1. Introduction

The Service Delivery and Budget Implementation Plan (SDBIP) was approved by the Mayor on the 22th of June 2018 in line with the prescriptions of Section 53 (2) (ii) of the Municipal Finance Management Act (MFMA) (Act 56 of 2003) and subsequently approved by Council. The SDBIP serves as a tool which assists Council and the Municipal Manager to monitor the implementation of the budget and delivering on the Key Performance Indicators and projects as approved in the Integrated Development Plan (IDP).

Quarterly SDBIP progress reports are prepared for Council, reflecting progress made in the achievement of the targets, as agreed on by the Municipal Manager and Directors prior to the approval of the SDBIP. Quarterly SDBIP reports contains the progress made for the quarter, reasons for deviation (where it is applicable) as well as efforts undertaken to improve the performance in areas where progress are not as planned. The quarterly reports also contains an analysis of operational and capital expenditure as well as revenue collected.

GTM utilizes an electronic system to manage performance information. The performance reported by Departments are rated in terms of the level on which the targets set have been achieved. The actual performance for the quarter is therefore colour coded as presented below. Note that grey items were not measured during the 4th Quarter, since these are planned for other quarters.

| Colour | Result level | Coding of Results |
|--------|--|--|
| | KPIs with no targets or actuals in the selected period. | KPI Not Yet Measured (not applicable this quarter) |
| | 0% <= Actual/Target <= 74.999% | KPI target not met |
| | 75.000% <= Actual/Target <= 99.999% | KPI target almost met |
| | Actual meets Target (Actual/Target = 100%) | KPI target achieved |
| | 100.001% <= Actual/Target <= 149.999% | KPI target well met |
| | 150.000% <= Actual/Target | KPI target extremely well met |

2. 4th Quarter Financial Performance

This section provides an overview of the performance in terms of quarterly revenue collection and expenditure in line with the approved budget for 2018/19.

2.1 Revenue Analysis

Table 1, ATH Quarter Poyenue Collection by Source for 2018/10

GTM revenue collection for the 4th Quarter, is presented in **Table 1** and **Table 2**. **Table 1** presents the actual collection per source of revenue.

| Ref | Line Item | Apr | -19 | May | /-19 | lur | n-19 | Toto | l for the Period | |

| RS13 | Income foregone | -1 079 099 | -3 305 620 | -3 109 559 | -3 256 657 | -3 260 836 | -3 017 853 | -7 449 494 | -9 580 130 | 129% |
| | Total: | 57 043 311 | 53 989 566 | 55 203 909 | 45 524 174 | 83 695 866 | 64 323 253 | 195 943 086 | 163 836 994 | 84% |

The reasons for deviation from the planned revenue collection for the 4th Quarter (as presented in **Table 1**) are:

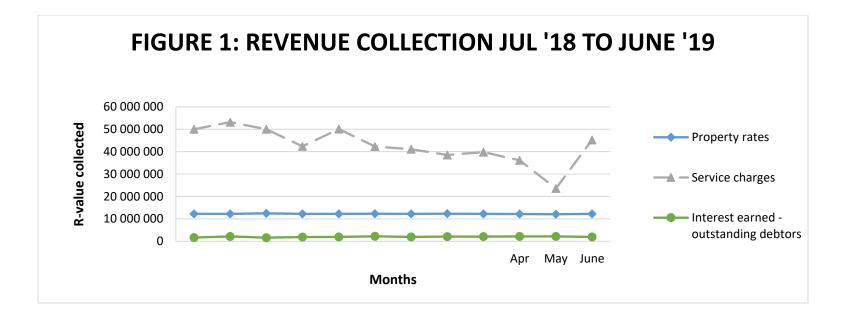

- Property rates (128%): The implementation of the new valuation roll contributed to a higher receipt.
- Penalties imposed and collection charges on rates (144%): Due to credit control initiatives.
- Service charges received only **72%** of budgeted amount: Challenges with the reading of meters.
- Interest earned external investments (132%): Higher interest on investment than anticipated.
- Interest earned outstanding debtors (154%): Debt on service charges increased and therefore also the interest on debtors.
- Income from Agency services (160%): Higher than anticipated income from Licensing services.
- Other Revenue (13%): Insurance refunds for the period was less than provision made.

Considering the month to month revenue billed from (presented in **Figure 1**) it is evident that although the revenue from property rates remained stable the revenue generated from service charges declined from R36 million in April to only R23 million in May, this however improved again to R45 million in June. The instability in revenue received from service charges relate to:

- The appointment of a new company to provide meter reading services resulted in some meters not being read for a few months and averages being used to bill customers.
- Seasonal electricity service charges which impact on the larger user accounts, with rates increasing during winter.

Table 2 gives an overview of the overall status of revenue collection vs debtors for the 4th Quarter of 2018/19.

| Table 2: 4 th Quarte | er Revenue Sun | nmary for 2018 | /19 | | | | | |
|------------------------------------|----------------|--------------------|--------------------|--------------------|-----------------------|--------------------|-----------------------|--|
| 2018/19 |) FY | April | '19 | May '1 | 19 | June '19 | | |
| Revenue | Budget | Monthly receipt | % Receipt (YTD) | Monthly receipt | % Receipt (YTD) | Monthly receipt | % Receipt (YTD) | |
| Grants & Subsidies | 353 854 000 | 0 | 99.20% | 2 725 | 100.00% | 0 | 100.00% | |
| Rates & Taxes (billing) | 656 347 140 | 51 340 933 | 90.98% | 35 970 490 | 96.46% | 58 051 854 | 105.31% | |
| Rates & Taxes (collection rate) | 623 615 283 | 61 617 343 | 93.51% | 43 320 732 | 100.46% | 42 960 940 | 107.35% | |
| Debtors age analysis | | 602 998 587 | | 599 148 739 | | 621 565 231 | | |
| Bank Balance | | 74 489 264 | | 53 649 852 | | 42 728 950 | | |

From **Figure 1**, above the gradual decline in revenue collection from service charges is evident. Reaching its lowest point in May with only R23 million collected. The consistent decline in revenue collection from this key source is the most concerning factor regarding revenue collection during the 4th Quarter. The performance of the service provider, appointed to read meters are of concern.

2.2 4th Quarter Operational Expenditure Analysis

This section provides details regarding the expenditure in terms of the Operational Budget. **Table 3** contains the expenditure for the 4th quarter of 2018/19.

| CF6 | Planning and Economic Development | 1 946 500 | 3 255 364 | 167% | 2 256 266 | 1 438 566 | 64% | 2 817 257 | 1 495 957 | 53% | 25 952 320 | 82% | |
| | Total: | 88 977 459 | 76 109 861 | 86% | 89 327 211 | 65 022 045 | 73% | 200 372 373 | 64 563 319 | 32% | 871 090 511 | 75% | |

The reasons for the major variances reported in terms of operational expenditure (see **Table 3**) are as follows:

• Office of the Municipal Manager (125%): Legal fees paid were higher than anticipated with **R21 million** spent by the end of June (initial budget was only R10 million)

It is evident from **Table 3** that the level of expenditure in the Offices of the MM, CFO and CSD has been contained to address the over expenditure reported by the 1st Quarter. However, the high expenditure on legal costs remain a concern as it continues to be a reason for high level of over expenditure in the Office of the Municipal Manager.

| Table 4: 4th Quarter | Expenditure S | Summary for 2 | 2018/19 | | | | | | |

| Capital Expenditure | 195 199 250 | 153 718 018 | 8 654 475 | 50.36% | 17 774 802 | 61.92% | 15 806 193 | 72.20% | |

Table 4 presents a summary of performance in terms of the planned expenditure for the 4th quarter of 2018/19. It will be noted that most of the expenditure items spent less than budgeted. The low expenditure on capital (72%) is due to the slow spending due to the delay in the DBSA funded projects.

The expenditure on Conditional Grants are presented below in **Table 5**. Reflecting that all grants were spent except for INEP (utilized for the electrification of villages) expenditure which was only at 69% by June.

| Table 5: 4 | Table 5: 4th Quarter Grant Expenditure Summary for 2018/19 | | | | | | | | | | | | | |
|-----------------------------|--|--------------------|----------------|----------------|----------------|----------------|----------------|----------------|--|--|--|--|--|--|
| 2018 | /19FY | | April | '19 | May | '19 | June '19 | | | | | | | |
| Conditional Grant Budget | | Adjusted budget | Monthly Exp | % Exp (YTD) | Monthly Exp | % Exp (YTD) | Monthly Exp | % Exp (YTD) | | | | | | |

| INEP | 15 996 000 | 15 996 000 | 0 | 14.01% | 2 237 041 | 27.99% | 7 259 885 | 69.05% | | | | | | |
| MIG | 92 315 000 | 92 315 000 | 7 034 268 | 66.39% | 12 054 790 | 79.46% | 18 921 346 | 99.86% | | | | | | |
| EPWP | 5 510 000 | 5 510 000 | 729 141 | 100.00% | 0 | 100.00% | 0 | 100.00% | | | | | | |

The expenditure on conditional grants are presented in **Table 5**. The reasons for major deviations are:

• **INEP:** Delays in the approval of designs by ESKOM

2.3 Capital Expenditure Analysis – 4th Quarter 2018/19

This section provides an overview of capital expenditure during the 4th Quarter of 2018/19. **Table 6** below presents the capital expenditure per department.

| Tabl | e 6: Quarter Capit | tal Expenditur | re per Vote (1 A | Apr – 30 Jun 19) | | | | | | | | |
|------|---|--------------------|----------------------|-------------------|--------------------|----------------------|-------------------|--------------------|----------------------|-------------------|----------------|--|

| CF6 | Planning and Economic Development | 0 | 0 | 0 | 0 | 0 | 0 | 235 000 | 235 000 | 0 | 0.00% | |
| | Total: | 13 675 607 | 12 825 753 | 8 654 475 | 12 280 192 | 9 007 661 | 17 774 802 | 14 794 099 | 40 945 848 | 15 806 193 | | |

The Capital Expenditure reflected in **Table 6** presents the expenditure as incurred on the adjusted Capital Budget as approved by Council by end February: Of concern are the following deviations:

i. *Office of the CFO*: Reflecting a major over-expenditure for the quarter which was incurred to pay for the procurement of 4 vehicles. Which was budgeted for, during the adjustment budget under the Engineering Department.

ii. *Electrical Engineering (44%)*: The under-expenditure is due to the late receipt of the DBSA loan funds required to implement projects.

The detailed expenditure per project is presented below in **Table 7**:

| Ward | IDP Ref No | Project Name | Estimated end date | Original | Adjusted budget | 4th Q | tr. | Source of funding | Reason for deviation in expenditure | Project Progress at year-end |

| | | Total Capital Exp by 30 June 19 | - | - | - | <u>110 552 235</u> | | | | |

The main issues to take note of in the capital expenditure reflected above are:

- i. DBSA loan amount received late in financial year this resulted in the delay in the appointment of contractors on various projects aimed at refurbishing the electricity network.
- ii. DBSA projects commenced in 2017/18 with the expectation that the funds will be received, therefore project expenditure was incurred in 2017/18 with projects reflecting as underspending in 2018/19.
- iii. MIG roll-over projects not provided for in the adjustment budget and having to be catered for with own funds
- iv. Re-advertisement of MIG projects.

2.4 Summary of financial performance for the period 1 April '19 to 30 June '19 of 2018/19

Considering the financials for the last quarter of the financial year the following matters should also be taken note of:

- a) <u>Revenue collection</u>: Receivables from service charges improved during the 4th quarter due to some improvement by the meter reading service provider. However outstanding debtors are increasing month on month. The continued poor performance of the meter reading service provider must be attended to.
- b) <u>Operational Expenditure</u>: The quarter ended with year to date expenditure on 86%. Operational expenditure reported during the financial year did not reflect labour and depreciation, the inclusion of these during the 4th quarter distorts the quarterly expenditure reflected.
- c) <u>Expenditure on conditional grants</u>: Expenditure on the INEP grant improved to a level of 69% during the 4th quarter. The FMG and MIG funds were all spent by the end of the quarter.
- d) <u>Capital Expenditure:</u> Capital expenditure improved during the 4th quarter. The quarter ended with total expenditure at 72%.
 Capital Expenditure by the Electricity Department increased in the 4th quarter after the appointment of service providers to implement the DBSA funded projects.

3. Delivery on Key Performance Indicators & Projects

3.1 Office of the Municipal Manager

The performance of the Office of the Municipal Manager (MM) by the end of the 4th Quarter of 2018/19 is presented below.

| | Municipal | Strategic | | | Unit of | | Annual | | F | Period-1 | Fo-Date As At June 2019 | | Source of |

Table 10 presents a summary of the level of performance for the 4th Quarter of 2018/19 only, for the Office of the Municipal Manager, indicating

a further improvement to **78%** from the **64%** achieved for the 3rd Quarter.

| Table 1 | 0: Office of the Municipal Manag | ger- Summary of Results (4 th | Quarter of 2018/19) |
|---------|----------------------------------|--|-----------------------------|
| | Level of performance | Number of KPIs | % Performance at this level |
| | KPI Not Yet Measured | 9 | |
| | KPI Not Met | 6 | 16% |
| | KPI Almost Met | 2 | 5% |
| | KPI Met | 18 | 49% |
| | KPI Well Met | 0 | 0% |
| | KPI Extremely Well Met | 11 | 30% |
| | Total KPIs measured this period | 37 | |

Areas affecting the performance of the Office of the Municipal Manager:

- Implementation of Council Resolutions not at 100% during the 4th Quarter. .
- Internal Audit: The projects aimed at strengthen the capacity of the Internal Audit unit (D28 & D29) were not implemented by year-end.
- *Capital expenditure:* The reporting on capital expenditure remains a challenge with the inaccurate monthly reporting leading to incorrect information being presented to Council in the SDBIP reports.

3.2 Office of the Chief Financial Officer

The performance of the Office of the Chief Financial Officer (CFO) during the fourth quarter of 2018/19 is presented below.

| | Municipal | Strategic | | | Unit of | | Annual | | Perio | d-To-D | ate As At June 2019 | | Source of |

Table 12 below presents a summary of the level of performance for the third quarter of 18/19, during which the Office of the CFO met **68%** of the targets set for the quarter, an improvement from the **43%** achieved in the 3rd Quarter.

| Table 12: CFO - Summary of Result | s (4 th Qtr. of 2018/19) | |
|-----------------------------------|-------------------------------------|-----------------------------|
| Level of performance | Number of KPIs | % performance at this level |
| KPI Not Yet Measured | 4 | |
| KPI Not Met | 5 | 20% |
| KPI Almost Met | 3 | 12% |
| KPI Met | 8 | 32% |
| KPI Well Met | 4 | 16% |
| KPI Extremely Well Met | 5 | 20% |
| Total KPIs measured this | | |
| quarter | 25 | |

Challenges that affected the performance of the Office of the Chief Financial Officer:

• Cost Coverage at only 0.45 due to overspending on votes and the simultaneous challenge with collecting service charges due to the meters not being read.

- Creditors not paid within 30 days, of which the ESKOM account is of concern due to the high interest on arrears.
- Number of Households billed is less than anticipated
- Outstanding service debtors increased with R84 million during 18/19. Due to the increased tariffs and inconsistent billing from meters not read over a billing period.
- Meter readers service provider is not performing well with meters not read in time for billing cycle.
- Provision of free basic service to indigents are hampered by the fact that GTM is not the service provider in rural areas where the majority of indigents reside. These areas are serviced by ESKOM and MDM.

3.3 Corporate Services Department

The performance of the Corporate Services Department (CORP) during the 4th quarter of 2018/19 is presented below.

| | Municipal | Strategic | | | Unit of | | Annual | | | Period | To-Date As At June 2019 | | Source of |
|------|---------------------|---|--------------------------------------|--|-------------|----------|--------|--------|--------|--------|--|---|--|
| Ref | КРА | Objective | Programme | KPI | Measurement | Baseline | Target | Target | Actual | R | Reason for deviation | Corrective Measures | Evidence |
| D117 | Service Delivery | Develop and build skilled and knowledgeable workforce | Capacity building and Training | Work place skills plan submitted to LGSETA by 30 Apr | Number | 1 | 1 | 1 | 1 | G | | | WSP Acknowledgement of receipt |
| D118 | Service Delivery | Develop and build skilled and knowledgeable workforce | Capacity building and Training | % of municipal budget spent on implementing the Work Place Skills Plan | Percentage | 0.20% | 1% | 1% | 0.00% | R | An error was committed in determining of the target, instead of 100% spent of the budgeted funds. 1 percent of the total budget the municipality was used as provided for by the Skills Development Act which made the target unrealistic because budgeted amount for training was far less than the 1% of the total budget of the institution. | A realistic target need to set for the future. | Municipal Budget Training Budget Spent |
| D119 | Service Delivery | Develop and build skilled and knowledgeable workforce | Labour Relations | # of Local Labour Forum meetings | Number | 6 | 12 | 3 | 2 | R | Labour Union requested postponement on scheduled LLF meeting. | That both management and labour union must adhere to the LLF schedule. | LLF Invitations, Minutes and attendance registers |
| D83 | Good Governance | Attract and retain best human capital to become employer of choice | Human Resource Management | % Staff turnover | Percentage | 3.50% | 6.60% | 6.60% | 1.70% | R | The turnover percentage is acceptable given employees go on pension and others pass on. Resignations contributed far less in the percentage. | None as the circumstances are largely unavoidable. | Staff establishment |

 Table 14 below presents a summary of the level of performance for the fourth quarter of 2018/19 wherein only 58% of the targets set

for the quarter was met, a slight improvement from the **52%** achieved in the 3rd quarter but still far below expectation.

| Table 14: | CORP - Summary of Results (4 th Qtr. | of 2018/19) | |
|-----------|---|----------------|-----------------------------|
| | Level of performance | Number of KPIs | % performance at this level |
| | KPI Not Yet Measured | 5 | |

| | KPI Almost Met | 1 | 4% |
| | KPI Met | 4 | 17% |
| | KPI Well Met | 4 | 17% |
| | KPI Extremely Well Met | 6 | 25% |

| Table 14: | CORP - Summary of Results (4 th Qtr. | of 2018/19) | |
|-----------|---|----------------|-----------------------------|
| | Level of performance | Number of KPIs | % performance at this level |
| | Total KPIs measured this quarter | 24 | |

Areas affecting the performance of the Corporate Services Department:

- *Human Resource Management*: OHS targets were not met. The staff turnover rate is lower than anticipated and the target set in terms of employment equity for youths were not met. Herein it should be noted that the low turnover rate reduces the opportunity to appoint youthful employees, while existing staff are naturally aging.
- *Communications*: Media briefings were not held as expected.
- *Ward committee functionality:* Not all ward committees convene on a month to month basis as expected.
- *Capacity building*: 2 of the senior managers are not yet complying with the MFMP competency requirements
- *LLF*: The LLF is not convening every month as required with 2 postponements this quarter.

3.4 Community Services Department

The performance of the Community Services Department (CSD) during the 4th quarter of 2018/19 is presented below.

| Tubic | | | | | 18/19 - Commun | | | | Perio | d-To-D | ate As At June 2019 | | |
|-------|---------------------|--|---------------------------------------|--|------------------------|--------------------|------------------|--------|--------|--------|---|--|---|

| Total KPIs measured this quart | er 23 | |

Areas affecting the performance of the Community Services Department:

- 1. Theft from Council buildings: A lapse in security resulted in the theft of batteries from 7 Council vehicles
- 2. *Cleanest School Competition:* Inadequate budget provision for the cleaning of Council facilities resulted in the funds for the competition being used.
- 3. Traffic Law Enforcement: The collection rate on the traffic fines issued remains very low and needs to be addressed.
- 4. Solid Waste Management: There was under-expenditure on solid waste management services with no reason for this provided.
- 5. *Environmental Management*: Exceptional performance achieved with prize money received for the Cleanest Town Competition utilized to construct a bund walls and grease traps. Good project management allowed projects to be duplicated with funds received.

3.5 Electrical Engineering Services Department

The performance of the Electrical Engineering Services Department (EED) during the fourth quarter of 2018/19 is presented below.

| | Governance | Effective and Efficient administration | Office Administration | furniture and equipment for Electrical Engineering Dept. | Q1: Not applicable this quarter Q2: Procurement process for the acquisition of furniture (10%) Q3: Furniture procured for EED offices and delivered (100%) Q4: Not applicable this quarter | No furniture procured | 100% | 0% | 0% | N/A | | | Quotations Proof of receip of furniture |

Table 18 below presents a summary of the level of performance for the fourth quarter of 2018/19 for EED indicating that 53% of the targets set

for the quarter were met. This is an improvement from the previous quarter but still far below expectation.

| | Number of | % performance at this |
|--------------------------------|-----------|-----------------------|
| Level of performance | KPIs | level |
| KPI Not Yet Measured | 1 | |
| KPI Not Met | 11 | 24% |
| KPI Almost Met | 10 | 22% |
| KPI Met | 21 | 47% |
| KPI Well Met | 3 | 7% |
| KPI Extremely Well Met | 0 | 0% |
| Total KPIs measured this quart | ter 45 | |

Areas that affect the performance of the Electrical Engineering Department:

- 1. Capital projects funded through a DBSA were delayed by the late approval of the loan.
- 2. Projects for the electrification of villages have been delayed since ESKOM is delaying the approval of the designs.
- 3. High electricity losses remain a challenge, the implementation of the HAMSA report on the matter should be monitored.

3.6 Engineering Services Department

The performance of the Engineering Services Department by the end of the fourth quarter of 2018/19 is presented below (see **Table 19**).

Most of the beneficiaries commenced work in the beginning of the financial year. | Not required. Annual target met | Project reports, EPWP report |

Table 20 and the graph below presents a summary of the level of performance for the fourth quarter of 2018/19 for ESD indicating **65%** of the targets set were met, which is an improvement from the **45%** achieved in the 3rd Quarter but still far below expectation.

| Table 20: E | ESD - Summary of Results (4 ^t | ^h Qtr. of 2018/19) | |
|-------------|--|-------------------------------|-----------------------------|
| | Level of performance | Number of KPIs | % performance at this level |
| | KPI Not Yet Measured | 2 | |
| | KPI Not Met | 7 | 35% |
| | KPI Almost Met | 0 | 0% |
| | KPI Met | 8 | 40% |
| | KPI Well Met | 2 | 10% |
| | KPI Extremely Well Met | 3 | 15% |
| | Total KPIs | 20 | |

Issues that affected the performance of the Engineering Services Department:

- *EPWP job creation:* The target set for the 4th quarter was not met.
- *Roads*: Various projects are behind schedule due to delays in the procurement process with various tenders re-advertised.

3.7 Planning and Economic Development Department

The performance of the Planning Economic Development Department during the fourth quarter of 2018/19 is presented below.

Appointment letter. Status Quo report. Draft Land Audit Report |

Table 22 below presents a summary of the level of performance for the fourth quarter of 2018/19 for PED, indicating that **67%** of the targets set for the quarter were met a decline from the **86%** met by mid-year.

| | | % performance at this |
|---------------------------------|----------------|-----------------------|
| Level of performance | Number of KPIs | level |
| KPI Not Yet Measured | 2 | |
| KPI Not Met | 3 | 33% |
| KPI Almost Met | 0 | 0% |
| KPI Met | 4 | 44% |
| KPI Well Met | 0 | 0% |
| KPI Extremely Well Met | 2 | 22% |
| Total KPIs measured this period | 9 | |

Areas that affected the performance of the Planning and Economic Development Department:

- 1. The Project aimed at formulating a Land Use Scheme for the area is behind schedule.
- 2. Job creation targets were not met
- 3. The number of SMMEs supported through exposure to the market was less than planned.

3.8 Greater Tzaneen Economic Development Agency

The performance of the Greater Tzaneen Economic Development Agency (GTEDA) by the end of the 4th quarter of 2018/19 is presented below

(see Table 23).

Table 24 below presents a summary of the level of performance for the 4th quarter of 2018/19 for GTEDA reflecting that only **62%** of the targets set for the period were met.

| Level of performance | Number of KPIs | % performance at this level |
|----------------------|----------------|-----------------------------|
| KPI Not Yet Measured | 0 | |
| KPI Not Met | 2 | 15% |
| KPI Almost Met | 3 | 23% |
| KPI Met | 3 | 23% |
| KPI Well Met | 0 | 0% |

| Table 24: GTEDA - Summary of Results (4 th Qtr. of 2018/19) | | | | | | | | | | | |
|--|----------------------------------|----------------|-----------------------------|--|--|--|--|--|--|--|--|
| | Level of performance | Number of KPIs | % performance at this level | | | | | | | | |
| | KPI Extremely Well Met | 5 | 38% | | | | | | | | |
| | Total KPIs measured this quarter | 13 | | | | | | | | | |

Areas of affected the performance of the Greater Tzaneen Economic Development Agency:

- The mandate of GTEDA remains job creation and the attraction of investors into the GTM area the targets set have not been met.
- The projects milestones set are not measurable to an extent where the actual output can be determined. The role of GTEDA in many of the initiatives are hidden, making it extremely difficult to gauge the performance of the Agency.
- The reporting of learnerships secured by GTEDA as investments should be corrected. Council expects investments that attract sustainable job creation with a major impact on the local economy, over time. Herein the securing of learnerships and training contributes only to short term capacity building.

3.9 Overall Organisational Performance 2018 /19 (1 April to June '19)

During the 4th Quarter of 2018/19 GTM achieved only 64% of the targets set for the quarter were met. An improvement from the 49% achieved during the 3rd quarter but still not in line with expectations

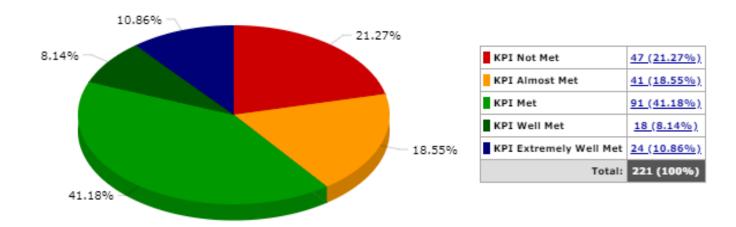

Figure 2: 4th Quarter Performance for 2018/19 for GTM (Overall organizational performance)

It was expected that the adjustments made to the capital budget (removal of un-funded projects) would have resulted in a major improvement of the results. However, the delay in the implementation of the Electricity refurbishment programme (DBSA funded) and MIG projects impacted negatively on the overall performance on implementing the budget.

4. 4th Quarter Assessment of the performance of Service providers for 2018/19

Table 25 contains an evaluation of the performance of service providers that were appointed through a competitive bid process, delivering services during the first six months of the financial year.

In summary, the service providers that are not performing as expected are:

- Matete & Associates appointed to develop a Land Use Scheme for GTM
- Phomelelo Industrial Power Supply appointed for the electrification of households at Relela
- Uranus Consulting Engineers appointed to design and monitor the electrification of Relela
- Khakhi Electrical appointed for the upgrading of the Waterbok substation
- Baatshuma (Pty)lLtd appointed for meter reading

The poor performance of Baatshuma is of grave concern due to the loss of income for Council. The poor performance of the company worsened Councils cashflow constraints.

5. Implementation of the 2017/18 Annual Performance Report recommendations

The Annual Performance Report (APR) is compiled annual along with the Annual Financial Statements. The report contains recommendations to improve the performance of the organisation. **Table 26** below reflects the progress made with the implementation of the recommendations.

| Tab | Table 26: Progress made with the implementation of the 17/18 APR recommendations | | | | | | | | | | | |
|-----|---|---------------------------|-------------|--|--|---|--|--|--|--|--|--|
| No | Recommendations | Responsible Department | Due date | Progress made by 30 June 2019 | Challenges with implementation | Interventions required | | | | | | |
| 1 | Development of a Revenue enhancement Strategy | MM | 30 June '19 | Procurement in progress for consultant on revenue enhancement strategy | Bid closes early August '19, as it was re-advertised due to challenges with the specifications | None | | | | | | |
| 2 | A fixed percentage of the income from electricity should be set aside for re-investment into the refurbishment and upgrade of the existing GTM network (6% as per NERSA requirements). | CFO | 30 May '19 | Allocation not yet increased. Improvement in Revenue streams and tariff recovery will lead to a greater allocation for Electrical Department. | Cash Flow and Expenditures not yet reached recovery levels | All Revenue streams to be addressed by all affected Departments. | | | | | | |
| 3 | Service Departments (ESD, EED & CSD) should conduct an internal investigation to determine the current state of, and need for, tools and equipment to inform the IDP project prioritisation process | ESD, EED & CSD | 30 Jan '19 | Implemented, all departments have done a needs analysis | Budget Constraints | None | | | | | | |
| 4 | An annual capital allocation should be set aside for the procurement of capital tools and equipment for all services | CFO | 30 May '19 | There is budget allocated for procurement of additional tools and equipment in the financial year 2019/20 | Budget Constraints | None | | | | | | |

| No | Recommendations | Responsible Department | Due date | Progress made by 30 June 2019 | Challenges with implementation | Interventions required | |

| Tab | Table 26: Progress made with the implementation of the 17/18 APR recommendations | | | | | | | | | | | |
|-----|--|---------------------------|------------|--|--|---|--|--|--|--|--|--|
| No | Recommendations | Responsible Department | Due date | Progress made by 30 June 2019 | Challenges with implementation | Interventions required | | | | | | |
| 10 | That performance measurements be included in the Service Level Agreements between Council and companies providing good and services in excess of R200 000 | ММ | Immediate | Draft Standard Operating Procedures for monitoring service provider performance was approved by Management in January | New SOP still to be implemented by all Departments | None | | | | | | |
| 11 | That the return on investment in GTEDA be investigated | PED | 30 May '19 | The Task Team to review the SLA established | Lack of implementation of the SLA | GTEDA Business plans to be submitted annually | | | | | | |

From **Table 26** it can be seen that most of the recommendations were implemented.

6. Evaluation of overall performance

Considering the performance reported by the Departments during the 4th Quarter of the 2018/19 financial year, the following matters to be attended to.

6.1. Revenue Management

GTM appointed a service provider to assist with revenue collection by reading meters and conducting credit control activities. The performance of the new service provider is not on standard resulting in a major loss of revenue for Council. The main challenges are:

- New meter readers not being able to locate the meters due to the dense vegetation, large farming area and other natural factors.
- Average meter readings billed to accommodate the change-over process.

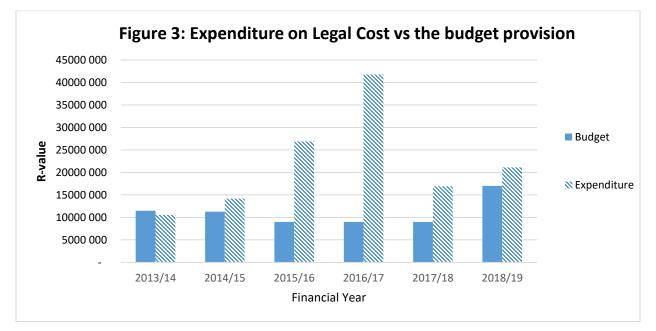

Recommendations:

- Service provider appointed to conduct meter reading should be put on terms to limit further loss of revenue.
- Risk Management to check whether controls are in place to ensure that water and electricity meter challenges and changes are communicated from EED & ESD to the Revenue Division.

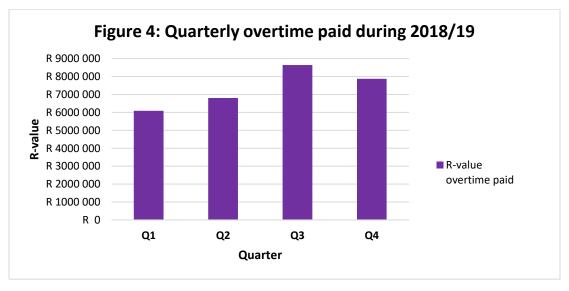

6.2 Expenditure Management

Considering the pressure experienced on collecting revenue for service rendered (refer to section 6.1) it would be expected that expenditure will be curbed. However the following items continued to overspend.

 Legal Services: During the prior quarter reporting it was indicated that the expenditure on legal fees are escalating at an alarming rate. The trend continued with the expenditure by year-end at R21 million (see Figure 3) while the initial budget was only R9 million. During the adjustment of the budget the provision was increased to R17 million but overexpenditure still occurred.

- Unauthorised expenditure items: An amount of *R 12 387 493* MIG funds spent on projects not contained in the current year budget and IDP. The 4 projects involved were not included in the adjusted budget, IDP and SDBIP.
- Expenditure on capital projects allocated to incorrect projects resulting in discrepancies in reporting on project expenditure and physical progress.
- Overtime expenditure not yet under control: Expenditure on overtime reached R29 million at year-end with quarterly expenditure on average around R8 million (see Figure 4).

Recommendations:

- I. The expenditure on the capital vs the approved budget must be monitored by the CFO and an expenditure analysis must be included in the monthly financial reports to Council.
- II. EED & ESD Directors need to assist finance in reconciling capital project expenditure allocations at the end of each quarter.
- III. Disciplinary action should be taken against employees claiming and approving overtime where there is no emergency or essential service rendered.

6.2 Evaluation of service providers

Municipalities are required to evaluate the performance of service providers on a monthly basis and report to Council Quarterly. In order to regulate the process the requirement was included in the Performance Monitoring and Evaluation Framework, which was adopted by Council. Following this, management approved Standard Operating Procedures (SOP), which included templates for user Departments to evaluate service providers. During the compilation of the quarterly evaluation, for the purposes of this report, the following challenges were identified:

- Contract Management is not centralized within one Department and the information on appointed service providers, contract periods and amounts are therefore not available from a single, verifiable source.
- Departments are expected to evaluate the performance of their service providers and submit it to the PM office for the quarterly reporting. However, the lists submitted by the Departments are incomplete, with various service providers (especially on operational matters) not included.

6.4 Procurement planning

Only **35%** of the bids contained on the 18/19 Bid register, as approved by Council, reflects that they have been awarded as planned. The main challenges identified with the procurement process were:

- Procurement plan not adjusted at mid-year to align with the budget and IDP
- Appointments made, which were not planned as part of the initial Procurement plan not included on a month to month basis.
- Evaluation of service providers for all appointments not submitted to the PM office and verifying that the list is complete becomes a challenge if the Procurement plan is not followed.

Recommendations:

- i. Monthly progress reports on the implementation of the procurement plan to be submitted to Management.
- ii. The Procurement plan must be adjusted along with the Budget, IDP and SDBIP at midyear and submitted to Council.
