

URGENT PUBLIC NOTICE:

VEHICLE LICENCING SERVICES TEMPORARILY SUSPENDED

Our vehicle licencing services have been suspended as a precaution after one of our employees tested positive for Covid-19. The services will be suspended for two days (Thursday, 9 December and Friday, 10 December 2021).

We will resume with the services on Monday, 13 December 2021.

Those seeking to renew their vehicle licenses in the period mentioned above are advised to use the Post Office . It must be noted that the post office only offers vehicle licence renewal services, other vehicle licence related services are

rendered by the municipality.

The temporary closure will not affect our testing stations in Nkowankowa and Tzaneen. The two stations will continue with their normal operations.

We apologize for the inconvenience.
