

“GTM NEEDS TRADITIONAL LEADERS”

“ The municipality needs the support of traditional leadership to adequately implement the municipality’s Intergraded Development Plan ”, Said GTM Mayor Gerson Molapisane at the Traditional leaders and representatives consultative meeting.

To bridge the gap between traditional leadership and the Greater Tzaneen Municipality, Mayor Gerson Molapisane formed the first GTM Traditional Leaders Consultative Forum.

Molapisane emphasised the importance for both parties to maintain a good relationship and open the lines of communication at all times because unhealthy relations will hinder progress

and service delivery.

Kgosi Maile Clifford Sebela welcomed his election to serve as chairperson for this forum for the term.
