

MAYOR ADOPTS AND FUNDS BAKGAGA HIGH SCHOOL SUMMER ENRICHMENT PROGRAMME

The Mayor of the Greater Tzaneen Municipality, Councillor Maripe Mangena has adopted Bakgaga High School in Makhubidung Village.

The Mayor will work with the school to ensure that learning improves and the school improves its pass rate. Mangena has also committed to fund the summer enrichment programme which began today at the school.

Addressing learners and educators earlier today at Bakgaga High School, Mangena urged the grade 12 learners to follow a career in agriculture as agriculture is the major economic activity in the Greater Tzaneen Municipality. The municipality has also guaranteed a bursary for any learner who intends to enrol for any agriculture related course at any recognized institution of higher learning next year.

In his motivation talk, the Mayor encouraged the learners to use the remaining three weeks wisely.
