way.

- And to enhance the workforce in adult education training and learnership programmes that lead to recognized occupational qualifications.
- For the financial year 2012/2013 an amount of R1,084,725.00 was allocated for the implementation of the training needs projected and approved. However, the training interventions exceeded the budgeted amount with R1 323 648.00.

The WSP for 2012/2013 was submitted to LGSeta by the 30th June 2013. Grant disbursements of R160 000 were received from the LGSeta for the training efforts, which is the 20% of the training intervention for the financial year.

The bulk of the training funds were spent on the (MFMP) for compliance with the National Treasury Competency level as directed. It must further be indicated that twenty four (24) officials, the majority of which are from finance have been enrolled on the MFMA training facilitated by North-West University. The training is envisaged to be concluded in December 2014. The cost of the training for the 24 delegates is amounting to R1,008,000.

Implementation of the workplace skills plan

The training interventions projected for the financial year prioritised was not implementable due to the compliance of the National Treasury regulations on MFMP program for Municipal Workforce.

Implementation of the training needs (WSP) were as follows:

- Employees projected to be trained was 310
- Actual training 110
- % of WSP implemented 36%

A summary of the beneficiaries trained during the financial year, per occupational category, is presented in **Table 139**:

Chapter 4

Table 139: Training interventions by occupational category, gender and race for 2012/13

Occupational Categories	Male				Female				Total
	African	Coloured	Indian	White	African	Coloured	Indian	White	
Legislators, snr officials and managers	4			3	2			1	10

Total	70	0	0	8	26	2	0	4	110

Training Interventions for 2012/13

Adult Basic Education and Training (ABET):

The ABET training, with which GTM excelled in the past, could not be implemented during 2012/13 as funding could not be secured.

Experiential training

As per approved temporary employment of student policy, the objectives outlined are to afford students a chance to get practical exposure in those directions which may have application value for them and to optimise their services to the benefit of Council and the student. Six learners were appointed in four departments to gain experience for the final year to acquire

Chapter 4

their qualifications. The students are reimbursed at 30% of a job level 12 salary. The following (see **Table 140**) is comprehensive data of learners who were assisted through the experiential programme in the Municipality to acquire their qualifications for the 2012/13 financial year:

No	Surname & initials	Stream/qualification	Department	Period
1	Moloto MF	N4 Office Administration	Corporate Services	2013/02/06
2	Makumbila AI	Grade 12	Municipal Manager	2013/06/01- 2013/11/30
3	Phokongwane MF	National Diploma Local Government Finance (Final Year)	Finance (CFO)	2013/02/01- 2013/11/30
4	Mailula NC	N5 Marketing Management	Corporate Services	2013/06/01 – 2013/11/30
5	Raseokga I	Grade 12	Corporate Services	2013/06/01- 2013/11/30
6	Phephenyane VE	N5 Engineering Services (Plumbing)	Engineering Services	2013/02/01 – 2013/11/30

Challenges occurred during 2012/2013 financial year for implementation:

- Unavailability of funds for implementation of WSP training needs.
- Approval of training interventions were not approved in the WSP training needs.
- Training of internship appointed due to unavailability of cash flow.
- Non-implementation of learnership programme due to stakeholders not availing funds for the programs.
- Employees who were enrolled for MFMP left Council.

Chapter 4

Since the promulgation of the MFMA Competency Regulations eight officials at senior management and middle management level were given the opportunity to attend the CPMD training presented by Wits Business School. However, in the meantime five of the eight officials have left the employ of Council for greener pastures. Two groups consisting of 21 officials (on senior management level) and six Councillors started with MFMP training with the University of Pretoria in 2010/11. The costs of this year long training intervention are approximately R1.2 million, which is mostly being funded through the training vote. Evidently, it will be observed that not a lot of funds are available to conduct any other form of training for officials in the other job categories. Presently only 0.05% of the personnel budget is being allocated for training and it is the intention to increase it to at least 1% of the personnel budget as per the SALGA guideline. The MFMP training will be concluded at the end of December 2014. It must further be indicated that twenty four (24) officials, the majority of which are from the Finance Department have been enrolled on the MFMA training, facilitated by North-West University. The cost of the training for the 24 delegates is in the region of R1,000,000.

COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

Introduction

Vacant positions are not being filled for the sake of filling them. An assessment is firstly made to determine whether the filling of a position is necessary, essential, critical and also budgeted for. In some instances all the criteria is present, but then cash flow considerations can lead thereto that position(s) are not being filled. In determining the increase in the cost of the personnel budget, the National Treasury guideline is always followed of the % increase being allowed. The need to fill positions will always exceeds the available budget provisioning as the latter guideline and the matter of cash flow have a direct bearing on it.

Chapter 4

4.6 EMPLOYEE EXPENDITURE

Table 144: Workforce Expenditure (R'000)

Year	Total Workforce Expenditure	% of total budget
2007/2008	108 419 191.00	32.73%
2008/2009	108 794 939.00	27.24%
2009/2010	154 567 646.00	36.02%
2010/2011	147 951 040.00	27.01%
2011/2012	151 838 715.00	20.01%
2012/2013	198 337 670.00	26.30%

Employee cost increased annually as determined by SALGA and approved by Council. The high increases are a result of the change in the total budgeted amount and the number of people employed by the Municipality.

Table 145: Number of employees whose salaries were increased due to their positions being upgraded during 2012/13

Beneficiaries	Gender	Total
Senior management (level 0-2)	Female	0
	Male	0
Management (level 3)	Female	0
	Male	0
Professionally qualified and experienced specialists (middle management) level 4-6	Female	0
	Male	0
Skilled, technical and academically qualified workers (7-10)	Female	0
	Male	4
Semi skilled - discretionary decision making (level 10-15)	Female	0
	Male	0
Unskilled and defined decision making (level 16-17)	Female	0
	Male	0
Total		4

The upgrading was done in the Electrical Engineering Department for Linesman posts; they were upgraded from job level 10 to job level 8, this was for only 4 posts. It should further be noted that the Greater Tzaneen Municipality did not appoint any employee during 2012/13 in a position that did not exist on the organogram

Chapter 4

Table 146: Employees Whose Salary Levels Exceed The Grade Determined By Job Evaluation (2012/13)

				T4.6.3

Chapter 4

SALARY BENCHMARK

Greater Tzaneen Municipality took a decision to embark on a salary benchmarking exercise for all permanent employees. A Memorandum of Understanding was developed wherein all parties recognised and acknowledged the disparities in the salary structures of GTM. It was agreed that an amicable solution should be reached to address salary disparities. Amongst other issues the following were outlined in the Memorandum of Agreement.

- That three (3) municipalities of same category and relative revenue were selected as benchmarks.
- That experts, from same sector, be invited to advise on technical matters related to the process in question.
- That benchmark be paid retrospectively from 1st of July 2012

The three municipalities which were identified as possible areas to benchmark with were:

- Stellenbosch Municipality
- Drakenstein Municipality
- Newcastle Municipality

A Service Provider was appointed to provide expertise on the benchmark process. Thereafter, the Municipality received a benchmark report from the Service Provider. The report was analysed and it was concluded that the Service Provider did not deliver in terms of the Terms of Reference. As a result of that, the employees went on an unprotected strike. Following this, the Municipality's political and administrative leadership came together and agreed on a Task Team that had to look into the Benchmarking Process, in isolation from the appointed Service Provider. In the meeting of the Task Team it was concluded that the Service Provider did not understand the TOR. The Service Provider was busy doing Job Evaluation instead of Benchmarking Exercise. The Task Team therefore, agreed to do benchmarking as mandated by the Municipality's Leadership, and the Task Team agreed on a the following benchmarking principle: *“To take the maximum notch of lowest paying benchmark at each salary level as long as it higher than the current maximum notch of GTM, if it is below then consider to move to the next benchmark and take the maximum”*

Chapter 4

A memorandum of understanding was therefore signed to this effect. The Greater Tzaneen Municipality benchmarking process managed to address the issues as outlined in the Terms of Reference. However it should be noted that Council still however needs to address the abnormal discrepancy in salary levels of Managers (level 03 employees).

Disclosures of financial interests

All staff and Councillors are annually requested during June of the preceding year to disclose financial interests. The obligation to disclose rests on the individual and failure to do so may result in steps being taken against such individual, in terms of the Codes of Good Conduct. The following disclosures were made by officials and Councillors for the 2012/2013 financial year (see Table 147):

Table 147 : Financial Interests declared 2012/13			
	Position	Name	Description of Financial Interest
1	Assistant Accountant	Pochop MA	Annuity that pays a monthly income R995.16 Sanlam Policy
2	OHS Officer	Matsaung RG	100% shareholder of Lapologa Bed & Breakfast; Trustee of Magohlomane Family trust
3	Director Electrical Engineering	Van den Heever P	Own House for personal desire.
4	Manager Projects	Fourie NG	Tommie Fourie Trust; Farm Barend 523ms Piet 509MS
5	Assistant Superintendent	Modjela SM	Universal Vision Travel
6	Manager Human Resources	Visser MPS	Serve both Joint Municipal Pensions Fund and Branch Treasurer for IMPSA (Norlanga) Vice Chairperson Van Velden Hospital Board; Owner Lushof 41; Sanlam Annuity
7	Assistant HR officer	Maake NMH	Walktall Trading Cc;
8	Acting Manager Corporate Services	Twala TC	Erf 4600 Golden Acre (Bond)
9	Clerk	Van der Merwe C	Husband owner of vd Merwe Engineering Tzaneen. Performing services to Council on a quotation basis from time to time
Councillors			
1	Mayor	Mmetle DJ	None

Chapter 5

CHAPTER 5 – FINANCIAL PERFORMANCE

Introduction

Chapter 5 contains information regarding financial performance and highlights specific accomplishments. The chapter comprises of three components:

- Component A: Statement of Financial Performance
- Component B: Spending Against Capital Budget
- Component C: Other Financial Matters

Inflationary pressures will be curbed through expenditure management and with the increase in payment levels care will be taken to ensure that expenditure are kept within the actual income received and not the budget income

COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE

Introduction to financial statements

This component provides an overview of the financial performance of the Municipality and focuses on the financial health of the Municipality. The Statements of Revenue Collection Performance by vote and by source are included in **Addendum K**.

Chapter 5

5.1 FINANCIAL SUMMARY

Description	2011/2012	Current year 2012/13			2012/13 Variance to actual

Total Operating Transfers and Grants	209 539	198 945	199 093	200 826	-1%	-1%

The under spending of the Municipal Infrastructure Grant came as a result of late appointment of a contractor for Thapane to Moruji which was done on 28/06/2013. The under spending of the MSIG is as a result of Training of ward Committee members which did not take place during the 2012/2013 financial year. The NDPG was underspent as a result of late appointment of a contractor for the Ring Road project. A rollover application for the unspent grant amount was submitted to National Treasury. The allocation for FMG (Finance Management Grant) was fully spent during the year under review.

Chapter 5

SETA- the Grant is only received once the expenditure has been incurred. As a result nothing was allocated for such grant.

Neighbourhood Development Partnership Grant	5,000	22,000	9,392	47%	-134%	Grant to utilised for the purpose that it was acquired for. Its must be counter funded by the Municipality. This grant is for previously disadvantage communities and must be spent in the specified financial year.
Finance Management Grant	1,500	1,500	1,500	0%	0%	The grant is utilised for capacity building, minimum competency level, financial training as well as the remuneration of Interns
Municipal Systems Improvement	800	900	874	8%	-3%	The grant is used to upgrade the financial systems of the municipality and to provide training to officials.
National Electrification (INEP) & Neighbourhood	13 000	13 000	5 777	44%	44%	INEP funds must be utilised within the allocated period and the network must comply with ESKOM standards
Total	20 300	37 400	18 908	-7%	-98%	

GTM applied for MIG and NDPG during the 2012/13 financial year.

MIG:

MIG enables the Municipality to ensure that the community receives the basic level of services by funding capital projects. With the introduction of the MIG, the use of labour intensive methods for certain types of infrastructure has been made mandatory. This is in line with the Expanded Public Works Programme (EPWP), assist to maximize job creation through government expenditure and therefore helps with alleviating unemployment rate and poverty. MIG is only funding up to a basic level of service. If a Municipality chooses to provide a higher level of service the Municipality must provide counter funding for the difference in cost between a basic level of service and the higher level of service opted for. Municipalities are responsible for making the final decision about the level of service to be provided. Job opportunities created through the implementation of MIG:

Chapter 5

Ramotshinyadi to Mokgwathi Road were 52, Sasekani to Nkowankowa Road were 28, Senakwe to Morapalala Road were 19, Mafarana to Sedan Road were 11 and Ramotshinyadi Bridge were 13.

NDPG:

The Neighbourhood Development Partnership Development Grant (NDPG) Programme, a multi billion rand programme, which was announced in 2006 by the Minister of Finance, made an award to Nkowankowa Township, Greater Tzaneen Municipality (GTM) focusing on economic development as well as social upliftment. The NDPG Programme formally kicked off in 2008 and the comprehensive business plan containing the following projects was approved in 2010 valued at R77 million. The approval of the business plan allowed detailed planning, which was followed by the procurement process. After an exhaustive consultation process in partnership with the Nkowankowa Councillors and the GTM's Public Participation Department, in the Speaker's Office, the following three projects were undertaken:

- **Community Parks** (completed in June 2012) – which has created safe outdoor recreation spaces, that not only have benches, braai areas and play apparatus; they also incorporated traditional games for all members of the community especially the youth.
- **The Rural Broadband Connectivity** (completed in 2014) – this project entailed the connection of remote Municipal client service and multi-purpose centres to the main municipal offices in Tzaneen; thus connecting the following sites wirelessly: Rhelela, Runnymede, Homan Tower, Lenyenye, Letsitele, Ritavi, Nkowankowa Traffic, Bulamahlo and GTM HQ offices. This project had two phases:
 - Phase 1: GTM Remote multi-purpose centres broadband connection, and
 - Phase 2: GTM Local multi-purpose centres broadband connection and wholesale Internet & government database connectivity.

The completion of this project meant that Municipal client service and multi-purpose centres were for the first time connected to GTM head office in Tzaneen remotely and that administrative business can now be completed with officials not having to either travel from these GTM client service sites and multi-purpose centres or Tzaneen to complete the administrative task at hand.

- **Nkowankowa East Integrated Development Initiative: Ring Road project component** - Although the planning and the design of the Ring Road Project was completed in August 2011 and the tender was advertised in December 2011; administrative challenges with the GTM

Chapter 5

meant that the tender was re-advertised in September 2012 and finally award in December 2012. This ring road is 2.55km long and will provide a safe internal road for the community of Nkowankowa section C, a connection to section B, provide a mini taxi rank, street lights (for increased safety at night), and new Municipal offices that will bring a permanent local site for public services to the community in this section. It is anticipated that this project will be complete in September 2013.

5.3 ASSET MANAGEMENT

Greater Tzaneen Municipality has an approved Asset Management Policy which is fully aligned with GRAP 17. All assets are reflected in Greater Tzaneen Municipality's Asset Register which is unbundled to the lowest possible level. Each item on the asset register is depreciated over its useful life. Assets are verified annually and it is during this verification that the conditions of such assets are determined. Thereafter the useful lives of assets are adjusted where necessary. The finance department does the administration of the asset register and the co-ordination of the asset verification process. This includes accounting for the assets in the financial statements. The responsibility to manage and control Council Assets remains the responsibility of Directors. During the period under review Greater Tzaneen Municipality employed the expertise of Deloitte to assist with the Assets management. The changes hereto led to an increase in the total value of the municipal assets.

Table 152: Treatment of the three largest assets acquired 2012/13				
Asset 1				
Name	Computer Equipment			
Description	Ceragon Fibrair/Network Equipment			
Asset Type	Other Assets			
Key Staff Involved	Corporate service Director and Acting Manager IT			
Staff Responsibilities	Maintenance of equipment			
	2009/2010	2010/2011	2011/2012	2012/2013
Asset Value	0	0	0	R1 819 803.08
Capital Implications	New Acquisition			
Future Purpose of Asset	Improve the network connectivity			

Chapter 5

Table 152: Treatment of the three largest assets acquired 2012/13				
Describe Key Issues	Connect satellite offices (Thusong Centre) with civic centre for effective communication e.g internet, telephone and email.			
Policies in Place to Manage Asset	Approved yearly maintenance budget			
Asset 2				
Name	Vehicles			
Description	Earth moving equipments and trucks			
Asset Type	Other assets			
Key Staff Involved	Manager fleet and maintenance, supervisor workshop			
Staff Responsibilities	Ongoing maintenance			
	2009/2010	2010/2011	2011/2012	2012/2013
Asset Value	0	0	0	R3,058,969.27
Capital Implications	New acquisition			
Future Purpose of Asset	Support service delivery functions			
Describe Key Issues	Managed to acquire working equipments			
Policies in Place to Manage Asset	Approved yearly maintenance budget			
Asset 3				
Name	Pole			
Description	15m Aluminium Pole			
Asset Type	Infrastructure			
Key Staff Involved	Corporate service Director and acting manager IT			
Staff Responsibilities	Monitor Network Connections			
	2009/2010	2010/2011	2011/2012	2012/2013
Asset Value	0	0	0	R406,368.03
Capital Implications	New acquisition			
Future Purpose of Asset	Improve the network connectivity			
Describe Key Issues	Support the network Equipment			
Policies in Place to Manage Asset	Approved yearly maintenance budget			

The cost of these items (see Table 152) is determined through purchase price, which is depreciated on an annual basis. None of the above mentioned projects/items is a revenue generating project. The computer equipment will be utilized to connect with the civic centre for effective

Chapter 5

communication. The vehicles (Earth Moving Equipment) are for day to day support for operations of the Municipality. The Aluminium Pole is required for support of the IT network equipment.

Year	Original Budget	Adjustment Budget	Actual	Budget variance
2010/2011	79 493	94 493	100 982	R -6 489
2011/2012	96 174	96 174	90 714	R 5 460
2012/2013	139 087	100 967	91 867	R 9 100

The actual expenditure on repairs and maintenance represents 12,1% of the total expenditure which is close to the national norm of 13%. The 9% under spending can be attributed to small deviations which include inter-alia the under spending on the following:

- Machinery and Equipment R1 258 249
- Stormwater Drainage R 972 337
- Tarred Roads R1 385 545
- Councils owned vehicle usage R5 503 490

5.4 FINANCIAL RATIOS BASED ON KEY PERFORMANCE INDICATORS

Chapter 5

The liquidity ratio, as demonstrated for Greater Tzaneen Municipality in the figure above, measures the Municipality's ability to pay its bills and is calculated by dividing the monetary assets by the Municipality's current liabilities. A higher ratio is better. Greater Tzaneen Municipality has a positive liquidity ratio which increased from 1.2 to 1.5 and indicates that Council is financial viable (see **Figure 10**).

The Cost Coverage, as demonstrated for Greater Tzaneen Municipality in **Figure 11** above, explains how many months expenditure can be covered by the cash and other liquid assets available to the Municipality excluding utilisation of grants. This graph indicates that Greater Tzaneen Municipality's fixed monthly operational costs are covered by available cash and investments, but has decreased from 1.3 months to 0.3 months. This is a matter of concern seeing that the guideline set by National Treasury is 3 months.

Chapter 5

**Figure 12: Total Outstanding Service Debtors
2009/10 - 2012/13**

The outstanding service debtors, as expressed for Greater Tzaneen Municipality in the figure above, measure how much money is still owed by the community for electricity, waste removal and sanitation compared to how much money has been paid for these services. It is calculated by dividing the total outstanding debtors by the total annual revenue. A lower score is better. It is evident from this graph that 18.11% of services billed are not recovered on time. Although the ratio dropped from 41.1% to 18.1% it is still a matter of concern since only 10% is budgeted for provision for bad debt.

Figure 13: Debt Coverage, 2009/10 - 2012/13

Chapter 5

Debt coverage, as expressed for Greater Tzaneen Municipality in **Figure 13** above, is the number of times debt payments can be accommodated within Operating revenue (excluding grants). This, in turn represents the ease with which payments can be accommodated by the Municipality. The current operating revenue of Greater Tzaneen Municipality covers all payments due for debt services within 17 days.

The Creditor System Efficiency, as demonstrated for Greater Tzaneen Municipality in **Figure 14** above, is the proportion of creditors paid within terms (30 days). This ratio is calculated by outstanding trade creditors divided by credit purchases. The fact that 95% of Councils creditors are paid within 30 days is proof that good expenditure management is exercised.

Chapter 5

Figure 15: Capital Charges to Operating Expenditure, 2009/10 - 2012/13

The capital charges to operating expenditure ratio are calculated by dividing the sum of capital interest and principle by the total operating expenditure. **Figure 15** presents the percentage expenditure spent on the repayment of loans against total expenditure. Only 5.1% of the expenses was spent on the repayment of loans.

Figure 16: Employee Costs, 2009/10 - 2012/13

Employee costs, as expressed for Greater Tzaneen Municipality in the figure above, measures what proportion of the revenue was spent on paying employee costs. It is calculated by dividing the total

Chapter 5

employee cost by the difference between the total revenue and capital revenue. The employee cost ratio of 18.6% (see **Figure 16**) for Greater Tzaneen Municipality is well within the acceptable ratio.

The repairs and maintenance ratio, as demonstrated for Greater Tzaneen Municipality in **Figure 17** above, represents the proportion of operating expenditure spent on repairs and maintenance. The ratio of 13.4% is above the target of 13% which is an indication that Council assets have been maintained adequately during the financial year under review. Greater Tzaneen Municipality closed the 2012/2013 financial year with a positive cash book balance of R10.8 million. Unspent conditional grants for the financial year amounts to R31.5 million which indicates a cash shortfall of R20 million for the year under observation. The cost coverage ratio also confirms that the expenditure of Greater Tzaneen Municipality is covered for 0.3 months compared to the 1.3 months the previous year. This is as a result of the R30 million loan that was not taken up by Council during 2012/13.

Chapter 5

COMPONENT B: SPENDING AGAINST CAPITAL BUDGET

Capital expenditure relates to the investment in major initiatives, the benefit of which is going to last for more than one financial year. Section 19 of the MFMA determines that a Municipality may spend money on a capital project only if the money for the project has been appropriated in the capital budget. It also determines that the total cost of the project must be approved by Council and that the sources of funding for the project are available and has not been committed for other purposes.

The five largest projects can be summarized as follows:

- Ramotshinyadi to Mokhwati road Phase 2
- Sasekani to Nkowankowa road Phase 2
- Electricity network upgrading
- Roads and Stormwater management
- Senakwe to Maropalala road

These projects contribute 83% of the total capital expenditure for the year

5.5 CAPITAL EXPENDITURE

The capital expenditure for 2012/13 is presented below in **Table 154** and in **Figure 18**.

	% of Expenditure Budget	Original Budget	Adjustment Budget	Un-audited Full Year Total
Capital Expenditure	13.2%	118 655	115 091	103 550
Operating Expenditure	86.8%	741 953	754 127	759 675
Total expenditure	100%	860 608	869 218	863 225

Chapter 5

Figure 18: Budget Expenditure, 2012/13

■ Capital Expenditure ■ Operating Expenditure

5.6 SOURCES OF FINANCE

The Capital budget of R118 million was financed as follows:

- | | |
|---------------|---------------------|
| • Own sources | R29 Million |
| • Loans | R30 Million |
| • Grants | R59 Million |
| Total: | R118 Million |

No loan has been taken up to finance Capital projects, an amount of R104 million was spent on capital projects and a request for the roll-over of capital projects, that have not been finalized during the 2012/2013 financial year, has been submitted to National Treasury. The funding of the operational budget can be summarized as follows:

Rates and Service Charges	R446 Million
Grants and subsidies	R318 Million
Sundry Income	R 69 Million
Budgeted Revenue	R833 Million

Chapter 5

5.7 CAPITAL SPENDING ON 5 LARGEST PROJECTS

Table 156: Capital Expenditure of 5 largest projects*(R'000) 2012/13					
Name of Project	Current Year			Variance Current Year	
	Original Budget	Adjustment Budget	Actual Expenditure	Original Variance (%)	Adjustment variance (%)
Senakwe to Maropalala Tar (Phase 2)	R 31 285	N/A	R 21 968	29.8	N/A
Ramotshinyadi to Mokhwati Tar road (Phase 2)(3.5km)	R 12 752	N/A	R25 436	(99.5)	N/A
Electricity network upgrading	R 5 000	R9 251	R 8 333	(66.7)	9.9
Thapane to Sedan Moruji Tar	R 11 145	N/A	R 2 284	79.5	N/A
Mafarana to Sedan	R10 500	N/A	R1 564	85.1	N/A
Project details below:					
A- Senakwe to Moropalala Tar(Phase 2)					
Objective of Project	Upgrading of Road from gravel to tar.				
Delays	Variation order on increased rock quantity has not yet been approved				
Future Challenges	The due completion date might be compromised				
Anticipated citizen benefits	Completed tar road with easy access				
B - Ramotshinyadi to Mokhwathi					
Objective of Project	Upgrading of Road from gravel to tar.				
Delays	Approval of servitude				
Future Challenges	The project was completed after the scheduled date				
Anticipated citizen benefits	Completed tar road which link to all businesses				
C - Electricity Network Upgrading					
Objective of Project	To ensure sufficient capacity, sustainability and stability				
Delays	Availability of funds and DPW servitude approval				
Future Challenges	Funding				
Anticipated citizen benefits	Sufficient electricity capacity, sustainability and stability. Accommodate future developments				
D - Thapane to Moruji Tar					
Objective of Project	Upgrading of road from gravel to tar				
Delays	Appointment of Contractor delayed by Supply Chain Process				
Future Challenges	The due completion date will be affected				
Anticipated citizen benefits	Completed Tar Road				

Chapter 5

E- Mafarana to Sedan	
Objective of Project	Upgrading of Road from gravel to tar.
Delays	Appointment of Contractor
Future Challenges	Contractor behind schedule, might not complete the works by due completion date.
Anticipated citizen benefits	Completed tar road with easy access

It is vital to implement capital projects in time to avoid budget adjustment and variances. The PMU have learnt that all relevant municipal departments do not participate in implementation of capital projects and this has a negative effect on project implementation in terms of time and budget.

5.8 BASIC SERVICE AND INFRASTRUCTURE BACKLOGS – OVERVIEW

The current demand for infrastructure exceeds Councils ability to fund the required R400 million costs (electricity network alone) to renew and upgrade infrastructure. Various funding solutions are being sought.

Table 157: Service Backlogs as at 30 June 2013

	Service level above minimum standard		Service level below minimum standard	
	No. HHs	% HHs	No. HHs	% HHs
Water	53775	49.36%	55151	50.63%
Sanitation	17292	15.87%	24337	22.3%
Electricity	97745	89.66%	n/a*	n/a*
Waste management	10,775	10%	98,151	90%
Housing	86527	87.3	12590	12.7%

* GTM does not supply Electricity Below minimum standard.

Chapter 5

Details	Budget	Adjustment Budget	Actual	Variance		Major conditions applied by donor (continue below if necessary)
				Budget	Adjustment Budget	
Infrastructure - Road transport						
<i>Roads, Pavements & Bridges</i>	56 665	0	51 987 992.56	56 665	4 677 217	Roll over
Infrastructure - Other						
<i>None</i>						
Total	56 665	0	51 987 992.56	56 665	4 677 217	Roll over

The conditions for MIG are that we must submit a signed activity plan in the prescribed format with detailed budgets and timeframes for the implementation of prioritised measurable outputs. Municipalities must adhere to the local government turnaround strategy and the funds may only be utilised for the implementation of capital projects.

In order to eradicate backlogs on roads that exist in the vast rural area of GTM MIG is of enormous value to bridge the gap in terms of available capital funds. GTM does not generate revenue directly from rural areas and the efforts to provide decent roads in rural areas would not be sufficient limited to the existing budget (without grant support). The MIG funding has been utilised to improve road infrastructure such as internal streets in villages and link roads with Council providing counter funding to ensure that sustainable roads are built. The backlogs in terms of electricity are however not in the service area of GTM and therefore MIG funding cannot be accessed for this. MIG was also sourced to assist in the provision of solid waste collection infrastructure in rural areas. However, it must be noted that this infrastructure needs funding to become operational, which Council currently do not have. A means of generating some income from rural areas to supplement the Equitable Share will have to be identified to ensure the sustainability of this infrastructure.

Chapter 5

COMPONENT C: CASH FLOW MANAGEMENT AND INVESTMENTS

In the environment that Greater Tzaneen Municipality is operating, cash flow management is important to ensure that funds are available, when needed to pay for services that all money owed to the Municipality are recovered. It also provides information with regard to access fund which are invested to increase Councils revenue through interest.

5.9 CASH FLOW

Table 159: Cash Flow Outcomes (R'000)				
Description	2011/2012	2012/13		
	Audited Outcome	Original Budget	Adjusted Budget	Actual

Government - capital	27 610	59 526	64 526	220 476
Interest	19 103	17 001	17 001	3 901
Dividends				
Payments				
Suppliers and employees	(574 435)	(784 054)	(796 228)	(551 108)
Finance charges	(12 767)	(23 884)	(23 884)	(16 331)
Transfers and Grants	(24 561)	-	-	(23 481)
NET CASH FROM/(USED) OPERATING ACTIVITIES	27 850	40 498	33 398	60 859
CASH FLOWS FROM INVESTING ACTIVITIES				
Receipts				
Proceeds on disposal of PPE		800	800	(714)
Decrease (Increase) in non-current debtors				
Decrease (increase) other non-current receivables				
Decrease (increase) in non-current investments	(2 995)	(1 315)	(1 315)	18 724
Payments				
Capital assets	(39 441)	(59 719)	(86 655)	(95 914)
NET CASH FROM/(USED) INVESTING ACTIVITIES	-42 436	-60 234	-87 170	-77 905
CASH FLOWS FROM FINANCING ACTIVITIES				
Receipts				
Short term loans				

Chapter 5

Table 159: Cash Flow Outcomes (R'000)				
Description	2011/2012	2012/13		
	Audited Outcome	Original Budget	Adjusted Budget	Actual
Borrowing long term/refinancing	40 283	25 000	25 000	
Increase (decrease) in consumer deposits	6 979	736	736	
Payments				
Repayment of borrowing	-4 598	-5 000	-5 000	-22 356
NET CASH FROM/(USED) FINANCING ACTIVITIES	42 664	20 736	20 736	-22 356
NET INCREASE/ (DECREASE) IN CASH HELD	28 078	1 000	(33 036)	(39 401)
Cash/cash equivalents at the year begin:	22 198	23 000	50 278	50 278
Cash/cash equivalents at the yearend:	50 276	24 000	17 242	10 876

It is evident from **Table 159** above that Councils' cash flow status has improved from R22 million at the beginning of the year under review to R50 million at the end of the year. The increase in Councils' cash position can be attributed to good financial management.

5.10 BORROWING AND INVESTMENTS

Borrowings

Section 18 of the MFMA determines, inter alia, that a Municipality may make use of borrowed funds, but only to finance capital expenditure. External borrowing represents capital funding. It must, however, be emphasised that although external borrowing represent capital funding it has a negative effect on the operational budget in the form of interest and depreciation. The result of this is less funds available for maintenance and general administration costs. The current outstanding external loans of Greater Tzaneen Municipality amounts to R130 million. This amount includes R15 million loan stock and R115 million annuity loans.

Investments

Adequate provision has been made by way of external investments to ensure that cash is available on the maturity date of external loans. Investment income on the other hand is utilised to fund the operational budget. Details of the investments of Greater Tzaneen Municipality are disclosed. The valuation of unlisted investments is as follows:

Chapter 5

- Liberty

R 4 953 416

Excelsior 1000 Investment

An investment of R855 619 has been made with Liberty to repay a loan of R15 million on maturity date. The loan bears interest on variable rate and the value of the investment amounts to R 4 953 416

Table 160 Actual Borrowings 2008/09-2012/13 (R'000)					
Instrument	2008/2009	2009/2010	2010/2011	2011/2012	2012/13

Municipality sub-total	25 865	17 928	20 683	23 677	4 953
Consolidated total:	25 865	17 928	20 683	23 677	4 953

It is evident that there was a sharp decline in the bank deposits from 2011/12 to 2012/13 (see **Figure 19**), this is due to the fact that an investment of R6 982 292 was made with BOE Bank to repay a loan of R20,000,000 on maturity date. The loan bears interest at a variable rate and the value of the investment amounted to R20,000,000. The BOE investment has been ceded to ABSA and the investment was utilised to repay the Sinking Fund loan from ABSA during the current financial year.

5.11 PUBLIC PRIVATE PARTNERSHIPS

For the financial year concerned no PPP's have been entered into.

Chapter 5

COMPONENT D: OTHER FINANCIAL MATTERS

5.12 SUPPLY CHAIN MANAGEMENT

All the supply chain management policies were reviewed and approved by Council during the financial year and it should be noted that no Councilors formed part of Bid Committees. One official completed the minimum competency levels and five officials are enrolled for a MFMP course as required. It was resolved that there be training of Supply Chain Management and Bid Committee Members as well as other officials to capacitate them with the Supply Chain Management Policies and Procedures. This will enhance the effectiveness of the Bid Committees in evaluating and adjudicating bids. The Supply Chain Management Officials will also be able to carry out their Supply Chain Management daily operational duties effectively and comply with the Supply Chain Management Policies. The accredited training institutions have been identified and all Bid Committee Members and SCM Officials have been trained within the financial year 2012/2013.

5.13 GRAP COMPLIANCE

GRAP is the acronym for **G**enerally **R**ecognized **A**ccounting **P**ractice and it provides the rules by which municipalities are required to maintain their financial accounts. Successful GRAP compliance will ensure that municipal accounts are comparable and more informative for the Municipality. It will also ensure that the Municipality is more accountable to its citizens and other stakeholders. GTM has changed from fund accounting to GAMAP during the 2003/2004 financial year and since then gradually changed over to GRAP as approved by Accounting Standard Board. Currently GTM is fully GRAP compliant and there is no deviation from GRAP standard.

Chapter 6

CHAPTER 6 – AUDITOR GENERAL AUDIT FINDINGS

Section 131 of the Municipal Finance Management Act no.56 of 2002 determines the following:

“A Municipality must address any issue raised by the Auditor General in an audit report. The Mayor of a Municipality must ensure compliance by the Municipality with this sub-section.”

The report of the Auditor General for the 2012/2013 financial year, which should have been issued at the end of November 2013, has not been issued yet.

COMPONENT A: AUDITOR-GENERAL OPINION OF FINANCIAL STATEMENTS 2011/12 & 2012/13

6.1 AUDITOR GENERAL REPORTS 2011/12

The progress with correcting the findings of the Auditor General for 2011/12 is presented in **Table 162** below:

Table 162 Auditor-General Report on Financial Performance 2011/12		
Audit Report Status*:Disclaimer		
Subject	Non-Compliance Issues	Remedial Action Taken
Property, plant and equipment:	<ul style="list-style-type: none"> • The municipality could not provide supporting documentation for property, plant and equipment additions amounting to R44 928 551. • The municipality did not review the useful lives of property, plant and equipment at each reporting date in accordance with the SA Standards of GRAP 17, Property, plant and equipment • The municipality did not account for land from the valuation roll amounting to R7 129 000 in property, plant and equipment. • Property, plant and equipment as disclosure in note 11 to the annual financial statements include an unexplained difference of R18 531 539 between the values in the valuation roll and fixed asset register. • Property, plant and equipment of R1 561 446 185 as disclosed in note 11 to the Annual Financial Statements, does not agree to the balance of R2 256 057 792 per general ledger. 	<ul style="list-style-type: none"> • The short comings regarding Property plant and equipment have been addressed as follows • Deloitte has been appointed to manage councils asset including : <ul style="list-style-type: none"> ○ Verification ○ Impairment ○ Asset addition ○ Useful lives of assets ○ Valuation of land ○ Depreciations as well as the provision of asset information i.e. ANNEXURE notes to the financial statements to the CFO.

Subject	Non-Compliance Issues	Remedial Action Taken
Investment property	Stands for sale amounting to R11 272 000 was incorrectly classified as investment property resulting in the overstatement of investment Property and understatement of inventory by the same amount.	The finding was found to be incorrect and the 2012/2013 Financial Statements were not adjusted to accommodate this finding.
Accumulated surplus	The municipality restated the closing balance of accumulated surplus for the 2010-11 financial year. However, no supporting evidence could be provided for the journals passed during the 211-12 financial year amounting to R38 998.035.	The fact that proper supporting documents could not be provided has been addressed. Different systems have been put in place to ensure that supported documents are available to the AG an archive has also identified where supporting documents are kept.
Bad debts	Bad debts amounting to R42 960 556 were written of directly against accumulated surplus. Consequently, the deficit for the year has been understated by R42 960 556.	This is a disclosure matter and has no effect on the net result or next years financial statements this over site will be addressed with the review of the Financial statements.
Supporting Documents could not be provided	<ul style="list-style-type: none"> • The municipality could not provide supporting documents for inventory as disclosed in the note 14 to the Annual Financial Statements. • The municipality could not provide supporting documents for receivables and other receivables as disclosed in the note 15 and 17 respectively to the Annual Financial Statements • The municipality could not provide supporting documents for VAT as disclosed in the note 7 to the Annual Financial Statements. • The municipality could not provide supporting documents for employee cost s amounting to R16 684 070 as stated in note 24 t the annual financial statement. • The municipality could not provide supporting documents for other income stated at R7 166 071 in the note 23 to the annual financial statements. • The billing system does not agree to financial statements and there is an unexplained difference of R8 452 607. • Consequently. Income from agency services as disclosed in the statement of financial 	<p>Supporting documents could not be provided during the 2011/2012 financial year for the following:</p> <p>As mentioned previously in this report this oversight has been addressed through the implementation of different administrative system as well as an archive where these documents can be kept.</p>

Chapter 6

	<p>performance are overstated by R8 452 607.</p> <ul style="list-style-type: none"> • The municipality could not provide supporting documents for borrowings as disclosed in note 1 to the annual financial statements. • The municipality could not provide supporting documents for finance lease liabilities as disclosed in the note 2 to the annual financial statements. 	
Commitments	The municipality has disclosed the capital budget for the 2012-13 financial year as a commitment for which they were no contractual obligations as at 30 June 2012. supporting documents	This finding resulted in a difference interpretation of what commitments entail. This issue has been addressed and does not have any impact on future financial statements.
Irregular Expenditure	No system was in place for the identification and recognition of irregular expenditure.	A system has been developed and implemented to address irregular expenditure and it is reported to council on a monthly basis.
Unauthorized expenditure	The municipality exceeded its approved budget by R91 011 607. The amount was not disclosed as unauthorised expenditure in the financial statements.	This matter has been addressed and the unauthorized expenditure has been disclosed in the 2012/2013 financial statements, it is also reported to council on a monthly basis.

Chapter 6

COMPONENT B: AUDITOR-GENERAL OPINION 2012/13

6.2 AUDITOR GENERAL REPORT 2012/13

Greater Tzaneen Municipality submitted its Annual Financial Statements to the Auditor General on 02 September 2013. The auditor report which according to legislation, should have been issued by the end of November 2013 has to date not being issued.

Table 163: Auditor-General Report on Financial Performance 2012/13

Section 71 of the MFMA (Act 56 of 2003) requires municipalities to return a series of financial performance data to the National Treasury at specified intervals throughout the year. The Chief Financial Officer states that these data sets have been returned by GTM according to the reporting requirements, with the exception of C6 to C7 (refer to [Addendum P](#)).

GLOSSARY

GLOSSARY

Accessibility indicators	Explore whether the intended beneficiaries are able to access services or outputs.
Accountability documents	Documents used by executive authorities to give “ <i>full and regular</i> ” reports on the matters under their control to Parliament and provincial legislatures as prescribed by the Constitution. This includes plans, budgets, in-year and Annual Reports.
Activities	The processes or actions that use a range of inputs to produce the desired outputs and ultimately outcomes. In essence, activities describe “ <i>what we do</i> ”.
Adequacy indicators	The quantity of input or output relative to the need or demand.
Annual Report	A report to be prepared and submitted annually based on the regulations set out in Section 121 of the Municipal Finance Management Act. Such a report must include annual financial statements as submitted to and approved by the Auditor-General.
Approved Budget	The annual financial statements of a Municipality as audited by the Auditor General and approved by Council or a provincial or national executive.
Baseline	Current level of performance that a Municipality aims to improve when setting performance targets. The baseline relates to the level of performance recorded in a year prior to the planning period.
Basic municipal service	A municipal service that is necessary to ensure an acceptable and reasonable quality of life to citizens within that particular area. If not provided it may endanger the public health and safety or the environment.
Budget year	The financial year for which an annual budget is to be approved – means a year ending on 30 June.
Cost indicators	The overall cost or expenditure of producing a specified quantity of outputs.
Distribution indicators	The distribution of capacity to deliver services.
Financial Statements	Includes at least a statement of financial position, statement of financial performance, cash-flow statement, notes to these statements and any other statements that may be prescribed.
General Key performance indicators	After consultation with MECs for local government, the Minister may prescribe general key performance indicators that are appropriate and applicable to local government generally.
Impact	The results of achieving specific outcomes, such as reducing poverty and creating jobs.

GLOSSARY

Inputs	All the resources that contribute to the production and delivery of outputs. Inputs are "what we use to do the work". They include finances, personnel, equipment and buildings.
Integrated Development Plan (IDP)	Set out municipal goals and development plans.
National Key performance areas	<ul style="list-style-type: none"> • Service delivery & infrastructure • Economic development • Municipal transformation and institutional development • Financial viability and management • Good governance and community participation
Outcomes	The medium-term results for specific beneficiaries that are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives set out in its plans. Outcomes are "what we wish to achieve".
Outputs	The final products, or goods and services produced for delivery. Outputs may be defined as "what we produce or deliver". An output is a concrete achievement (i.e. a product such as a passport, an action such as a presentation or immunization, or a service such as processing an application) that contributes to the achievement of a Key Result Area.
Performance Indicator	Indicators should be specified to measure performance in relation to input, activities, outputs, outcomes and impacts. An indicator is a type of information used to gauge the extent to which an output has been achieved (policy developed, presentation delivered, service rendered)
Performance Information	Generic term for non-financial information about municipal services and activities. Can also be used interchangeably with performance measure.
Performance Standards:	The minimum acceptable level of performance or the level of performance that is generally accepted. Standards are informed by legislative requirements and service-level agreements. Performance standards are mutually agreed criteria to describe how well work must be done in terms of quantity and/or quality and timeliness, to clarify the outputs and related activities of a job by describing what the required result should be. In this EPMDS performance standards are divided into indicators and the time factor.
Performance Targets:	The level of performance that municipalities and its employees strive to achieve. Performance Targets relate to current baselines and express a specific level of performance that a Municipality aims to achieve within a given time period.
Service Delivery	Detailed plan approved by the Mayor for implementing the Municipality's

GLOSSARY

Budget Implementation Plan	delivery of services; including projections of the revenue collected and operational and capital expenditure by vote for each month. Service delivery targets and performance indicators must also be included.
Vote:	<p>One of the main segments into which a budget of a Municipality is divided for appropriation of money for the different departments or functional areas of the Municipality. The Vote specifies the total amount that is appropriated for the purpose of a specific department or functional area.</p> <p>Section 1 of the MFMA defines a “vote” as:</p> <p><i>a) one of the main segments into which a budget of a Municipality is divided for the appropriation of money for the different departments or functional areas of the Municipality; and</i></p> <p><i>b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned</i></p>

APPENDICES

ADDENDUM M – SERVICE CONNECTION BACKLOGS AT SCHOOLS AND CLINICS

Table 179: Service Backlogs: Schools and Clinics (2012/13)				
Establishments lacking basic services	Water	Sanitation	Electricity⁴	Solid Waste Collection
Schools (NAMES, LOCATIONS)				
N/a	No backlog	No backlog	No backlog	Backlog at all rural-areas No backlog in urban areas
Clinics (NAMES, LOCATIONS)				
N/A	No backlog	No backlog	No backlog	No backlog –clinics are serviced by a Provincial service provider for H.CR.W. Urban clinics serviced by GTM

All Schools and Clinics have access to water and sanitation. In some instances water are supplied through boreholes, which may run dry at time.

⁴ Complaints regarding schools and clinics without electricity use to be submitted to GTM by Ward Councilors. No such complaints was received during 2012/13

VOLUME II

ADDENDUM N – SERVICE BACKLOGS EXPERIENCED BY THE COMMUNITY WHERE ANOTHER SPHERE OF GOVERNMENT IS RESPONSIBLE FOR SERVICE PROVISION

Table 180: Service Backlogs Experienced by the Community where another Sphere of Government is the Service Provider (where the Municipality whether or not act on agency basis)

Services and Locations	Scale of backlogs	Impact of backlogs
Clinics: Ward 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 13, 14, 16, 17, 18, 19, 21, 22, 24, 25, 26, 28, 29, 30, 31, 32 and 34	Health facilities are far from the mentioned wards and their respective constituencies	The lack of health facilities within reach of the people contribute to a increase in curable diseases
Housing: Ward 1, 2, 4, 5, 13, 14, 18	The mentioned wards have never received housing allocations ever since	Lack of housing impacts on the lives of people in terms of shelter and family relationship
Licensing and Testing Centre: Ward 31 (Lenyenye) and Bolobedu area	The Municipality has only two licensing and testing centres	Lack of extra licensing and testing centres in within the jurisdiction of the Municipality leads to overcrowding in the existing two centres
Reservoirs: Various wards	Most villages in various wards have a need for new reservoirs and their upgrades	Lack of reservoirs leads to shortage of piped water in villages
Schools (Primary and High): Ward 1, 3, 4, 5, 7, 8, 9, 10, 11, 12, 13, 14, 16, 18, 21, 22, 25, 27, 28, 29, 32, 34	There is a great need for new schools (primary and secondary) in the mentioned wards	Lack of schools in the mentioned wards leads to lack of access to education for children and overcrowding in the existing ones
Sports Fields: Wards 1, 4, 7, 8, 9, 11, 12, 15, 16, 17, 19, 21, 24, 25, 26 and 28	There is a need for sport and recreation facilities in the mentioned villages	Lack of sport and recreation facilities leads to young people becoming involved in criminal activities and indulging in substance abuse
Safety and Security: Wards 1, 2, 3, 4, 7, 8, 9, 11, 13, 14, 16, 17, 18, 21, 24, 25, 27, 28, 32 and 34	There is a need for construction of new police stations in the mentioned wards	Lack of police stations leads to escalation of crime in communities

APPENDICES

ADDENDUM O – DECLARATION OF LOANS AND GRANTS MADE BY THE MUNICIPALITY

All Organisation or Person in receipt of Loans */Grants* provided by the Municipality	Nature of project	Conditions attached to funding	Value 2012/13 R'	Total Amount committed over previous and future years
Eskom EBSST	Free Basic Electricity	Submission of list of Beneficiaries	R4 823 978	R2 836 792
SPCA	Animal protection	Submission of financial statements	R90 000	R90 000
Sport Council	Finance sport Council	Submission of financial statements	R106 644	R106 644
SETA Training	Training	Funds to be ploughed back into training	R24 839	R271 697
Mayor Bursary Account	Study Bursaries	Submission of Exam Results	R331 000	R147 450
Mayor Special Account	Financial support	Support regarding funerals and transport	R38 150	R12 701

ADDENDUM P – DECLARATION OF RETURNS NOT MADE IN DUE TIME UNDER MFMA S71

Return	Reason Return has not been properly made on due date
C6-Monthly Budgeted Statement - Financial Position	The Municipality has many transactions, as a result the current financial system is not able to produce the required monthly financial statements. Caseware financial system has been purchased, which will be able to produce monthly statements.
C7- Monthly Budgeted Statement - Cash Flow Statement	

VOLUME II

VOLUME II: ANNUAL FINANCIAL STATEMENTS

Unaudited Annual Financial Statements attached as [Annexure D](#) , since the Audit Report has not yet been received from the Auditor General.
