LED	Local Economic Development
MFMA	Municipal Finance Management Act
MFVM	Municipal Financial Viability and Management
MIG	Municipal Infrastructure Grant
MM	Municipal Manager
MTOD	Municipal Transformation and Organisational Development

1. INTRODUCTION

The Service Delivery and Budget Implementation Plan is drafted in accordance with the Municipal Finance Management Act (Act. 56 of 2003). Section 53 (1) (c) (ii) of the MFMA specifies that the SDBIP must be approved by the Mayor within 28 days of approving the Budget. The SDBIP must include:

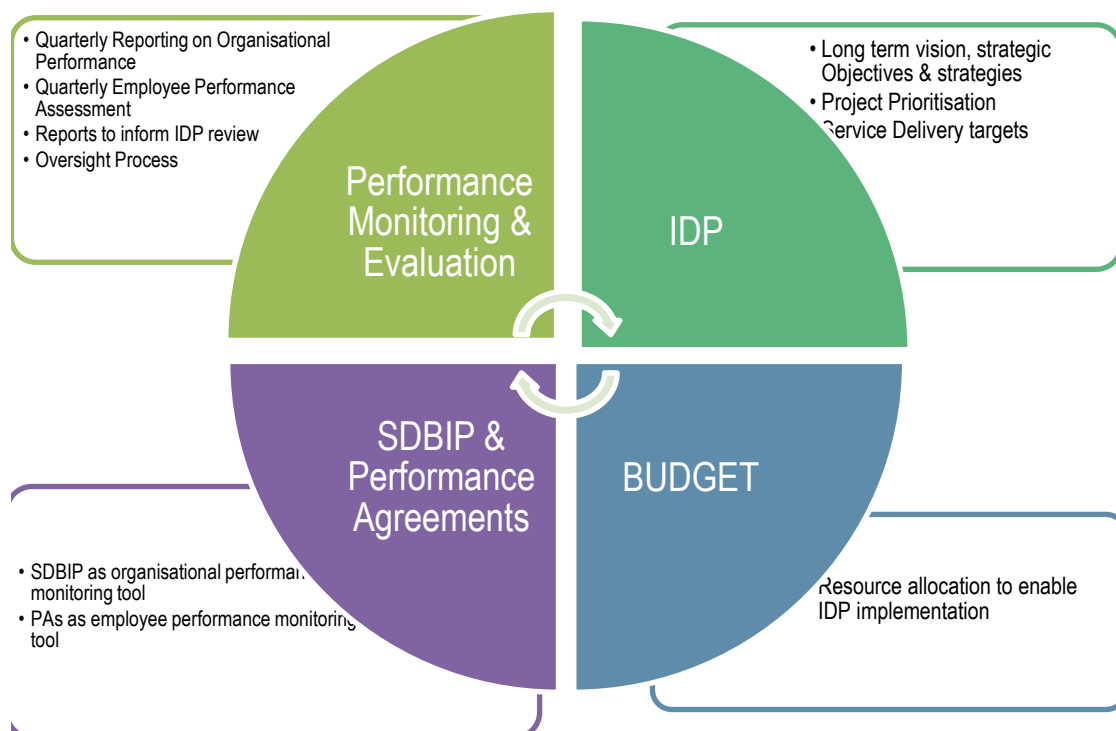

(a) projections for each month of

- (i) revenue to be collected, by source
- (ii) operational and capital expenditure, by vote;

(b) service delivery targets and performance indicators for each quarter;

MFMA Circular 13, issued by the National Treasury, further adds that the SDBIP must further include a detailed capital works plan, per ward, covering a three year period.

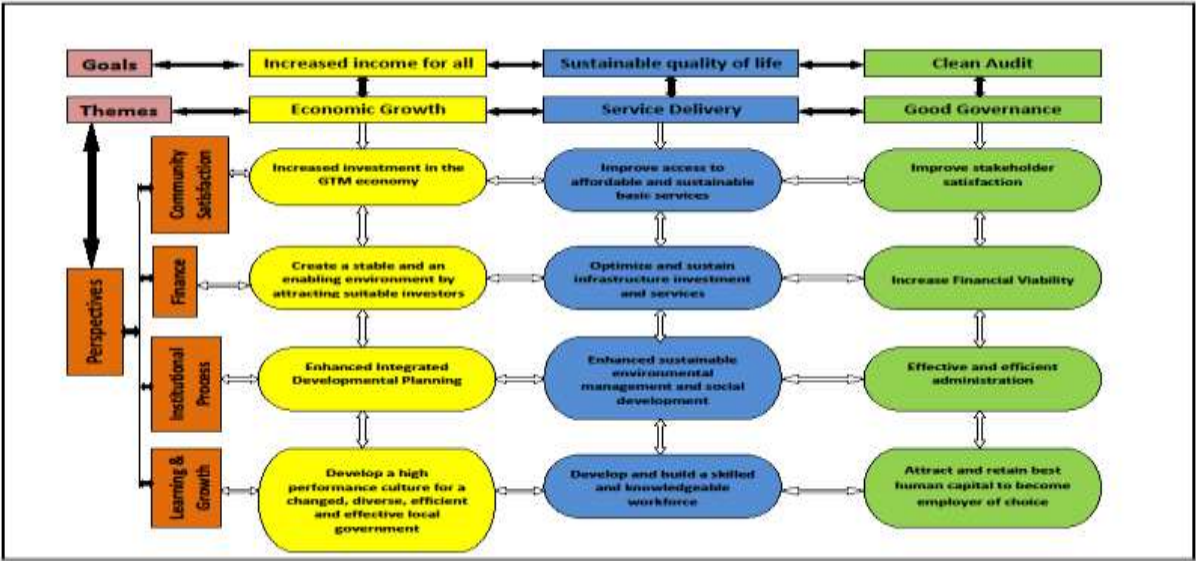

The SDBIP is one element of a continuous planning, implementation and reporting cycle. The aim of this process is to ensure that the vision of Council is achieved by implementing the activities planned in support of the strategic objectives contained in the Integrated Development Plan. The success of this cycle is dependant on the integration between the Budget, IDP and SDBIP and the process is presented below:

KPI Baselines: Year-end data for KPIs are not yet available for all measures since the 2024/06/30 financial year has not yet ended by the time the 23/24 SDBIP was concluded. These will be updated during the mid-year review process. (Refer to 7.1 of this plan)

Project planning: Quarterly Milestones for projects are allocated a percentage weighting in terms of the proportion of the work to be done for that quarter. These percentages then accumulate towards the 100% expected at year-end for a specific project. Note that in the case of multi-year projects the expected result at financial year-end may be only a portion of the physical progress of the total project. In these instances the Capital Works Plan should be consulted as this will give an indication as to when the project will be completed.

Vote 7 - Electrical Engineering	51,639,000
Vote 8 - Office of the Speaker	0
Total Capital expenditure	225,308,900

SERVICE DELIVERY AND IMPLEMENTATION PLAN 2024-25

1. INTRODUCTION

The Service Delivery and Budget Implementation Plan (SDBIP) seeks to promote municipal accountability and transparency and is an important instrument for service delivery and budgetary monitoring and evaluation. The SDBIP is a partnership contract between the administration, council and community which expresses the goals and objectives, set by the council as quantifiable outcomes that can be implemented by the administration over the next 12 months.

SDBIP “contract”

2. LEGISLATION

Section 1 of the MFMA defines the SDBIP as : A detailed plan approved by the mayor of the municipality in terms of section 53 (1) (c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include (as part of the top-layer) the following:

- (a) Projections for each month of:
 - Revenue to be collected, by source, and
 - Operational and capital expenditure, by vote;
- (b) Service delivery targets and performance indicators for each quarter.

In terms of National Treasury Circular No. 13 the SDBIP must provide a picture of service delivery areas, budget allocations and enable monitoring and evaluation. It specifically requires the SDBIP to include;

- Monthly projections of revenue to be collected for each source;
- Monthly projections of expenditure (operating and capital) and revenue for each vote
- Quarterly projections of service delivery targets and performance indicators for each
- Information for expenditure and delivery; and
- Detailed capital works plan

In terms of Sections 69 (3) (a) and (b) of the MFMA the accounting officer of a municipality must submit to the Mayor within 14 days after the approval an annual budget, a draft SDBIP for the budget year and drafts of the annual performance plans as required in terms of Section 57 (1) (b) of the Municipal Systems Act (MSA) for the municipal manager and all senior managers. Furthermore, according to Section 53 (1) (c) (ii) and (iii) of the MFMA, the Mayor is expected to approve the SDBIP within 28 days after the approval of the budget.

The Greater Tzaneen Municipality's 2021/22 Medium- term Budget and Integrated Development Plan (IDP) have been approved by Council on 27 May 2021 in terms of the MFMA and the MSA respectively. The process leading to the draft Budget, IDP and business plans, which have an important bearing on the finalizations of the SDBIP, includes the following elements:

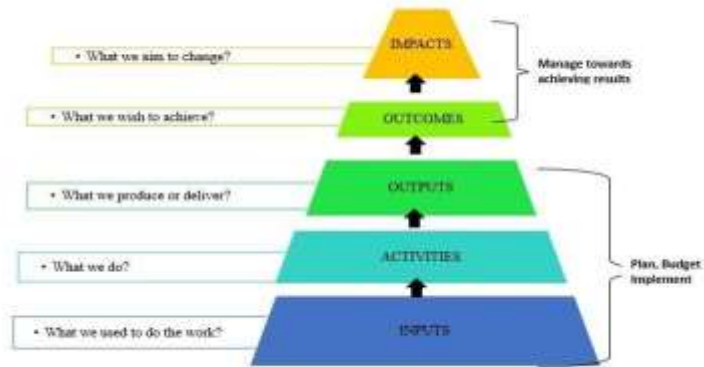

Departmental business plans/departmental SDBIPs. These departmental SDBIPs provide the details plans and targets according to which the department's performance will be monitored.

The departmental SDBIPs contain performance plans of senior managers. The performance plans were formulated in terms of the IDP sector plans and the operational mandates relevant to each department. The performance plans forms the basis for the signing of the annual performance agreements of the Municipal Manager and Senior Managers. The SDBIP represents the key performance targets as captured across core departments.

Methodology and Content

The development of the SDBIP was influenced by the Priorities, Strategic Objectives, Programme Objectives and Strategies contained in the IDP ensuring progress towards the achievement thereof. The SDBIP of Greater Tzaneen Municipality (GTM) is aligned to the Key Performance Areas (KPA) Spatial Rationale as another KPA to be focused upon.

The methodology followed by GTM in the development of the SDBIP is line with National Treasury Framework contained in the Framework for Managing Programme Performance Information.
