

## OUR LICENSING SERVICES TO RESUME ON 1 JUNE 2020

We have been granted authorisation by the Department of Transport to resume with all licensing services from 1 June 2020 on a 60% staff capacity. We have complied with all Covid\_19 requirements.

All our licensing offices (Tzaneen Civic Center, Tzaneen Testing Station and Nkowankowa Testing Station) will be open from 07h00 to 16h00 Mondays to Fridays.

We will give priority to licenses which expired in March and April 2020 until we catch up with the backlog which stands at approximately 50 000.

All licenses which expired during the lockdown from 26 March 2020 to 31 May 2020 will not be penalised and will receive a 90 days grace period.

We humbly request those whose licenses expired between May and June 2020 to use the grace period and not to rush to our offices on 1 June 2020. This will enable us to effectively enforce social distancing and other measures required to combat Covid\_19.

We will screen everyone coming into our premises including our employees for Covid\_19. Clients are expected to adhere to social distancing requirements whilst in our premises. We will allow only a very small number of people into the service center at any given time, the rest will be accommodated outside awaiting their turn. We urge all our customers to be patient as processes will take longer due to regular sanitising of surfaces and equipment

No new bookings will be done at testing stations until we have cleared our backlog.
