7. INVESTMENT ETHICS

The following ethics must apply when dealing with financial institutions and other interested parties.

When making investments, the Chief Financial Officer or his / her delegate must guarantee that at least the capital amount invested is safe, and must exercise due diligence in this regard.

8.5 Growth-related Investments

If the Chief Financial Officer or his / her delegate invests with financial institutions – as approved by the Reserve Bank, from time to time, terms of the Banks Act 94 of 1990 and that they are approved financial institutions, he / she must ensure that such institutions are registered in

8.4 Registered Financial Institutions

The Council may not borrow money for reinvestment, as this would mean interest rates would have to be estimated in advance, which can be seen as speculation with public funds.

8.3 Borrowing Money for Investment

It can be accepted as a general rule that the larger the return, the greater the risk.

8.2 Risk and Return

Money, especially large sums of money, must be invested with more than one institution, in order to limit risk exposure of the Council.

8.1 Exposure to a Single Institution

8. INVESTMENT PRINCIPALS

Interest rates offered should never be divulged to another institution.

Under no circumstances may he / she be forced or bribed into making an investment. A register should be kept. The gift should not be in lieu of a commission.

The Chief Financial Officer or his / her delegate will be responsible for the investment of funds and he / she has to steer clear of outside interference, regardless of whether such interference comes from individual Councilors, agents or any other institution.

9. GENERAL INVESTMENT PRACTICE

9.1 General

After determining whether there is cash available for investment and fixing the maximum term of investment, the Chief Financial Officer or his / her delegate must consider the way in which the investment is to be made. As rates can vary according to money market perceptions with regard to the terms of investment, quotations must be requested telephonically, within term limitations, and these must be set out on a schedule.

9.2 Commission Certificate

The Auditor-General requires the financial institution, where the investment is made, to issue a certificate. This certificate must state that no commission has, nor will, be paid to any agent or third party, or to a person nominated by the agent or third party.

9.3 Reports

The Council must be given a quarterly report on all investments.

9.4 Cash in the Bank

Where money is kept in current accounts, it would be possible to bargain for more beneficial rates with regards to deposits, for instance call deposits. Fixed term deposits can increase these rates. The most important factor is that the cash in the current account must be kept to an absolute minimum.

9.5 Creditworthiness

HEN investments are placed with smaller registered institutions, the Chief Financial Officer his / her delegate has to see to it that the municipality is not exposed to too much risk. He / she has to ensure that the creditworthiness and performance of the institution are to his / her satisfaction, before investing money in the institution. The Financial manager or his / her delegate is entitled to information from which the creditworthiness of financial institutions can be determined. This must be obtained and analyzed annually.

- 10.1 Quotations should be obtained from a minimum of three financial institutions, bearing in mind the limits of the term of which it is intended to invest the funds. Should one of the institutions offer a better rate for a term, other than what the Municipality had in mind, the other institutions which were approached should also be asked to fix a rate for that long a term.
- 10.1.1 Quotations should be obtained from a minimum of three financial institutions, bearing in mind the limits of the term of which it is intended to invest the funds. Should one of the institutions offer a better rate for a term, other than what the Municipality had in mind, the other institutions which were approached should also be asked to fix a rate for that long a term.
- 10.2 It is acceptable to ask for quotations telephonically, as rates generally change on a regular basis and time is a determining factor when investments are made. The person responsible for requesting quotations from financial institutions must record the following:
- 10.2.1 Name of institution
- 10.2.2 Name of person quoting rates
- 10.2.3 Period of the investment
- 10.2.4 Relevant terms; and
- 10.2.5 Other facts i.e. are interest payable monthly or a maturation date.
- Once a quote has been accepted written confirmation of the details must be obtained from the financial institution.
- 10.3 Once the required number of quotes has been obtained, a decision must be taken regarding the best terms offered and the institution with which funds are going to be invested. The best offer must under normal circumstances be accepted, with thorough consideration of investment principals. No attempt must be made to make institutions compete with each other as far as their rates and terms are concerned.
- If institutions have been asked for a quotation with regard to a specific package, the institution must be requested to give the best rate in their quotation. They must also be informed that, once the quotation has been given, no further bargaining or discussions will be entered into in that regard.
- 10.4 The above procedure must be followed for all investments.

10. CALL AND FIXED DEPOSITS

D 174

- 10.5 The Chief Financial Officer or his / her delegate must make sure that the investment capital is paid over to the institution with which it is to be invested and not to an agent.

11. OTHER EXTERNAL DEPOSITS

Other investment possibilities, which are subject to the applicable legislation and are available to the Council, include debentures and other securities of the state as well as other Municipalities or statutory bodies in the Republic, Instituted under and in terms of any Law. With regard to such investment, the principals and practices set out above must apply.

12. CONTROL OVER INVESTMENTS

- 12.1 An investment register should be kept of all investments made. The following facts must be indicated:

- 12.1.1 Name of institution
- 12.1.2 Capital invested
- 12.1.3 Date invested
- 12.1.4 Interest rate
- 12.1.5 Maturation date
- 12.1.6 Interest received
- 12.1.7 Capital repaid, and
- 12.1.8 Balance invested

- 12.2 The investment register must be examined on a fortnightly basis to identify investments falling due within the next two weeks. It must then be established as what to do with the funds, bearing in mind the cash flow requirements.

- 12.3 Interest, correctly calculated, must be received timeously, together with any distributable capital. The Finance Minister or his / her delegate must check that the interest is calculated correctly.

- 12.4 The following investment documents must be safeguarded.

- 12.4.1 Fixed deposit letter or investment certificate

- 12.4.2 Receipt for capital invested

- 12.4.3 Copy of electronic transfer or cheque requisition

- 12.4.4 Excel schedule of comparative investment figures

- D176
- 12.4.5 Commission certificate indicating no commission was paid on
the investment; and
- 12.4.6 Interest rate quoted.
- 12.5 The Chief Financial Officer or his / her delegate is responsible for
ensuring that the invested funds are secure and, should there be a
measure of risk, that such risk be rated realistically.
13. INDEMNIFICATION OF INVESTMENT OFFICIALS
- 13.1 Any investment officer exercising his or her authority with due diligence
and prudence, and in accordance with the requirements of the ACT,
will not be held personally liable for any individual investment losses or
for total portfolio losses.
- Council will however have the right to collect any losses from an
official in terms of Section 32 of the Municipal Finance
Management Act, if an investment is made contrary to the
stipulation of this policy.
